13. PRICING: The pricing set forth herein is firm for the life of the Contract, unless specified elsewhere within this Solicitation/Contract by the State. A Vendor's inclusion of price adjustment provisions in its bid, without an express authorization from the State in the Solicitation to do so, may result in bid disqualification. Notwithstanding the foregoing, Vendor must extend any publicly advertised sale price to the State and invoice at the lower of the contract price or the publicly advertised sale price.

14. PAYMENT IN ARREARS: Payments for goods/services will be made in arrears only upon receipt of a proper invoice, detailing the goods/services provided or receipt of the goods/services, whichever is later. Including such fees or charges as notes to the solicitation may result in rejection of vendor's bid. Requesting such fees or charges be paid after the contract has been awarded may result in cancellation of the contract.

18. FUNDING: This Contract shall continue for the term stated herein, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise made available, this Contract becomes void and of no effect beginning on July 1 of the fiscal year for which funding has not been appropriated or otherwise made available. If that occurs, the State may notify the Vendor that an alternative source of funding has been obtained and thereby avoid the automatic termination. Non-appropriation or non-funding shall not be considered an event of default.

19. CANCELLATION: The Purchasing Division Director reserves the right to cancel this Contract immediately upon written notice to the vendor if the materials or workmanship supplied do not conform to the specifications contained in the Contract. The Purchasing Division Director may also cancel any purchase or Contract upon 30 days written notice to the Vendor in accordance with West Virginia Code of State Rules § 148-1-5.2.b.

20. TIME: Time is of the essence regarding all matters of time and performance in this Contract.

21. APPLICABLE LAW: This Contract is governed by and interpreted under West Virginia law without giving effect to its choice of law principles. Any change to existing contracts that adds work or changes contract cost, and were not included in the original contract, must be approved by the Purchasing Division and the Attorney General's Office (as to form) prior to the implementation of the change or commencement of work affected by the change.

25. WAIVER: The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

26. SUBSEQUENT FORMS: The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the Agency or Purchasing Division such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. Acceptance or use of Vendor's forms does not constitute acceptance of the terms and conditions contained thereon.

27. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/default.html>.

31. YOUR SUBMISSION IS A PUBLIC DOCUMENT: Vendor's entire response to the Solicitation and the resulting Contract are public documents. As public documents, they will be disclosed to the public following the bid/proposal opening or award of the contract, as required by the competitive bidding laws of West Virginia Code §§ 5A-3-1 et seq., 5-22-1 et seq., and 5G-1-1 et seq. and the Freedom of Information Act West Virginia Code §§ 29B-1-1 et seq.

Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Notification under this provision must occur prior to the performance of any work under the contract by the subcontractor.

33. ANTITRUST: In submitting a bid to, signing a contract with, or accepting a Award Document from any agency of the State of West Virginia, the Vendor agrees to convey, sell, assign, or transfer to the State of West Virginia all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

34. VENDOR NON-CONFLICT: Neither Vendor nor its representatives are permitted to have any interest, nor shall they acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency.

The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, etc. and the filing of all necessary documents, forms, and returns pertinent to all of the foregoing.

Vendor shall hold harmless the State, and shall provide the State and Agency with a defense against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

38. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

39. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

"State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process.
- c. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
 1. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
 2. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

Superior service. Premium quality.

Elevator operations may have changed, but one thing hasn't: the need for trusting relationships between building owners and service companies. It's not enough to just have someone who knows how to work on your elevator. It's everything to have someone take the time to deliver the personalized service you deserve and perform the quality workmanship you need.

We specialize in non-proprietary service, allowing us to work on all brands of elevators and the highest-quality equipment in the industry. We provide our customers with a wide range of safety-focused elevator maintenance programs designed for exactly what your building requires. Whether you need a brand-new installation, modernization of an existing system or only the smallest adjustment, we can create a plan just for you.

Why Choose DC Elevator?

Throughout more than 40 years in business, we've come to fully understand the importance of properly functioning elevators. Downtime for unexpected repairs can be costly, interrupt traffic flow in your building and pose a safety risk to passengers. But we also want to understand you and your concerns.

This allows us to customize every maintenance and repair strategy within the timeframe and budget that you require, so your elevators can be fully – and reliably – operational.

We get to know you

Our goal is to establish a successful partnership. We take pride in getting to know you and what your needs are so that we can meet and exceed your expectations on every project. A dedication to providing exemplary customer service is at the core of everything we do.

