Bid from PASS, Inc.

03/24/22 10:15:34
BUY PURCHASING DIVISION

Just a few notes regarding our bid on the Outdoor Power Equipment.

Many of these items we have and normally keep in stock, however with the ever changing supply issues, some of the items that you have requested are currently not available from the manufacturer.

Backpack blowers are supposed to be very limited for the duration of this year.

MS 462s are backordered with no ETA.

MSA 200s are also on backorder as well as Concrete Saws.

We have all of these on order, but have no idea when they will arrive.

FS 91s also are on backorder. We did receive 8 today and they were gone by end of day.

These are challenging times we live in, and not our normal way of having to do business.

We are normally over stocked on all of these items so that we can supply our customers with what they need and want.

Thank you,

Mary Eddy

Travis Smith
