REQUEST FOR QUOTATION  
UNIFORM RENTAL AND CLEANING SERVICE

---

SPECIFICATIONS

1. **PURPOSE AND SCOPE:** The West Virginia Purchasing Division is soliciting bids on behalf of the WV Lottery to establish an open-end contract for work uniform rental and cleaning service for the Lottery's warehouse staff located at 900 Pennsylvania Ave., Charleston, WV.
2. **DEFINITIONS:** The terms listed below shall have the meanings assigned to them below. Additional definitions can be found in section 2 of the General Terms and Conditions.
  - 2.1 **"Contract Services"** means rental of work uniforms and cleaning service as more fully described in these specifications.
  - 2.2 **"Pricing Page"** means the pages, contained wvOASIS or attached hereto as Exhibit A, upon which Vendor should list its proposed price for the Contract Services.
  - 2.3 **"Solicitation"** means the official notice of an opportunity to supply the State with goods or services that is published by the Purchasing Division.
3. **QUALIFICATIONS:** Vendor, or Vendor's staff if requirements are inherently limited to individuals rather than corporate entities, shall have the following minimum qualifications:
  - 3.1. Vendor shall have a minimum of 5 years of experience providing rental uniforms and cleaning service.
4. **MANDATORY REQUIREMENTS:**
  - 4.1 **Mandatory Contract Services Requirements and Deliverables:** Contract Services must meet or exceed the mandatory requirements listed below.
    - 4.1.1 **UNIFORMS**
      - 4.1.1.1 Fitting of uniforms for all designated employees and refitting as necessary shall be provided by the vendor and completed at Lottery headquarters with ten (10) working days of contract award. Measuring shall include physical measurements taken by an experienced professional and trying on a sample uniform of the

**REQUEST FOR QUOTATION  
UNIFORM RENTAL AND CLEANING SERVICE**

---

exact type and size that the employee will be ordering. No verbal measurements shall be acceptable. Sample uniforms shall be washed prior to fitting. Time for measuring shall be at the discretion of the Lottery. Uniforms that do not fit properly shall not be accepted and will be returned to the Vendor at no additional cost to the Lottery. No measuring shall be completed outside of normal working hours of 7:00am to 5:00pm. If any employee cannot wear the style or standard sizes known within the industry, it shall be the responsibility of the Vendor to acquire clothing from an acceptable source in order to provide uniforms for all personnel who require them, at no additional cost to the Lottery. Lottery shall approve, in writing, all special size/style uniforms and will request a sample before final approval.

**4.1.1.2 Discontinued styles:** Vendor shall research and recommend comparable style uniforms for those items which may be discontinued during the contract period within 5 working days after notification of discontinuation. Lottery shall approve in writing all substitutions and request a sample before approval.

**4.1.1.3 Colors:** Vendor shall provide a range of colors in uniforms from which the Lottery may select. Vendor shall provide sample garments of colors that are available after bid opening and before contract award upon request by the Lottery. Swatches shall be used by the Lottery for selection purposes and not for evaluation. Vendor shall be responsible for replacing all uniforms that are not dye fast at the Vendor's expense. It shall be the responsibility of the Lottery to select the color and style of uniforms.

**4.1.1.4 Work Shirts:** Vendor shall provide the Lottery with shirt options to include at a minimum: long sleeve button up with collar and short sleeve polo shirts. Vendor shall include two embroidery patches per shirt, one name and one entity. Embroidery shall be affixed to the uniform shirts and jackets by stitching only. Embroidery with misspelled names or incorrect entity names will be returned to the Vendor for correction.

**4.1.1.5 Work pants and shorts:** Full cut with set-in crotch and all points of strain reinforced. No cuff. Available waist sizes shall range from 28" to 66" or more. Four pockets front and two back. Heavy duty metal zipper fly closure. Fabric should be 65/35 polyester/cotton, no less than seven ounce permanent press. Full cut, slim cut, or jean

**REQUEST FOR QUOTATION  
UNIFORM RENTAL AND CLEANING SERVICE**

---

cut. Options must include cargo style pants and shorts. Lottery may request a sample of the uniform for testing.

