As public documents, they will be disclosed to the public following the bid/proposal opening or award of the contract, as required by the competitive bidding laws of West Virginia Code §§ 5A-3-1 et seq., 5-22-1 et seq., and 5G-1-1 et seq. and the Freedom of Information Act West Virginia Code §§ 29B-1-1 et seq.

DO NOT SUBMIT MATERIAL YOU CONSIDER TO BE CONFIDENTIAL, A TRADE SECRET, OR OTHERWISE NOT SUBJECT TO PUBLIC DISCLOSURE.

Submission of any bid, proposal, or other document to the Purchasing Division constitutes your explicit consent to the subsequent public disclosure of the bid, proposal, or document. The Purchasing Division will disclose any document labeled "confidential," "proprietary," "trade secret," "private," or labeled with any other claim against public disclosure of the documents, to include any "trade secrets" as defined by West Virginia Code § 47-22-1 et seq. All submissions are subject to public disclosure without notice.

32. LICENSING: In accordance with West Virginia Code of State Rules § 148-1-6.1.e, Vendor must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agency or political subdivision. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Upon request, the Vendor must provide all necessary releases to obtain information to enable the Purchasing Division Director or the Agency to verify that the Vendor is licensed and in good standing with the above entities.

SUBCONTRACTOR COMPLIANCE: Vendor shall notify all subcontractors providing commodities or services related to this Contract that as subcontractors, they too are required to be licensed, in good standing, and up-to-date on all state and local obligations as described in this section. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Notification under this provision must occur prior to the performance of any work under the contract by the subcontractor.

33. ANTITRUST: In submitting a bid to, signing a contract with, or accepting a Award Document from any agency of the State of West Virginia, the Vendor agrees to convey, sell, assign, or transfer to the State of West Virginia all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

34. VENDOR CERTIFICATIONS: By signing its bid or entering into this Contract, Vendor certifies (1) that its bid or offer was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid or offer for the same material, supplies, equipment or services; (2) that its bid or offer is in all respects fair and without collusion or fraud; (3) that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; and (4) that it has reviewed this Solicitation in its entirety; understands the requirements, terms and conditions, and other information contained herein.

Vendor's signature on its bid or offer also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency. The individual signing this bid or offer on behalf of Vendor certifies that he or she is authorized by the Vendor to execute this bid or offer or any documents related thereto on Vendor's behalf; that he or she is authorized to bind the Vendor in a contractual relationship; and that, to the best of his or her knowledge, the Vendor has properly registered with any State agency that may require registration.

35. VENDOR RELATIONSHIP: The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, etc. and the filing of all necessary documents, forms, and returns pertinent to all of the foregoing.

Vendor shall hold harmless the State, and shall provide the State and Agency with a defense against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

36. INDEMNIFICATION: The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

- c. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
  - 1. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
  - The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

- 37. NO DEBT CERTIFICATION: In accordance with West Virginia Code §§ 5A-3-10a and 5-22-1(i), the State is prohibited from awarding a contract to any bidder that owes a debt to the State or a political subdivision of the State. By submitting a bid, or entering into a contract with the State, Vendor is affirming that (1) for construction contracts, the Vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, neither the Vendor nor any related party owe a debt as defined above, and neither the Vendor nor any related party are in employer default as defined in the statute cited above unless the debt or employer default is permitted under the statute.
- 38. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.
- 39. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:
- Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.
- Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at <u>purchasing.division@wv.gov.</u>

Code § 15-2D-3, the State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check. Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.
- 41. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:
  - a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
  - b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process.

- 43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the Vendor must submit to the Agency a disclosure of interested parties prior to beginning work under this Contract. Additionally, the Vendor must submit a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-work interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.
- 44. PROHIBITION AGAINST USED OR REFURBISHED: Unless expressly permitted in the solicitation published by the State, Vendor must provide new, unused commodities, and is prohibited from supplying used or refurbished commodities, in fulfilling its responsibilities under this Contract.
- 45. VOID CONTRACT CLAUSES This Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law.

