**Jennifer Goldstein, President:** "My career in the healthcare/educational staffing industry, working from an entry level position in 1997 to now Co-Founding Therapia Staffing has been on the back of passion and persistence. Having the opportunity to function in positions where I had to want more than what was initially presented I have learned the importance of leading a team where collective voices with sometimes different messages work together for a common goal. I know that being in positions where I had to wear both "player" and "coach" hats has allowed me the insight to lead a successful team from genuine experience on the front line, verses advise given from a false understanding of the job". - Jennifer Goldstein

Providing quality, dedicated professionals on-demand to our clients is what drives us. Therapia knows that a static system doesn't make the grade in the ever-changing environment of staffing. When circumstances change, we can help.

- ✓ Ensure performance issues are handled in a systematic manner via action plans. Staff will be terminated, and a replacement found, if progress is not achieved within the timeframe designated by the Individual's Action Plan
- ✓ Reporting and analysis of therapy attendance and staff absence data
- ✓ Ensure a therapist is available for compensatory services if needed
- ✓ Requests for staff to perform services will be responded to within 24 hours; we will recruit staff throughout the duration of the contract anticipating planned and unexpected needs

Therapia is heavily involved in maintaining the quality service of their employees throughout every assignment. We are happy to assist with communication, additional training and any HR matters that arise in the course of our contractor's time with your facility. It is our goal to address minor issues and miscommunications immediately in order to protect the facility and patients from a disruption in services. While Therapia is dedicated to finding candidates that are qualified and a good fit from the beginning, we understand that emergency coverage and replacements are a vital part of staffing. At the moment we identify a need for coverage, it becomes our company-wide priority to backfill the position. Therapia has a current database of over 99,900 candidates of various disciplines and levels of experience. Our recruiters selectively search our database, exclusive job boards, responses to social media campaigns, referrals, attendees of nationwide conferences, state lists and contacts with top universities to locate professionals that meet your needs. We understand the urgency of providing services to your patients and we employ that same level of urgency in our efforts.

### Similar Projects

We take pride in providing the highest quality services to our clients through careful planning and timely delivery of staff and services. Combining diligence, experience, innovation, and creativity of our hard-working and extremely capable team, we can deliver measurable results. We are committed to improving the quality of care available to all patients. We share the determination of our clients in ensuring that every patient receives the best possible care.

Therapia has coordinated staffing projects for clients with as many as 30 concurrent vacancies. In 2017, Los Lunas School District partnered with Therapia to accomplish their Special Education Department staffing needs. Given that the district had suffered inadequate staffing levels for their 8500 students in previous years, Therapia saw potential for creative options. Twelve immediate staffing needs were filled for the school year between travel staff, local talent and Teletherapists. Implementation of a Teletherapy program was handled in person with multiple visits from Therapia's CEO and Director of Recruitment. In the 17/18 school year, Therapia was able to retain over 80% of employees on assignment and bring in 20 additional therapists. In the 18/19 school year, Therapia became the sole provider of contract staff professionals for Los Lunas.

We are able to scale our efforts to your specific program and on your timeline. Therapia specializes in recruiting health professionals for difficult to staff areas, as well as last minute vacancies due to unexpected leaves and staffing changes. Our employees are required to provide a 90-day resignation notice to allow time for transitions. We understand that continuity of care is critical and are committed to reducing the impact of turnover in staff. Whether due retirements, maternity leaves, relocations, professional transitions, terminations or resignations, inevitably all healthcare facilities will experience vacancies.

The scope of services anticipated for the West Virginia Veterans Home include and are not limited to:

- ✓ Provide Licensed RNs in good standing with the West Virginia Board of Nursing
- ✓ Administer medications
- ✓ Utilize PointClick Care for patient records
- ✓ Providing services in compliance with Federal and State law and regulations
- ✓ Maintaining documentation in compliance with State and Federal law requirements
- ✓ Comply with fingerprinting and certification requirements.
