Letter of Transmittal

Mr. Atkins,

I would like to thank you and the **West Virginia Department of Administration** for the opportunity to submit a response to **CRFQ 0212 SWC2600000003 (SBUS26) for school buses.**

Our understanding of the scope of work pertaining to this RFQ is to provide the West Virginia Department of Administration with proposals for the manufacture and delivery of products in accordance with the terms and conditions set forth in this solicitation, meeting all specifications and FMVSS laws.

Model 1's proposal may include manufacturer's brochures, standard warranty information, and additional technical information within our bid submittal. Information shown on these documents indicates our manufacturer's standard equipment or specifications and does not necessarily reflect the exact equipment to be utilized or included with the bid vehicle(s). Our vehicle is built to comply with all requirements, specifications and amendments, unless otherwise noted in our exceptions and explanations list: Clarifications to Specifications.

The resulting contract will be for **an indefinite quantity of 2026 Trans Tech SST Type A School Buses** with related necessary components, and selected options. The contract term shall be (1) year.

The information contained in our proposal contains our qualifications to perform the required work, detailed specifications, warranties, and descriptions of our facilities and staff.

Included are all the required documentation and general forms. If you need more information or clarification, please give us a call at 800.326.2877 with any inquiries.

Sincerely,

Jason Spore | Transit Bid Manager Model 1 Commercial Vehicles, Inc.

EXPERIENCE AND QUALIFICATIONS

RESPONDER INFORMATION

Model 1 Commercial Vehicles, Inc. 2100 Washington Rd Canonsburg, PA 15317 Jason Hohalek | Vice President of School Bus Sales

Phone: 800.326.2877

Email: jhohalek@model1.com

1. BACKGROUND AND EXPERIENCE

Operating 27 full-service locations, Model 1 Commercial Vehicles, Inc. is the largest bus dealership in the United States representing over 20 major vehicle manufacturers. The Company's team of experienced vehicle sales professionals are responsible for 5,000+ vehicles sold nationwide every year.

Model 1 Commercial Vehicles is dedicated to servicing its customers at the highest possible level. Nationwide, the Company has more than 270 company operating service bays dedicated to pre-delivery inspections, warranty, and service work. Additionally, the Company is the only dealership in the nation to possess multiple Ford-certified, Qualified Vehicle Modifier (QVM) dealership locations.

Model 1 Commercial Vehicles has a dedicated customer service department to manage all the pre- and post-sales needs of its customers. The Company has a dedicated team of Parts Specialists responsible for handling all customer parts needs. Model 1 Commercial Vehicles currently holds multiple State Purchasing Contracts, a partial listing of contracts is shown below.

Nationwide Transit Contract Experience (a partial listing of significant projects)

Orange County Transit (OCTA)	_Over 950 Paratransit Buses & Vans
City of Los Angeles (LADOT)	Over 500 Paratransit Buses
Caltrans/DGS	Over 5,000 Paratransit Buses & Vans
RTC Las Vegas	Over 400 Paratransit & Transit Buses
Access Services	Over 1,000 Paratransit Mini Vans
Dallas DART	Over 400 Paratransit Buses
Florida (FDOT)	Over 600 Paratransit Buses & Vans
GSA	Over 350 Paratransit Buses
Arizona Dept of Trans (ADOT)	Over 600 Paratransit Buses & Vans
North Carolina (NCDOT)	Over 600 Paratransit Buses & Vans
Texas (Multiple Contracts)	Over 1,200 Paratransit Buses & Vans
Washington (WSDOT)	Over 650 Paratransit Buses & Vans
Oregon (ODOT)	Over 300 Paratransit Buses & Vans
Oklahoma (Multiple Contracts)	Over 400 Paratransit Buses & Vans
New Mexico (NMDOT)	Over 450 Paratransit Buses & Vans

Model 1 Commercial Vehicles currently holds transit contracts and/or services customers in the following states: WA, OR, CA, NV, ID, MT, WY, UT, CO, AZ, NM, KS, OK, TX, IL, IN, AR, LA, MS, AL, GA, FL, NC, SC, PA, TN, MD, ME, VT, CT, MA, NJ, and NY.

Customer Service Capabilities

Model 1 Commercial Vehicles' service locations are located within the contract requirements of all recipient locations. The Customer Care and Service teams are available to assist immediately as needed. The Company has the authority to deploy internal and factory personnel from any discipline including engineering, manufacturing, parts, service, and management in response to a customer's needs. This ability removes delays in problem resolution due to out-of-state factory personnel availability. Swift and accurate resolutions to issues and needs are achieved through factory personnel directly reviewing issues, "firsthand," as they are presented.

Model 1 Commercial Vehicles has excellent relationships with all major component manufacturers. The Company's Service Technicians and Supervisory team are certified by John Deere, Cummins, A/C Carrier, MCC, Trans Air, Thermo King, Freedman Seating, Ricon, and Braun amongst many others. Service Technicians are graduates of the Automotive Technical College, and many are Automotive Service Excellence (ASE) Master Technicians.

The Model 1 Commercial Vehicles' Parts and Service Department is dedicated solely to the lifecycle service and support of commercial vehicles as well as school and transit buses. This focus ensures an unmatched level of competency in the industry. Technical assistance can be provided immediately during business hours by contacting Model 1 Commercial Vehicles Service Technicians. A complete description of the warranty policy and procedures can be provided upon award.

With over 5,000 units sold annually, Model 1 Commercial Vehicles has the largest "fleet" of vehicles in service in the nation. This gives the Company the most vehicle performance data in the industry. The Company is exposed to issues with vehicles across the country in a variety of operating conditions. This data allows the Company to recognize issues well in advance of smaller dealers that do not service the volume of vehicles Model 1 Commercial Vehicles does. This leads to faster warranty approvals and repair execution for customers. Additionally, our technical support team has an information sharing process that communicates common issues and repairs, resulting in reduced troubleshooting timeframes, resulting in quicker repairs. These efficiencies allow the Company to get customer vehicles back up and running in the quickest manner possible, minimizing downtime for students and faculty.

List of Centers

One call to our dedicated Customer Care team will initiate an immediate warranty service and technical response. Model 1 Commercial Vehicles is an authorized repair facility for all products represented. The Company has the authority to make on the spot decisions regarding warranty repairs and approvals. In addition to the Company operated facilities, local warranty repair facilities will be authorized to perform the required repair on an as needed basis. Our intent is to make all warranties and services as local as possible while providing the best possible service.

Spare Parts and Inventory Levels

A critical part of the project is a quick response time to service assistance and parts supply. Model 1 Commercial Vehicles operates dedicated parts warehousing operations with over 60,000 square feet of capacity and \$10,000,000 worth of

inventory. The Company stocks significant parts supply at all its locations. In addition, the Company operates dedicated parts warehouses in Arizona, California, Florida, Indiana, Georgia, Pennsylvania, and Texas.

One call to our Parts Team will facilitate the end users' needs. Model 1 Commercial Vehicles' Parts Department has extensive experience in this field. Most parts can be shipped within 24 hours of order. A complete description of the parts policy and procedures can be provided upon award.

Inspection procedures

Due to Model 1 Commercial Vehicles' proximity to manufacturers' locations, the Company has inspectors on site during vehicle builds. The Company has a team of inspectors located in Elkhart, Indiana that visits manufacturer facilities on an ongoing basis. This allows the Company to catch any potential issues during the building process, prior to customer receipt. Once completed at the manufacturer, vehicles are delivered to a Company location for additional inspection. In many cases these vehicles flow through Model 1 Commercial Vehicles' Elkhart inspection facility immediately following completion. The Elkhart facility is over 50,000 square feet and processes deliveries of approximately 1,500 vehicles yearly. Any issues identified can be repaired in the house or sent back to the manufacturer for repair. Next, vehicles are shipped to one of the Company's local facilities for final PDI (Pre-Delivery Inspection). This additional inspection allows the Company to catch any issues that may have occurred during the initial driving period of the vehicle. Any deficiency note shall be repaired before delivery. All documents required under the contract shall be provided upon delivery or pickup. The Company inspection processes mentioned above are all in addition to any inspections performed by the manufacturer and/or line inspectors hired by the end user.

