**Addendum Number:** 1

---

The purpose of this addendum is to modify the solicitation identified as ("Solicitation") to reflect the change(s) identified and described below.

**Applicable Addendum Category:**

- ] Modify bid opening date and time
- ] Modify specifications of product or service being sought
- ] Attachment of vendor questions and responses
- ] Attachment of pre-bid sign-in sheet
- ] Correction of error
- ] Other

**Description of Modification to Solicitation:**

1. To provide answers to vendor questions

No other changes at this time

Bid opening remains August 8, 2019 at 1:30 PM EST

**Additional Documentation:** Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

**Terms and Conditions:**

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

# ATTACHMENT A

**Question 1: "...the Kodak i2420 document scanner is discontinued"**

Answer 1: The specifications included enough detail to identify the technical requirements. Section 3.1.3 states, "The use of brand name or equal specifications is for describing the minimum standard of quality, technical performance and installation characteristics required and are not intended to limit or restrict competition."

The references to the Kodak i2420 scanner shall be replaced with the Kodak S2050.

ADDENDUM ACKNOWLEDGEMENT FORM  
SOLICITATION NO.: DOT200000007

Instructions: Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification.

Acknowledgment: I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.

Addendum Numbers Received:

# Alaris

a Kodak Alaris business

Alaris S2000 Series Scanners

## Information capture at the point of entry

Robust desktop information capture,  
delivered direct to your business processes

# Simple information capture to streamline your processes

Digital transformation starts with information capture. Imagine document scanning that speeds and simplifies your business processes. The Alaris S2000 Series Scanners are built to let users capture information anywhere, with superior image quality and data accuracy. It's the perfect solution when you need to get information into your business processes quickly.

## Faster, easier scanning leaves more time for business

The Alaris S2000 Series Scanners enhance your productivity by handling more of the work traditionally done by people, computers and mobile devices.

- Embedded Image Processing in the scanner delivers crisp, high-quality images without depending on your computer.
- Active Feed technology aligns the leading edges of pages to avoid misfeeds and multifeeds, and Controlled Output Stacking places paper neatly in the output tray, so your team spends less time dealing with documents and more time on work that matters.

## Document and information handling you can trust

Ensure reliable data quality at the point of capture through a combined approach of hardware and software technologies.

- Intelligent Exception Processing<sup>1</sup> handles immediate validation of forms so any missing information can be identified and fixed at the point of transaction.
- Intelligent Document Protection and multifeed sensor technology make scanning virtually jam-free and document-damage-free.
- Industry standard enterprise security protocols for scanning over networks protect document images and data in transit.

## Capture that streamlines your business processes

Document capture integrates smoothly and conveniently into your normal workflow.

- Intelligent Barcode Reading produces the most accurate data extraction results and takes complexity out of document preparation.
- Eliminate complicated multi-step scanning processes with one-touch simplicity using Alaris Smart Touch technology.

- Mobile scanning enables your workforce to capture documents from their mobile devices or tablets.

## Easy to set up, easy to use

An intuitive color interface and predefined job setups simplify the lives of users and network administrators.

- Predefined job setups let users change scanner configuration at the push of a button or by scanning auto-generated QR codes.
- Connect to various applications such as Dropbox, Salesforce, OneDrive, SharePoint, SharePoint Online, Box, Google Drive, and more.
- Network models, including wireless connectivity, enable multiple users to easily share scanners in a distributed environment.

## Information capture that evolves with your business

The S2000 Series Scanners are designed to fit seamlessly into your business environment and adapt as your needs change.

- Integrate easily using our Web API, so no device drivers need to be installed on the host computer, tablet, or mobile device.
- For your peace of mind, S2000 Series Scanners include 3 years Advanced Unit Replacement support with the option to upgrade to 5 years.<sup>2</sup>

- 1 With scan speeds up to 80 ppm (160 ipm), this scanner is ideal for shared workgroups.
- 2 Handles up to 80 sheets (20 lb./80g/m<sup>2</sup>) of paper and also small documents such as ID cards, embossed hard cards, business cards, and insurance cards.
- 3 The control panel screen is easy to read, with custom activity names and color icons that make scanning tasks quick and easy to select. Larger 3.5" control panel available on S2060w and S2080w.
- 4 Reduce host processing requirements with Embedded Image Processing.
- 5 Active Feed technology takes the worry out of document prep for small batches.
- 6 Controlled Output Stacking keeps documents neatly organized at output so you can focus on your customer.
- 7 Alaris Passport Flatbed Accessory and Alaris Integrated A4/Legal Size Flatbed Accessory plus A3 size Flatbed available for specialty media and for exception processing.
- 8 Alaris Perfect Page technology optimizes image quality dynamically on every image for more accurate information extraction.
- 9 Compact, robust scanner fits easily on desktops in modern office environments.
- 10 Network connectivity, including wireless, enables scanning to cloud and transactional web capture from business applications.

## Great software downloads available. Upgrade as you need.

With Alaris S2000 Series Scanners, download Alaris Smart Touch and be productive right away.
