## Executive Summary

**SUBJECT: Response to RFQ MIS2100000002- Temporary IT Staffing for WVDHHR/OMIS**

I would like to take this opportunity to express our keen interest in participating in **the Response to RFQ MIS2100000002- Temporary IT Staffing for WVDHHR/OMIS** due on 09/17/2020.

At Vector, we are committed to providing **West Virginia's DHHR** with quality IT services while optimizing its information technology investment. Specifically, we will bring added value to this program with the quality of our services and staff, the experience of our senior management, and the dedication of our account management team – **"Our Total Experience"**.

Established in 1990, Vector Consulting is a full-service IT services company, with its Information System Personnel working in diverse areas of industry and commerce. Vector has offices in Atlanta (Georgia) and in Fairfax (Virginia). During the past 20 years, Vector has been involved with both, providing IT Staff Augmentation and, the design, development, implementation and maintenance of various computer applications.

We have successful, on-going Preferred Vendor service relationships in the public sector: (to name a few) - Commonwealth of Virginia, **State of Georgia (DOAS)**, Commonwealth of PA, State Of North Carolina, State Of South Carolina, State of IA, State of MN. We are also a **GSA Schedule Holder** for Temporary Staffing Services for IT Personnel and a CMAS contract holder. Upon award of a contract, we look forward to bringing the same sense of excellence and dedicated customer service to AMTRAK.

We have successfully provided **similar** services to several State Government clients over the last 10+ years and to GSA (Federal) for 5+ Years.

We are proud to share with you:

- In 1999 we were ranked 75th in MBN's listing of 100 Outstanding Minority Vendors sponsored by Business News USA. This nomination came from one of our Fortune 500 customers
- We recently (2005) graduated from the 8(a) program of the United States Small Business Administration (SBA)
- We have been recognized as a 16th ranked small business by Washington Technology in their annual Fast 50 ranking for 2007 - <http://washingtontechnology.com/fast50lists/fast-50-lists/2007.aspx>
- We have been recognized as a 20th ranked small business by Washington Technology in their annual Fast50 ranking for 2008 - <http://washingtontechnology.com/Fast50Lists/Fast-50-Lists/2008.aspx>

Please feel free to call me at 678-578-8936(w), 678-427-8370(m), or email me at [michael.allred@vectorconsulting.com](mailto:michael.allred@vectorconsulting.com) if you have any questions or need additional information.

# Response to MIS2100000002

3.1 Vendors shall be in business a minimum of five (5) years, providing similar information technology services.

The seeds of Vector Consulting were sown in February 1990 - four software engineers got together to create a company to provide IT professional services and build banking solutions. Two months later, armed with \$1,000 of seed money, Vector Consulting was incorporated.

The name Vector has its roots in the physics term '**vector**', which implies both magnitude and direction. And this has been Vector's operating mantra - where Magnitude represents our customers, our people, and our knowledge; Direction reflects our purpose – the where and the how. Our business philosophy, our strategy, our execution, all reflect this mantra - an enabler of our profitability and growth.

Today we are a full-service IT services company, with its Information System Personnel working in diverse areas of industry and commerce. We have successful, on-going Preferred Vendor service relationships (to name a few) with Commonwealth of Virginia, Georgia (GTA), Commonwealth of PA, North Carolina, South Carolina, Colorado, Michigan, Iowa, Delaware, Oregon, and Florida. We support the State of New York Hourly Based Information Technology Services contract via a subvendor partnership with OST. We hold the MSA and CMAS contracts in California. We are also a GSA Schedule Holder for Temporary Staffing Services for IT Personnel. As a government contractor with an extensive and successful track record, we understand the challenges governments face every day: increasing service expectations, transparency requirements, rapidly changing technology – and the constant pressure to cut costs. Vector Consulting solutions provide measurable business value by helping governments operate better, faster, and cheaper. We combine innovation, best practices, best-of-breed partners, and efficient execution to consistently deliver on this promise.

We also have a commercial practice which focuses on mid to large enterprises directly and via contracts held with managed service providers. Likewise, we have a Federal practice which focuses on servicing integrators who prime large federal application development engagements.