2. KEY PERSONNEL AND EXPERIENCE

Contract Management Team

Tony Matijevich | CEO
TJ Matijevich | CRO
Mark Matijevich | COO
JR Sauder | President

Nick Corley | Vice President of Public Sector Sales

Jason Hohalek | Vice President of School Bus Sales

Miguel Ortiz | Sales Executive, Project Manager

Jason Spore | Transit Bid Manager Carl Henderson | Senior Director of Technical Services Jamie Greenlaw | Fleet Warranty Administrator

3. FISCAL RESPONSIBILITY

With a 40-year history, 27 locations nationwide, and 400+ employees, Model 1 Commercial Vehicles has the necessary longevity and financial stability to service any contract of any size. Since 1980, the Company has grown to service customers in every state in the U.S. More than 50% of the Company's facilities are owned facilities, not leased properties, with significant investment in renovations, equipment, and employees.

Model 1 Commercial Vehicles has long standing relationships with vehicle floorplan providers and banking partners. Floorplan relationships go back 20+ years and the same goes for banking relationships. The Company has achieved increased revenue, sales, and transaction growth year after year for the past 10+ years.

4. DELIVERY PERFORMANCE

Model 1 Commercial Vehicles prides itself on delivering vehicles on time with all specifications met. The Company has not paid liquidated damages on any transit contract in the past five (5) years.

5. HISTORY OF OWNERSHIP AND STATEMENT REGARDING JUDGEMENTS AND VIOLATIONS

Originally founded in 1980 as Creative Transportation Systems (CTS), the Company was later renamed Creative Bus Sales, Inc. in 1990 and now Model 1 Commercial Vehicles, Inc. since 2023. The current owner, Tony Matijevich, purchased the Company in 1993 and it has been family-owned and operated since. Prior to purchasing Model 1 Commercial Vehicles, Tony was the President of ElDorado National, the largest manufacturer of small and mid-size buses in the nation at the time. Under the current leadership and vision, Model 1 Commercial Vehicles has become the largest-volume small, mid, and large-size bus and van dealership in the United States. Over the past 40 years, the Company has expanded its scope through a combination of dealer acquisitions and organic growth.

Model 1 Commercial Vehicles was originally incorporated in the State of California in 1993 under the current ownership and is now incorporated in the State of Indiana. Model 1 Commercial Vehicles has had no judgments, litigation, licensing violations or other violations outstanding or resolved against it within the past five (5) years.

Preparer

Jason Spore, Transit Bid Manager for Model 1 Commercial Vehicles, Inc., is the preparer of this proposal.

Flexible Scope

Model 1 is committed to flexibility in the products and services offered in the contract upon request.

Independent Pricing

Model 1 certifies that in connection with this Contract the prices proposed have been arrived at without consultation, communication, or agreement for the purpose of restricting competition.

Signer(s)

Each person signing this proposal and/or addenda is the person responsible for or authorized to make decisions as to the prices quoted in the cost proposal and has not participated and will not participate in any action contrary to those stated above.

Consent

If awarded a contract, Model 1 will not assign any part of its interest in the agreement without prior consent from the Agency.

Acceptance of Terms

Model 1 accepts the Contract Terms and Conditions.

Cutoff Dates

Model 1 agrees to comply with this section. Model year cutoffs are well communicated by the OEM's and chassis dealers alike. We receive 60 – 90-day notice and will notify the agency promptly.

Sincerely,

Jason Spore | Transit Bid Manager

ADDITIONAL TERMS AND CONDITIONS

See attached document(s) for additional Terms and Conditions

TRANS STAR

Built on the world-renowned Ford Transit chassis, drivers love this dual rear wheel for its maneuverability, exceptional visibility, and headroom.

INTERIOR

Up to 20 Passengers U.S. Up to 18 Passengers Canada

Entrance Door Opening – 26" x 76"

Interior Headroom - 74"

Width at Seat Position – 80"

EXTERIOR

Height – 106"

Width - 87"

Length Bumper-to-Bumper - 238"

3.5L V6 EcoBoost

ST AERO

Built with big-bus durability, this single-wheel's aerodynamic design improves fuel economy and reduces transportation costs all while carrying up to 20 passengers.

Up to 20 Pas

Up to 20 Passengers U.S. Up to 18 Passengers Canada

Entrance Door Opening – 26" x 76"

Interior Headroom – 74"

Width at Seat Position – 80"

EXTERIOR

Height – 108'

Width - 87"

Length Bumper-to-Bumper – 241" to 259"

GM 4.3L V6 Gasoline Engine Standard

Ġ

SST

With an optional flat-floor, this 30-passenger school bus provides unmatched versatility, while its signature aerodynamic design helps increase this dual-wheel's fuel efficiency.

INTERIOR

Up to 30 Passengers

Entrance Door Opening – 26" x 76"

Interior Headroom – 75"

Width at Seat Position – 90"

EXTERIOR

Height – 110

Width - 96"

Length Bumper-to-Bumper – 241" to 286"

GM 6L V8 Gasoline Engine Standard

CST

From pre-school to high school, this multifunction school activity bus and sister to the SST provides unmatched versatility and freedom with an optional flat-floor.

INTERIOR

Up to 30 Passengers

Entrance Door Opening – 26" x 76"

Interior Headroom – 75"

Width at Seat Position – 90"

EXTERIOR

Height – 110"

Width - 96"

Length Bumper-to-Bumper - 241" to 286"

GM 6L V8 Gasoline Engine Standard

From the moment you see that signature aerodynamic design, you know you're looking at a Trans Tech school bus. It's not just about having the best fuel economy in its class or the nicest styling in the industry, the design symbolizes Trans Tech's dedication to building the best Type-A buses in the world. Trans Tech buses are engineered to be the safest, most efficient and toughest buses on the road.

A BUS DRIVER'S BUS

- ★ Entrance door and window area designed for maximum visibility
- ★ Engineered for easy maneuverability, comfort and operation

AERODYNAMIC

- ★ Trans Tech's signature aerodynamic design improves fuel efficiency
- ★ Trans Tech buses go further on a gallon of gas

UNMATCHED VERSATILITY

- ★ Versa-Track seating system provides maximum versatility and safety
- ★ Flat-floor option is perfect for wheelchair access

BUILT TO LAST

- ★ 14 gauge galvanized steel pan-formed floors increase strength and resist corrosion
- ★ Bolted safety-cage provides enhanced crash protection

PEACE OF MIND

- ★ Best in class 3-year 60,000 mile warranty protects your investment
- ★ Altoona Tested for Safety and Durability 15

IF THERE WERE A SCHOOL BUS OF THE YEAR AWARD... WE'D WIN IT.

STANDARD FEATURES

- ★ Industry-leading 3-year 60,000 mile warranty
- ★ Versa-Track seating system (wall and floor mounted tracks)
- ★ 14 gauge galvanized steel pan-formed floor panels
- ★ Steel exterior panels
- ★ High-strength side skirt impact panels
- ★ 1½" fiberglass insulation including bow cavities
- ★ Innovative canopy construction over driver cockpit
- ★ Single-seam roof construction
- ★ 3 roof strainers
- ★ Aerodynamic front roof cap
- ★ Full-length entrance door glass
- ★ Observation window 430 square inches
- ★ 3-point emergency door lock
- ★ Extruded aluminum doors
- ★ Manually operated entrance door
- ★ Rosco™ mirror system
- ★ Ergonomic switch panel design
- ★ LED lighting
- ★ Plug-and-go electrical system with LED diagnostics
- ★ Passenger compartment glass tinted 32% light transmission with AS2 tempered glass
- ★ Extruded-aluminum black exterior window frames and posts
- ★ Sherwin Williams™ paint
- ★ Pre-painted interior panels
- ★ Black vinyl floor
- ★ Industry-leading tech support

OPTIONAL FEATURES

- ★ 177"WB, 35 passengers and up to 7 wheelchair positions
- ★ Wheelchair lift
- ★ Child check system
- ★ Integrated child seats and 3-point safety belts
- ★ Cross gate
- ★ Fire suppression systems
- ★ Roof hatch
- ★ Easy access fuel pump
- ★ Diamond plate driver step
- ★ Reflective tape package
- ★ Marine-grade plywood floor
- ★ HSM convertible seats
- ★ White roof
- ★ Multiple floor color choices
- ★ Acoustical ceiling panels
- ★ Lamination/tempering/insulated glass
- ★ Electronically controlled entrance door
- ★ Auxiliary air conditioning system
- ★ Upgraded alternator
- ★ Battery box with slide-out tray
- ★ Auxiliary power board dedicated for cam, GPS, CB radio and more

AVAILABLE ENGINES

- ★ GM Chassis:
 - 4.3L V6 (SRW ONLY) 6.6L V8 (Standard)
- ★ Ford E Series Chassis: 7.3L PFLV8 Gasoline

TRANS STAR ENGINES

- ★ 3.5L PFDi V6 (SRW, Standard)

CERTIFICATION AND SIGNATURE: By signing below, or submitting documentation through wvOASIS, I certify that: I have reviewed this Solicitation/Contract in its entirety; that I understand the requirements, terms and conditions, and other information contained herein; that this bid, offer or proposal constitutes an offer to the State that cannot be unilaterally withdrawn; that the product or service proposed meets the mandatory requirements contained in the Solicitation/Contract for that product or service, unless otherwise stated herein; that the Vendor accepts the terms and conditions contained in the Solicitation, unless otherwise stated herein; that I am submitting this bid, offer or proposal for review and consideration; that this bid or offer was made without prior understanding, agreement, or connection with any entity submitting a bid or offer for the same material, supplies, equipment or services; that this bid or offer is in all respects fair and without collusion or fraud; that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; that I am authorized by the Vendor to execute and submit this bid, offer, or proposal, or any documents related thereto on Vendor's behalf; that I am authorized to bind the vendor in a contractual relationship; and that to the best of my knowledge, the vendor has properly registered with any State agency that may require registration.

