REQUEST FOR QUOTATION  
CRFQ DAS21\*01 - Tactical Items & Clothing

---

**8.1.4** Failure to remedy deficient performance upon request.

**8.2** The following remedies shall be available to Agency upon default.

**8.12.1** Immediate cancellation of the Contract.

**8.12.2** Immediate cancellation of one or more release orders issued under this Contract.

**8.12.3** Any other remedies available in law or equity.

**9 MISCELLANEOUS:**

**9.1 No Substitutions:** Vendor shall supply only Contract Items submitted in response to the Solicitation unless a contract modification is approved in accordance with the provisions contained in this Contract.

**9.2 Vendor Supply:** Vendor must carry sufficient inventory of the Eligible Items being offered to fulfill its obligations under this Contract. By signing its bid, Vendor certifies that it can supply the Eligible Items contained in its bid response.

**9.3 Reports:** Vendor shall provide quarterly reports and annual summaries to the Agency showing the Agency's items purchased, quantities of items purchased, and total dollar value of the items purchased. Vendor shall also provide reports, upon request, showing the items purchased during the term of the Contract, the quantity purchased for each of those items, and the total value of purchases for each of those items. Failure to supply such reports may be grounds for cancellation of this Contract.

**9.4 Contract Manager:** During its performance of this Contract, Vendor must designate and maintain a primary contract manager responsible for overseeing Vendor's responsibilities under this Contract. The Contract manager must be available during normal business hours to address any customer service or other issues related to this Contract. Vendor should list its Contract manager and his or her contact information below.

## **Fulfillment and Order Management**

Galls is the reliable source for quality, in-stock public safety equipment and apparel. Like you, we're quick, efficient, and effective. Galls understands that the demanding needs of your profession drive your purchasing decisions, so we ensure you have the high-quality gear you need to do your job. As the public safety industry leader, we pride ourselves on having the largest inventory in the industry. However, your options do not end with our inventory; Galls will leverage our experience and knowledge to find the products you require in the rare event we do not inventory the item or brand. Utilizing Galls on-site warehouse space to store items until immediately prior to your requisition enables you to either request the entire shipment at once, or to receive either individual or groups of end items as they are required. We can be ready to expedite your order upon request.

Galls has vast experience in providing the types of items required by your bid, along with any repairs, alterations, sizing, embroidery (including multi-color), sewing, or other services required by agencies within the State of West Virginia. Once an order is placed through any payment method allowed by in house administrators, a user can come back to the website to track their order's progress at any time, and if they provide an email or phone number they will even be sent notifications at every step of the order process from "Order Received" to "Delivered" or "Ready for Pickup." Because of Galls' first class logistics and inventory system, once a user places an approved order, processing begins immediately, so there is no delay from order placement to the beginning of order fulfillment.

## **Inventory Management and Quality Control**

Galls has a fully staffed Inventory Management Department ("IM") that is responsible for purchasing and managing our inventory. On average Galls holds approximately \$80M in on-hand inventory. The IM department utilizes an integrated, fully automated inventory management forecasting system. The system uses complex algorithms to compute current and future needs on finished goods inventory. Galls' IM Team reviews electronic data provided by the system and then adds human logic as well as customer input. Proper forecasting depends upon a partnership between Galls and the relevant West Virginia agencies when planning for current and future needs, including new recruit classes, special events, program changes and demand fluctuations. Galls' Initial Fill Rate is 85% for un-customized orders.

Due: January 23, 2025

Galls earned our place as the top destination for public safety customers by applying the strictest standards of quality and focusing on constant innovation and improvement. Galls provides multi-point inspections to every item we intake, alter, sell, and deliver. At each of these steps, a quality check is performed, so we can ensure that only the highest quality goods enter or leave our facilities. In the event of an issue, Galls documents every step along the way to find where it occurred and ensure it does not happen again. Galls retains stock of many items for quick turnaround in the rare event of a quality concern or defect.