## **Our Recognitions:**

In 1999 we were ranked 75<sup>th</sup> in MBN's listing of 100 Outstanding Minority Vendors sponsored by Business News USA. This nomination came from one of our Fortune 500 customers.

We graduated in 2005 from the 8(a) program of the United States Small Business Administration (SBA).

We have been recognized as the 16<sup>th</sup> ranked small business by Washington Technology in their annual Fast 50 ranking for 2007 - <http://washingtontechnology.com/fast50lists/fast-50-lists/2007.aspx>

We have been recognized as the 20<sup>th</sup> ranked small business by Washington Technology in their annual Fast50 ranking for 2008 - <http://washingtontechnology.com/Fast50Lists/Fast-50-Lists/2008.aspx>

In 2013, we were selected by Accenture to participate in their Mentor-Protegee program.

We previously held a Secret level DoD facility clearance. (required at the time by a federal contract we were participating in)

We hold MBE/DBE certifications from Georgia Minority Supplier Development Counsel, National Minority Supplier Development Counsel, New York Department of Transportation, Washington Metropolitan Area Transit Authority, Georgia Department of Transportation, Pennsylvania Unified Certification Program, and Virginia Small Women-owned and Minority-Owned Business.

Besides being active in our minority relationships, we have been members of the ITAA (Information Technology Association of America) and NACCB (National Association of Computer Consultant Businesses). We fully support and practice their principles and code of ethics, by virtue of which we bring additional value to our clients.

I shall also take this opportunity to highlight our corporate mission – which is:

....to be our clients' **preferred IT Services Partner**. We strive to provide appropriate solutions, in order to help our clients' connect with technology, with the greater purpose of achieving better business results. To that end, we will bring together the abilities, experience and commitment of our people to make IT happen.

....to accept responsibility for our work. And, to build our business on a foundation of integrity, competence and long term partnerships.

....to employ qualified people and give them a creative, achievement-oriented environment in which to learn and grow, and to reward them based on teamwork, competence, results and character.

....to serve our communities where we work and live.

Our mission statement embodies our “Corporate Culture” – the values and passion that we bring to work, everyday, for ourselves and our clients.

Our current revenue exceeds \$12 million with 82 consultants billing.

Innovation, Integrity, Fair Transactions, Collaboration, Continuous Learning, Fun, and Stakeholder Experience and Success. These are our seven (7) core values – they inform each and every decision we make.

### **Our Value Proposition**

Since our founding in 1990, we have believed that People make the Difference. In our diverse experiences, it has been amply proven that the difference between successful and failed projects is People. Using our understanding of technology and human capital management, and working alongside clients, we are committed to sharing our expertise in delivering the 'Right Talent' to help deliver the promise of the Digital Age.

As a full-service IT Services company, we have been providing these services to our Government & Commercial clients for over 25 years across the USA. A large part of our business is from the Government sector (Federal and State). Our focus within this community is on six core operations: Transportation, Health and Human Services, Social Services, Employment Services, Education, and Revenue. For example, as states across the country responded to the Affordable Care act, we partnered with Deloitte to deliver Integrated Eligibility upgrades to five different states. Similarly, we worked with NCFast in North Carolina and Clemson University in South Carolina to assist them with their IES upgrades. We assisted North Carolina, South Carolina, and Georgia with their Child Welfare systems. We worked with Penn State on their SAP implementation and assisted multiple universities with their PeopleSoft upgrades. We helped Georgia, South Carolina, and North Carolina, develop and test programs for their Southeast Consortium Unemployment Benefits Integration (SCUBI) initiative. We supported Atlanta Housing Authority in building a customized financial and asset management system for Section 8 Housing. We have built our business providing developers and testers, DBA's and system administrators, Program and Project Managers, Security and Network Engineers as well as Help Desk and Application Support professionals to states needing help executing their mission critical functions.

