- 3.4 Sampling and Testing** for quality of all items furnished in this contract will be the responsibility of the WVDOH. Minimum frequency of sampling and testing for quality on all materials (other than those sources already covered by the WVDOH's "commercial source" approval) will be at least one sample every six days of shipment (or if tested during production, at least one sample every six days of production).

Other minimum frequencies shall be in accordance with the following:

<u>Property</u>	<u>Frequency</u>
Gradation Delivered Material	One sample per each day of shipment or if tested during production, one sample per each day of production. See NOTE 1 below.
Gradation	(A-1 Source) One sample per each week of shipment per MP 700.00.52; or if tested during production, one sample per each day of production. See Note 1 below. (A-2 Source) One sample per 250 tons shipped and a minimum of one per week shipment.
Moisture Content	See NOTE 2 below.

All samples taken by the Vendor shall be by a Certified Aggregate Sampler or Certified Aggregate Inspector. Tests shall be performed by a Certified Aggregate Inspector.

NOTE 1: The Vendor will be responsible for providing test results attesting to the gradation of materials delivered. Gradation results from the production source will be acceptable.

REQUEST FOR QUOTATION
Stone & Aggregate Delivery by Vendor

NOTE 2: In the event visual inspection of the aggregate indicates excess or unusual moisture beyond what is normally expected in the aggregate, the WVDOH reserves the right to determine the moisture content by standard methods in accordance with established Division procedures. If this becomes necessary, the net weight of the portion represented will be adjusted utilizing the test results obtained by the WVDOH in accordance with MP 700.00.22. Items OA, OB, OC, PA and PB (Abrasives) will be considered fine aggregate outlined in MP 700.00.22.

- 3.5 Acceptance Plan:** Per Section 703 of the Standard Specs, as amended, crushed stone shall consist of particles of clean, hard, tough, durable rock, free from adherent and foreign material. Acceptance for gradation shall be based on test results, provided and certified by the Vendor to be true test results and representative of the material supplied to the WVDOH, on consecutive random samples from a lot. A lot shall consist of a quantity of material represented by an average value (not to exceed 5 sub-lots). A sub-lot shall consist of the quantity of material represented by a single gradation test. In the case where only one sample is taken to represent the total quantity, the sub-lot and lot will be considered the same. Frequency of sampling and testing shall be in accordance with the Vendor's quality control plan outlined in MP 700.00.51. The Vendor shall provide the gradation test results to the Agency within 72 hours.

The Agency reserves the right to have environmental sources sample, test, and evaluate material deliveries. If material fails to comply with the WVDOH quality requirements, the nonconforming material will not be accepted and shall be removed and replaced at the Vendor's expense or, at the option of the ordering District, may be left in place with reduced payment.

At the discretion of the Agency, material failing to comply with the quality requirements will not be accepted. Acceptance for gradation shall be based on test results, provided and certified by the Vendor to be true test results and representative of the material supplied to the WVDOH, on consecutive random samples from a lot. A lot shall consist of a quantity of material represented by an average value (not to exceed 5 sub-lots). A sub-lot shall consist of the quantity of material represented by a single gradation test. In the case where only one sample is taken to represent the total quantity, the sub-lot and lot will be considered the same. Frequency of sampling and testing shall be in accordance with the Vendor's quality control plan outlined in MP 700.00.51, as amended. The Vendor shall provide the gradation test results to the WVDOH within 72 hours.

Gradation test results shall be averaged in accordance with MP 300.00.51, as amended. When the average falls outside the applicable limits, the entire lot of material represented thereby will be considered non-conforming to the extent that the last of its sub-lots is non-conforming. When a lot of material is nonconforming, then the last sub-lot contained therein shall have its degree of non-conformance determined as set forth below.

REQUEST FOR QUOTATION
Stone & Aggregate Delivery by Vendor

When a sub-lot of material is to have its price adjusted, the percentage point difference between the non-conforming test value and the specification limit shall be determined for each sieve size determined to be non-conforming, and this value shall be multiplied by its appropriate multiplication factor as set forth in Table 1.