**4.1.1.6 Jackets:** One option must be hooded winter jacket that should have two inside pockets and two deep hand warmer pockets, should be made of 12 oz. 100% cotton sanded duck with quilted flannel or Sherpa lining, hood to have drawstring, sleeve to have webbed cuff. Also, one option must be lined sport jacket with concealed front zipper, quilted nylon lining, 65/35 poly/cotton twill. Both jackets must have embroidery name patches included.

**4.1.1.7 Coveralls:** One option must be insulated for winter with high back design. Should have triple needle stitching and reinforced knees for durability. Should be cotton duck shell with quilted lining and concealed leg zipper. One option must be non-insulated for summer use with zipper front, elasticized shoulder straps and adjustable hardware.

**4.1.1.8 Vendors** should submit with their bid response manufacturer cut sheets, sketches, descriptive literature and/or complete specifications for proposed items. Literature should provide sufficient detail to verify compliance to bid specifications.

**4.1.1.9 All uniforms** shall be delivered to the Lottery within 30 days of taking measurements. Lottery shall determine quantity of each item requested per employee at the time of fitting.

**4.1.2 CLEANING, REPAIRS, AND ALTERATIONS**

**4.1.2.1 Vendor** shall provide weekly laundering of uniforms.

**4.1.2.2 The pickup/delivery dates and times** shall be agreed upon by the Vendor and the Lottery. No pickup or delivery shall be made after normal business hours. Once agreed upon the pickup/delivery time shall not change without mutual prior agreement. The Vendor's driver shall clear all pickups and deliveries with a Lottery representative to confirm accuracy.

**REQUEST FOR QUOTATION  
UNIFORM RENTAL AND CLEANING SERVICE**

---

**4.1.2.3** New employees shall be provided with new uniforms within 30 days after request by the Lottery. Lottery will contact vendor to schedule measuring and fitting for each new employee.

**4.1.2.4** Vendor shall provide repairs, alterations, or replacements for uniforms once a week and return at the next scheduled delivery time. Repairs include but are not limited to zippers, buttons, tears, holes, split seams, etc. Uniforms with holes that are 3/8" or less may be patched. Uniforms with holes exceeding this shall be replaced.

**4.1.2.5** In order to ensure a professional looking appearance, all uniforms shall be new. Vendor will provide size change uniforms on an "as needed basis" as determined by the Lottery. Size change uniforms shall be provided with 14 days of request.

**4.1.2.6** It is the vendors responsibility to ensure uniforms maintain their basic colors. Uniforms that fade shall be replaced or have the color restored at the Vendor's expense.

**4.1.2.7** Lost/damaged uniforms: Lottery shall assume responsibility for any lost or damaged uniform only when it is proven that the uniform was lost or damaged through the negligence of the Lottery employee. The nature of a work uniform suggests hard use and accelerated wear of the uniform. It is the position of the Lottery that damage will occur in the normal wearing of a work uniform and replacement with a new uniform is a normal consequence. Payment for lost or damaged uniforms shall be based on the replacement cost proposed by the Vendor.

**4.1.2.8** All rates proposed by the Vendor must include fuel, travel, mileage, manpower, equipment, and any and all incidental expenses that may arise from this service. Lottery shall not be subject to any minimum invoice charges, delivery charges, or fuel surcharges.

**5. CONTRACT AWARD:**

**5.1 Contract Award:** The Contract is intended to provide Agency with a purchase price for the Contract Services. The Contract shall be awarded to the Vendor

REQUEST FOR QUOTATION  
UNIFORM RENTAL AND CLEANING SERVICE

---

that provides the Contract Services meeting the required specifications for the lowest overall total cost as shown on the Pricing Pages.

