April 29, 2021

School Building Authority of West Virginia Jessica Chambers 2300 Kanawha Blvd E Charleston, West Virginia 25311

We are pleased to present our qualifications to provide independent auditing services to the School Building Authority of West Virginia, hereafter referred to as "the SBA", for the fiscal years ending June 30, 2021, with the option for each of the three (3) subsequent fiscal years. The SBA would be an important part of our governmental practice and our Firm. Our audit will be performed in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and if applicable, Part 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements For Federal Awards, commonly referred to as the "Uniform Guidance". Brown, Edwards & Company, L.L.P. ("Brown Edwards") has a large state and municipal governmental practice and is a leader in providing services to those clients in West Virginia and throughout the region. As described in Appendix A, we have committed an engagement team with extensive experience serving state of West Virginia governmental entities. We have a track record of providing quality and timely service, reliable advice, and clear communication. In addition to quality service, you need a firm that can be responsive to your needs, serve you as a priority client, and provide a high degree of personalized service. We believe our previous experience with the SBA as Gibbons & Kawash and other similar State of West Virginia governmental entities allow us to present the highest qualifications and value for the services requested.

Our overall experience with state agencies is unmatched by other local or regional firms. Providing audit services to state government entities is an important part of our practice and one in which we have extensive expertise. We have a wealth of historical experience auditing 28 State of West Virginia component units and funds over the last twenty-five years, which individually range in size up to \$4 billion in assets and \$2 billion in revenues.

Should we be appointed to serve as auditors of the SBA, the SBA will receive the highest quality professional audit services from auditors that will plan, conduct, and report on the audit with competence, integrity, objectivity, and that are independent of the SBA and the State of West Virginia in all respects. Our track record of providing quality and timely service, reliable advice, and clear communication is well known. In addition to quality service, you need a firm that can be responsive to your needs, serve you as a priority client, and provide a high degree of personalized service.

Our understanding of the SBA simply cannot be matched, and will ensure that your audit is conducted with uncompromising quality. Our audit teams have included and will continue to include members with a strong institutional knowledge of the SBA, with new members assigned to the audit team every year or two to provide a "fresh look" and perspective to the SBA's audit. Our team is equipped with much more than a surface level understanding of GASB statements – they have a deep understanding of the accounting principles and concepts which underlie those standards. This helps our team tackle unusual or complex matters efficiently and effectively, and gives our clients confidence that we are addressing such matters appropriately.

In addition, we have access to the resources of one of the nation's largest accounting and advisory firms, BDO USA, and hundreds of other CPA and specialty consulting firms, through our membership in the BDO Alliance USA. Other firms would be hard pressed to demonstrate our depth and breadth of experience.

The global pandemic known as COVID-19 has been challenging for everyone. At Brown Edwards our top priority in any engagement is to protect the safety and security of your staff and ours. We pledge to observe any and all protocols you have established during the conduct of our audit and know that we have established internal protocols that comply with CDC and local health guidelines. Our technical and remote capabilities allow for flexibility in responding to your needs during this pandemic.

We have structured this proposal to communicate our experience and qualifications to effectively and efficiently respond to the requirements and expectations of the SBA, and have made every effort to completely respond to all matters identified in your request for proposal. We would be pleased to meet with you and formally present our proposal upon your request. If you have any questions, please do not hesitate to contact me at (304) 343-4188.

Respectfully submitted,

BROWN, EDWARDS & COMPANY, L.L.P.

Tribat E. Alonz

Robert E. Adams, CPA

Partner

ABOUT THE FIRM

Brown, Edwards & Company, LLP, is a regional accounting firm formed in 1967 through the merger of Fred P. Edwards Company and C. A. Brown & Company, whose histories date back to the 1920s. The firm has enjoyed significant growth since its formation, thanks to an unwavering commitment to our clients to provide the highest quality professional services in the industry and the attention and responsiveness they deserve and have come to expect.

With an average of 25 years of experience for partners and directors and ten years for senior managers, team members at Brown Edwards bring significant experience and knowledge to every client engagement. Each service area offers specialists in accounting, assurance, tax, and management advisory services to our clients. In addition, we have developed industry teams, such as our not-for-profit, higher education, health care, financial institutions, and governmental practice units, which are comprised of team members with in-depth experience and specialized training who spend substantially all of their professional life providing services exclusively to clients in those specific industries.