TABLE 1

<u>NONCONFORMING SIEVE SIZE</u>	<u>MULTIPLICATION FACTOR</u>
Plus No. 40	1
No. 40	1.5
No. 50	1.5
No. 100	2.0
	(1.3 for abrasives and Cinders)
No. 20	2.5
1/2"	1
3/8"	1

The total measure of non-conformance of an individual sub-lot is the sum of all non-conformances on the various sieve sizes of that sub-lot. In no case, however, shall a sub-lot of material have its price adjusted more than once, and the first adjustment which is determined shall apply.

When the total degree of non-conformance has been established and it is 12 or less, the material will be paid for at an adjusted contract price as specified in Table 2.

TABLE 2

<u>DEGREE OF NON-CONFORMANCE</u>	<u>PERCENT OF CONTRACT PRICE TO BE REDUCED</u>
1.0 TO 3.0	2
3.1 TO 5.0	4
5.1 TO 8.0	7
8.1 TO 12.0	11
Greater than 12	*

*The WVDOH will make a special evaluation of the material and determine the appropriate action.

In the event a Vendor delivers a specific quantity of material from a stockpile, and said quantity is less than the total quantity contained in the stockpile and it has been determined from his certified test data that a non-conforming sub-lot(s) is contained in said stockpile, the price reduction shall be calculated for the specific quantity: The percent price reduction shall be determined as set forth above for the non-conforming sub-lot. The quantity of the non-conforming sub-lot shall then be calculated as a percent of the Total of material contained in the stockpile. To determine the price reduction on the specific quantity delivered, multiply the percent of non-

REQUEST FOR QUOTATION
Stone & Aggregate Delivery by Vendor

conforming material contained in the stockpile by the quantity delivered, and reduce this quantity by the percent price reduction as determined.

Example: If it has been determined that a stockpile of 100 tons contains 10 percent failing material, and said material is to have its price reduced by 4 percent, then the actual quantity delivered, say 15 tons, will be multiplied by 0.10 (10 percent failing material) which equals 1.5 tons. These 1.5 tons will thus have its price reduced by 4 percent. The remaining 13.5 tons will be paid for at full contract price.

$$TD \left(1 - \frac{PQn}{100Qt} \right) = AP \text{ (price to be paid after adjustment)}$$

WHERE

- T = tonnage delivered
- P = percent price reduction
- D = cost per ton
- Qn = quantity of non-conforming sub-lot(s)
- Qt = quantity of total stockpile
- AP = adjusted payment

If two sub-lots are non-conforming within the stockpile, calculate each separately for the adjusted payment on the quantity delivered (as above). Add these two adjusted payments together and subtract from the total the price to be paid before adjustment for tonnage delivered. If three sub-lots are non-conforming, calculate each separately and subtract twice the price to be paid before adjustment for tonnage delivered, and so on.

Example:

$$(AP1 + AP2) - TD = \text{Final price to be paid after adjustments}$$

OR

$$(AP1 + AP2 + AP3) - 2 TD = \text{Final price to be paid after adjustments}$$

WHERE: AP = price to be paid after initial adjustment for one non-conforming sub-lot determined by the above equation.

In the event material is delivered from a continuous stockpile which is continuously being replenished while also having material removed for these applications, certification shall be based on the shipment samples.

- 3.6 Weighing Materials Delivered by Modes of Transportation Other Than Trucks:** Materials delivered to the designated site by barge, or other non-truck modes shall have their weight determined by a means acceptable to the Agency, and the weights of such materials shipped shall be certified, by the Vendor or his authorized agent, to be correct. The minimum barge delivery requested will be approximately 6,500 tons per

REQUEST FOR QUOTATION
Stone & Aggregate Delivery by Vendor

the order. When barge delivery is required, contract Items will be ordered in 1,500-ton increments.

- 3.7 Bid Instructions:** Vendor shall supply its pricing with corresponding plant source and storage site information for all Items bid by completing Attachments A and B. Vendors may bid any or all Items and locations. The ATT A and ATT B are separate Excel spreadsheets for the materials with Delivery contract. To expedite the bid evaluation, the Vendor should electronically enter its bid information in the ATT A and ATT B Agency spreadsheets provided and upload them with its bid documents into wvOASIS, if available. The Vendor can request the electronic copy of the spreadsheet by sending an email request to the buyer for this solicitation: John.W.Estep@wv.gov

No future use of the contract or any individual Item is guaranteed or implied throughout the life of this contract. The Agency(s) supplies estimated purchase volume as an approximation only, intended strictly for bid evaluation and award determination purposes. Bidding on any one contract Item may not imply the acceptance of the bid on any other contract Item(s).

3.7.1 Attachment A (ATT A) Pricing Pages: After placing the Vendor's name at the top of each ATT A, the Vendor shall provide its Item pricing including delivery by Vendor, F.O.B. destination/to Agency's Established storage locations, from Vendor's storage sites on the ATT B(s). Agency locations are broken down by TABS in the ATT A spreadsheet. For delivery to the location specified by the Agency on its Delivery Orders, at the time of need sent to the Vendor.

3.7.2 Attachment B (ATT B) Information Forms: After placing its name at the top of each ATT B, the Vendor may list multiple Source and Storage Sites on the ATT B. For each item bid, the Vendor shall supply the following information on the ATT B, which shall correspond with the ATT A Pricing, for Limestone, Sandstone, Gravel, Sand, Cinders, Blast Furnace Slag, or Steel Slag:

- Exact Name and Physical Address of Plant Sourcing Material
- Exact Physical Address Location of Vendor's Storage Site(s)
- Contact information for recipient of Agency Orders
- Contact information for recipient of Agency Invoices

3.7.3 FAILURE TO PROVIDE THE ATT A PRICING AND THE ATT B WITH THE BID SHALL DISQUALIFY THE BID ITEMS.

- 3.8 Emergency Work** as ordered by WVDON District Engineer or his designee is work that shall be initiated within twenty-four (24) hours from when the Delivery Order is received by the Vendor, therefore a rushed response with goods or service delivery is needed from the Vendor, (see Section 2.8). Emergency work shall be prominently

REQUEST FOR QUOTATION
Stone & Aggregate Delivery by Vendor

noted on the Delivery Order. Designated Emergency work shall be paid at 1.25 times the Vendor's contract price.

4. SAFETY: Pandemic-Response Safety Protocols: In addition to the Vendor's established safety protocols and the WVDOH's established safety protocols outline in the Standard Specs, as amended, the Vendor and the Vendor's staff or designee shall adhere to all WVDOH's pandemic-response protocols while present at the WVDOH location/jobsite. Vendors may obtain the WVDOH's pandemic-response protocols by contacting the WVDOH District Engineer.

5. CONTRACT AWARD: This contract is intended to provide Agencies with a purchase price on all contract Items. A contract shall be awarded to all responsible, qualified Vendors. At the time of need, the Agency will create a Delivery Order, evaluate ATT A and ATT B from each contract, determine a unit price for contract Items by location, and order from the Vendor whose bid is low based on price per cubic yard, (see Section 5.1.1).

5.1 DETERMINING LOW BID for Delivery Established Agency Locations: To determine the low bid Vendor, the Agency District Engineer or his designee will determine quantities needed by the District, calculate the lowest per Unit Cost, and issue a Delivery Order to that low bid Vendor. The Agency reserves the right to request any one or a combination of awarded Items at the lowest overall total.

5.1.1 Cost per Cubic Yard shall be determined by multiplying the Vendor's per ton bid price in dollars by a "Tons per Cubic Yard Factor" per the table below:

TABLE 5.1.1 Aggregate – Tons per Cubic Yard Factors

5.3 Contract Award Transition: Upon the award of this contract, notwithstanding the effective date, completed and encumbered date, or any other suggested or established date by the Agency, the WVDOH Operations Division will announce the effective "date of use" of this contract to the Districts and Vendors. Upon announcing the date of use, any "open" Delivery Order issued during the previously effective contract(s) where Item delivery has started, shall remain in effect and not cancelled until that Delivery Order is completely fulfilled. Any issued Delivery Order that is "inactive," meaning Item delivery has not been started, shall be cancelled and reissued off the new

contract. No inactive Delivery Order from the previously effective contracts should be held open by the District or the Vendor longer than ten (10) working days after notice of the effective date of use of the new contracts.