**5.2 Pricing Page:** Vendor should complete the Pricing Page by completing the unit cost for rental, cleaning and replacement for each item listed. Vendor should complete the Pricing Page in full as failure to complete the Pricing Page in its entirety may result in Vendor's bid being disqualified.

6. **PERFORMANCE:** Vendor and Agency shall agree upon a schedule for performance of Contract Services and Contract Services Deliverables, unless such a schedule is already included herein by Agency. In the event that this Contract is designated as an open-end contract, Vendor shall perform in accordance with the release orders that may be issued against this Contract.
  
7. **PAYMENT:** Agency shall pay per unit cost, as shown on the Pricing Pages, for all Contract Services performed and accepted under this Contract. Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia.
  
8. **TRAVEL:**  
Vendor shall be responsible for all mileage and travel costs, including travel time, associated with performance of this Contract. Any anticipated mileage or travel costs may be included in the flat fee or hourly rate listed on Vendor's bid, but such costs will not be paid by the Agency separately.
  
9. **FACILITIES ACCESS:** Performance of Contract Services may require access cards and/or keys to gain entrance to Agency's facilities. In the event that access cards and/or keys are required:
  - 9.1. Vendor must identify principal service personnel which will be issued access cards and/or keys to perform service.
  
  - 9.2. Vendor will be responsible for controlling cards and keys and will pay replacement fee, if the cards or keys become lost or stolen.
  
  - 9.3. Vendor shall notify Agency immediately of any lost, stolen, or missing card or key.
  
  - 9.4. Anyone performing under this Contract will be subject to Agency's security protocol and procedures.

REQUEST FOR QUOTATION  
UNIFORM RENTAL AND CLEANING SERVICE

---

9.5. Vendor shall inform all staff of Agency's security protocol and procedures.

**10. VENDOR DEFAULT:**

10.1. The following shall be considered a vendor default under this Contract.

10.1.1. Failure to perform Contract Services in accordance with the requirements contained herein.

10.1.2. Failure to comply with other specifications and requirements contained herein.

10.1.3. Failure to comply with any laws, rules, and ordinances applicable to the Contract Services provided under this Contract.

10.1.4. Failure to remedy deficient performance upon request.

10.2. The following remedies shall be available to Agency upon default.

10.2.1. Immediate cancellation of the Contract.

10.2.2. Immediate cancellation of one or more release orders issued under this Contract.

10.2.3. Any other remedies available in law or equity.

**11. MISCELLANEOUS:**

11.1. **Contract Manager:** During its performance of this Contract, Vendor must designate and maintain a primary contract manager responsible for overseeing Vendor's responsibilities under this Contract. The Contract manager must be available during normal business hours to address any customer service or other issues related to this Contract. Vendor should list its Contract manager and his or her contact information below.

Contract Manager: Carlton Gainey  
Telephone Number: (304) 529-1390  
Fax Number: (304) 529-1348  
Email Address: Carlton\_Gainey@unifirst.com

## EXHIBIT A PRICING PAGE

ITEM	RENTAL	CLEANING	ESTIMATED QUANTITY	TOTAL
SHORT SLEEVE SHIRT	\$ 0.13	\$ -	80	\$ 10.40
LONG SLEEVE SHIRT	\$ 0.14	\$ -	80	\$ 11.20
PANTS	\$ 0.24	\$ -	80	\$ 19.20
SHORTS	\$ 0.22	\$ -	80	\$ 17.60
HOODED JACKET	\$ 0.55	\$ -	10	\$ 5.50
LIGHT WEIGHT JACKET	\$ 0.40	\$ -	10	\$ 4.00

NON-INSULATED COVERALL	\$ 22.80

Replacement cost will not be calculated in the total bid cost and will be used strictly for replacement of lost/damaged uniforms as described in the specifications.

