REQUEST FOR QUOTATION  
Equipment Lease/Rental Without Operator

---

WVDOH will, at its option, either replace or pay to the Vendor the fair market value of any of the said equipment or any part thereof, lost destroyed or stolen because of the negligence of or lack of ordinary care on the part of its employees.

- 10.5 Liens:** The WVDOH shall not directly or indirectly create, incur, assume or suffer to exist any mortgage, pledge, lien, charge and encumbrance or claim on or with respect to the lease/rented equipment, except with respect to the respective rights of the Vendor and the WVDOH.
- 10.6 Vendor Supply:** Vendor must carry sufficient inventory of the Contract Items being offered to fulfill its obligations under this Contract. By signing its bid, Vendor certifies that it can supply the Contract Items contained in its bid response.
- 10.7 Reports:** Vendor shall provide the Agency with quarterly reports, annual summaries, and/or monthly reports as requested by the Agency and/or the West Virginia Purchasing Division showing quantities, total dollar value of the Contract Items purchased, ordered, shipped & invoiced with dates in spreadsheet format as defined by the Agency. **Failure to supply such reports may be grounds for cancellation of this Contract.**
- 10.8 Contract Manager:** During its performance of this Contract, Vendor must designate and maintain a primary contract manager responsible for overseeing Vendor's responsibilities under this Contract. The Contract Manager must be available during normal business hours to address any customer service or other issues related to this Contract. Vendor should list its Contract Manager and his or her contact information below.

Contract Manager: Chris Meeker  
Telephone Number: 304-410-7385  
Fax Number: 304-756-2799  
Email Address: cmeeker@andersonequip.com

Vendor shall inform the Agency in writing of any changes to the information provided above within ten (10) calendar days of such changes. Failure to comply may be grounds for cancellation of this contract.

**EQUIPMENT LEASE/RENTAL WITHOUT OPERATOR

## Addendum Number: 1

The purpose of this addendum is to modify the solicitation identified as CRFQ DOT2200000164 (“Solicitation”) to reflect the change(s) identified and described below.

### Applicable Addendum Category:

- Modify bid opening date and time
- Modify specifications of product or service being sought
- Attachment of vendor questions and responses
- Attachment of pre-bid sign-in sheet
- Correction of error
- Other

### Additional Documentation:

Vendor Questions and Responses

Bid Opening remains 05/26/2022 at 1:30pm

### Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

CRFQ DOT22000000164

#### Question

Could you possibly send me or direct to the site where I can view the last years rental spend for each line item or how many were rented of each product throughout the year? This info will be very helpful for us to better understand the demand.

#### Answer

The information requested cannot be provided in the time allotted for this solicitation's technical question period. Equipment lease and rental quantities vary due to many factors such as District needs, natural/environmental hazards, vendor availability and accessibility, fiscal availability, equipment purchase, Roads to Prosperity projects, etc. However, the WV Checkbook website (<https://www.wvcheckbook.gov/>) provides State Transparency links which can be used to research general revenue sources as well as vendor specific payments.

#### Question

Could you possibly send me or direct to the site where I can view the last years rental spend for each line item or how many were rented of each product throughout the year? This info will be very helpful for us to better understand the demand.

#### Answer

The information requested cannot be provided in the time allotted for this solicitation's technical question period. Equipment lease and rental quantities vary due to many factors such as District needs, natural/environmental hazards, vendor availability and accessibility, fiscal availability, equipment purchase, Roads to Prosperity projects, etc. However, the WV Checkbook website (<https://www.wvcheckbook.gov/>) provides State Transparency links which can be used to research general revenue sources as well as vendor specific payments.

#### Question

Brian Knick with Equipment Share here. I am putting together the bid for this years RFQ. I have completed the price sheet, ATT B form. I see there is an inspection form. Does someone need to inspect all of our equipment before submitting this bid? Also We have set the mileage and I did fill out the mileage part on a few lines, does it need to be filled out for each piece of equipment we quoted? This is my first time I have done this bid process so any additional tips you can give me to make sure I submit everything correctly would be a great help.

#### Answer

The SM-93 Statement of Acceptance form (Exhibit 1) is required at the time of delivery or pick up for each leased or rented contract item. Please review Section 4.3.1 of the contract's specifications.

Mileage fees (1<sup>st</sup> mile and each additional) for the delivery and mobilization of each piece of equipment quoted on the ATT A Pricing Pages is required. Please review Section 4.1 of the contract's specifications.

