Re: Quote, Drug Testing, WorkForce WV

Dear Mr. Smith,

QLabs, Inc. is pleased to submit a quote for consideration for the provision of drug testing for the WV WorkForce program. QLABS has extensive experience working with medical, mental and behavioral health services and in the criminal justice arena. We are proud to provide testing services for day report centers across our state as well as the WV Probation. We would be happy to provide references from any of these vendors, upon request. It is through our proven reliability, accuracy, and speed that we have established ourselves as the premier toxicology lab in West Virginia. Indeed, we are the only lab located within our great state, owned and staffed by residents of WV; we are always honored to provide our expertise and services to the businesses and residents of our home state.

Our experience is extensive and our expertise is unmatched. Our instrumentation is incomparable, QLABS is powered by the elite AB SciEx 4500 LC/MS/MS, and our web based reporting adds to our rapid turnaround time. QLABS does not rely on a off site primary laboratory, as do our competitors. We are located in the capital city of Charleston, with an easy reach to all WV WorkForce locations should hands-on, local support be needed. We are proof that accurate, efficient, rapid testing does not need to leave our state.

We are confident that QLABS will provide the most outstanding and cost-efficient drug testing with the most attentive and highly qualified staff fully accessible at all times. Should you have any questions regarding our proposal, please contact me at 9304)926-0565 or email at Steve.Collins@QLabs-Inc.com.

Sincerely,
Steve Collins, CEO