STATE OF WEST VIRGINIA  
Purchasing Division

# PURCHASING AFFIDAVIT

**CONSTRUCTION CONTRACTS:** Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

**ALL CONTRACTS:** Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

**EXCEPTION:** The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

**DEFINITIONS:**

**"Debt"** means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

**"Employer default"** means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

**"Related party"** means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

**AFFIRMATION:** By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

# MIMIX™: True innovation for today's workwear

## MIMIX™ Ripstop Work Shirts

Dramatically improve your mobility and comfort level with this innovative work shirt that features strategically placed mesh stretch panels on the back, making it extra flexible and breathable. Lightweight ripstop fabric with Touchtex™ moisture-wicking technology provides superior color retention, soil release, and additional breathability. Two button-through hex-style chest pockets with pencil stall on the left, color-matched melamine break-resistant buttons, and a two-piece lined collar with sewn-in stays for a modern look. Women's shirt has a gently contoured silhouette. 4.25 oz. 65/35 poly/cotton ripstop. MIMIX panels: 3.8 oz. performance mesh, 100% polyester.

**PROTECT WORKERS, COMPLY WITH SAFETY REGULATIONS, AND LIMIT LEGAL LIABILITIES.**

Your number one priority is worker safety. And in environments where flammability and/or arc flash risks exist, proper protective clothing is essential for all employees.

Armorex FR® Flame Resistant (FR) work garments are made by UniFirst in ISO 9001-certified facilities to ensure the highest quality. Made from the most innovative and proven arc-rated FR fabrics on the market, they meet international ASTM protective standards, have all the durability and comfort of “traditional” work apparel, and are UL® Classified to meet NFPA 2112.

Armorex FR garments can also help you comply with NFPA 70E, CSA Z462, and OSHA. That’s why Armorex FR is the smart choice for any business implementing a new arc-rated Flame Resistant Clothing (FRC) program or looking to expand an existing one.

**ATPV RATINGS:** Arc Thermal Performance Value (ATPV), also known as “Arc Rating,” is expressed in calories per centimeter squared and represents the thermal exposure from an electric arc that will create a second-degree burn. All Armorex FR clothing is labeled with ATPV values; the higher the number, the better the protection.

**PPE CATEGORIES:** NFPA 70E Personal Protective Equipment (PPE) Categories are based on specific job tasks and range from PPE Category 1, which allows single-layer FR arc-rated shirts, pants or coveralls, up to Category 4, which requires FR arc-rated shirt and pants, plus a double-layer switching coat and pants. PPE Categories are used to determine the necessary arc rating of a garment worn for a given task.

**FR GARMENT PERSONALIZATION:** To comply with FR safety guidelines, UniFirst recommends only standard size company and wearer name emblems on chest for personalization. Any other personalization options on FR garments, including those that utilize FR emblems and/or FR thread, are at the discretion and the responsibility of the employer and/or end user.

For more information, visit [nffa.org](http://nffa.org).

UniFirst's unique manufacturing partnership with Westex by Milliken brings world-class Flame Resistant (FR) safety clothing solutions to the workplace at the greatest value. In addition to other leading FR fabrics, our exclusive Armorex FR® protective clothing line is offered in Westex UltraSoft®, CXP®, and FR denim fabric options. As part of UniFirst's ongoing commitment to our customers' safety and comfort, Westex also serves as a continuing educational resource for the latest technology, applications, and regulatory standards in the FR industry.

#### WESTEX FR FABRIC OPTIONS:

##### Westex UltraSoft®

**UltraSoft®** from Westex by Milliken, is an arc-rated 88/12 cotton/nylon blend. This comfortable fabric option is a classic choice for NFPA 70E, NFPA 2112, and OSHA compliance.

##### Westex CXP®

**CXP®** ("Next Generation" Nomex®), from Westex by Milliken, is an inherently Flame Resistant arc-rated fabric made of DuPont Nomex® III A. Noted for its protective qualities and increased comfort, feel, and breathability, this fabric complies with NFPA 70E, NFPA 2112, and OSHA standards.