### **Customized Online Ordering System, eEquip**

The Galls eEquip software-as-a-service system is a comprehensive B2B ordering platform designed to prioritize customer needs. eEquip facilitates efficient order management, spending control, and budgeting through features like allotment management, approval management, robust reporting tools, and asset management. With secure user management and checkout capabilities, the system tailor's product offerings to individual roles within a customer's organization, ensuring that employees see and purchase only authorized products, with the flexibility to make product updates based on changing business needs. Additionally, eEquip supports bulk purchasing, shopping lists, and package ordering, providing customers with efficient tools to manage orders and capture spend data with a tailored approach. The system's robust features are configurable to meet the unique requirements of each customer, ensuring a seamless program management experience. Deployed throughout Galls' customer base, eEquip operates in over 8,000 customer storefronts.

Galls provides training for administrative staff and individual employees and provides self-service training materials if needed. Administrative staff also have the ability to add or delete items as the needs of agencies change. With Galls' inventory and selection being the largest in the industry, customers have the ability to pivot as needed and stay up to date on all the latest equipment. Any issues with the software can be reported to your dedicated representative team for immediate review, and we will provide a response with a plan for resolution typically within 1 business day.

The efficiencies gained by utilizing eEquip result in real dollar savings beyond evaluating products on a line-item basis. By utilizing the eEquip system, you are eliminating a lot of the hidden costs of managing your uniform program such as dealing with multiple suppliers. Galls has partnered with over 1,600 manufacturers and can be your one-stop shop. Time spent traveling to and from

Due: January 23, 2025

a store location to be sized or place orders can now be done from any mobile device. By utilizing eEquip you are lowering costs just by saving time, money and hours previously spent managing your uniform program, all while increasing your buying power.

### **Reporting Capabilities**

Current and historical invoices are available to view online to approved agency administrators. Invoices can be directed to individual agencies or a centralized account email address. Each shipment is accompanied by a physical invoice, and we can provide electronic invoices in common formats. In the unlikely event of a discrepancy, customers can contact their designated Galls representative, and any funds can be credited to the account or refunded. All invoices, documents, and records will be retained for the duration of the contract or until such a time as required before their destruction.

Through eEquip, customers have customizable detailed reports at their fingertips 24 hours a day, 365 days a year. This makes tracking key performance indicators easier and allows up to the minute tracking of expenses. Any user identified as an administrator can request reports, and each administrator's access can be limited to their specific area. Available reports include:

- Allotment Report
- Allowance Report
- Order History Sales Report
- Itemized Sales Report
- Allotment Activity Report
- Unit Allotment Activity Report
- Backorder Report
- Dropship Report
- Awaiting Pickup Report
- Top Vendors Report
- Fill Rate Report
- Unclaimed Merchandise Report

Within these offerings, specific parameters and filters can be set, such as date range, order status, location, department, and individual reports. This ensures that any administrator receives only the information they need and in the desired format. Reports can be viewed in the web-view, exported to Excel, or e-mailed directly to the requesting user.

In addition to the reports available to administrators at any time, Galls schedules quarterly or yearly reviews where we discuss the current status of the purchase program. During these meetings, we work with customers to determine if any updates or changes are needed to improve customer experience or efficiency.

Galls does not charge any additional fees for providing its customized eQuip solution to a customer. Please see full eQuip Specifications attached.

### **Return and Restocking Policy**

Trust is crucial to a team and, as your partner, we want to make sure our products match your expectations. We offer two levels of returns:

- **30 Day Returns:** We provide a refund to the method of payment within the first 30 days on returns of resalable items that are unworn, in new condition, and in original packaging along with all packaging attachments and enclosures, including all applicable tags, instructions, etc. For apparel, return item in its original, packaging along with all packaging attachments and enclosures, including all applicable tags, instructions, etc. Some restrictions apply.
- **90 Day Returns:** For these returns Galls Account credit or a gift card are provided. We accept returns of resalable items within 90 Days of delivery that are unworn, in new condition, and in original packaging along with all packaging attachments and enclosures, including all applicable tags, instructions, etc. For apparel, return item in its original, packaging along with all packaging attachments and enclosures, including all applicable tags, instructions, etc. Some restrictions apply.

### **Manufacturer Warranties**

Many products sold by Galls offer extended manufacturer's warranties. Galls will pass along all manufacturer's warranties to DFW Airport and support DFW Airport personnel in their dealings with the manufacturer's customer service representatives in the rare instances where the need to process warranty returns arises.
