- 3.2 Documentation to be Included with the Bid:** The Vendor should carefully read the entire solicitation invitation. The Vendor should include as part of their bid response:

- Certification and Signature Page
- Addendum Acknowledgement Form
- Valid West Virginia Contractor's License, if applicable.
- Contract Manager Page
- Valid Certificate of Insurance; and,
- Any other required forms or supporting information as described herein.

Omitting any required forms, attachments, or documentation as described throughout this contract could deem a bid non-responsive and result in the disqualification of the Vendor's bid response.

- 3.3 Contract Items and Mandatory Requirements:** Vendor shall provide Agency with the Contract Items listed below on an open-end and continuing basis. Contract Items must meet or exceed the mandatory requirements as shown below.

- 3.3.1 Materials: Contract Items 1 through 17,** are considered Materials. Materials from this contract **SHALL ONLY** be

REQUEST FOR QUOTATION
Asphalt Materials, Pick Up by Agency

purchased when the pick-up of those materials is by WVDOH forces or other agency as describe in Section 6.2.

- 3.3.2 Plant Run Asphalt, Contract Item 18, may be substituted for Contract Items 1 through 17 only when the use of Plant Run has been requested by the WVDOH District Engineer, or their designee, having determined that the Plant Run material is suitable for use; and only when all other equivalent items of material are not available. All Plant Run material shall meet the Standard Specs, or in instances where the Plant Run material was produced for a neighboring state, must meet the specifications of the adjacent state highway department, unless otherwise deemed acceptable by the WVDOH District Engineer, or their designee.**
- 3.3.3 Performance Grade Binder, Contract Items 19 and 20, is a surcharge to compensate the Vendor for supplying Asphalt when PG Binder is substituted for the standard binder.**
- 3.3.4 ESAL Surcharge, Contract Items 21 and 22, is a surcharge to compensate Vendor for supplying dolomite and any other necessary additives when the asphalt design mix requires an ESAL rating of 3 million or greater. Mixes requiring less than 3 million ESAL's do not qualify for this surcharge.**
- 3.3.5 Seasonal Readiness: It is WVDOH's intention that WVDOH forces shall commence spring pothole patching as early as the weather permits and once started, early pothole patching work shall be continuous, as weather permits. The 2023 WVDOH Spring HMA Patching Estimate, Exhibit 1 (EXH 1), is provided to demonstrate WVDOH's anticipated daily needs for the early season. The estimate represents the approximate volume of anticipated purchases only. No future use of the Contract or any individual item is guaranteed or implied.**

Awarded Vendors should have their asphalt plant(s) operational and available for asphalt production, upon WVDOH request and weather permitting, no later than March 16th. REQUEST FOR QUOTATION
Asphalt Materials, Pick Up by Agency

3.3.6 Off-Season Plant Opening, Contract Item T, is necessary if a Vendor is required to open their plant in the off-season to service the needs of the WVDOH, in which case an additional payment will be made. The Vendor will be paid an additional day charge for each additional consecutive day that the plant is open after the first day to service the needs of the WVDOH. If the plant produces no material for any use on any calendar day, either during the week or on the weekend, the WVDOH will pay the first day rate for off-season plant opening on the next day of the WVDOH usage. Payment for this item is subject to the following conditions:

3.3.6.1 Payment for this item can only be authorized and made during the winter months, i.e., between December 15th and March 15th, and then only if the plant would not have otherwise been open. These dates may be revised by the WVDOH District Engineer or their designee, if necessary, to meet specific needs in the field. Any such revision of dates will be in writing and shall be attached to the Vendor's invoice at the time payment is requested.

3.3.6.2 Payment will always be made at the full contract awarded bid price for the first day of plant opening; however, the amount paid from each additional day of plant opening will be reduced as follows:

- A.** Payment for additional day charge will not be made if the plant has produced over 500 tons on that day. If between 300 and 500 tons have been produced, payment for additional day charge will be made equal to one-half of the contract awarded bid price for the additional day charge. The quantity produced to make this determination shall include all material produced that day, which includes tonnage bought by the WVDOH, other local governments and all private work.

- B.** The WVDOH will only pay its share of the amount determined to be due for additional day charge as described above. For example, if the plant produces 375 tons and the WVDOH takes 150 tons of the total, 40% of the plant's daily production, payment for additional day charge would be calculated as follows: Since the total daily production is between 300 and 500 tons, the Vendor is due 50% of the additional day charge. Because the WVDOH's share of this daily production is 40%, the WVDOH would pay 40% of one-

REQUEST FOR QUOTATION
Asphalt Materials, Pick Up by Agency

half of the additional day charge, or in this case, 20% of the additional day charges.

3.3.6.3 A certified statement shall accompany the invoice stating the total quantity produced on the additional day. If payment does not qualify due to tonnage produced, the next consecutive day of plant operation, if any, will qualify for payment at the additional day rate rather than the first day rate for plant opening.

4. PRICE ADJUSTMENTS:
