Comments: Ensono is pleased to respond to this solicitation response for Control-M Support and Maintenance (including Restart). Ensono currently provides mainframe managed service for West Virginia and there is an existing contract vehicle for ease of procurement and ongoing support and management. Please note that the pricing for this response (\$6,528/month / \$77.336/year) is for the bundled suite of Control-M software support which includes Restart, which is listed as a separate line item under this RFP. As a result, our response will show "no bid" for the line items related to Control-M Restart Support and Maintenance, but that is bundled as part of our response and pricing for Control-M Support and Maintenance.
