Question

Noticed you all don't have the excavator with breaker attachment listed on this bid, is that a mistake?

Answer

The Excavator Breakers are listed on the "Asphalt, Pavement, & Concrete" tab under Rock Drillers & Hammers.

The Excavators themselves are listed on the "Earthmoving" tab under Excavators & Attachments.

There are many equipment pieces that could fall under numerous categories, depending on use. Please browse through all spreadsheet tabs to ensure that you have the opportunity to bid on all equipment listed for potential lease or rental within this contract.

Responses to Vendor Posed Questions:

1. Under Exhibit A pricing page category bulldozers – Must bulldozers be closed cab, or would you allow open cab?

Response: Vendors should ensure that they have the ability to provide items bid on the ATT A Pricing Pages as they are listed and described.

2. Under Exhibit A pricing page category excavators – Specification is "43,000-49,999 lb." Would you allow a 52,000 LB machine?

Response: Vendors should ensure that they have the ability to provide items bid on the ATT A Pricing Pages as they are listed and described.

3. Under Exhibit A pricing page category loaders – Specifications are by cubic yards. Is this referring to bucket size?

Response: Cubic yardage in relation to the Wheel Loader descriptions (Earthmoving tab – Loader category) refers to bucket capacity.

4. Some of our equipment has a one-month minimum rental period. Would this be acceptable for this contract?

Response: Please mark a line through the daily and weekly spaces for the equipment that will only be available for monthly rental.

5. The pricing pages do not have a place to list the make and model like the previous contracts had. Is that something that should be added, or should we just list that information on the commodity lines on the first pages?

Response: The requirement for Vendors to add the make, model, and serial number of each piece of equipment intended for bid has been removed and it is not necessary to list that information within the commodity line area for each piece. At the time of delivery/pick-up, the make, model, and serial number of each item leased or rented will be recorded on the SM-93 Statement of Acceptance form.

6. We offer a skid steer Road Widener attachment in our rental fleet. The DOH owns some of these, and we have received several rental requests over the past couple of years for these. Is this something that could / needs to be added to this rental contract?

Response: Items for bid on the ATT A Pricing Pages were listed at the request of WVDOH personnel. However, we will consider the addition of Road Widener attachments for Skid Steers in future solicitations.

7. Will you double check and confirm skid steer wheel and track loader weights?

Response: Items listed on the ATT A Pricing Pages were reviewed and agreed upon by internal sources.

8. Good morning. My question is in regard to RFQ 6622C026. In previous years the state has requested bids for rental of tractors with mid mount boom mowers for over-the-roller mowing. It appears to have been excluded from this rfq. Is this an oversight? We hold a current contract for providing tractors w/boom mowers less operators. I can be reached by email or at 304-366-4690.

Response: Please see the Mower category under the Surface Prep, Tree, & Landscape tab.

Responses to Vendor Posed Questions:

1. Could you clarify if the below paragraph applies to this contract? We are trying to figure out how 8.4.1 Liquidated Damages would work and what the delivery order time frame question should we be looking at? To make sure we can commit to the delivery timeframe?

Response: Order timeframes will be defined per order and will be based on a Vendors acceptance of a Delivery Order issued by a WVDOH Agency. Upon receipt and acceptance of a Delivery Order, should the order not be delivered within the accepted and agreed upon time frames, Liquidated Damages may be applied by the ordering WVDOH Agency.

Please also see Section 108.7 of the 2022 Supplemental Specifications of the 2017 Standard Specifications Roads and Bridge, which can be found via the following link:

<https://transportation.wv.gov/highways/contractadmin/specifications/2017StandSpec/Pages/default.aspx>

2. Also, would a vendor be in default for falling to delivery subject to acceptance of a Purchase Order?

Response: Please review Sections 8 and 9 of the contract specifications.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentally established by a county or municipality; any separate corporation or instrumentally established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.