The WVDOH will determine the route to be taken due to bridge and/or road restrictions.
- 4.2.3 Out-of-State Delivery: Out-of-state delivery route mileage will be calculated by the WVDOH using "Google Maps" or a similar source for routing from the equipment owner's location of the leased/rented equipment to the WV State line at which time, the Straight-Line Diagrams will be sourced to the WVDOH job site.

All other maintenance needs or component replacement(s) necessary for operation of rental equipment shall be maintained and provided by the Vendor.

- 4.3.2.2 Inspection of engine components, equipment body, tires/tracks, attachments, and easily accessible components. Inspection of safety components such as lights, rails, steps, horns, alarms, seatbelts, and other safeguarding attributes relevant to the specific type of leased/rented equipment.

All returns of unacceptable items shall be F.O.B. the Agency's location. The returned product shall either be replaced, or the Agency shall receive a full credit or refund for the lease/rental price, at the Agency's discretion.
- 4.4 Equipment Return: Upon the conclusion of a rental period, the Agency shall return rented equipment to Vendor, at its own expense, to the original location such equipment was picked up at or delivered. Equipment shall be washed and cleaned by the Agency prior to its return to Vendor.
  - 4.4.1.1 The Agency shall return rented equipment to Vendor with a full tank of fuel at the conclusion of the rental period. Vendor shall document the level of fuel in the rented equipment at the time of return.

Revised 2/18/22

- 4.4.1.2 Should rented equipment be returned to Vendor with less than a full tank of fuel, Vendor may invoice the Agency at their going fuel rate to return the fuel tank to full capacity.
- 4.5 Emergency Requests: As designated by a WVDOH District Engineer or designee, emergency requests shall be prominently noted on a Delivery Order. Upon receipt, Vendor shall initiate delivery or pick-up of lease/rental equipment within two (2) hours after receiving the Delivery Order. Emergency requests shall be invoiced by Vendor at 1.5 times the amount bid for the Contract Item on the Pricing Pages.
  - 4.5.1 If the Vendor is unable to provide Contract Items per the emergency request, the Delivery Order will be cancelled, and a new emergency request will be sent to the next low-bid Vendor. If a Vendor cannot be found to provide Contract Items per the Delivery Order, the WVDOH, at its own discretion, shall cancel the Delivery Order and may seek to obtain Contract Items from the next low bid Vendor or proceed with an Emergency Purchase from the open market.
- 4.6 Lease/Rental Periods: The initial day of a lease/rental period shall be the date of acceptance upon delivery or pick up, per Section 4.2.2 of these specifications. The final day of a lease/rental period shall be the day immediately preceding the return of a Contract Item. Vendor's delivery/travel time, equipment set-up, or break down shall not be calculated as a lease/rental day.

Vendor shall provide a daily, weekly, and monthly rate on ATT A for Contract Item bids.

- 4.6.1 Daily Rental: A daily rental is defined as a single day, up to and including six (6) consecutive days that an Agency is in possession of a leased/rented Contract Item. This includes weekends and Holidays.
- 4.6.2 Weekly Rental: A weekly rental is defined as seven (7) consecutive days that an Agency is in possession of a leased/rented Contract Item, including weekends and Holidays.
- 4.6.3 Monthly Rental: A monthly rental is defined as thirty (30) consecutive days that an Agency is in possession of a leased/rented Contract Item, including weekends and Holidays.

4.8.1 Equipment Maintenance: The WVDOH, at its own expense, shall provide the fuel, oil, and lubricants necessary in the operation and use of the leased/rented equipment, per the daily/weekly maintenance checklist provided by Vendor upon delivery or pick up of lease/rental equipment.

NOTE: The WVDOH will not dictate or alter requirements set forth on a Vendor's daily/weekly maintenance checklist.

