This carrier will assess a subscribing or non-subscribing residential household an additional charge, not to exceed \$40.00 per appliance if the certification is not made prior to the collection of that appliance by this carrier.

C. CHARGES FOR THE COLLECTION AND TRANSPORTATION OF BULKY GOODS FROM RESIDENTIAL HOUSEHOLDS:

For subscribing residential customers, the applicable base rate and any surcharges are set forth elsewhere in this tariff.

This carrier shall at minimum once per month, or on the regularly scheduled solid waste pick-up day, subject to the following exceptions, collect and transport, free of any additional charge, all discarded "bulky goods," as defined in Motor Carrier Rule 1.8, that have been generated by the household of the subscribing residential customer.

Exceptions:

(1) This carrier may, but is not required to, assess that subscribing residential customer an additional, negotiable charge for each large bulky-goods item (equivalent in size to a normal refrigerator or washing machine) after the first two (2) large bulky-goods items, generated by that subscribing household, that this carrier collects and transports on a scheduled day of pickup. This carrier shall add that extra charge to the next bill that is issued to that customer.

(2) This carrier may, but is not required to, assess that subscribing residential customer an additional, negotiable charge for each used or waste tire after the first eight (8) used or waste tires, off the rim, having a radius of no more than 16.5 inches, generated by that subscribing household, that this carrier collects and transports during a twelve-month period. Once such an extra charge is assessed, this carrier shall add that extra charge to the next bill that it issues to that customer.

(3) Bulky goods generated by a subscribing residential household do not include any bulky goods resulting from commercial activities that may occur on the premises of that residential household. With respect to such bulky goods, the applicable business entity shall be treated as a commercial customer of this carrier.

PART II: ADDITIONAL PROVISIONS RELATING TO RESIDENTIAL SERVICE UNDER MOTOR CARRIER CERTIFICATE NOS. F-5921, F-5979, F-6133, F-6269, F-6393, F-6983, F-7023, F-7470, F-7535 and F-6047: (Continued)

C. CHARGES FOR THE COLLECTION AND TRANSPORTATION OF BULKY GOODS FROM RESIDENTIAL HOUSEHOLDS: (Continued)

1. SUBSCRIBING HOUSEHOLDS: (Continued)

Exceptions: (Continued)

(4) With respect to any bulky goods generated by a subscribing residential household, that are collected on a date other than the regularly scheduled day of bulky-goods collection, this carrier may, but is not required to, assess the subscribing residential customer an additional, negotiable charge for each such bulky-goods item. This carrier shall add the extra charge to the next bill that is issued to that customer.

2. NONSUBSCRIBING HOUSEHOLDS:

For non-subscribing residential households, the applicable charge for regular municipal solid waste, waste tire, and bulky goods collection is negotiable between the non-subscribing household and the carrier.

The carrier shall, once per month, on the day of bulky goods collection or on a mutually agreed upon collection day, subject to the following exceptions, collect and transport, all discarded "bulky goods," as defined in Motor Carrier Rule 1.8, that have been generated by the non-subscribing residential household.

Exceptions:

(1) This carrier may, but is not required to, assess that nonsubscribing residential household an additional, negotiable charge for each large bulky-goods item (equivalent in size to a normal refrigerator or washing machine) after the first two (2) large bulky-goods items, generated by that household, that this carrier collects and transports on that day.

(2) This carrier may, but is not required to, assess that nonsubscribing residential household an additional, negotiable charge for each used or waste tire, generated by that household, that this carrier collects and transports on that day. The charge per tire is not to exceed the sum of fifty cents (\$0.50) plus the Commission-approved charge for the acceptance of that tire by the landfill which this carrier uses for the disposal of solid waste.

PART II: ADDITIONAL PROVISIONS RELATING TO RESIDENTIAL SERVICE UNDER MOTOR CARRIER CERTIFICATE NOS. F-5921, F-5979, F-6133, F-6269, F-6393, F-6983, F-7023, F-7470, F-7535 and F-6047: (Continued)

C. CHARGES FOR THE COLLECTION AND TRANSPORTATION OF BULKY GOODS FROM RESIDENTIAL HOUSEHOLDS: (Continued)

2. NONSUBSCRIBING HOUSEHOLDS: (Continued)

(3) For each non-subscribing residential household, this carrier may require payment of all charges prior to the collection and transportation of these items. In the alternative, this carrier may issue a bill for these charges to the appropriate individual after the collection and transportation of these items.

(4) Bulky goods generated by a non-subscribing residential household do not include any bulky goods resulting from commercial activities that may occur on the premises of that residential household. With respect to such bulky goods, the applicable business entity shall be treated as a commercial customer of this carrier.

D. CHARGES FOR THE COLLECTION AND TRANSPORTATION OF LARGE AND/OR HEAVY ITEMS THAT ARE NOT DEFINED AS "BULKY GOODS" FROM RESIDENTIAL HOUSEHOLDS:

SUBSCRIBING AND NONSUBSCRIBING HOUSEHOLDS:

For collecting and transporting large and/or heavy items of solid waste that do not fall within the definition of "bulky goods" under Motor Carrier Rule 1.8, this carrier may, but is not required to, assess both subscribing and non-subscribing residential households additional, negotiable charges. Examples of such items that are not "bulky goods" are construction and demolition debris; automotive components, parts, or frames that weigh at least two hundred (200) pounds each; automotive parts, such as motors and transmissions, that have a high density; and used or waste tires, off the rim, that have a radius of more than 16.5 inches.

For a subscribing residential household, this carrier shall add the extra charge to the next bill that is issued to the subscribing residential customer. For a non-subscribing residential household, this carrier may require payment of the charge prior to the collection and transportation of these items. In the alternative, this carrier may issue a bill for this charge to the appropriate individual after the collection and transportation of these items.

E. IDENTIFICATION STICKERS

Each customer is required to display an identification sticker, provided at the option of the carrier, as evidence of being an active customer. This sticker will be approximately 4 ½ by 2 ½ and colors will be changed periodically.