By signing below, I further certify that I understand this Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law; and that pursuant to W. Va. Code 5A-3-63, the entity entering into this contract is prohibited from engaging in a boycott against Israel.

REQUEST FOR QUOTATION CRFQ 0212 SWC2600000003 SCHOOL BUSES (CMA SBUS26)

- **7.3 Reports:** Vendor shall provide quarterly reports and annual summaries to the Agency showing the Agency's items purchased, quantities of items purchased, and total dollar value of the items purchased. Vendor shall also provide reports, upon request, showing the items purchased during the term of this Contract, the quantity purchased for each of those items, and the total value of purchases for each of those items. Failure to supply such reports may be grounds for cancellation of this Contract.
- **7.4 Contract Manager:** During its performance of this Contract, Vendor must designate and maintain a primary contract manager responsible for overseeing Vendor's responsibilities under this Contract. The Contract manager must be available during normal business hours to address any customer service or other issues related to this Contract.

[]	Addendum No. 4	[]	Addendum No. 9
[]	Addendum No. 5	[]	Addendum No. 10

I understand that failure to confirm the receipt of addenda may be cause for rejection of this bid. I further understand that that any verbal representation made or assumed to be made during any oral discussion held between Vendor's representatives and any state personnel is not binding. Only the information issued in writing and added to the specifications by an official addendum is binding.

NOTE: This addendum acknowledgement should be submitted with the bid to expedite document processing.

FEDERAL FUNDS ADDENDUM

2 C.F.R. §§ 200.317 – 200.327

<u>Purpose:</u> This addendum is intended to modify the solicitation in an attempt to make the contract compliant with the requirements of 2 C.F.R. §§ 200.317 through 200.327 relating to the expenditure of certain federal funds. This solicitation will allow the State to obtain one or more contracts that satisfy standard state procurement, state federal funds procurement, and county/local federal funds procurements.

<u>Instructions:</u> Vendors who are willing to extend their contract to procurements with federal funds and the requirements that go along with doing so, should sign the attached document identified as: "REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS (2 C.F.R. § 200.317)"

Should the awarded vendor be unwilling to extend the contract to federal funds procurement, the State reserves the right to award additional contracts to vendors that can and are willing to meet federal funds procurement requirements.

<u>Changes to Specifications:</u> Vendors should consider this solicitation as containing two separate solicitations, one for state level procurement and one for county/local procurement.

State Level: In the first solicitation, bid responses will be evaluated with applicable preferences identified in sections 15, 15A, and 16 of the "Instructions to Vendors Submitting Bids" to establish a contract for both standard state procurements and state federal funds procurements.

County Level: In the second solicitation, bid responses will be evaluated with applicable preferences identified in Sections 15, 15A, and 16 of the "Instructions to Vendors Submitting Bids" omitted to establish a contract for County/Local federal funds procurement.

<u>Award:</u> If the two evaluations result in the same vendor being identified as the winning bidder, the two solicitations will be combined into a single contract award. If the evaluations result in a different bidder being identified as the winning bidder, multiple contracts may be awarded. The State reserves the right to award to multiple different entities should it be required to satisfy standard state procurement, state federal funds procurement, and county/local federal funds procurement requirements.

<u>State Government Use Caution:</u> State agencies planning to utilize this contract for procurements subject to the above identified federal regulations should first consult with the federal agency providing the applicable funding to ensure the contract is complaint.

County/Local Government Use Caution: County and Local government entities planning to utilize this contract for procurements subject to the above identified federal regulation should first consult with the federal agency providing the applicable funding to ensure the contract is complaint. For purposes of County/Local government use, the solicitation resulting in this contract was conducted in accordance with the procurement laws, rules, and procedures governing the West Virginia Department of Administration, Purchasing Division, except that vendor preference has been omitted for County/Local use purposes and the contract terms contained in the document entitled "REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS (2 C.F.R. § 200.317)" have been added.

FEDERAL FUNDS ADDENDUM

REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS (2 C.F.R. § 200.317):

The State of West Virginia Department of Administration, Purchasing Division, and the Vendor awarded this Contract intend that this Contract be compliant with the requirements of the Procurement Standards contained in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements found in 2 C.F.R. § 200.317, et seq. for procurements conducted by a Non-Federal Entity. Accordingly, the Parties agree that the following provisions are included in the Contract.

1. MINORITY BUSINESSES, WOMEN'S BUSINESS ENTERPRISES, AND LABOR SURPLUS AREA FIRMS:

(2 C.F.R. § 200.321)

- a. The State confirms that it has taken all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible. Those affirmative steps include:
 - (1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - (2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - (3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
 - (4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
 - (5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
 - (6) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (1) through (5) above.
- b. Vendor confirms that if it utilizes subcontractors, it will take the same affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

2. DOMESTIC PREFERENCES:

(2 C.F.R. § 200.322)

a. The State confirms that as appropriate and to the extent consistent with law, it has, to the greatest extent practicable under a Federal award, provided a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United

States (including but not limited to iron, aluminum, steel, cement, and other manufactured products).

- b. Vendor confirms that will include the requirements of this Section 2. Domestic Preference in all subawards including all contracts and purchase orders for work or products under this award.
- c. Definitions: For purposes of this section:
 - (1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - (2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

3. BREACH OF CONTRACT REMEDIES AND PENALTIES:

(2 C.F.R. § 200.327 and Appendix II)

(a) The provisions of West Virginia Code of State Rules § 148-1-5 provide for breach of contract remedies, and penalties. A copy of that rule is attached hereto as Exhibit A and expressly incorporated herein by reference.

4. TERMINATION FOR CAUSE AND CONVENIENCE:

(2 C.F.R. § 200.327 and Appendix II)

(a) The provisions of West Virginia Code of State Rules § 148-1-5 govern Contract termination. A copy of that rule is attached hereto as Exhibit A and expressly incorporated herein by reference.

5. EQUAL EMPLOYMENT OPPORTUNITY:

(2 C.F.R. § 200.327 and Appendix II)

Except as otherwise provided under 41 CFR Part 60, and if this contract meets the definition of "federally assisted construction contract" in 41 CFR Part 60–1.3, this contract includes the equal opportunity clause provided under 41 CFR 60–1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964–1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

6. DAVIS-BACON WAGE RATES:

(2 C.F.R. § 200.327 and Appendix II)

Vendor agrees that if this Contract includes construction, all construction work in excess of \$2,000 will be completed and paid for in compliance with the Davis–Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must:

- (a) pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.
- (b) pay wages not less than once a week.

A copy of the current prevailing wage determination issued by the Department of Labor is attached hereto as Exhibit B. The decision to award a contract or subcontract is conditioned upon the acceptance of the wage determination. The State will report all suspected or reported violations to the Federal awarding agency.

7. ANTI-KICKBACK ACT:

(2 C.F.R. § 200.327 and Appendix II)

Vendor agrees that it will comply with the Copeland Anti-KickBack Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). Accordingly, Vendor, Subcontractors, and anyone performing under this contract are prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The State must report all suspected or reported violations to the Federal awarding agency.

8. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

(2 C.F.R. § 200.327 and Appendix II)

Where applicable, and only for contracts awarded by the State in excess of \$100,000 that involve the employment of mechanics or laborers, Vendor agrees to comply with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, Vendor is required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

9. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT.