QUICK FACTS ABOUT BROWN EDWARDS

- Inside Public Accounting's <u>Top 100 Public Accounting Firms</u> by net revenue (8/20)
- Recognized as one of <u>America's Best Tax Firms for 2020</u> by Forbes Magazine (12/19)
- Listed as one of the four most successful firms in the United States in *Accounting Today* (4/19)
- Listed as #5 in the U.S. Capitol Region by Accounting Today (3/20)
- Offices in Blacksburg, Bristol, Lynchburg, Harrisonburg, Newport News, Richmond, Roanoke and Wytheville, VA; Kingsport, TN; and Bluefield and Charleston, WV
- Pass opinion on our peer review for over 25 years and our PCAOB inspections have been 100% successful with no findings
- More than 400 professionals serving southeastern United States

Effective January 1, 2018, Brown Edwards merged in the practice of Gibbons & Kawash ("G&K") in Charleston, WV. The addition of G&K added a significant State and Local governmental practice to the already strong and significant practice of Brown Edwards.

At Brown Edwards, we are a firm offering high level professional services such as assurance & accounting, tax, advisory & consulting, business outsourcing solutions, valuation, forensic, and social security planning. The quality provided in Brown Edwards' services dramatically surpasses that of a typical accounting firm. It is our sole focus to provide our clients with industry leading service while giving them practical and actionable advice so they may fully attain their financial and operational goals.

ABOUT THE FIRM (CONTINUED)

Brown Edwards also offers the following specialized services to our clients:

- Quarterly and semi-annual reviews
- Compliance audits in accordance with Uniform Guidance
- Preparation and examination of indirect cost rate proposals
- Performance of certain agreed-upon procedures
- Section 404 compliance audits
- Financial forecasts and projections
- Capital financing/financial feasibility studies
- Exempt entity tax planning and compliance, including evaluation of UBTI issues
- Employee benefit plan auditing and IRS/DOL compliance
- Recruitment of financial personnel
- Design and evaluation of internal controls
- Software evaluations and consultations
- Benchmarking and ratio analysis
- Wealth management
- Estate planning services
- International tax
- Inbound and outbound investments
- IT security services
- Management transition or succession planning (personal and business life cycle issues)
- Mergers and acquisitions including financial due diligence

All aspects of our service quality are monitored against our 5-Star Service Quality Standards. While these standards are part of our culture, we also monitor how well we are doing by client surveys in which we employ professionals to conduct interviews of selected clients to obtain feedback related to service quality. The results of these surveys assist us in realignment of priorities and, on an ongoing basis, support our goal of continuous improvement of the service experience. There will be no surprises. Not in the delivery of service, not in our final reports, and not in our fees. As your organization tackles its challenges and opportunities, you can rest assured that our firm will be there to offer dependable, superior quality service.

MEMBERSHIP ORGANIZATIONS

CENTER Brown Edwards is a member of the American Institute of Certified Public Accountants' Center for Audit Quality. This membership requires a peer review every three years. Our most recent peer review was performed in September

2018. We received a "Pass" rating, the highest rating achievable, for our 2018 review. A copy of our most recent peer review is attached as **Appendix B** for your convenience.

Brown Edwards is also registered with the Public Company Accounting Oversight Board (PCAOB). This Board monitors quality in firms that audit public companies, which subjects our firm to stringent inspection and requires that we meet the highest level of technical quality in the profession today. The benefit to you is that

our quality control systems and educational requirements are subject to the same standards and inspections as those of the largest firms. We are very proud of the results of our PCAOB inspections, the most recent being in 2016. In each of our five inspections, we received an unqualified report with no findings, a distinction that few firms have achieved. PCAOB inspection reports are public documents and receipt of a report with no findings places us in an enviable position when compared with peer firms, including those that are significantly larger than our firm.

As an independent member of the BDO Alliance USA, Brown Edwards can expand the services offered to clients by drawing on the resources of BDO USA, LLP, the fifth largest accounting services firm in the nation, and other Alliance members. The firm serves clients through 63 offices and more than 450 independent

Alliance firm locations nationwide. As an independent Member Firm of BDO International Limited, BDO serves multi-national clients through a global network of more than 1,300 offices in over 150 countries.

Brown Edwards is also a member of the American Institute of Certified Public Accountants' Governmental Audit Quality Center (GAQC). The GAQC is designed to help CPAs meet the challenges of performing quality governmental audits. The GAQC's primary purpose is to promote the importance of quality governmental

audits and the value of such audits to purchasers of governmental audit services. As a member of the GAQC, we adhere to specific membership requirements covering the governmental audits we perform, comply with the specific continuing education requirements for all of our personnel working on these audits, and have access to tools that focus around quality improvement. We believe our participation in the GAQC enhances our audit services to all clients.

Key members of our engagement team are members of the Government Finance Officers Association. All of our local government team partners, directors, and senior associates have extensive experience with the GFOA certificate program. In addition, certain members of our staff have served as qualified reviewers for the GFOA certificate program.

We receive comprehensive resources and up-to-date information on a variety of technical, legislative, and regulatory subjects to assist us in performing employee EBPAQC Member benefit plan audits and ensure clients are in compliance with the appropriate standards and changes in regulations. These resources help us respond quickly to new standards and requirements to ensure the efficiency of your audit engagement.