#### OTHER FR FABRIC OPTIONS:

##### TENCATE Tecasafe plus

**Tecasafe® Plus**, from TenCate, is one of the most innovative arc-rated FR fabric options on the market. This soft, inherently Flame Resistant fabric is a tri-blend of FR fibers that offers superior flame protection, moisture wicking, and durability. Complies with NFPA 70E, NFPA 2112, and OSHA standards.

##### NOMEX®

**Nomex® III A** is DuPont's classic aramid arc-rated fabric featuring inherent FR properties, along with static dissipative filaments to reduce static build-up. Complies with NFPA 70E, NFPA 2112, and OSHA standards.

#### 100% Cotton FR Denim

**FR Denim** is arc-rated 100% Flame Resistant cotton denim that complies with NFPA 70E, NFPA 2112, and OSHA standards.

# Armorex FR®, Flame Resistant workwear that feels like everyday work clothing

#### Armorex FR® Work Shirts

Our Armorex FR® work shirts are designed with a full cut back yoke to provide extra room in the body for greater ease of movement, and a longer shirttail to prevent pull-out. Banded collar for a neat, dress shirt look. Chest pocket flaps, bar-tacked pencil stall in left pocket. *Made by UniFirst.*

#### FR Fabric Options:

##### 7 OZ. ULTRASOFT®

Color: Grey (03)

**31XD** 34–60 Regular; 42–60 Tall, even chest sizes only

**CHOOSE YOUR LEVEL OF PROTECTION**

Visibility garment selection should be based on expected use settings and work activities being performed. These are designated as off-road (type O), roadway and temporary traffic control (type R), or public safety activities (type P).

**ANSI Type O, Class 1**

Performance Class 1 offers the minimum amount of High Visibility materials to differentiate the wearer from non-complex work environments and is only appropriate for off-road environments.

**ANSI Type R or P, Class 2**

Performance Class 2 is considered the minimum level of protection for workers exposed to roadway rights-of-way and temporary traffic control (TTC) zones. Garments will have additional amounts of High Visibility materials that allow for better definition of the human form.

**ANSI Type R or P, Class 3**

Performance Class 3 provides more visibility to the wearer in both complex backgrounds and through a full range of movement by the required placement of background, retroreflective, and combined performance materials on the sleeves and pant legs (if present). Garments have an even greater minimum level of High Visibility material the apparel must contain. A garment or vest without sleeves worn alone is NOT considered Class 3 protection.

**ANSI Class E**

High Visibility garments that do not qualify as meeting the requirements of the standard when worn alone, but when a Class E item is worn with a Class 2 or Class 3 garment, the overall classification of the ensemble is Class 3.

**Enhanced Visibility**

For workers who are working in lower-risk environments, but who can still benefit from the extra security of heightened visibility, particularly in low-light conditions. Enhanced Visibility garments are not ANSI rated.

**Garment Personalization**

To comply with safety guidelines, UniFirst recommends only standard size company and wearer name emblems on chest for ANSI-rated High Visibility garment personalization. Any other personalization options are at the discretion and the responsibility of the employer and/or end user.

**GET NOTICED WITH SPOTLITE LX®  
VISIBILITY CLOTHING FROM UNIFIRST**

The Spotlite LX® collection of visibility garments is manufactured by UniFirst in ISO 9001-certified facilities.

Spotlite LX High Visibility garments are ANSI compliant and feature our popular UniWeave® styling with moisture management, and 3M™ Scotchlite™ retroreflective striping for 360° protection.

Spotlite LX Enhanced Visibility apparel is constructed with reflective fabric for those workers in lower-risk environments who can still benefit from heightened visibility, particularly in low-light conditions. Enhanced Visibility garments are not ANSI rated.

