Reference Letters

Village of St. Bernard

July 10, 2020

All American Poly

40 Turner Place

To: Zeke Rosenwasser

I would like to take a moment to thank you for all the great work you do for the Village of St. Bernard. When I was appointed to this position in 2016, my predecessor recommended that I keep you as my contact for all our needs. He was not wrong in my opinion either.

Since we are a municipality in Ohio, we are required to publicly bid the purchase of quality trash bags and accept the best bid. If I am not mistaken, American Poly and you have served our Village since 2009 with top quality products and excellent service.

You may use this as a letter of reference if you would need or like to do so.

Sincerely,

Dear Zeke Rosenwasser,

I would like to take a minute and thank you for all the great work you do for us. You've always come thru in a pinch when my inventory was low by suppling product in a timely manner. All American Poly often wins the bid at our Co-Op purchasing group, BOCES. I've been doing business with you since I started working for Middletown back in 2006. Over the years I've learned the games played within the plastic can liner industry and all I can say based on my experience is some manufacturers and resellers like to cheat. You have been the most reliable and honest of them all so far. We here at Middletown City Schools take our purchasing very seriously. Many suppliers knowingly manufacture or resell lighter case weights to hedge against the ever changing price of resin. Any issues with light case weights or under packed cases were always resolved. I look forward to working with you and All American Poly in the future. If need be you may pass this letter or have any potential customers contact me, I would be happy to give them a current account of my relationship with your company.

Sincerely,

than a rich man who is crooked in his ways.” - Proverbs 28:6