MEMBERSHIP ORGANIZATIONS (CONTINUED)

Brown Edwards also employs several Certified Fraud Examiners ("CFE"). CFE's are experts in the field of internal control, fraud detection and prevention, litigation support, and expert witness assistance. This designation, and the skills associated with this certification, provide an added benefit to complex governmental

engagements.

Brown Edwards performs peer reviews for eight to ten firms each year, and our peer review clients include seven top 100 firms in the country in terms of annual revenue. Our governmental team participates significantly in this practice area. Participation as peer reviewers gives Brown Edwards exposure to the work of other quality firms and is an excellent exercise to ensure we are up-to-date on the most recent professional standards, audit approaches, and technology.

THE BENEFITS OF A REGIONAL FIRM

As a regional firm, we offer the best of both worlds. With a total staff of over 400 and growing, we are large enough to provide services to a broad range of clients in the functional areas of accounting, auditing, tax, and management advisory services while providing you with direct access to our partners and directors.

Although we are considered a large firm on a national basis, Brown Edwards is owned, operated, and managed locally and as a result we can respond to your needs quickly and effectively. Our offices are located in West Virginia, Virginia, and Tennessee, and we have quick and easy access to all of the southeastern United States. Because we live and work very close to all the markets we serve, our partners and directors are always accessible to you. Having unparalleled access to our firm's decision makers helps to create the meaningful relationship between our firm and our clients that you should expect from your auditors – *Your Success is Our Focus*.

EXPERIENCE, QUALIFICATIONS, AND SERVICE

We have assembled a dedicated team of professionals to serve the needs of the SBA. These individuals bring a wide range of experience, professionalism, and insight to your engagement. They each have proven records with the SBA and other governmental entities. Our service team is exceptionally well suited to meet your needs because:

- Our firm's experience and commitment to continuing to build our governmental practice ensures that your questions and concerns are addressed promptly.
- Our local presence provides immediate availability of resources, expertise, and decision-making on the SBA's engagement.
- Our people have experience and knowledge that is relevant to the financial, accounting, information technology, and other business considerations facing the SBA.
- Our people are active members in various governmental organizations and associations, and maintain a strong professional relationship with FARS, the GFOA, and GASB.
- All service team members meet or exceed minimum continuing professional education requirements, including the stringent requirements under the GAO Yellow Book.

EXPERIENCE, QUALIFICATIONS, AND SERVICE (CONTINUED)

People make the difference in professional relationships. We believe communication and personal chemistry are particularly important elements of client relationships, especially in the dynamic governmental arena. Our professionals are skilled in this field, and we expect you will feel comfortable with their expertise and commitment. A short introduction to your service team is listed below with full resumes listed in **Appendix A**.

Engagement Partner – Robert E. Adams, CPA, CGMA, is a partner with Brown Edwards who has extensive experience in serving governmental and not-for-profit clients and will serve as the lead partner for the SBA. In this role, Rob will assume primary responsibility for the successful completion of the engagement and will maintain contact with you and senior management of the SBA throughout the engagement to ensure that services and resources are provided to the SBA in a timely manner. Rob will also provide technical expertise to the team and perform review and supervision procedures.

Concurring Partner – Chris Banta, CPA, CFE, is a partner with Brown Edwards with over 20 years of governmental and nonprofit entity experience and will serve as concurring partner for the engagement. The role of the concurring partner is an essential element of Brown Edwards' quality processed services. Chris will be available to consult with the team on accounting and reporting matters and provide technical expertise.

Audit Director – Anthony Carpenter, CPA, is a director at Brown Edwards with many years of specialized experience with State of West Virginia governmental entities and nonprofit organizations. Anthony will be responsible for developing our approach, supervising and coordinating the efforts of the engagement team, identifying and researching technical issues, and administrative matters. Anthony will be in contact with you to ensure your needs and deadlines are met and will manage the audit process on a daily basis.

Audit Director – Ron Shadden, CPA, CFE, is a director at Brown Edwards with many years of specialized experience with governmental entities and nonprofit organizations. Ron will be available to consult with the engagement team in developing our approach, supervising and coordinating the efforts of the engagement team, identifying and researching technical issues, and administrative matters

Audit Manager – Staunton Gorrell, CPA, is a manager at Brown Edwards with multiple years of specialized experience with governmental entities and nonprofit organizations. Staunton will be focused on supervising our engagement and assisting all personnel assigned on a daily basis.

Information Technology Director – Clarence Rhudy, CPA, CISA, CITP, is an information technology director with extensive experience with governmental entities and nonprofit organizations. Clarence will serve as a consultant to the engagement. In this role, he will be available to provide technical expertise throughout the engagement.