<b>HIGH-TRACTION</b>		
<p>All UniFirst-manufactured floor mats are certified as "high traction" by the National Floor Safety Institute (NFSI).</p>		

Capture dirt and dust particles before they spread to other areas. Place our UniFirst walk-off mats at all entrances and other routinely trafficked locations to capture dirt and moisture that may be tracked beyond the scraper mats. Our functional floor mats help lower maintenance costs and improve safety.

**Great Impressions<sup>®</sup> 2.0 Walk-Off Mats**

Versatile and innovative walk-off mats are produced using UniFirst's next-generation mat construction. These heavy-duty nylon tufted mats offer superior soil trapping capabilities, while our unique stay-put "hugger" backing helps improve overall safety. Absorbent surfaces trap and hold up to one gallon of water per square yard, while improved color design options enhance any décor.

UniFirst-manufactured with 100% nitrile rubber backing, beveled edges, solution-dyed nylon pile, and ADA-compliant design. Meets the Federal Flammability Standards U.S. Department of Commerce (DOC) FF 1-70. UniFirst will professionally launder and replace your mats on a regular schedule to ensure they always look their best and remain fully functional. *Made by UniFirst in the USA.*

# High-quality floor mats made exclusively by UniFirst

## FLOOR MAT SERVICES

With our scheduled floor mat service, all soiled mats are picked up and replaced with fresh, professionally cleaned ones. You get attractive, heavy-duty UniFirst-made mats designed for commercial foot traffic that trap and hold dirt and moisture better than the competition. Our full-service program enhances your facility's appearance and safety, and can even help you earn LEED® points and/or certification from the U.S. Green Building Council (USGBC) or the Canada Green Building Council (CaGBC).

### Custom Logo and Photo Mats

Your floors will be dressed for success. Ask your UniFirst representative for help with creating your own custom design, or recreating your logo or favorite photo. Available in 150 standard colors, with over 1 million color combinations to reproduce photo-quality images. Unique nylon twist yarns grab dirt particles and filter them into thousands of tiny reservoirs deep in the pile. Absorbent surfaces trap and hold up to one gallon of water per square yard. 100% nitrile, 90 mil thick rubber backing with beveled edges. ADA compliant. *Made by UniFirst in the USA.*

### UniScraper® Mats

Designed to withstand the harshest conditions, yet remain effective for long periods of time. Keep the outdoor elements outside. Molded bidirectional cleats remove the dirt and moisture from footwear before it gets inside. 100% nitrile rubber with beveled edges. ADA compliant. *Made by UniFirst in the USA.*

### Comfort First® Anti-Fatigue Mats

Nitrile-covered sponge mats cushion employees' feet, legs, and backs from the strain of standing. Helps prevent slips and falls. Increases comfort and productivity. Non-skid design. Heavy enough to stay in place, yet light enough to be moved with ease. 100% nitrile rubber backing, with beveled edges. ADA compliant. *Made by UniFirst in the USA.*

### Comfort Plus "Wet Area" Mats

Specially designed for wet work areas such as kitchens, bars, food prep sites, auto repair bays, and more. Combines anti-fatigue properties with efficient moisture flow-through design, and includes an anti-microbial compound that minimizes organic growth and reduces mildew. Durable, studded pattern underside aids drainage and air circulation while helping prevent slipping. 100% nitrile rubber, beveled edges, oil and solvent resistant, and ADA compliant. *Made by UniFirst in the USA.*

### Message and Safety Mat Collections

Safety, quality, and other messages on durable mats are colorful, informative, and attention grabbing. A different design will be delivered each week through our floor mat service to help reinforce your desired messaging. Plus, unique nylon twist yarns grab dirt particles and filter them into thousands of tiny reservoirs deep in the pile. Absorbent surfaces trap and hold up to one gallon of water per square yard. 100% nitrile rubber backing with beveled edges. ADA compliant. *Made by UniFirst in the USA.*

\* Leadership in Energy and Environmental Design, or LEED, is the nationally accepted benchmark for the design, construction, and operation of high performance green buildings.

