Any waiver must be expressly stated in writing and signed by the waiving party.

**26. SUBSEQUENT FORMS:** The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the Agency or Purchasing Division such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. **42. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS:** Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
- c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
- d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

**43. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL:** In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a

“substantial labor surplus area”, as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

**3.4 Sampling and Testing:**

**REQUEST FOR QUOTATION**  
**CRFQ DOT2000000169**  
**Stone and Aggregate Materials and Delivery by Vendor (DOT6620C047)**

---

Sampling and testing for quality of all items furnished in this contract will be the responsibility of the WVDOH. Minimum frequency of sampling and testing for quality on all materials (other than those sources already covered by the WVDOH's "commercial source" approval) will be at least one sample every six days of shipment (or if tested during production, at least one sample every six days of production).

Other minimum frequencies shall be in accordance with the following:

<u>Property</u>	<u>Frequency</u>
Gradation - Delivered Material	One sample per each day of shipment or if tested during production, one sample per each day of production. See NOTE 1 below.
Moisture Content	See NOTE 2 below.

All samples taken by the Vendor shall be by a Certified Aggregate Sampler or Certified Aggregate Inspector. Tests shall be performed by a Certified Aggregate Inspector.

NOTE 1: The Vendor will be responsible for providing test results attesting to the gradation of materials delivered. Gradation results from the production source will be acceptable.

NOTE 2: In the event visual inspection of the aggregate indicates excess or unusual moisture beyond what is normally expected in the aggregate, the WVDOH reserves the right to determine the moisture content by standard methods in accordance with established Division procedures. If this becomes necessary, the net weight of the portion represented will be adjusted utilizing the test results obtained by the WVDOH in accordance with MP 700.00.22. Items OA, OB, OC, PA and PB (Abrasives) will be considered fine aggregate outlined in MP 700.00.22.

### **3.5 Acceptance Plan:**

Per section 703 of the Standard Specs, crushed stone shall consist of particles of clean, hard, tough, durable rock, free from adherent and foreign material. Acceptance for gradation shall be based on test results, provided and certified by the Vendor to be true test results and representative of the material supplied to the WVDOH, on consecutive random samples from a lot. A lot shall consist of a quantity of material represented by an average value (not to exceed 5 sub-lots). A sub-lot shall consist of the quantity of material represented by a single gradation test. In the case where only one sample is taken to represent the total quantity, the sub-lot and lot will be considered the same. Frequency of sampling and testing shall be in accordance with the Vendor's quality control plan outlined in MP

**CRFQ DOT2000000169**  
**Stone and Aggregate Materials and Delivery by Vendor (DOT6620C047)**

---

700.00.51. The Vendor shall provide the gradation test results to the WVDOH within 72 hours.

WVDOH reserves the right to have environmental sources sample, test and evaluate material deliveries. If material fails to comply with the WVDOH quality requirements, the nonconforming material will not be accepted and shall be removed and replaced at the Vendor's expense or, at the option of the ordering District, may be left in place with reduced payment.

Gradation test results shall be averaged in accordance with MP 300.00.51. When the average falls outside the applicable limits, the entire lot of material represented thereby will be considered non-conforming to the extent that the last of its sub-lots is non-conforming. When a lot of material is nonconforming, then the last sub-lot contained therein shall have its degree of non-conformance determined as set forth below.

When a sub-lot of material is to have its price adjusted, the percentage point difference between the non-conforming test value and the specification limit shall be determined for each sieve size determined to be non-conforming, and this value shall be multiplied by its appropriate multiplication factor as set forth in Table 1.

TABLE 1

<u>NONCONFORMING SIEVE SIZE</u>	<u>MULTIPLICATION FACTOR</u>
Plus No. 40	1
No. 40	1.5

No. 100	2.0
	(1.3 for abrasives and Cinders)
No. 20	2.5

3/8"	1

The total measure of non-conformance of an individual sub-lot is the sum of all non-conformances on the various sieve sizes of that sub-lot. In no case, however, shall a sub-lot of material have its price adjusted more than once, and the first adjustment which is determined shall apply.

When the total degree of non-conformance has been established and it is 12 or less, the material will be paid for at an adjusted contract price as specified in Table 2.

\*The WVDOH will make a special evaluation of the material and determine the appropriate action.

In the event a Vendor delivers a specific quantity of material from a stockpile, and said quantity is less than the total quantity contained in the stockpile and it has been determined from his certified test data that a non-conforming sub-lot(s) is contained in said stockpile, the price reduction shall be calculated for the specific quantity as follows:

The percent price reduction shall be determined as set forth above for the non-conforming sub-lot. The quantity represented by the non-conforming sub-lot shall then be calculated as a percent of the total (total material contained in the stockpile). To determine the price reduction on the specific quantity delivered, multiply the percent of non-conforming material contained in the stockpile by the quantity delivered, and reduce this quantity by the percent price reduction as determined.