CONTINUING PROFESSIONAL EDUCATION

One of the best measures of a firm's commitment to its audit practice is the depth of specialized training provided to its professionals. Brown Edwards provides internal and external training on governmental accounting, auditing, reporting, and operations in excess of the GAO requirements. In addition, our membership in the AICPA's Governmental and Employee Benefit Plan Audit Quality Center requires additional levels of continuing professional education to maintain our membership. We continually monitor the issuance of technical auditing and accounting pronouncements and provide our personnel with specialized training in these areas. Professionals at all levels receive specialized training in seminars and courses presented by nationally recognized experts in governmental and nonprofit accounting, auditing and financial reporting. Brown Edwards' professional staff has met all continuing professional education requirements.

COMMITMENT TO PROVIDE CONTINUITY OF STAFF

Our staffing and scheduling policies have historically been very successful in maximizing audit team continuity from year to year. Effective staff recruiting and retention is a top priority for our firm, because we realize that our most valuable investment is our people. We recruit only those who have achieved a high academic standing and have demonstrated commitment, ambition, and leadership skills, and offer them a proactive approach to staff development that includes a mentoring program, comprehensive training at every level, and performance evaluations after every significant engagement.

We view continuity of engagement teams to be in the best interest of the Firm and our clients. Staff repetition enhances audit effectiveness and efficiency, and is our guiding principle in scheduling. When personnel changes are unavoidable, the depth of our pool of experienced professionals gives us the ability to select a replacement with similar qualifications and levels of experience for your audit team.

OUR TECHNOLOGY

Brown Edwards is committed to providing our professionals access to sound and advance technology in order to ensure optimum levels of efficiency in our engagements. We use "paperless" audit techniques which enable our professionals to spend more time on judgment matters and in-depth research and analysis, rather than on "number crunching" and other mechanical aspects of client service, which enhances efficiency by allowing for the quick update of key documentation from year-to-year.

With an internet connection, our personnel can work from anywhere and have complete access to the firm's network as well as access to multiple high quality research sites for research of accounting and auditing issues. Our electronic audit workpaper software allows efficient integration of client prepared Word, PDF, and Excel files into our workpaper files.

We combine the use of spreadsheet, word processing, and audit software to perform the most efficient audits possible. Some of the benefits of full automation include the ability to:

- Import data directly from your accounting system, thereby eliminating manual keypunching
- Spend more time on judgment matters and in-depth research and analysis rather than on "number crunching" and other mechanical aspects of client service
- The use of pre-formatted spreadsheets from year to year, allowing us to perform ratio and trend analysis on key accounts

OUR TECHNOLOGY (CONTINUED)

We use the following software solutions to perform the aforementioned tasks:

ProSystem Fx Engagement - A workpaper preparation program that produces financial statements, trial balances, journal entries, fluctuation and ratio analysis.

Checkpoint

Checkpoint - Online access to an expansive library of tax, accounting, auditing, and corporate finance content, including primary source materials and expert analysis.

IDEA - A powerful data extraction and analysis program that provides us with access to large amounts of data from which we can quickly import, join, analyze, sample and extract data from almost any source. Through data extraction and analysis programs, a significant amount of information can be evaluated for unusual relationships, which may be the result of erroneous data.

ShareFile - A secure cloud-based collaboration, file-sharing and workflow solution that supports all the document-centric needs of businesses. Auditors and clients can safely share large files, e-sign and get secure remote access to servers and PCs from any device, any time.

ENCRYPTION

All data on Brown Edwards computers, including our workpapers in our computerized audit documentation management system, is encrypted using advanced algorithm technology. The data encryption ensures that in the unlikely event that one of our computers were to be lost or stolen, your data and our workpapers would be unreadable to anyone other than Brown Edwards personnel.

INFORMATION AND CYBERSECURITY CONSULTING

Brown Edwards also offers specialized Information and cybersecurity consulting ranging from Security assessments and consulting to penetration and vulnerability testing to help identify threats to system security. We have the expertise and experience to help our clients design and implement solid, secure programs for both IT compliance and security. Fees associated with these services would be based on the degree of responsibility involved and the skill required.

OTHER PROFESSIONAL SERVICE OFFERINGS

We know our clients operate in a complex financial and compliance focused environment. At times, clients face challenges that only our expertise can assist with. These circumstances have strengthened our relationship with clients through services that are beyond the basic engagement. Brown, Edwards can provide a number of professional services, visit us at becpas.com to learn more.

RELEVANT EXPERIENCE

The following is a list of engagements with the State of West Virginia from the Charleston office of Gibbons & Kawash, now Brown Edwards, for the past five years. Engagements identified below (*) are engagements most similar to the engagement described in your request for proposal and involve outstanding bond issuances. Their annual audits are performed under *Government Auditing Standards* and the Uniform Guidance as applicable. These engagements all require reporting of supplemental information to the West Virginia Financial Accounting and Reporting Section (FARS). Many of these same component unit audits are also business type activity enterprise funds similar to the SBA. It should also be noted that our audit reports have been accepted by all credit markets in which the SBA participates.