(2 C.F.R. § 200.327 and Appendix II)

If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

10. CLEAN AIR ACT

(2 C.F.R. § 200.327 and Appendix II)

Vendor agrees that if this contract exceeds \$150,000, Vendor is to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

11. DEBARMENT AND SUSPENSION

(2 C.F.R. § 200.327 and Appendix II)

The State will not award to any vendor that is listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

12. BYRD ANTI-LOBBYING AMENDMENT

(2 C.F.R. § 200.327 and Appendix II)

Vendors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non–Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non–Federal award.

13. PROCUREMENT OF RECOVERED MATERIALS

(2 C.F.R. § 200.327 and Appendix II; 2 C.F.R. § 200.323)

Vendor agrees that it and the State must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

14. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT.

(2 C.F.R. § 200.327 and Appendix II; 2 CFR § 200.216)

Vendor and State agree that both are prohibited from obligating or expending funds under this Contract to:

- (1) Procure or obtain;
- (2) Extend or renew a contract to procure or obtain; or
- (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115–232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
 - (iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

In implementing the prohibition under Public Law 115–232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.

State of West Virginia Purchasing Division	Vendor Name:

Title: Buyer Supervisor	Title: Bid Manager
Date:	Date:11/18/2025

EXHIBIT A To: REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS (2 C.F.R. § 200.317):

W. Va. CSR § 148-1-5

West Virginia Code of State Rules

Title 148. Department of Administration

Legislative Rule (Ser. 1)

Series 1. Purchasing

W. Va. Code St. R. § 148-1-5 § 148-1-5. Remedies.

- 5.1. The Director may require that the spending unit attempt to resolve any issues that it may have with the vendor prior to pursuing a remedy contained herein. The spending unit must document any resolution efforts and provide copies of those documents to the Purchasing Division.
- 5.2. Contract Cancellation.
- 5.2.1. Cancellation. The Director may cancel a purchase or contract immediately under any one of the following conditions including, but not limited to:
 - 5.2.1.a. The vendor agrees to the cancellation;
 - 5.2.1.b. The vendor has obtained the contract by fraud, collusion, conspiracy, or is in conflict with any statutory or constitutional provision of the State of West Virginia;
 - 5.2.1.c. Failure to honor any contractual term or condition or to honor standard commercial practices;
 - 5.2.1.d. The existence of an organizational conflict of interest is identified;
 - 5.2.1.e. Funds are not appropriated or an appropriation is discontinued by the legislature for the acquisition;
 - 5.2.1.f. Violation of any federal, state, or local law, regulation, or ordinance, and
 - 5.2.1.g. The contract was awarded in error.
- 5.2.2. The Director may cancel a purchase or contract for any reason or no reason, upon providing

the vendor with 30 days' notice of the cancellation.

- 5.2.3. Opportunity to Cure. In the event that a vendor fails to honor any contractual term or condition, or violates any provision of federal, state, or local law, regulation, or ordinance, the Director may request that the vendor remedy the contract breach or legal violation within a time frame the Director determines to be appropriate. If the vendor fails to remedy the contract breach or legal violation or the Director determines, at his or her sole discretion, that such a request is unlikely to yield a satisfactory result, then he or she may cancel immediately without providing the vendor an opportunity to perform a remedy.
- 5.2.4. Re-Award. The Director may award the cancelled contract to the next lowest responsible bidder (or next highest scoring bidder if best value procurement) without a subsequent solicitation if the following conditions are met:
 - 5.2.4.a. The next lowest responsible bidder (or next highest scoring bidder if best value procurement) is able to perform at the price contained in its original bid submission, and
 - 5.2.4.b. The contract is an open-end contract, a one-time purchase contract, or a contract for work which has not yet commenced.

Award to the next lowest responsible bidder (or next highest scoring bidder if best value procurement) will not be an option if the vendor's failure has in any way increased or significantly changed the scope of the original contract. The vendor failing to honor contractual and legal obligations is responsible for any increase in cost the state incurs as a result of the re-award.

- 5.3. Non-Responsible. If the Director believes that a vendor may be non-responsible, the Director may request that a vendor or spending unit provide evidence that the vendor either does or does not have the capability to fully perform the contract requirements, and the integrity and reliability necessary to assure good faith performance. If the Director determines that the vendor is non-responsible, the Director shall reject that vendor's bid and shall not award the contract to that vendor. A determination of non-responsibility must be evaluated on a case-by-case basis and can only be made after the vendor in question has submitted a bid. A determination of non-responsibility will only extend to the contract for which the vendor has submitted a bid and does not operate as a bar against submitting future bids.
- 5.4. Suspension.
- 5.4.1. The Director may suspend, for a period not to exceed 1 year, the right of a vendor to bid on

procurements issued by the Purchasing Division or any state spending unit under its authority if:

- 5.4.1.a. The vendor has submitted a bid and then requested that its bid be withdrawn after bids have been publicly opened.
- 5.4.1.b. The vendor has exhibited poor performance in fulfilling his or her contractual obligations to the State. Poor performance includes, but is not limited to any of the following: violations of law, regulation, or ordinance; failure to deliver timely; failure to deliver quantities ordered; poor performance reports; or failure to deliver commodities, services, or printing at the quality level required by the contract.
- 5.4.1.c. The vendor has breached a contract issued by the Purchasing Division or any state spending unit under its authority and refuses to remedy that breach.
- 5.4.1.d. The vendor's actions have given rise to one or more of the grounds for debarment listed in W. Va. Code § 5A-3-33d.
- 5.4.2. Vendor suspension for the reasons listed in section 5.4 above shall occur as follows:
 - 5.4.2.a. Upon a determination by the Director that a suspension is warranted, the Director will serve a notice of suspension to the vendor.
 - 5.4.2.b. A notice of suspension must inform the vendor:
 - 5.4.2.b.1. Of the grounds for the suspension;
 - 5.4.2.b.2. Of the duration of the suspension;
 - 5.4.2.b.3. Of the right to request a hearing contesting the suspension;
 - 5.4.2.b.4. That a request for a hearing must be served on the Director no later than 5 working days of the vendor's receipt of the notice of suspension;
 - 5.4.2.b.5. That the vendor's failure to request a hearing no later than 5 working days of

the receipt of the notice of suspension will be deemed a waiver of the right to a hearing and result in the automatic enforcement of the suspension without further notice or an opportunity to respond; and

- 5.4.2.b.6. That a request for a hearing must include an explanation of why the vendor believes the Director's asserted grounds for suspension do not apply and why the vendor should not be suspended.
- 5.4.2.c. A vendor's failure to serve a request for hearing on the Director no later than 5 working days of the vendor's receipt of the notice of suspension will be deemed a waiver of the right to a hearing and may result in the automatic enforcement of the suspension without further notice or an opportunity to respond.
- 5.4.2.d. A vendor who files a timely request for hearing but nevertheless fails to provide an explanation of why the asserted grounds for suspension are inapplicable or should not result in a suspension, may result in a denial of the vendor's hearing request.
- 5.4.2.e. Within 5 working days of receiving the vendor's request for a hearing, the Director will serve on the vendor a notice of hearing that includes the date, time and place of the hearing.
- 5.4.2.f. The hearing will be recorded and an official record prepared. Within 10 working days of the conclusion of the hearing, the Director will issue and serve on the vendor, a written decision either confirming or reversing the suspension.
- 5.4.3. A vendor may appeal a decision of the Director to the Secretary of the Department of Administration. The appeal must be in writing and served on the Secretary no later than 5 working days of receipt of the Director's decision.
- 5.4.4. The Secretary, or his or her designee, will schedule an appeal hearing and serve on the vendor, a notice of hearing that includes the date, time and place of the hearing. The appeal hearing will be recorded and an official record prepared. Within 10 working days of the conclusion of the appeal hearing, the Secretary will issue and serve on the vendor a written decision either confirming or reversing the suspension.
- 5.4.5. Any notice or service related to suspension actions or proceedings must be provided by certified mail, return receipt requested.