Example: If it has been determined that a stockpile of 100 tons contains 10 percent failing material, and said material is to have its price reduced by 4 percent, then the actual quantity delivered, say 15 tons, will be multiplied by 0.10 (10 percent failing material) which equals 1.5 tons. These 1.5 tons will thus have its price reduced by 4 percent. The remaining 13.5 tons will be paid for at full contract price.

$$TD \left( 1 - \frac{PQ_n}{100Q_t} \right) = AP \text{ (price to be paid after adjustment)}$$

WHERE

- TD = tonnage delivered
- P = percent price reduction
- D = cost per ton
- Q<sub>n</sub> = quantity of non-conforming sub-lot(s)
- Q<sub>t</sub> = quantity of total stockpile

If two sub-lots are non-conforming within the stockpile, calculate each separately for the adjusted payment on the quantity delivered (as above). Add these two adjusted payments together and subtract from the total the price to be paid before

adjustment for tonnage delivered (TD). If three sub-lots are non-conforming, calculate each separately and subtract twice the price to be paid before adjustment for tonnage delivered, and so on.

Example:

$(AP1 + AP2) - TD = \text{Final price to be paid after adjustments}$

OR

$(AP1 + AP2 + AP3) - 2 TD = \text{Final price to be paid after adjustments}$

WHERE: AP = price to be paid after initial adjustment for one non-conforming sub-lot determined by the above equation.  
T = tonnage delivered  
D = cost per ton

In the event material is delivered from a continuous stockpile, that is, a stockpile which is continuously being replenished while also having material removed for these applications, certification shall be based on the shipment samples.

**3.6 Weighing Materials Delivered by Modes of Transportation Other Than Trucks**

Materials delivered to the designated site by barge, or other non-truck modes shall have their weight determined by a means acceptable to the WVDOH, and the weights of materials so shipped shall be certified, by the Vendor or his authorized agent, to be correct.

The minimum barge delivery requested will be approximately 6,500 tons per the order. When barge delivery is required, Contract Items will be ordered in 1,500-ton increments.

**3.7 Bid Instructions:**

**3.7.1** Plant Information Form shall include:

Vendor **shall** complete Attachment B "Plant Information Form(s)" by providing the Vendor's Source Information for all Materials being provided to the WVDOH through this contract. Vendors **may** bid any or all items on the Attachment A "Pricing Pages".

**3.7.1** Plant Information Form shall include:

Information requested for Limestone, Sandstone, Gravel, or Sand:

- a) Exact Name of Plant Sourcing Material
- b) Exact Physical Address Location of Vendor's Storage Site(s)

Information requested for Cinders, Blast Furnace Slag, or Steel Slag:

Stone and Aggregate Materials and Delivery by Vendor (DOT6620C047)**

---

- c) Exact Name of Plant Sourcing Material
- d) Exact Physical Address Location of Vendor’s Plant/Storage Site(s)

FAILURE TO PROVIDE THE REQUIRED INFORMATION **SHALL** DISQUALIFY THIS STORAGE SITE(S) AS A SOURCE FOR THE BID ITEMS.

**3.7.2** Pricing Pages shall be F.O.B. Destination of the Division’s established District Storage Site(s), for applicable Contract Items A-W, Z and AA per District, per location and the Adjutant General per locations.

A Vendor may submit more than one Vendor’s Storage Site information on one Information Attachment Form ONLY if bid pricing is the SAME for all Storage Sites and all WVDOH and Adjutant General locations bid. A separate bid with Pricing Pages and Plant Information form MUST be submitted when bid price varies between Vendor’s Storage Sites. Vendor Shall clearly indicate sourced Plant location on each set of the Pricing Pages to eliminate any confusion as to which Pricing relates to which Plant.

Vendor’s bid will be **disqualified** if both Attachment A “Pricing Page” **AND** Attachment B “Plant Information Form” are not submitted with their bid packet.

**4. CONTRACT AWARD:**

**4.1 Contract Award:** The Contract is intended to provide Agencies with a purchase price on all Contract Items. Qualified vendors will be awarded a Contract on Pricing Page F.O.B. Destination of the Division’s established Storage Site to determine a unit price for those locations and items for which their bid is low based on cost, per cubic yard.

Bids submitted will be evaluated by the WVDOH based on cost per cubic yard F.O.B. Destination at the Agency’s established Storage Site. Cost per cubic yard will be determined by multiplying the Vendor’s per ton bid price in dollars by a “Tons per Cubic Yard Factor” which is listed in the following table:

- 4.3 Contract award transition:** Upon the award of this contract, whether the effective date or the completed and encumbered date or an established date by the WVDOH, the WVDOH Maintenance Division will announce the effective date of use of this contract to the Districts and the Vendors. Upon the announced effective date of use by the WVDOH Maintenance Division to the Districts and Vendors, any Delivery Order issued toward the 2019-2020 Materials and Delivery by the Vendor Contracts shall remain in effect and should not be cancelled until that Delivery Order is filled; however, after ten (10) working days of the Districts’ and Vendors’ notice, any Delivery Order that has not been completely filled by the Vendors from the 2019-2020 Materials and Delivery by the Vendor Contracts shall NOT be completed, but a cancellation notice will be sent to that Vendor from the issuing District for cancellation of the balance of that Delivery Order only. No Delivery Order from the 2019-2020 Materials and Delivery by the Vendor Contracts should be held open by the District or the Vendor longer ten (10) working days after the notice to the Districts and the Vendors of the effective date of use of the new contracts.