SERVICE PHILOSOPHY

We reject the notion that an audit is a commodity. First and foremost, we are in business to serve our clients, to help them solve their problems, achieve their objectives, and to make a solid contribution to their success. Our people work to identify and respond to our clients' needs. We believe that in the course of conducting an audit, your audit firm should generate information and develop insights that-in the hands of professionals who combine competence with judgment, maturity, and creativity-will result in improvements, efficiencies, and wins. It is this "value-added" philosophy to client service that continues our approach to engagement management and distinguishes us from other firms.

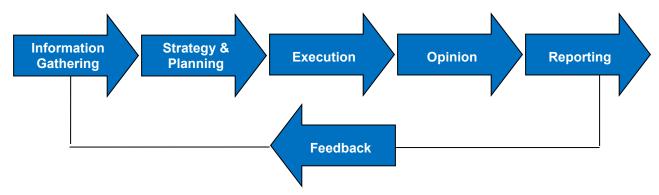

CLEAR COMMUNICATION

We value the candid exchange of ideas and opinions with our clients, and we maintain an open and robust dialogue with management and those charged with governance. We believe that communication is the most important tool for maximizing audit efficiency and effectiveness. Prior to the audit, we will meet with management and the Audit Committee to assist us in planning the audit. Taking the time to listen to you during the planning process is crucial to ensuring that we understand your organization and its risks. Our key team members will also meet with management during the engagement to keep you apprised of our progress, to discuss any issues that may arise, and to solicit feedback regarding our performance.

At the conclusion of our audit, we will communicate in writing regarding the results of the audit and any internal control matters that are required by professional standards to be communicated and we will meet with management to discuss these matters. We also encourage contact throughout the year, and your client service team will be ready to consult with you any time you have a question. Brief phone calls are expected throughout the year. Of course, if a question requires extensive research, we will let you know and arrive at a fee estimate in advance.

OUR METHODOLOGY

Our methodology is broken down into six phases:

 We will gather sufficient information on the key audit risks including the development of our understanding of key internal controls, to enable us to design appropriate audit procedures, and conduct the audit in the most efficient manner and within the pre-agreed time frame and budget.

OUR METHODOLOGY (CONTINUED)

- Information gathering will also include a "prepared by client" list with agreed timetable for provision of information and year-end planning meetings.
- We will calculate an appropriate materiality level which reflects the perceived audit risk and is based on our in-depth understanding of your engagement.
- We will use suitably-qualified staff to ensure an efficient audit, while maximizing the opportunity for value-added service from their experience.
- We will ensure clear and timely communication of issues to avoid any surprises and to enable smooth reporting.

EMPHASIS ON PLANNING AND RISK ASSESSMENT

We recognize that every organization we serve is unique. Effective and thorough planning is the key to ensuring that our approach is tailored to meet your specific needs and is the cornerstone of successful engagement management.

The most critical part of planning an audit is risk assessment. Risk assessment refers to the auditor's identification and assessment of risks of material misstatement at both the financial statement and relevant assertion levels. Obtaining an understanding of the organization, including its internal control, is an essential aspect of the consideration of risk. Our goal here is to get beyond the numbers, to develop a clear understanding of your organization, your goals and objectives, and the environment in which you operate.

Some risk assessment procedures which we will perform are as follows:

- Inquiries of management and others within the organization and those charged with governance, including specific inquiries related to fraud risks
- Obtaining an understanding of internal controls (both entity-level and activity-level controls)
- Performing "walkthroughs" of key internal controls and conducting interviews with personnel
- Performing analytical procedures of trends and relationships reported in the balances of the financial statements at the account and group levels
- Review of internal documents such as by-laws, minutes, and written policies and procedures
- Review of important contracts and agreements
- Engagement team "brainstorming" session to identify ways in which the financial statements could be misstated, especially as related to misappropriation or intentional misstatement

Once risk has been assessed, we are able to determine the quality and quantity of audit evidence required to limit that risk to an acceptable level. We will synthesize the information gathered during the planning and risk assessment procedures to develop a risk-based approach that concentrates audit effort on those areas where the dollar volume of transactions is significant and the risk of material misstatement is greatest.

EMPHASIS ON PLANNING AND RISK ASSESSMENT (CONTINUED)

The comprehensive planning process is the cornerstone of adapting our audit approach to the needs identified by risk assessment for the SBA. We believe our prior experience with the SBA and other governmental entities will assist in keeping the time required of the SBA's personnel during the planning phase to a minimum.

The audit approach we take is both innovative and prudent in responding to the risk assessment; and its impact on the opinion provided on the financial statements of the SBA. These items help to determine the quality and quantity of audit evidence required to limit that risk to an acceptable level.