- 5.5. Vendor Debarment. The Director may debar a vendor on the basis of one or more of the grounds for debarment contained in W. Va. Code § 5A-3-33d or if the vendor has been declared ineligible to participate in procurement related activities under federal laws and regulation.
- 5.5.1. Debarment proceedings shall be conducted in accordance with W. Va. Code § 5A-3-33e and these rules. A vendor that has received notice of the proposed debarment by certified mail, return receipt requested, must respond to the proposed debarment within 30 working days after receipt of notice or the debarment will be instituted without further notice. A vendor is deemed to have received notice, notwithstanding the vendor's failure to accept the certified mail, if the letter is addressed to the vendor at its last known address. After considering the matter and reaching a decision, the Director shall notify the vendor of his or her decision by certified mail, return receipt requested.
- 5.5.2. Any vendor, other than a vendor prohibited from participating in federal procurement, undergoing debarment proceedings is permitted to continue participating in the state's procurement process until a final debarment decision has been reached. Any contract that a debarred vendor obtains prior to a final debarment decision shall remain in effect for the current term, but may not be extended or renewed. Notwithstanding the foregoing, the Director may cancel a contract held by a debarred vendor if the Director determines, in his or her sole discretion, that doing so is in the best interest of the State. A vendor prohibited from participating in federal procurement will not be permitted to participate in the state's procurement process during debarment proceedings.
- 5.5.3. If the Director's final debarment decision is that debarment is warranted and notice of the final debarment decision is mailed, the Purchasing Division shall reject any bid submitted by the debarred vendor, including any bid submitted prior to the final debarment decision if that bid has not yet been accepted and a contract consummated.
- 5.5.4. Pursuant to W.Va. Code § 5A-3-33e(e), the length of the debarment period will be specified in the debarment decision and will be for a period of time that the Director finds necessary and proper to protect the public from an irresponsible vendor.
- 5.5.5. List of Debarred Vendors. The Director shall maintain and publicly post a list of debarred vendors on the Purchasing Division's website.
- 5.5.6. Related Party Debarment. The Director may pursue debarment of a related party at the same time that debarment of the original vendor is proceeding or at any time thereafter that the Director determines a related party debarment is warranted. Any entity that fails to provide the Director with full, complete, and accurate information requested by the Director to determine related party

status will be presumed to be a related party subject to debarment.

5.6. Damages.

- 5.6.1. A vendor who fails to perform as required under a contract shall be liable for actual damages and costs incurred by the state.
- 5.6.2. If any commodities delivered under a contract have been used or consumed by a spending unit and on testing the commodities are found not to comply with specifications, no payment may be approved by the Spending Unit for the merchandise until the amount of actual damages incurred has been determined.
- 5.6.3. The Spending Unit shall seek to collect damages by following the procedures established by the Office of the Attorney General for the collection of delinquent obligations.

Clarifications to Specifications

CRFQ 0212 SWC2600000003 (SBUS26)

Specification:

- <u>Document:</u> Attachment A Policy 4336 WV Minimum Requirements for Design and Equipment of School Buses
- Page #: 13
- Section: 2.22.g.
- <u>Text:</u> "The last seat on the left shall not exceed 30 inches in width so as not to block the rear emergency door."

Clarification:

The Trans Tech SST Type A School Bus, in both the 30P and 24P configurations, feature 39" seats which do not block the rear emergency exit door in compliance with the Federal Motor Vehicle Safety Standards (FMVSS) No. 217; Bus emergency exits and window retention and release, S5.4.2.1, (a), (1):

"In the case of a rear emergency exit door, an opening large enough to permit unobstructed passage into the bus of a rectangular parallelepiped 1,145 millimeters (45 inches) high, 610 millimeters (24 inches) wide, and 305 millimeters (12 inches) deep, keeping the 1,145 millimeter (45 inch) dimension vertical, the 610 (24 inch) millimeter dimension parallel to the opening, and the lower surface in contact with the floor of the bus at all times, until the bottom edge of the rearmost surface of the parallelepiped is tangent to the plane of the door opening . . . "

In other words, school bus rear emergency exits must provide a clear opening capable of allowing a specific rectangular parallelepiped (box) of 12"x24"x45" to allow passage.

The two layouts included in this RFQ response (relevant areas pictured below) have the clear area box of 12"x24"x45" even if the last left seat is 39". A 30" seat can be provided upon request, but the capacity on the 24-passenger configuration would be reduced to 23 passengers, and the capacity on the 30-passenger configuration would be reduced to 29 passengers.

I, Kris Warner, Secretary of State of the State of West Virginia, hereby certify that

MODEL 1 COMMERCIAL VEHICLES, INC.

a corporation formed under the laws of Indiana filed an application to be registered as a foreign corporation authorizing it to transact business in West Virginia. The application was found to conform to law and a "Certificate of Authority" was issued by the West Virginia Secretary of State on December 28, 2022.

I further certify that the corporation has not been revoked by the State of West Virginia nor has a Certificate of Withdrawal been issued to the corporation by the West Virginia Secretary of State.

Accordingly, I hereby issue this Certificate of Authorization

CERTIFICATE OF AUTHORIZATION

Validation ID:3WV15 CS9MH

Given under my hand and the Great Seal of the State of West Virginia on this day of

October 31, 2025

Secretary of State

May 22, 2023

Re: Notice of Name Change and Headquarters Address Change

To whom it may concern:

Effective June 13, 2023, Creative Bus Sales, Inc. will be changing its name to **Model 1 Commercial Vehicles, Inc.**

This change was made with great intentionality and vision from our leadership team. The name change was necessary to address our expansion into additional service and product lines while also demonstrating how we want to move into the future. We faced a reality that our company name, Creative Bus Sales, had become too limiting. We were already more than buses and more than sales. We will expand even further than bus sales by leading the industry in electric vehicles and commercial alternative fuel applications. The update to Model 1 Commercial Vehicles reflects both our business strategy and the go-first mindset we bring to the industry.

Our Federal Employment Identification Number and tax status as an Indiana S Corporation are not changing. Model 1 Commercial Vehicles remains a family-owned company and looks forward to serving our customers for many years to come.

Additionally, on July 1, 2023, our Indianapolis headquarters will be moving to allow for continued expansion. Our new Indianapolis address will be:

9225 Priority Way West Drive Suite 300 Indianapolis, IN 46240

If you have any questions, please contact compliance@creativebussales.com.

Sincerely,

Tony Matijevich

President

STATE OF WEST VIRGINIA State Tax Department, Taxpayer Services Division P.O. Box 3784 Charleston, WV 25337-3784

Matthew R. Irby, State Tax Commissioner

RE: Business Registration Certificate

The West Virginia State Tax Department would like to thank you for registering your business. Enclosed is your Business Registration Certificate. This certificate shall be permanent until cessation of business or until suspended, revoked or cancelled. Changes m name, ownership or location are considered a cessation of business; a new Business Registration Certificate and applicable fees are required. Please review the certificate for accuracy.

This certificate must be prominently displayed at the location for which issued. Engaging in business without conspicuously posting a West Virginia Business Registration Certificate in the place of business is a crime and may subject you to fines per W.Va. Code § 11-9.

When contacting the State Tax Department, refer to the appropriate account number listed on the back of this page. The taxes listed may not be all the taxes for which you are responsible. Account numbers for taxes are printed on the tax returns mailed by the State Tax Department. Failure to timely file tax returns may result in penalties for late filing.

Should the nature of your business activity or business ownership change, your liability for these and other taxes will change accordingly.

To learn more about these taxes and the services offered by the West Virginia State Tax Department, visit our web site at www.tax.wv.gov.

Enclosure

atL006 v.19

WEST VIRGINIA STATE TAX DEPARTMENT BUSINESS REGISTRATION CERTIFICATE

ISSUED TO:

MODEL 1 COMMERCIAL VEHICLES, INC. 9225 PRIORITY WAY WEST DR 300 INDIANAPOLIS, IN 46240-1575

BUSINESS REGISTRATION ACCOUNT NUMBER:

2441-1653

This certificate is issued on:

10/31/2023

This certificate is issued by the West Virginia State Tax Commissioner in accordance with Chapter 11, Article 12, of the West Virginia Code.

The person or organization identified on this certificate is registered to conduct business in the State of West Virginia at the location above.

This certificate is not transferrable and must be displayed at the location for which issued. This certificate shall be permanent until cessation of the business for which the certificate of registration was granted or until it is suspended, revoked or cancelled by the Tax Commissioner.

Change in name or change of location shall be considered a cessation of the business and a new certificate shall be required.

TRAVELING/STREET VENDORS: Must carry a copy of this certificate in every vehicle operated by them. CONTRACTORS, DRILLING OPERATORS, TIMBER/LOGGING OPERATIONS: Must have a copy of this certificate displayed at every job site within West Virginia.

Chevrolet's Commitment

Chevrolet is committed to ensuring an excellent ownership experience with your new vehicle.

Your dealer also wants you to be completely satisfied and invites you to return for all your service needs, both during and after the warranty period.

Owner Assistance

The dealer is best equipped to provide all your vehicle's service needs. Should you ever encounter a problem that is not resolved during or after the warranty period, talk to a member of dealer management. Under certain circumstances, Chevrolet and/or Chevrolet dealers may provide assistance after the limited warranty period has expired when the problem results from a defect in material or workmanship. These instances will be reviewed on a case-by-case basis. If the issue has not been resolved to your satisfaction, follow the Customer Satisfaction Procedure

24.