This directive is issued to assist the Districts and the Vendors when fulfilling open Delivery Orders only. It is NOT issued to cause harm or to take contracts from one Vendor to give to another Vendor, but to establish a transition process from one contract into another contract.

**5. ORDERING AND PAYMENT:**

- 5.1 Ordering:** Vendor shall accept orders through wvOASIS, regular mail, facsimile, e-mail, or any other written forms of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor can accept on-line orders, it should include in its response a brief description of how Agencies may utilize the on-line ordering system. Vendor shall

ensure that its on-line ordering system is properly secured prior to processing Agency orders on-line. **Vendor shall maintain communication of its current phone numbers, fax numbers, e-mail addresses, location addresses, and all ordering/ billing/ payment addresses with WVDOH and in wvOASIS as applicable.**

**5.1.1 NOTE:** To acknowledge all Agency orders and ascertain Delivery Order acceptance, Vendor must respond to the ordering Agency - in writing - by either email or fax to all Agency Delivery Orders by no later than five business days of the date of the Delivery Order and by 4:00p.m. on the fifth business day. Failure for any reason to provide the WVDOH with written acknowledgement of any Delivery Orders/revisions within five business days of the sent date of the Delivery Order shall be considered Delivery Order refusal or failure.

**5.2 Payment:** Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia. The State of West Virginia currently utilizes a Purchasing Card (P-Card) program, administered under contract by a banking institution, to process payment for goods and services through state designated credit cards. Under this Contract, Vendor must accept payment by electronic funds transfer and P-Card. **Electronic Funds Transfer for payment is available through the WV State Auditor's Office.** The Vendor may visit the WV State Auditor's website ([www.wvsao.gov](http://www.wvsao.gov)) for all necessary forms and instructions. Payment method for each Delivery Order may be dictated at WVDOH's discretion.

**6. DELIVERY AND RETURN:**

**6.1 Delivery Time:** After a Delivery Order is received, Vendor shall deliver standard and emergency orders according to the Agency's established date and timeframe as indicated by the Agency on the Delivery Order. Vendor shall ship all orders in accordance with the Agency's Delivery Order schedule and shall not hold orders until a minimum delivery quantity is met.

**6.2 Refused, Late, or "Failed" Delivery:** If the Vendor refuses or fails to deliver the ordered goods and services in accordance with the Agency's due date/timeframe specified by the Agency on the Delivery Order, Vendor shall provide to the ordering Agency a written reason for failure by no later five (5) business days of the date of the Agency Delivery order, and by 4:00pm on the fifth day.

**If the Vendor** fails to provide a written response to any Agency Delivery Order within five business days, or by 4:00pm on the fifth day from the Agency's Delivery Order date, or fails to deliver the Agency's order according to the timeline

specified on the Agency's written order, **the Agency may cancel the order** and seek to obtain the ordered goods and services from the next calculated low bid Vendor. **If the Vendor** delivers services or products whose quality fails to meet the standards of these Specifications, **such failures shall be considered harmful to the Agency, and at its own discretion, the Agency may cancel the failed order** and seek to obtain the ordered goods and services from the next calculated low bid Vendor, or proceed with an Emergency Purchase from the open market. In the event the Vendor failures cause harm to the Agency, Liquidated Damages may be applied at the Agency's discretion, per Section 7.3 of the Contract Specifications and in accordance with the Standard Specs Section 108.7.

Any Agency seeking to obtain items from a third party under this provision must first obtain approval of the Purchasing Division.

- 6.3 Delivery Payment/Risk of Loss:** Standard order delivery shall be F.O.B. Destination to the Agency's location. Vendor shall include the cost of standard order delivery charges in its bid pricing/discount and is not permitted to charge the Agency separately for such delivery. The Agency will pay delivery charges on all emergency orders if the Vendor invoices those delivery costs as a separate charge with the original freight bill attached to the invoice.
- 6.4 Return of Unacceptable Items:** If the Agency deems the Contract Items to be unacceptable, the Contract Items shall be returned to Vendor at Vendor's expense and with no restocking charge. Vendor shall either make arrangements for the return within five (5) days of being notified that items are unacceptable or permit the Agency to arrange for the return and reimburse Agency for delivery expenses. If the original packaging cannot be utilized for the return, Vendor will supply the Agency with appropriate return packaging upon request. All returns of unacceptable items shall be F.O.B. the Agency's location. The returned product shall either be replaced, or the Agency shall receive a full credit or refund for the purchase price, at the Agency's discretion.
- 6.5 Return Due to Agency Error:** Items ordered in error by the Agency will be returned for credit within 30 days of receipt, with all freight charges paid by the Vendor to the Vendor's location. Vendor shall not charge a restocking fee if returned products are in a resalable condition. Items shall be deemed to be in a resalable condition if they are unused and in the original packaging. Any restocking fee for items not in a resalable condition shall be the lower of the Vendor's customary restocking fee or 5% of the total invoiced value of the returned items.