INTERNAL CONTROL

As mentioned above, obtaining an understanding of internal controls is an important part of the risk assessment process. We will obtain an understanding of the interrelated components of internal control sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Our understanding of internal controls incorporates two primary elements - the evaluation of the design of the control and a determination of whether it has been implemented. We will identify key controls and perform walkthroughs, observations, and inquiries to determine that they have been implemented.

Updating our understanding of the entity and its environment, including internal control, sufficient to assess the risks (risk assessment) of material misstatement of the financial statements and to design the nature, timing, and extent of procedures is of the utmost importance. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

If applicable, and as required by Part 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements For Federal Awards, commonly referred to as the "Uniform Guidance", we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies. However, during the audit, we will communicate to you and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance. There can be no assurance that all deficiencies, significant deficiencies, or material weaknesses will be identified.

CONSIDERATIONS OF LAWS, REGULATIONS, CONTRACTS, AND GRANTS

Identifying and ensuring that the SBA complies with laws and regulations is the responsibility of management. We will include appropriate inquiries of management and staff of the SBA to identify laws and regulations with which noncompliance could have a direct and material effect on the financial statements. We will also review relevant portions of the West Virginia Code and other relevant regulations. We will test the provisions of those laws, regulations, grants and contracts for noncompliance which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions is not an objective of our audit, and accordingly, we will not express such an opinion. We will report on the results of our tests if we discover any instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Uniform Guidance, if applicable, requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the "OMB Compliance Supplement" for the types of compliance requirements that could have a direct and material effect on the SBA's major programs. The purpose of these procedures will be to express an opinion on the SBA's compliance with requirements applicable to its major programs in our report on compliance issued pursuant to the Uniform Guidance.

AUDIT PLAN AND EXECUTION

Risk assessment, planning, and information gathering result in the development of the audit plan, which is a detailed audit approach supplemented by written, detailed audit programs. The plan will be scrutinized by the engagement director to determine that the specific procedures developed are appropriate, efficient and reasonable in the circumstances.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected funding sources, creditors, and financial institutions. We may also request written representations from your attorneys as part of the engagement. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

The objective of our audit is the expression of an opinion about whether your financial statements are fairly presented, in all material respects, in conformity with generally accepted accounting principles. The objective also includes reporting on internal control related to the financial statements and compliance with laws, regulations, and the provisions of contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements in accordance with *Government Auditing Standards*. The Uniform Guidance report on internal control over compliance, if applicable, will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose

AUDIT PLAN AND EXECUTION (CONTINUED)

Upon completion of fieldwork, the reporting phase will be completed in draft form and reviewed by the engagement in-charge, partner, and independent reviewer, prior to submission to the SBA's management for their review. After any questions or concerns have been answered, the final reports will be issued. In addition, if we discover matters that are considered control deficiencies or note opportunities to strengthen existing controls or provide operational efficiency, we will provide those in written form to management in a communication separate from the deliverables described above, commonly referred to as a management letter.

We will issue our report on the fair presentation of the SBA's financial statements in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and, if applicable, the provisions of the Uniform Guidance, and will include tests of accounting records, a determination of major programs in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express such opinions.

We will inform the Council of each of the following:

- The auditor's responsibility under generally accepted auditing standards and Government Auditing Standards
- Significant accounting policies
- Management judgments and accounting estimates
- Significant audit adjustments
- Other information in documents containing audited financial statements
- Disagreements with management
- Management consultation with other accountant
- Major issues discussed with management prior to retention
- Difficulties encountered in performing the audit
- Significant abuse

OUR UNDERSTANDING OF YOUR REQUIREMENTS

We have a wealth of historical experience auditing 28 State of West Virginia component units or funds, over the last twenty-five years which individually range in size up to \$4 billion in assets and \$2 billion in revenues. We have extensive experience in auditing governmental entities that engage in the issuance of bonds. As a client, the SBA will receive the highest quality audit that will be carefully planned, thoroughly conducted, and timely reported upon. Our team is equipped with much more than a surface level understanding of GASB Statements, we have a deep understanding of the accounting principles and concepts which underlie those standards. This helps our team tackle unusual or complex matters efficiently and effectively, and gives our clients confidence that we are addressing such matters appropriately.

From your request for proposal and our prior experience auditing the SBA, we have obtained an understanding of your expectations. We believe Brown Edwards continues to meet and exceed those expectations. We would specifically plan to conduct an audit of the financial statements of the SBA for the years ending June 30, 2021 in accordance with U.S. generally accepted accounting standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the

OUR UNDERSTANDING OF YOUR REQUIREMENTS (CONTINUED)

Comptroller General of the United States and, if applicable, the provisions of the Uniform Guidance, and will include tests of accounting records, a determination of major programs in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express such an opinion and to render the required reports. In connection with your requirements under the Uniform Guidance, we will prepare and electronically submit the SF-SAC Data Collection Form to the Federal Audit Clearinghouse. We will also provide an additional report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance Required by the Uniform Guidance.