Clear communication

It is our belief that thorough communication is the key to every process. That is why our certified, skilled technicians and project managers provide clear and constant communication at each step, so you're never uninformed of your maintenance status.

Safety first and always

We design proactive, safety-focused service plans in every operation we perform. Our technicians and managers stay current on all building, local and state health and safety policies and take all precautions to give you peace of mind that you're getting the safest possible elevator service and operational quality.

Elevator Health Checklist

It's possible to detect a lot of potential elevator problems and save money on repairs simply by looking, listening and feeling how the elevators are functioning. We've put together this checklist for you to use between scheduled service visits to make certain your elevator is functioning properly and downtime is minimized.

What you Can See

- Check safety test data tag is up to date
- Check for broken or blinking lights in the cab and malfunctioning buttons
- Check that all the hall stations and indicators are operating correctly
- Check the door speed to ensure they're opening and closing smoothly
- Check for noticeable damage or oil leaks in the cab or machine room
- Check the machine room temperature and keep it between 50-70°F
- Check maintenance logs, fire service logs and oil logs. (FS logs should be completed monthly)

What you Can Hear

- Listen for any squeaks, squeals, grinding or thuds as the elevator runs (healthy elevators will run quietly)
- Test and make sure the emergency phone is operational

What you Can Feel

- Check for vibrations, jerky starts, hard landings, bumpy rides, shifts in speed, to slow or fast.

Keeping regular track of these things will help your elevator system run smoothly and be more cost-efficient.

If you're ever in doubt about the safety or performance of your elevators and want a thorough assessment of your elevator needs, contact us we'll make sure you get the support you need.

Maintenance > Elevator Service Plans

Built On Experience

DC Elevator currently maintains thousands of elevators on maintenance contracts across the states of Kentucky, Tennessee, Indiana, Ohio, West Virginia, and Virginia.

We maintain all types of equipment including equipment manufactured by ThyssenKrupp, Otis, Schindler, Kone, Elevator Controls, MCE, Virginia Controls, Smartrise, and others.

Full Maintenance

The Full Maintenance contract provides monthly scheduled maintenance visits. During these visits, all parts outlined in the service agreement are maintained.

We offer the full maintenance contract with two options:

- call back service available seven days/week and 24 hours/day
- optional call back service after 5:00 p.m.

The required annual safety test is part of the agreement.

Examination and Lubrication

Our Examination and Lubrication agreements are custom-tailored in frequency and detail. They are performed monthly, quarterly, or semi-annually, pending your equipment needs. A safety/pressure test is part of the agreement.

The DCE Advantage

Routine maintenance is critical – as with any mechanical device, elevator parts are subject to wear and deterioration over time.

Our skilled and certified technicians keep close track on the wear of your equipment, combining the individual and company experience with current equipment statistics, planning and preparing for efficiency and effectiveness.

Their precautions maximize the useful life and reliability of your equipment. They are the building blocks of the DC Elevator Advantage.

Flexible and Scalable

Our maintenance plans are scalable to the needs of our clients and flexible enough to fit every budget. From Full Maintenance with 24/7 call-back service, maximizing life and reliability of your equipment, to Examination and Lubrication agreements following manufacturer's minimum requirements.

Service Hotline +1-304-345-7222

Experience Matters

Safety and aesthetics are convincing arguments for the modernization of your vertical transportation systems, but there are also economic reasons to modernize these in older buildings and facilities: It keeps them competitive with newer structures, and adds value to the property, providing a sound financial return on your initial investment.

We have completed modernization projects for the following customers

- Baer Building, Charleston
- Charleston Catholic High School
- Farrell Building, Huntington
- Whitaker Square Condominium Huntington
- Whirlwind Storage, Charleston
- UCWV Geary Student Union
- 900 on Lee Street
- Pipestem Resort
- Rubberlite Huntington

The DC Elevator Modernization Process

We have a process in place to provide modernization carefully and to your exact needs. It includes multiple steps, and we have streamlined it over time:

- We consult with you for your needs, set goals, an approximate budget, and the preferred project timeline. Then we survey the vertical transportation equipment on location.
- After careful analysis, we provide recommendations and estimate the budget needed.
- As we finalize the project scope and schedule the individual steps, we formalize the contract and develop a project timeline you can rely on.
- If the modernization is part of the concerted effort to renovate a building, we will work closely with your project manager from start to project completion.

Outdated Equipment Bears Many Risks