This directive is issued to assist the Districts and the Vendors when fulfilling open Delivery Orders only. It is NOT issued to cause harm or to take contracts from one Vendor to give to another Vendor, but to establish a transition process from one contract into another contract.

6. ORDERING AND PAYMENT:

6.1 Ordering: Vendor shall accept orders through wvOASIS, regular mail, facsimile, e-mail, or any other written forms of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor can accept on-line orders, it should include in its response a brief description of how Agencies may utilize the on-line ordering system. Vendor shall ensure that its on-line ordering system is properly secured prior to processing Agency orders on-line. Vendor shall maintain communication of its current phone numbers, fax numbers, e-mail addresses, location addresses, and all ordering/ billing/ payment addresses with WVDOH and in wvOASIS as applicable.

6.1.1 ACKNOWLEDGEMENT OF AGENCY ORDERS: To acknowledge all Agency orders and ascertain Delivery Order acceptance, Vendor must respond to the ordering Agency - in writing - by email or fax by no later than THREE (3) business days of the date of the Delivery Order, and no later than 4:00p.m. on the third business day. Failure for any reason to provide the Agency with written acknowledgement of any Agency Delivery Orders/revisions thereto shall be considered Delivery Order refusal, thus, making the failed Delivery Order or undelivered quantity subject to cancelation, at a minimum, (see Section 8, Vendor Default and this contracts Terms and Conditions).

6.2 Delivery Order: Agency will initiate the Delivery Order by identifying locations of need. The Delivery Order will be generated by an Agency Engineer or his designee and should be completed on a WV-39 Blanket Release Order. The order should detail the contract Items and amount needed, the delivery location, and the due date for the delivery which shall become the agreed upon delivery date. Once complete, the Delivery Orders shall be sent to Vendor via fax, email, or postal mail. Any verbal communications to initiate or make modifications to a project from this contract are NOT acceptable as a Delivery Order.

6.3 Payment: Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia. The State of West Virginia currently utilizes a Purchasing Card (P-Card) program, administered under contract by a banking institution, to process

payment for goods and services through state designated credit cards. Under this contract, Vendor must accept payment by electronic funds transfer and P-Card. Electronic Funds Transfer for payment is available through the WV State Auditor's Office. The Vendor may visit the WV State Auditor's website (www.wvsao.gov) for all necessary forms and instructions. Payment method for each Delivery Order may be dictated at WVDOH's discretion.

7. DELIVERY, LATE DELIVERY, AND RETURN: The contractor shall deposit aggregates as directed by the Agency.

7.1 Delivery Time: Vendor shall complete standard orders within five (5) business days from receipt of Delivery Order unless otherwise specified by the WVDOH on the Delivery Order. As per Section 3.8, Vendor shall deliver Emergency requests within an agreed upon timeframe established by the WVDOH and the Vendor. **Vendor shall fulfill all orders in accordance with the Agency's Delivery Order schedule and SHALL NOT HOLD ORDERS until a minimum delivery quantity is met.**

7.2 Late or Failed Delivery: If the Vendor anticipates delay or failure for any reason to deliver 100% of the ordered contract Items according to the Agency's due date/ timeframe specified on the Delivery Order, the Vendor shall provide -in writing-to the ordering Agency the reason for its failure within three (3) business days of the date of the Agency Delivery order, and no later than 4:00pm on the third day. Any failed delivery, including Items not compliant with the quality requirements of this contract, if deemed by the Agency as harmful shall be grounds for the Order's cancellation by the Agency, and/or may lead to the Agency obtaining the items ordered from an alternate party, such as the next low bid Vendor or from the open market. Such a failed delivery shall be subject to Liquidated Damages, at the discretion of the Agency, (see below).

Any Agency seeking to obtain Items from the open market under this provision must first obtain approval of the Purchasing Division.