We understand that the SBA is considered a component unit of the State of West Virginia, and the financial reports required under the terms of this proposal must comply fully with parameters set by the Department of Administration, Financial Accounting and Reporting Section (FARS) for component units of the state West Virginia. This may include by way of example and not exclusively, extensive interface by the auditing firm with FARS, responding to specific requests for information and providing additional support (including preparation or review of additional schedules) regarding matters reported in the financial statements for the SBA, and attendance, either jointly with SBA personnel or as the SBA's representative, at conferences, meetings, or seminars held or presented by FARS regarding their requirements for report preparation, presentation, deadlines, etc.

Brown Edwards will also assist in preparing financial statements, schedule of expenditures of federal awards, and related notes of SBA in conformity with U.S. generally accepted accounting principles and the Uniform Guidance, if applicable, based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal awards, and related notes and schedule services previously defined.

TIMELINE

Our primary goal in scheduling your engagement is to ensure that the engagement is thoroughly planned, that field work is scheduled at times which are compatible with the schedules of the SBA's accounting staff, and that the audit is completed in advance of the deadline to allow management adequate time to review our draft reports. All work will be completed by the dates indicated to meet the deadlines FARS. We further pledge to comply with any COVID-19 protocols in place at the time of the audit to ensure the safety of your staff and ours. We will design and plan our audit to meet the following time requirements:

- Audit Planning Brown Edwards contact management upon notification of successful award to schedule planning and audit fieldwork for the year ending June 30, 2021.
- Reports Drafts of the audit report and recommendations will be submitted to management for their review in order to be submitted in final form with the financial statement and to FARS ahead of the annual September 15th draft deadline. During this period, we will be available for any meetings that may be necessary to discuss the audit reports. After all questions and matters for discussion are resolved, the final signed report shall be delivered to the SBA and FARS by the October 15th deadline each year.

TIMELINE (CONTINUED)

• Meetings - We will make ourselves available to you upon the approval of Brown Edwards as auditor. We would be pleased to meet with you to discuss potential audit issues or logistics and interim work to be performed. We will also establish an overall liaison for the audit and make arrangements for work space and other needs of the audit. We would be pleased to conduct progress meetings as necessary during the conduct of the audit to discuss issues or other matters that come to your attention or ours. We would also expect to meet to discuss our draft audit results and to review any significant findings prior to the issuance of any final documents.

WORKPAPER RETENTION AND ACCESS TO WORKPAPERS

The workpapers will be available for examination by authorized representatives of any cognizant federal or state audit agency, the General Accounting Office, and the School Building Authority of West Virginia. The workpapers and reports will be retained, at our expense, for a minimum of four years, unless we are notified in writing by the SBA of the need to extend the retention period. In addition, we will respond to the reasonable inquiries of any successor auditor and allow the successor auditor to review workpapers relating to matters of continuing accounting significance.

AFFIRMATIVE STATEMENTS

<u>Contract Services & Deliverables; Payment Schedule</u> – Prior to beginning fieldwork, Brown Edwards will provide a detailed work plan that will identify the major tasks to be accomplished and be used as a scheduling and managing tool, as well as the basis for invoicing. The work plan will be submitted in accordance with the Schedule for Mandatory Contract Services and Deliverables and will conform and the timeline provided by SBA. The audit work plan will describe in detail the audit approach actuarially for the various SBA funds.

The payment schedule will be as follows:

- At the completion of the Preliminary Field Work, we may invoice for up to 25% of the total contract amount.
- At the completion of the Year End Audit Field Work, we may invoice for up to 50% of the total of contract amount.
- At the completion of the Year End Audit Report, we will invoice for the final 25% of the total of contract amount.

<u>Independence</u> — Brown Edwards is independent of the SBA, the State of West Virginia, and any component units of the State of West Virginia, as defined by generally accepted auditing standards and *Government Auditing Standards*. We are free from all objections and interests that might materially conflict with interests of the SBA.

<u>License to Practice</u> – Brown Edwards and all assigned key professional staff are licensed to practice public accounting and perform assurance services in West Virginia.

<u>Registration</u> – Brown Edwards is properly registered with the State of West Virginia Purchasing Division (OASIS) and has paid all required fees.

AFFIRMATIVE STATEMENTS (CONTINUED)

<u>Insurance</u> – Brown Edwards maintains insurance for professional/malpractice, general, and a automobile liability in excess of \$1,000,000 each and can provide evidence of insurance upon request.