Chevrolet's Participation in an Alternative Dispute Resolution Program

See Customer Satisfaction Procedure ⇒ 24 for information on the voluntary, non-binding Alternative Dispute Resolution Program in which Chevrolet participates.

Chevrolet Protection Plan

Many owners seek to enhance their vehicle ownership experience by purchasing an optional service contract. From Protection Plans to Pre-Paid Maintenance Plans, Chevrolet offers various protection products in different levels of coverage to suit your driving needs.

See your dealer for details on how you can protect your new Chevrolet vehicle and have the peace of mind that comes with knowing you'll have coverage with the same name as the brand you trust.

Owner Name/Address Change

Chevrolet encourages all owners to report, at their earliest convenience, a change in name or address by calling the Customer

Assistance Center. If you are a subsequent owner, please be sure to advise us by calling the number above. You may also visit the dealer of your choice to report a change in vehicle ownership. Current owner name and address is essential in order to provide timely notification of important information related to the vehicle.

Thank you for choosing Chevrolet.

Warranty Coverage at a Glance

The warranty coverages on your vehicle are summarized below. Please read the warranty information that follows for complete details.

New Vehicle Limited Warranty

Emission Control System Warranty

What Is Covered

Chevrolet will provide for repairs to the vehicle during the warranty period in accordance with the following terms and conditions including, but not limited to, all limitations listed under "What Is Not Covered" later in this section.

Warranty Applies

This warranty is for Chevrolet vehicles originally sold, registered, and normally operated in the United States and is provided to the original owner and any subsequent owners of the vehicle during the warranty period.

For Corvette Z06 and E-Ray only: coverage will be voided if ownership of the vehicle is transferred from the original owner within the first six months after delivery.

Repairs Covered

This warranty covers repairs to correct any vehicle defect related to materials or workmanship occurring during the warranty period, excluding slight noise, vibrations, or other normal characteristics of the vehicle. Needed repairs will be performed using new, remanufactured, or refurbished parts.

No Charge

Warranty repairs, including towing, parts, and labor, will be made at no charge.

Obtaining Repairs

To obtain warranty repairs, take the vehicle to an authorized Chevrolet dealership within the warranty period and request the needed repairs. Reasonable time must be allowed for the dealer to perform necessary repairs.

Warranty Period

The warranty period for all coverages begins on the date the vehicle is first delivered or put in use and ends at the expiration of the applicable coverage period.

Bumper-to-Bumper Coverage

The complete vehicle is covered for 3 years or 36,000 miles, whichever comes first, except for other coverages listed here under "What Is Covered" and those items listed under "What Is Not Covered" later in this section.

Powertrain Component Coverage

Powertrain components are covered for 5 years or 60,000 miles, whichever comes first.

Silverado TurboMax™ engines, 3.0L & 6.0L Duramax® Turbo-Diesel engines, and certain commercial, government, and qualifying fleet vehicles are covered for 5 years or 100,000 miles. whichever comes first.

Gasoline engine coverage includes: Cylinder block and heads and all internally lubricated parts, timing gears, timing chain/belt and cover, valve covers, oil pump assembly, oil pan, engine oil cooling hoses and lines, seals, gaskets, manifolds, flywheel, water pump, engine mount, turbocharger and supercharger, actuators, and electrical components internal to the engine. Coverage on the engine cooling system begins at the inlet to the water pump and ends with the thermostat housing and/or outlet that attaches to the return hose.

Exclusions: Excluded from the powertrain component coverage are sensors, wiring, connectors, engine radiator, coolant hoses, coolant, heater core, starter motor, entire pressurized fuel system (in-tank fuel pump, pressure lines, fuel rail(s), regulator, injectors, and return line).

Diesel engine coverage includes: C ylinder block and heads and all interpally lubricated parts, intake and exhaust manifolds, timing gears, timing chain/belt and cover, flywheel, valve covers, oil pump assembly, oil pan, water pump, fuel pump, engine mounts, seals, and gaskets. Parts of the Emissions Reduction System such as the emissions reduction fluid tank, injectors, sensors including NOx and exhaust, and the Exhaust Particulate Filter. Glow Plug Control System: Control/glow plug assembly, glow plugs, cold advance relay, and engine control module. The fuel injection control module, integral oil cooler, transmission adapter plate, common fuel rails, fuel filter assembly, fuel temperature sensor.

Excluded from gasoline and diesel engine coverage are sensors, wiring, connectors, engine radiator, coolant hoses, coolant, heater core, starter motor, entire pressurized fuel system (in-tank fuel pump, pressure lines, fuel rail(s), regulator, injectors, and return line).

Transmission/transaxle coverage includes: All internally lubricated parts, case, torque converter, mounts, seals, and gaskets as well as any electrical components internal to the transmission/ transaxle. Also covered are any actuators directly connected to the transmission (slave cylinder, etc.).

Exclusions: Excluded from coverage are transmission cooling lines, hoses, radiator, sensors, wiring, electrical connectors, clutch and pressure plate.

Transfer case coverage includes: All internally lubricated parts, case, mounts, seals, and gaskets as well as any electrical components internal to the transfer case. Also covered are any actuators directly connected to the transfer case as well as encoder motor.

Exclusions: Excluded from coverage are transfer case cooling lines, hoses, radiator, sensors, wiring, and electrical connectors as well as the transfer case control module and/or module programming.

Drive systems coverage includes: All internally lubricated parts, final drive housings, axle shafts and bearings, constant velocity joints, propeller shafts, universal joints, all mounts, supports, seals, and gaskets, any electrical components internal to the drive axle, and any actuators directly connected to the drive axle (e.g., front differential actuator).

Exclusions: Excluded from coverage are all wheel bearings, drive wheel front and rear hub bearings, locking hubs, drive system cooling, lines, hoses, radiator, sensors, wiring,

electrical connectors related to drive systems, and drive system control module and/or module programming.

Important: Some of these components may also be covered by the Emissions Warranty. See Emissions Warranty Parts list.

Hybrid Vehicle Propulsion Battery Coverage

The propulsion battery pack and its internal components are covered for 8 years or 100,000 miles, whichever comes first.

Like all batteries, the amount of energy that the high voltage propulsion battery can store will decrease with time and miles driven. Gradual capacity loss is expected and not covered under your vehicle's warranty.

Propulsion Battery Service

Chevrolet has a network of certified dealers who are trained to perform repairs on electric vehicle battery packs. If the propulsion battery requires service due to a defect in materials or workmanship, Chevrolet will either repair or replace the propulsion battery with new or refurbished components at Chevrolet's discretion.

Restraint System Coverage

The seatbelt and airbag system are covered for 6 years or 72,000 miles, whichever comes first.

Sheet Metal Coverage

Surface Corrosion: Body sheet metal panels are covered against rust for 3 years or 36,000 miles, whichever comes first.

Rust-Through Corrosion: Body sheet metal panels that rust-through, developing an actual hole in the sheet metal, are covered for 6 years or 100,000 miles, whichever comes first.

Cosmetic or surface corrosion resulting from stone chips, dents or scratches in the paint, or failure to repair paint damaged by stone chips, dents or scratches in the paint is not included in sheet metal coverage.

Chemical Paint Spotting

Some weather and atmospheric conditions can create a chemical fallout. Airborne pollutants can fall upon and adhere to painted surfaces of your vehicle. This damage can take two forms: blotchy, ring-shaped discolorations and small irregular dark spots etched into the paint surface.

Although no defect in the factory applied paint causes this, Chevrolet will repair the painted surfaces of new vehicles damaged by this fallout condition within 12 months or 12,000 miles, whichever comes first.

Noise Emissions Coverage

For Light Duty Trucks weighing over 10,000 lbs. based on the Gross Vehicle Weight Rating (GVWR) only: at the time the vehicle left Chevrolet's control, it was designed, built, and equipped to conform with all applicable United States EPA Noise Control Regulations.

Defects in design, assembly, or in any part, component, or vehicle system that causes noise emissions to exceed Federal Standards are covered for the life of the vehicle.

Damage Caused by Over-the-Air Software Updates

If an Over-the-Air software update causes damage to the vehicle, that damage will be covered for the applicable warranty coverage period.