To ensure compliance, it is essential for all vendors to review the contract specifications and ensure acknowledgement of the contract terms and requirements prior to submission of a final bid.

**ADDENDUM ACKNOWLEDGEMENT FORM**  
**SOLICITATION NO.: CRFO DOT2200000164**

**Instructions:** Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification.

**Acknowledgment:** I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.

**Addendum Numbers Received:**

CRFQ DOT22000000164

**Question**

Noticed you all don't have the excavator with breaker attachment listed on this bid, is that a mistake?

**Answer**

The Excavator Breakers are listed on the "Asphalt, Pavement, & Concrete" tab under Rock Drillers & Hammers.

The Excavators themselves are listed on the "Earthmoving" tab under Excavators & Attachments.

There are many equipment pieces that could fall under numerous categories, depending on use. Please browse through all spreadsheet tabs to ensure that you have the opportunity to bid on all equipment listed for potential lease or rental within this contract.

**SOLICITATION NUMBER – CRFQ DOT2200000164  
EQUIPMENT LEASE/RENTAL WITHOUT OPERATOR**

---

**Responses to Vendor Posed Questions:**

1. Under Exhibit A pricing page category bulldozers – Must bulldozers be closed cab, or would you allow open cab?

*Response:* Vendors should ensure that they have the ability to provide items bid on the ATT A Pricing Pages as they are listed and described.

2. Under Exhibit A pricing page category excavators – Specification is “43,000-49,999 lb.” Would you allow a 52,000 LB machine?

*Response:* Vendors should ensure that they have the ability to provide items bid on the ATT A Pricing Pages as they are listed and described.

3. Under Exhibit A pricing page category loaders – Specifications are by cubic yards. Is this referring to bucket size?

*Response:* Cubic yardage in relation to the Wheel Loader descriptions (Earthmoving tab – Loader category) refers to bucket capacity.

4. Some of our equipment has a one-month minimum rental period. Would this be acceptable for this contract?

*Response:* Please mark a line through the daily and weekly spaces for the equipment that will only be available for monthly rental.

5. The pricing pages do not have a place to list the make and model like the previous contracts had. Is that something that should be added, or should we just list that information on the commodity lines on the first pages?

*Response:* The requirement for Vendors to add the make, model, and serial number of each piece of equipment intended for bid has been removed and it is not necessary to list that information within the commodity line area for each piece. At the time of delivery/pick-up, the make, model, and serial number of each item leased or rented will be recorded on the SM-93 Statement of Acceptance form.

6. We offer a skid steer Road Widener attachment in our rental fleet. The DOH owns some of these, and we have received several rental requests over the past couple of years for these. Is this something that could / needs to be added to this rental contract?

*Response:* Items for bid on the ATT A Pricing Pages were listed at the request of WVDOH personnel. However, we will consider the addition of Road Widener attachments for Skid Steers in future solicitations.

7. Will you double check and confirm skid steer wheel and track loader weights?

*Response:* Items listed on the ATT A Pricing Pages were reviewed and agreed upon by internal sources.

8. Good morning. My question is in regard to RFQ 6622C026. In previous years the state has requested bids for rental of tractors with mid mount boom mowers for over-the-rail mowing. It appears to have been excluded from this rfq. Is this an oversight? We hold a current contract for providing tractors w/boom mowers less operators. I can be reached by email or at 304-366-4690.

*Response:* Please see the Mower category under the Surface Prep, Tree, & Landscape tab.

**Responses to Vendor Posed Questions:**

1. Could you clarify if the below paragraph applies to this contract? We are trying to figure out how 8.4.1 Liquidated Damages would work and what the delivery order time frame question should we be looking at? To make sure we can commit to the delivery timeframe?

*Response:* Order timeframes will be defined per order and will be based on a Vendors acceptance of a Delivery Order issued by a WVDOH Agency. Upon receipt and acceptance of a Delivery Order, should the order not be delivered within the accepted and agreed upon time frames, Liquidated Damages may be applied by the ordering WVDOH Agency.

Please also see Section 108.7 of the 2022 Supplemental Specifications of the 2017 Standard Specifications Roads and Bridge, which can be found via the following link:

<https://transportation.wv.gov/highways/contractadmin/specifications/2017StandSpec/Pages/default.aspx>

2. Also, would a vendor be in default for failing to delivery subject to acceptance of a Purchase Order?

*Response:* Please review Sections 8 and 9 of the contract specifications.