Brown Edwards affirms that all directors, principals or partner equivalents on the engagement must be licensed CPA's with at least 5 years of audit experience with governmental entities and state level agencies. All manager level employees on this engagement are CPA's with 3 years of experience on governmental engagements. If we substitute staff for SBA at any time during the term of the contract or potential renewal or extension years, the experience and qualification levels must be of a similar quality to the level of those initially proposed. We understand that the state agency retains the right to approve or reject replacements based upon their qualifications, experience or performance.

Brown Edwards affirms that we have experience auditing/consulting with 3 different state government entities (agencies) over the past 5 years.

Brown Edwards affirms we have passed our 2 most recent AICPA Peer Reviews.

Brown Edwards affirms that we have at least 7 licensed CPA's on staff within the firm that are strictly audit and not tax professionals. At least 5 of these audit professionals are in the same location and not spread amongst other firm locations.

Brown Edwards affirms that we have not had a final audit issued that had to be reissued due to material errors or omissions discovered by West Virginia Financial Accounting and Reporting Section or other West Virginia state agency two times or more.

Brown Edwards is a member in good standing of the AICPA's Governmental Audit Quality Center.

1. MISCELLANEOUS:

1.1. Contract Manager: During its performance of this Contract, Vendor must designate and maintain a primary contract manager responsible for overseeing Vendor's responsibilities under this Contract. The Contract manager must be available during normal business hours to address any customer service or other issues related to this Contract. Vendor should list its Contract manager and his or her contact information below.

Contract Manager: Robert E. Adams, Partner

Telephone Number: 304-343-4188

Fax Number: 304-344-5035

Email Address: readams@becpas.com

RATE STRUCTURE AND FEES

The professional fees presented in this proposal are based on our best assessment of the time and resources required to provide audit services for the SBA at our standard hourly rates.

We are mindful of your need to conserve resources and control costs. We will share management's cost concerns and work closely with your personnel to enhance the efficiency and cost-effectiveness of our services.

We will spare no effort to find common ground for providing the level of services the SBA requires, and at a reasonable cost. We will never ask you to pay a fee that you do not believe to be fully justified.

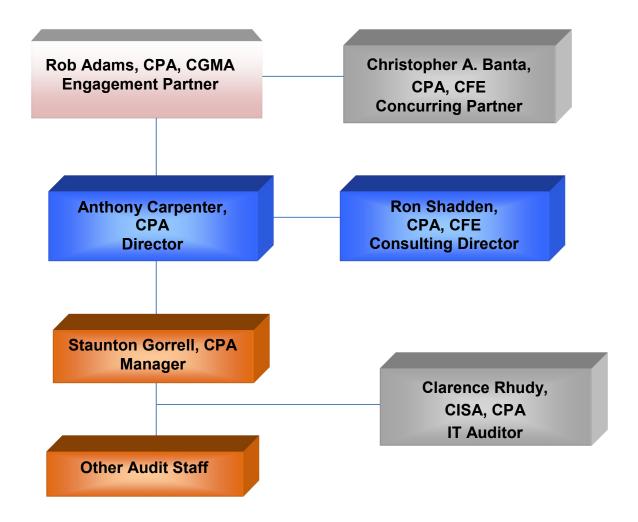

The detailed pricing page is presented as Appendix C.

Should additional services beyond the scope of the audit be required such as accounting or consulting assistance, we would be pleased to provide those to you at an agreed upon reasonable fee based on our standard hourly rates which vary according to the degree of responsibility and expertise of our professionals assigned to the services.

Our standard hourly rates are as follows:

Partner and Director	\$ 220-395
Senior managers and managers	150-220
Senior associates, associates and administrative staff	90-150

A Professional Accounting Corporation

Report on the Firm's System of Quality Control

To the Partners of Brown Edwards & Company L.L.P. and the National Peer Review Committee

We have reviewed the system of quality control for the accounting and auditing practice of Brown Edwards & Company L.L.P. (the firm) applicable to engagements not subject to PCAOB inspection in effect for the year ended May 31, 2018. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under Government Auditing Standards, including compliance audits under the Single Audit Act, and audits of employee benefit plans.

As part of our peer review, we considered reviews by regulatory entities as communicated to the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Brown Edwards & Company L.L.P. applicable to engagements not subject to PCAOB inspection in effect for the year ended May 31, 2018, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of pass, pass with deficiency(ies) or fail. Brown Edwards & Company L.L.P. has received a peer review rating of pass.

estlethwaite; Netterville

Baton Rouge, Louisiana October 17, 2018

APPENDIX C - PRICING PAGE

Description	Quantity	Unit Cost	Extended Cost
Independent Audit Services for Fiscal Year 2021	1	\$ 34,500	\$ 34,500
FY 2021 - Additional Cost for Federal Funds *	1	\$ 9,500	\$ 9,500

Revised 03/15/2021

STATE OF WEST VIRGINIA Purchasing Division

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

MITHECO THE FOLLOWING CICHATURE

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