# Floor mops and wipers engineered to clean better

## Microfiber Mop and Wiper Service

Our advanced microfiber mops, dusters, scrubbers, and wipers are highly effective for cleaning hard surfaces. They can be used wet or dry and allow you to clean faster with less water and chemicals. Lightweight mop heads swivel 360-degrees for tough-to-reach areas. Versatile microfiber wipers handle a variety of daily cleaning needs, from glass to metal. Our regular pickup, delivery, and laundering service means you'll never run out of clean microfiber.

## Dry Mop Service

Lightweight UniFirst dry mops provide cleaner floors at lower costs. Scientifically engineered mop heads with thick tufted yarns and our own UniGlide® treatment produce an electrostatic attraction that allows dirt and dust to be easily captured, reducing cleaning time.

## Wet Mop Service

UniFirst wet mops are technologically advanced cleaning products made of a proprietary blend of natural and synthetic fibers. They optimize strength and enhance absorbency while cleaning like cotton. Standing up to the roughest surfaces, these high-tech mops are engineered to prevent bacteria growth and odor. UniFirst's regular service ensures less maintenance for you.

## Cloth Wiper Service

UniFirst towels and wipers are the best available. Made with virgin high-loft yarns, four-sided edging, and a larger finished size to stand up to tough jobs. Plus, UniFirst's regular cleaning and inventory management program means they'll always be on hand when you need them.

**FOSTER POSITIVE IMPRESSIONS**

UniFirst partnered with GOJO®, Tork®, and Rubbermaid® to bring you the best restroom products available. Our facility service programs include installation of dispensers, ongoing maintenance, and regular refills. Contemporary dispensing systems feature attractive styling with portion controls and greater economy. The supplies you need are always on hand, look great, and are fully functional.

Our regular refill services mean you'll never run out.

# Restroom products that focus on service

**Soap and Skin Care Products**

UniFirst handwashing and skin care products from GOJO® are formulated to clean, kill germs, and keep skin soft and healthy—even with frequent use. They're an essential component of a total hygiene system, and we even have environmentally friendly "green" options available. Each product is specially formulated for your needs and is available with our convenient dispensing systems, featuring portion control, generous dispenses per refill, and greater economy. Your UniFirst representative can recommend the ones that will work best for you.

**Paper Towel and Tissue Products**

Tork® paper products by Essity are ECOLOGO® certified and manufactured from 100% recycled or FSC certified fibers. Our traditional and hands-free paper dispensing systems keep towels protected until they're dispensed. Users touch only the paper they take, minimizing cross-contamination risks. Premium quality Tork paper products and portion-controlled dispensing will save you money.

**Air Fresheners**

Positive first impressions are critical to maintaining your "clean image." Unexpected odors can ruin everything. Ordinary air fresheners merely cover up odors, but UniFirst freshener systems from Rubbermaid® effectively neutralize odors and leave a light natural scent in their place.

Our pure, natural fragrances won't pollute the air you breathe, and there are three dispensing options to best suit your needs. For mere pennies a day, you and your customers will enjoy fresh odor-free air, and we'll do the maintenance for you.

# Advertise your business with branded uniforms

Our advanced personalization capabilities keep your staff looking professional and easily identifiable with your company's own branded look. Whether you choose emblems for uniforms, or direct embroidery for executive shirts and polos, UniFirst personalization provides the superior image your business deserves.

## PERSONALIZATION OPTIONS FOR UNIFORM RENTAL PROGRAMS

Our standard emblem selection\* (shown right) offers dynamic color options with script or block style lettering to complement your uniform of choice. You get high-resolution embroidery on garment-matched emblems that are fade resistant for a consistent, upscale business image over time.

You may also select any of our standard emblems and have your company logo or other design custom embroidered in up to 10 thread colors chosen from our 54-color palette. The combinations are nearly limitless.

\*Additional custom emblem options are also available.