7.2.1 Liquidated Damages: If the Vendor's contract Item delivery, or deficiency corrections thereto, exceeds the Delivery Order completion due date/timeframe, the Vendor shall agree that no extension of contract time will be granted unless Liquidated Damages are applied by the WVDOH in the form of an off-set reduction to the total amount of the Vendor's final invoice. The Agency shall calculate Liquidated Damages per project beginning on day one after the Agency's specified Delivery Order due date, as per this contracts Terms and Conditions, Specifications, and the Standard Specs Section 108.7, as amended, and the table posted at the WVDOH Contract Administration's Specifications and Documents website:

<https://transportation.wv.gov/highways/contractadmin/specifications/Pages/LiquidDatedDamages.aspx>

The Agency will pay delivery charges on all emergency orders if the Vendor invoices those delivery costs as a separate charge with the original freight bill attached to the invoice.

- 7.4 Return of Unacceptable Items:** At its own discretion, if the Agency deems the contract Items to be unacceptable or not compliant with the contract terms, the contract Items shall be returned to Vendor at Vendor's expense with no restocking charge. At the Agency's direction, Vendor shall either 1) arrange for the return as specified by the Agency, or 2) permit the Agency to arrange for the Item's return - at the Agency's convenience - and reimburse Agency for delivery expenses. As applicable, if the original packaging cannot be utilized for the return, Vendor will supply the Agency with appropriate return packaging upon request. At the Agency's discretion, the returned product shall either be replaced on the returned date or as directed by the Agency, or the Agency shall receive a full credit or refund of the purchase price within three business days of the return.

18. FUNDING: This Contract shall continue for the term stated herein, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise made available, this Contract becomes void and of no effect beginning on July 1 of the fiscal year for which funding has not been appropriated or otherwise made available. If that occurs, the State may notify the Vendor that an alternative source of funding has been obtained and thereby avoid the automatic termination. Non-appropriation or non-funding shall not be considered an event of default.

19. CANCELLATION: The Purchasing Division Director reserves the right to cancel this Contract immediately upon written notice to the vendor if the materials or workmanship supplied do not conform to the specifications contained in the Contract. The Purchasing Division Director may also cancel any purchase or Contract upon 30 days written notice to the Vendor in accordance with West Virginia Code of State Rules § 148-1-5.2.b.

Any change to existing contracts that adds work or changes contract cost, and were not included in the original contract, must be approved by the Purchasing Division and the Attorney General's Office (as to form) prior to the implementation of the change or commencement of work affected by the change.

25. WAIVER: The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

26. SUBSEQUENT FORMS: The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the Agency or Purchasing Division such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Upon request, the Vendor must provide all necessary releases to obtain information to enable the Purchasing Division Director or the Agency to verify that the Vendor is licensed and in good standing with the above entities.

SUBCONTRACTOR COMPLIANCE: Vendor shall notify all subcontractors providing commodities or services related to this Contract that as subcontractors, they too are required to be licensed, in good standing, and up-to-date on all state and local obligations as described in this section. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Notification under this provision must occur prior to the performance of any work under the contract by the subcontractor.

33. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

34. VENDOR CERTIFICATIONS: By signing its bid or entering into this Contract, Vendor certifies (1) that its bid or offer was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid or offer for the same material, supplies, equipment or services; (2) that its bid or offer is in all respects fair and without collusion or fraud; (3) that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; and (4) that it has reviewed this Solicitation in its entirety; understands the requirements, terms and conditions, and other information contained herein.

The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. 36. INDEMNIFICATION: The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

37. 38. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

39. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.

Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.division@wv.gov.

40. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check. Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

41. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.

b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

c. The cost for each contract item used does not exceed one tenth of one percent (.1%)

of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or

- d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the vendor must submit to the Agency a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-award interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the Revised 04/21/2021

WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

44. PROHIBITION AGAINST USED OR REFURBISHED: Unless expressly permitted in the solicitation published by the State, Vendor must provide new, unused commodities, and is prohibited from supplying used or refurbished commodities, in fulfilling its responsibilities under this Contract.

45. VOID CONTRACT CLAUSES – This Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law.