Tire Coverage

The tires supplied with your vehicle are covered under Bumper-to-Bumper coverage. Wear-out is not considered a defect and may occur before the coverage period ends. In this case, the owner is responsible to purchase replacement tires or seek coverage solely from the tire manufacturer. For vehicles within Bumper-to-Bumper coverage, defective tires will be replaced on a prorated adjustment basis according to the following mileage-based schedule:

Chevro	let Tire	Pro-Rate	Charl

Mileage (mi)	Percent Covered by Chevrolet (Tire Cost)	Percent Covered by Chevrolet (Labor — Mount/Balance)
0-12,000	100%	100%
12,001-15,000	60%	100%
15,001-20,000	50%	100%
20,001-25,000	40%	100%
25,001-30,000	30%	100%
30,001-36,000	20%	100%
36,000 +	0%	0%

This schedule applies to the price of the tires only. Chevrolet will cover 100% of the cost to mount and balance the tires replaced under warranty for the full Bumperto-Bumper coverage period.

Tire Companies

After your Bumper-to-Bumper coverage expires, you may still have prorated warranty coverage on your original equipment tires by the tire manufacturer. Contact your dealer or the tire manufacturer of the brand of tires on your vehicle for more information. The following is a list of current tire manufacturer's websites and toll-free customer assistance numbers. If you need further assistance or have questions, contact the Customer Assistance Center.

Company	Website	Toll-Free Number
	www.bridgestonetire.com	
Bridgestone/Firestone	www.firestonetire.com	1-800-847-3272
Continental/General	www.generaltire.com www.continentaltire.com	1-800-847-3349
Goodyear	www.goodyeartires.com	1-800-321-2136
Michelin/BF Goodrich	www.michelinman.com	1-866-866-6605

Hankook	www.hankooktire.com	1-800-426-5665
Kumho	www.kumhotire.com	1-800-445-8646
Maxxis	www.maxxis.com	1-866-509-7067

The tire manufacturer's limited warranty program is in lieu of all other remedies or warranties, expressed or implied, arising by law or otherwise, including fitness for a particular purpose or merchantability. The tire manufacturers expressly disclaim liability for indirect, special, incidental, or consequential damages, lost profit, loss of

business, loss of goodwill, loss of reputation, punitive or any other damage, cost, or loss of any kind.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to you.

Accessory Coverages

Most GM-approved accessories sold and permanently installed on a GM vehicle by a GM dealer or GM approved Accessory Distributor/Installer (ADI) prior to delivery will be covered under the applicable portion of the New Vehicle Limited Warranty. In the event GM accessories are installed after vehicle delivery or are replaced under

warranty, parts and labor will be covered for the balance of the applicable portion of the New Vehicle Limited Warranty, but in no event less than 12 months/unlimited miles.

GM accessories sold over the counter and those not requiring installation will receive the standard GM Accessories Warranty for 12 months from the date of purchase, parts only.

GM Licensed and Integrated Business Partner (IBP) Accessories are covered under the accessory-specific manufacturer's warranty and are not warranted by GM or its dealers.

Caution

This warranty excludes:

Any communications device that becomes unusable or unable to function as intended due to unavailability of compatible wireless service or GPS satellite signals.

Maintenance

All vehicles require periodic maintenance.
Maintenance services, such as those detailed in the Owner's Manual, are the owner's expense. Items such as the following are covered by the New Vehicle Limited

Warranty for up to 7,500 miles; replacement after is considered maintenance and is not covered

- Audio System Cleaning
- Brake Pads/Linings
- Coolants and Fluids
- Filters
- Rear Axle Service
- Tire Rotation
- Wheel Alignment/Balance
- Wiper Inserts/Blades

Keyless Entry batteries (and other remote transmitter/receiver batteries) are covered for up to 12 months only; replacement after 12 months is considered maintenance and is not covered.

Windshield cracks are covered for the first 12 months, regardless of mileage, if caused by a defect in material or workmanship.

What Is Not Covered

Tire and Wheel Damage or Wear

Normal tire wear or wear-out is not covered. Tire wear is influenced bu many variables such as road conditions, driving stules, vehicle weight, and tire construction. Uniform tire wear is a normal condition and is not considered a defect Road hazard damage such as punctures, cuts, snags, and breaks resulting from pothole impact, curb impact, or from other objects is not covered. Tire wear due to misalianment beyond the warrantu period is not covered. Also, damage from improper inflation, overloading, spinning (as when stuck in mud or snow), tire chains, racing, improper mounting or dismounting, misuse, negligence, alteration, improper repair, accident, collision, fire, vandalism, or misapplication is not covered. Damage to wheels or tire sidewalls caused by automatic car washes or cleaning agents is not covered.

Damage Due to Bedliners

Owners of trucks with a bedliner, whether after-market or factory installed, should expect that with normal operation the bedliner will move. This movement may

cause finish damage. Therefore, any damage caused by the bedliner is not covered under the terms of the New Vehicle Limited Warranty.

The factory spray-in bedliner (RPO CGN) is not covered for a loss of shine and luster or fading. Refer to the Owner's Manual for more information on spray-in bedliner maintenance.

Damage Due to Accident, Misuse, Impact, or Alteration

The New Vehicle Limited Warranty does not cover damage caused as the result of any of the following:

- Collision, fire, theft, freezing, vandalism, riot, explosion, or objects striking the vehicle
- Misuse of the vehicle such as spinning the wheels, driving over curbs, overloading, racing or other competition
- Lights, lenses, mirrors, paint, grille, moldings, and trim with cracks, chips, scratches, dents, dings, punctures, or tears due to impact with objects or road hazards

- Windshield or glass cracks, chips, or scratches due to impact
- Cracks, chips, scratches, or other damage to the face of a radio or instrument cluster from impact or foreign objects
- Installation of non-GM parts
- Water or fluid contamination
- Alteration, modification, or tampering to the vehicle, including, but not limited to the body, chassis, driveline, software, or other components after final assembly
- Alteration of glass parts by application of tinting films
- Coverages do not apply if the odometer has been disconnected, its reading has been altered, or mileage cannot be determined

Important: This warranty is void on vehicles currently or previously titled as salvaged, scrapped, junked, or otherwise considered a total loss.

Damage or Corrosion Due to Environment, Chemical Treatments, or Aftermarket Products

Damage caused by airborne fallout, rail dust, salt from sea air, salt or other materials used to control road conditions, chemicals, tree sap, insects, stones, hail, earthquakes, water or floods, windstorms, lightning, and other environmental conditions are not covered. The application of chemicals or sealants subsequent to manufacture, etc., is not covered. See Chemical Paint Spotting under What is Covered section.

Your vehicle was designed and built to resist corrosion. Application of additional rust-inhibiting materials is neither necessary nor required. Chevrolet makes no recommendations concerning the usefulness or value of such products.

Application of after-manufacture rustproofing products may create an environment which reduces the corrosion resistance built into your vehicle. Repairs to correct damage caused by such applications are not covered.

Damage Due to Insufficient or Improper Maintenance

Damage caused by failure to follow the recommended maintenance schedule intervals and/or failure to use or maintain proper fluids, lubricants, or refrigerants between maintenance intervals recommended in the Owner's Manual is not covered. Vehicle lubrication, cleaning, or polishing is not covered. Failure of or damage to components requiring replacement or repair due to vehicle use, wear, exposure, or lack of maintenance is not covered.

Damage Due to Contaminated, Improper, or Poor Quality Fuel

Poor fuel quality or incorrect fuel may cause driveability problems such as hesitation, lack of power, stalling, or failure to start. They may also degrade functionality of critical exhaust emissions components such as spark plugs, oxygen sensors, and the catalytic converter. Damage from poor fuel quality, water contamination, or if the vehicle requires premium fuel, operating the vehicle on gasoline with a Pump Octane less than a 91 (R+M)/2, may not be covered.

Prohibited fuels are: Gasolines containing any methanol, MMT, an organometallic octane enhancing additive, and/or fuels containing more than 15% ethanol in non-Flex Fuel Vehicles (FFV).

Please refer to your Owner's Manual under "Fuel," for additional recommendations, including the use of TOP TIER Detergent Gasoline. Additional information can also be found at www.toptiergas.com.

Over-the-Air Software Updates

The owner is responsible for ensuring all Chevrolet provided Over-the-Air software updates are installed within 45 days of software availability to the vehicle. Damage resulting from failure to install Over-the-Air software updates is not covered.

Extra Expenses

Economic loss or extra expense is not covered. Examples include:

- Inconvenience
- Lodging, meals, or other travel costs
- Loss of vehicle use
- · Payment for loss of time or pay

- State or local taxes required on warranty repairs
- Storage

Original Equipment Alterations

This warranty does not cover any damage or failure resulting from modification or alteration to the vehicle's original equipment as manufactured or assembled by General Motors. Examples of the types of alterations that would not be covered include, but are not limited to, the cutting, welding or disconnecting of the vehicle's original equipment parts and components.

