Disclosure of Interested Parties to Contracts

Pursuant to *W. Va. Code* § 6D-1-2, a state agency may not enter into a contract, or a series of related contracts, that has/have an actual or estimated value of \$1 million or more until the business entity submits to the contracting state agency a Disclosure of Interested Parties to the applicable contract. In addition, the business entity awarded a contract is obligated to submit a supplemental Disclosure of Interested Parties reflecting any new or differing interested parties to the contract within 30 days following the completion or termination of the applicable contract.

For purposes of complying with these requirements, the following definitions apply:

"Business entity" means any entity recognized by law through which business is conducted, including a sole proprietorship, partnership or corporation, but does not include publicly traded companies listed on a national or international stock exchange.

"Interested party" or *"Interested parties"* means:

- (2) the person(s) who have an ownership interest equal to or greater than 25% in the business entity performing work or service pursuant to, or in furtherance of, the applicable contract. (This subdivision does not apply to a publicly traded company); and
- (3) the person or business entity, if any, that served as a compensated broker or intermediary to actively facilitate the applicable contract or negotiated the terms of the applicable contract with the state agency. (This subdivision does not apply to persons or business entities performing legal services related to the negotiation or drafting of the applicable contract.)

"State agency" means a board, commission, office, department or other agency in the executive, judicial or legislative branch of state government, including publicly funded institutions of higher education: Provided, that for purposes of *W. Va. Code* § 6D-1-2, the West Virginia Investment Management Board shall not be deemed a state agency nor subject to the requirements of that provision.

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

41. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision. The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Revised 01/09/2020

Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

42. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
- c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
- d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

43. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a

“substantial labor surplus area”, as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

44. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the vendor must submit to the Agency a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-award interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

45. PROHIBITION AGAINST USED OR REFURBISHED: Unless expressly permitted in the solicitation published by the State, Vendor must provide new, unused commodities, and is prohibited from supplying used or refurbished commodities, in fulfilling its responsibilities under this Contract.

DESIGNATED CONTACT: Vendor appoints the individual identified in this Section as the Contract Administrator and the initial point of contact for matters relating to this Contract.

ADDENDUM FOR PRE-BID

CRFQ 0803 DOT2100000068

Machining/Welding & Fabrication Services

- 1. Question:** Can we bid the posted hourly rates for the (3) categories and provide proof of cost for the materials, parts and supplies with a fixed markup percentage?

Answer: Yes, bidding shall be done for the 3 hourly rates an additional line item shall be added to the pricing sheet for parts plus mark-up percentage.

- 2. Question:** Can the DOH provide the bidders with (3) projects, one from each category and have us all submit a bid for your review to compare the quoted prices.

Answer: No, the state has 10,000+ pieces of equipment. 3 project samples will not give a good representation of work required.

- 3. Question:** Why the State could not have each bidder submit their company's capabilities and capacities for each of the (3) categories we are bidding on.

Answer: 3.1 requires the vendor capabilities to be at a minimum CNC fabrication, Vertical milling, Horizontal lathe and Welding. A vendor description of capabilities and capacities has no bearing for locking a contractual price for services.

- 4. Question:** Will the vendor be responsible for the pickup and delivery of all projects? Or will the DOH provide this service?

Answer: Vendor will be responsible for pickup and delivery from the Buckhannon facility

- 5. Question:** How are we supposed to come up with an hourly rate when material for the jobs, trucking, shipping are all supposed to be included in this bid as a hourly rate? One job might take 1 piece of plate and be close to the shop but other jobs could include multiple different kinds of material, the piece of equipment might be 3 hours away, we all agreed that material needed should have its own bid amount, and not to be included in the 3 options on this bid list. Nobody could give us any idea of what we would be working on. (example) Saying that you need a brush hog repaired, I quote the material needed and send you the quote for the material, or even give us a list of vendors we can buy the material from. Then after that go off the hourly rate that has been set in contract, I would not mark material up just need cost of material to be paid.

Answer: WVDOH has 10,000+ pieces of equipment an accurate description of what jobs the vendor will be sent is impossible to determine.

6. Question: It was not clear how the parts and materials would be charged out on jobs.

A. Will the State cover those costs?

Answer: No, an updated pricing sheet will be attached with a line item for mark-up/mark-down percentage on parts cost.

B. Are they cost plus?

Answer: Yes, with the new pricing sheet a line item will be included for the vendor to bid mark-up/mark-down

C. Will there be a separate bid item for materials?

Answer: Yes, with the new pricing sheet a line item will be included for the vendor to bid mark-up/mark-down

D. How are those cost's to be billed?

Answer: With the new pricing sheet a line item will be included for the vendor to bid mark-up/mark-down

7. Question: Have a question about the Bid Sheet proposal for the machining, welding and fabrication services .

They have the (3) services covered on the bid sheet, but no place for materials that may be required. The DOH folks thought that the materials could be added in the hourly rates, but without knowing what we would be working on or require as needed materials, there is no way to cover materials cost in the labor rates.

All the vendors/contractors there proposed to them that they add a spot for materials cost +. On all my other T&M contracts I always show materials cost + 10%. Please let us know if they are going to add a section to cover material costs on the T&M style contract.

Answer: A new pricing sheet with a line item will be included for the vendor to bid mark-up/mark-down

4.1.1.8 will be added to read-

Vendor shall bill agency for parts at vendor's cost plus a

mark-up or mark-down designated by vendor on the pricing page. The mark-up shall apply to all parts and should be listed on the pricing page as a multiplier. (Example of how multiplier should be used are shown

below). For purposes of this contract, vendor's cost is the amount paid

by the vendor to the manufacturer or supplier and does not include

vendor's overhead, stocking fees delivery charged or other fees that

are not direct payment for parts.

Multiplier

Example Meaning

0.5 vendor sells parts to agency at one-half (h) the vendor's cost

1.0 vendor sells parts to agency at vendor's cost

1.25 vendor sells parts to agency at vendor's cost plus 25% markup

1.5 vendor sells parts to agency at vendor's cost plus a 50% markup

Exhibit A (Example Only) Pricing Page

Parts Cost	Markup Multiplier	Estimated Vendor Cost of Parts	Total Cost for Parts
	1.25	\$60,000.00	\$75,000.00
Total Bid Cost			\$77,400.00