We have an internal curated database of over 80,000 IT professionals that may be deployed across our client portfolio on an on-demand basis. Our recruiting process uses the 3A Framework (Agility, Adaptability, Alignment) - To succeed in an increasingly complex and demanding world, businesses have to constantly innovate and improvise. Business success now is not just a matter of access to technology or capital, but appropriate access to the 'Right Talent'. As businesses realize that 'Right Talent' is a precursor to 'Right Outcomes', they realize the importance of building a responsive and a pro-active Talent Supply Chain. Vector using its 'Vector 3A Fulfillment Framework' provides clients with the Agility, Adaptability and the Alignment needed to power their access to talent. This is supplemented with our VECTOR 360 – 'OUR CLIENT-CENTRIC TALENT ACQUISITION PROCESS'. Vector 360 is a multi-step process that is customizable, and has been built around certain repeatable tasks, using real world insights and experiences. We begin our talent acquisition by gaining an understanding of the clients' needs and objectives. Then using our market intelligence, we craft a sourcing strategy to help engage and deploy the Right Talent. By combining the 3A and Vector 360 processes, we provide superior, cost-effective services to our clients.

Vector Consulting is a SAS Alliance Partner and an Oracle Silver Partner. We are also focused on developing SAP partnership as well as strengthening our relationships with Salesforce and Workday.

A business is only as good as its people. Achieving sustainable advantage in areas such as recruiting and retention requires the integration of best practices across the organization and across the entire talent value chain. Vector sincerely believes that we will serve you best by fully understanding your needs and providing you the best match for your request. The process of understanding your detailed needs starts for us with the Award of the Bid. Our Account Managers are required to conduct and share with Recruitment an in-depth assessment of your needs, including project scope, project timelines, business objectives and technology skills. Learning your business helps us align our processes and provide the most effective result the first time. This in turn helps us provide quality and cost reductions via shorter turnaround time and enhanced closure rates. On an everyday basis, Vector realizes that a “key success factor” of our business is the quality of the resume and the quality of the candidate we submit for consideration. To ensure the above each candidate is evaluated on a eight (8) point scale for both professional and technical competence:

- . • Overall years of Information Systems experience,
- Years of experience in the desired skill set,
- Professional Certifications,
- Competency Testing
- Education,
- Insurance/Finance Industry experience,
- Professional attributes,
- Professional Reference checks and Background checks

After analyzing the client’s needs and projected demands, the Vector fulfillment team creates a proactive sourcing strategy for the Services/Skills required and pro-actively qualifies suitable candidates for deployment when the jobs are actively published.

Our goal is to provide the first resume within 24 hours and the second no later than the fourth business day. This is consistent with the metrics of the states we service. We average 1.24 submits for every job we work on and 16% of our submits are interviewed. Of those interviewed 20% are selected and 92% of those start within 14 days. Our clients tell us that time to submit, candidate quality as measured by interviews and starts, and retention is the key to their success. We measure that every day and work with our team to insure that is what they are focused on.

At Vector Consulting we approach IT Staff Augmentation with a mix of science, creativity and collaboration to leverage ongoing experience and apply lessons learned on a go forward basis. Our offering allows:

- Improved access to hard to find IT skills
- Flexibility to obtain resources when and where needed and the ability to “gear up” for projects that require specialized application skills
- Increased productivity and the ability to focus on your core business
- Reduced talent acquisition costs by reducing process times and improving workflows
- Ability to customize our services to synchronize with your business needs today and tomorrow
- Harnessing the power of the web for optimal execution

### In Summary

**Continuous Learning, Technical Excellence, Client-Focus, Long Term Relationships** -- This is what we call “**The Vector Way**” -- proven to be a winning direction for the clients we serve.

We look forward to this opportunity to provide the best Temporary Staffing Services to West Virginia’s DHHR, and if given the opportunity, endeavor to help the DHHR achieve its IT goals. Vector will leverage its exhaustive expertise gained over the years to the advantage of the State.

As requested, I have attached our original Articles of Incorporation as proof of being in business for more than 5 years.

**PURCHASING AFFIDAVIT**

**CONSTRUCTION CONTRACTS:** Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

**ALL CONTRACTS:** Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

**EXCEPTION:** The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

**DEFINITIONS:**

**"Debt"** means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

**"Employer default"** means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

**"Related party"** means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

**AFFIRMATION:** By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (*W. Va. Code §61-5-3*) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