- 4.8.2 Repair or Replacement Parts: The WVDOH shall reimburse Vendor for the repair or replacement of any lease/rental equipment part that is damaged, destroyed, or made inoperable due to negligence or improper use/operation by WVDOH personnel.
  - 4.8.2.1 Equipment repair needs discovered during the WVDOH operator's daily/weekly inspection shall be noted on the Vendor's maintenance checklist and Vendor will be contacted and informed prior to placing the equipment back into service.
  - 4.8.2.2 The WVDOH shall <u>not</u> be responsible for any such part repair or replacement caused by an existing defect or those resulting from normal usage and operation of leased/rented equipment.
- 4.8.3 Down Time: Lease/rental equipment that is out of operation due to maintenance or repair needs for four (4) hours or more within a day shall be considered by the WVDOH as "down" and no payment shall be made by the WVDOH unless equipment downtime is due to negligence or improper use/operation by its personnel.
- 4.8.4 Risk of Loss, Damage, Destruction or Theft: Upon pick-up or delivery acceptance by the WVDOH of leased/rented equipment, the WVDOH shall exercise ordinary care for the protection of such leased/rented equipment. The WVDOH shall reimburse the Vendor for the repair or replacement of any part of leased/rented equipment that becomes lost, stolen, or damaged as a result of the failure of the WVDOH and its personnel to use ordinary care for the protection of such leased/rented equipment.
  - 4.8.4.1 Vendor shall be responsible for any loss, damage, destruction, or theft, partial or complete, caused by a defect in leased/rented equipment existing at the time of delivery or pick-up.
  - 4.8.4.2 The total or partial loss of use or possession of any leased/rented equipment shall not abate any payments required to be made by the WVDOH to the Vendor if such loss of use or possession due to

Revised 2/18/22

negligence or improper use/operation of leased/rented equipment by the WVDOH or its personnel.

- 4.8.4.3 Leased/rented equipment shall be considered a total loss as a result of theft, destruction, or physical damage where the estimated cost of repairs exceeds 75% of the market value of such leased/rented equipment. Vendor may file a claim with the WV Legislative Claims Commission against the WVDOH for the loss or damage to such leased/rented equipment. The Commissioner of the WVDOH shall review the claim and, if it is determined that the Vendor is due monetary damages, a requisition will be issued to the Auditor of the State of WV for payment to the Vendor.
- 4.8.4.4 If, prior to the payment of any claim to the Vendor by the WVDOH, the Vendor shall receive any sum of money from any insurance company or from any person, firm, or corporation, any such sum of money shall be deducted by the WVDOH from any claim to be paid by it to the Vendor. The same shall be with the Vendor. - 6. CONTRACT AWARD: The Contract is intended to provide Agencies with a lease/rental price on all Contract Items. A Contract shall be awarded to all responsible Vendors providing Contract Items which meet all required specifications of this Contract.
  - 6.1 Pricing Pages, Attachment A (ATT A): ATT A contains a list of the Contract Items with no guarantee that any Contract Item will be purchased throughout the life of this contract. Vendors should submit their proposed daily, weekly, and/or monthly bid on ATT A. Proposed pricing for mobilization rates is only acceptable per Section 4.4 of these specifications.
    - 6.1.1 Vendor may bid any or all items listed on ATT A Pricing Pages, which contains a categorized list of all Contract Items. Estimated quantities are not available for lease/rental equipment and there is no guarantee that any one Contract Item will be purchased throughout the life of this Contract. Bidding on any one Contract Item may not be conditioned as acceptance of the bid or any other Contract Item or items.
    - 6.1.2 Multiple pieces of equipment can be proposed/identified on one Pricing Page whether pricing is the same or varies.
    - 6.1.3 Vendor shall not add to or modify any column headers, Contract Item descriptions, or units of measure on the ATT A spreadsheet. Any changes to the latter or the submission of proposed pricing in any other form will result in disqualification of the Vendor's bid.
    - 6.1.4 Vendor should type or electronically enter the information into ATT A to prevent errors in the evaluation. In most cases, the Vendor can request an electronic copy of ATT A for bid purposes by sending an email request to the following: <u>John.W.Estep@wv.gov</u>
  - 6.2 Mandatory Information Form, Attachment B (ATT B): Vendor shall identify its source/storage location and any additional locations where rental equipment may be delivered from or picked up by the WVDOH. Vendor should also provide their physical 911 address for each location.
    - 6.2.1 Vendor bid submissions must include Mandatory Information Form ATT B. Any bid submitted without ATT B will be disqualified.
    - 6.2.2 Vendor may list multiple locations where lease/rental equipment may be delivered from or picked up by the WVDOH. Vendor shall also complete the "Counties "Bid section of ATT B by identifying the counties serviced. 6.3 Contract Award Transition: Upon the award of this contract, the WVDOH Operations Division will announce the effective date of use of this contract to the Districts and the Vendors, whether it is by the effective date, the completed and encumbered date, or an established date by the WVDOH. Upon the announced effective date of use, any Delivery Order issued prior the award of the contract shall remain in effect and should not be cancelled until that Delivery Order is filled; however, after ten (10) working days of the Districts and Vendors notice, any Delivery Order that has not been completely filled by the Vendors shall NOT be completed, and a cancellation notice will be sent to that Vendor from the issuing District for cancellation of the balance of that Delivery Order only. No Delivery Orders from prior contracts should be held open by the Districts or the Vendors longer ten (10) working days after the effective date of use is announced for the new contract

