HP SERVER SUPPORT

Dear Brittany E. Ingraham:

AMTEK has been a Hewlett Packard (COMPAQ), StorageTek, DELL, SUN, IBM, EMC, PC, and Canon service provider for large, medium and small servers, printers and associated peripherals since 1980. AMTEK has established a reputation of providing premium quality service to a growing list of customers.

Our excellent reputation in the service industry can be attributed to AMTEK's commitment to providing maximum computer up time. We ensure quality service with the right personnel, and outstanding logistic support. The proper uses of spares, documentation, diagnostics, and most of all, product expertise are the tools required to guarantee AMTEK's service quality.

We are a **MBE**, and have worked hard to maintain lower overhead costs and expenses. This allows us the opportunity to offer optimum service at a reduced cost. The outstanding track record of our company is supported by customer testimonies of the level of service that has been provided.

AMTEK is a company that utilizes a flat management structure. This type of management structure allows lower management cost, and more management involvement at all levels of service. By controlling costs, AMTEK is able to deliver not only the best service available, but at substantial savings. If you have any questions or if additional information is required, please contact me directly at 800-652-6835 or email me at vboone@amtek.net.

Thank you for your consideration.

Sincerely,

Van Boone
