Bromberg & Associates Executive Summary

Bromberg & Associates is an award-winning full-service Language and Technology Solutions Company, started in 1999 by its founder and president, Jinny Bromberg. Bromberg's services and experience include, but are not limited to, interpreting in three modalities (onsite, video remote, and telephonic), document translation, website localization, graphic design, subtitling and A/V services, cultural awareness training, and compliance consulting. Bromberg supports various organizations in education, government, insurance, legal, community, law enforcement, healthcare, and mental health settings with an overall client retention rate of 98.4%. Bromberg added American Sign Language to its list of languages in 2005 and has been successfully meeting the ongoing and emergency service needs for all our many and varied clients for more than 15 years. *Providing American Sign Language interpreting and serving educational clients are among our core competencies.*

Bromberg employs many full-time staff in various capacities at its offices in multiple states along with more than 4,000 contract linguists, including a large network of experienced and certified ASL interpreters. We have particular expertise in delivering ASL interpreting services and other language services to a wide variety of educational clients, from large school districts to colleges, universities, and training institutions, based upon our long and ongoing relationship with numerous such clients throughout the nation. Bromberg also launched its own state-of-the-art Video Remote Interpreting platform in 2017, offering reliable on-demand access to our interpreting services 24/7/365.

Bromberg's highly experienced and qualified ASL Interpreters have undergone rigorous vetting and certification requirements prior to and during their initial contracting process, and they are required to maintain their credentials, professional ethics, and skills throughout their affiliation with Bromberg. All Bromberg-affiliated ASL Interpreters carry current and annually-renewed national and state certifications, registrations, and applicable endorsements per guidelines published by the states and agencies for which they are serving, and must follow Registry of Interpreters for the Deaf (RID) standards for the Code of Professional Conduct. Bromberg has a team of experienced, licensed, and certified West Virginia ASL interpreters to serve the ongoing needs of the West Virginia Schools for the Deaf and Blind, with licenses attached to this quote.

In addition, Bromberg has a federal and state compliance expert, Mr. Bruce Adelson, on the team to ensure our compliance as well as to support that of our clients. Mr. Adelson is nationally recognized for his federal compliance expertise concerning Language Access Plan research and development, Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Americans with Disabilities Act, and federal voting laws, and he is a former U.S. Department of Justice Senior Attorney.