This directive is issued to assist the Districts and the Vendors when fulfilling open Delivery Orders only. It is NOT issued to cause harm or to take contracts from one Vendor to give to another Vendor, but to establish a transition process from one contract into another contract.

- Cooperative Contracting: Purchase prices on all Contract Items under this 6.4 contract, available to the WVDOH, shall be adoptable for other public agencies upon their request. Agencies under the authority of the West Virginia Purchasing Division must receive prior approval by the Purchasing Director.
- 6.5 Price Adjustments: In the event of a significant price increase of component material or rental equipment utilized to perform or under this Contract, that is not the fault of the Vendor, the contract pricing, may be equitably adjusted by change order as more fully described below.
  - 6.5.1 A change in price is considered significant if the price of the component material or rental equipment increases by 20% or more from the original bid amount
  - 6.5.2 Any request for a price increase under this clause must be supported by: price quotes for the component material or rental equipment for which a change is being sought, invoices showing amounts actually paid for the component materials or rental equipment; and any other evidence that supports the increase request.
  - The quotes provided to support the price increase request must be the quotes 6.5.3 that Vendor actually relied on when submitting its bid and both the quote and the amount ultimately paid must have resulted from an arm's length transaction with an unrelated party.

Revised 2/18/22

- 6.5.4 Vendor must also show that the significant price increase would have been incurred if the owner had purchased the material or rental equipment directly from the supplier.
- 6.5.5 Price adjustments will be granted or denied at the sole and absolute discretion of the State.
- 6.5.6 Price adjustments will only be considered annually at the contract expiration/renewal date. Vendor must submit price adjustment requests 60 days prior to the expiration/renewal date to be considered.
- 6.5.7 Vendor documentation for price adjustments shall be submitted to <u>DOHOperationsProcurement@wv.gov</u> for initial review.
- 6.5.8 Price adjustments shall be memorialized by a written Change Order, which must be reviewed and approved by the Purchasing Division, and as to form by the Attorney General's Office, in order to be effective. Adjusted pricing will not take effect until the effective date of such Change Order and cannot be retroactive.
- 6.6 Determining Low Bid Per Project: To determine the low-bid Vendor per individual project, the WVDOH District Engineer or their designee will calculate the lowest overall total cost of the Contract Items. A Delivery Order will be issued to the Vendor with the lowest overall total cost.

The WVDOH reserves the right to request any one or combination of items for which bids are awarded at the lowest overall total as set forth in this section.

- 6.6.1 For orders requiring delivery of Contract Items, mobilization from a Vendor's base location (as noted on ATTB) to a WVDOH project site shall be a factor in determining the lowest overall total cost.
- 6.6.2 Due to unforeseen circumstances when delivery by the Vendor is not feasible to meet the immediate need, the WVDOH shall have the option of picking up the leased/rented equipment from a Vendor's source/storage location. If the WVDOH chooses the pickup option, the Vendor's mobilization fee shall not be calculated into the cost.
- 6.6.3 If the low-bid Vendor for any given project is unable to provide Contract Items per Delivery Order, the Delivery Order will be cancelled and a Delivery Order will be sent to the next low-bid Vendor. If a Vendor cannot be found to provide Contract Items per the Delivery Order, the WVDOH, at its own discretion, shall cancel the Delivery Order and may seek to obtain Contract Items from the next low bid Vendor or proceed with an Emergency Purchase from the open market.