This warranty does not cover a rebuilt vehicle after it has suffered such extensive collision damage in an accident that it was written-off or deemed to be written-off, even if the rebuilt vehicle uses undamaged parts and components from the written-off vehicle.

Additionally, General Motors does not warrant non-GM parts, calibrations and/or software modifications. The use of parts, control module calibrations, software modifications, and/or any other alterations not issued through General Motors will void the warranty coverage fogthose components that are damaged or otherwise affected by

the installation of the non-GM part, control module calibration, software modification, and/or other alteration.

Recreation Vehicle and Special Body or Equipment Alterations

Installations or alterations to the Original Equipment (OE) vehicle or chassis as distributed by General Motors are not covered by this warranty. The special body company, assembler, equipment installer, or upfitter is solely responsible for warranties on the body or equipment and any alterations or any effect of the alterations to any of the parts, components, systems, or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials, or workmanship of any alterations by such suppliers. Examples include, but are not limited to, special body installation or conversions, such as recreational vehicles, the installation of a non-GM part, cutting, welding, or the disconnecting of original equipment vehicle or chassis parts and components, extension of wheelbase, suspension and driveline modifications, and axle additions.

Aftermarket Engine Performance Enhancement Products and Modifications

Some aftermarket engine performance products and modifications promise a way to increase the horsepower and torque levels of your vehicle's powertrain. You should be aware that these products mau have detrimental effects on the performance and life of the engine, exhaust emission system, transmission, and drivetrain. Engine power enhancement products may enable the engine to operate at horsepower and torque levels that could damage, create failure, or reduce the life of the engine, engine emission system, transmission, and drivetrain. Damage, failure, or reduced life of the engine, transmission, emission system, drivetrain, or other vehicle components caused by aftermarket engine performance enhancement products or modifications may not be covered under your vehicle warranty.

Third-Party Externally Connected Electrical Products

This warranty does not apply to hardware or software of a third-party device that is connected to the vehicle or its components, even if integrated or delivered with the vehicle. Chevrolet is not responsible for

the quality or accuracy of any information or service accessed through or from any third-party device or platform. Software distributed by Chevrolet inside or outside the vehicle (including, but not limited to system software or applications) is not covered by this warranty. Chevrolet does not warrant that connections to, from or through the vehicle will be uninterrupted or error-free. Also, the user should back-up their data and information frequently. Chevrolet is not responsible for any loss or damage to data or information made available in connection with the use of the vehicle

In addition, this warranty does not apply:
(a) to consumable parts that are designed to diminish over time, unless failure has occurred due to a defect in materials or workmanship; (b) to damage caused by use with another product or service; (c) to damage caused by a third party device or service (including upgrades and expansions), or (d) to obsolescence or lack of utility due to incompatibility with future versions of external hardware or software, including, but not limited to mobile devices.

Vehicle Operation and Care

Considering the investment you have made in your vehicle, we know you will want to operate and maintain it properly. We urge you to follow the maintenance instructions in your Owner's Manual.

If you have questions on how to keep your vehicle in good working condition, see your dealer, the place many customers choose to have their maintenance work done. You can rely on your dealer to use the proper parts and repair practices.

Pre-Delivery Service

Defects in or damage to the mechanical, electrical, sheet metal, paint, trim, upholstery, appearance items and other components of your vehicle may occur at the factory or while it is being transported to the dealership. Normally, any defect or damage occurring during assembly is detected and corrected at the factory during the inspection process. In addition, dealerships are obligated to inspect each vehicle before delivery and repair uncorrected factory defects and transit damage detected before the vehicle is delivered.

Any defects still present at the time the vehicle is delivered to you are covered by the warranty. If you find any defects, advise your dealer without delay. For further details concerning any repairs the dealer may have made prior to you taking delivery of your vehicle, ask your dealer.

Warranty Service

The selling dealer has invested in the proper tools, training, and parts inventory to ensure that any necessary warranty repairs can be made to your vehicle. Chevrolet requests that the vehicle be returned to the selling dealer for all warranty repairs. If a situation or event occurs where you are significantly inconvenienced, an authorized Chevrolet dealer can make the warranty repairs. In the event the dealer is not able to perform the repair due to the special tool and training requirements, contact the Customer Assistance Offices.

Maintenance and Warranty Service Records

Retain receipts covering performance of regular maintenance. Receipts can be especially important if a question arises as to whether a malfunction is caused by lack of maintenance or a defect in material or workmanship. These receipts and records should be transferred to each subsequent owner of this yehicle

A "Maintenance Record" is provided in the maintenance schedule section of the Owner's Manual for recording services performed.

The servicing dealer should provide a copy of any warranty repairs for your records.

Production Changes

Chevrolet and Chevrolet dealers reserve the right to make changes in vehicles built and/or sold by them at any time without incurring any obligation to make the same or similar changes on vehicles previously built and/or sold by them.

State Warranty Enforcement Laws

Laws in many states permit owners to obtain a replacement vehicle or a refund of the purchase price under certain circumstances. The provisions of these laws vary from state to state. To the extent allowed by state law, Chevrolet requires that you first provide written notification of any service difficulty you have experienced so that we have an opportunity to make any needed repairs before you are eligible for the remedies provided by these laws. The address for written notification is in *Customer Assistance Offices* ▷ 26.

Warranty Information for California Only

California Civil Code Section 1793.2(d) requires that if GM or its representatives are unable to repair a new motor vehicle to conform to the vehicle's applicable express warranties after a reasonable number of attempts, GM shall either replace the new motor vehicle or reimburse the buyer the amount paid or payable by the buyer. California Civil Code Section 1793.22(b) creates a presumption that GM has had a reasonable number of attempts

to conform the vehicle to its applicable express warranties if, within 18 months from delivery to the buyer or 18,000 miles on the vehicle's odometer, whichever occurs first, one or more of the following occurs:

- The same nonconformity results in a condition that is likely to cause death or serious bodily injury if the vehicle is driven AND the nonconformity has been subject to repair two or more times by GM or its agents AND the buyer or lessee has directly notified GM of the need for the repair of the nonconformity.
- The same nonconformity has been subject to repair four or more times by GM or its agents AND the buyer has notified GM of the need for the repair of the nonconformity.
- The vehicle is out of service by reason of repair nonconformities by GM or its agents for a cumulative total of more than 30 calendar days after delivery of the vehicle to the buyer.

NOTICE TO GENERAL MOTORS AS REQUIRED ABOVE SHALL BE SENT TO THE FOLLOWING ADDRESS:

General Motors LLC P.O. Box 33170 Detroit. MI 48232-5170

When you make an inquiry, provide the VIN, year, model, and mileage of your vehicle.

Touring Owner Service – United States, Canada, and Mexico

If you are touring, visit any GM dealer handling your vehicle line in the United States, Canada, or Mexico for warranty service. Warrantable repairs will be completed at no charge to you. You may be required to provide proof of current and former residency such as driver's license or vehicle ownership.

Touring Owner Service – Foreign Countries

If you are touring in a foreign country and repairs are needed, take your vehicle to the nearest GM dealer which sells and services Chevrolet vehicles. If a Chevrolet dealer cannot be located, significantly inconvenienced customers can take their vehicle to any GM dealer for Papairs.

Important: Repairs made necessary by the use of improper or dirty fuels and lubricants are not covered under the warranty. See your Owner's Manual for additional information on fuel requirements when operating in foreign countries.

Permanent Relocation

This warranty is for Chevrolet vehicles originally sold, registered, and normally operated in the United States. If you have permanently relocated and established household residency in another country, GM may authorize the performance of repairs based on the warranty coverage for vehicles generally sold by GM in that country. Contact an authorized GM dealer in your country for assistance.

Important: Warranty coverages may be void or subject to restrictions on vehicles that have been imported or exported for resale.

Warranty Coverage – Extensions

Time Extensions: The New Vehicle Limited Warranty will be extended one day for each day beyond the first 24 hour period in which your vehicle is at an authorized dealer facility

for warranty service. You may be asked to show the repair orders to verify the period of time the warranty is to be extended. Your extension rights may vary depending on state law.

Mileage Extensions: Prior to delivery, some mileage is put on your vehicle during testing at the assembly plant, during shipping, and while at the dealership. For eligible vehicles, this mileage will be added to the mileage limits of the warranty ensuring that you receive full benefit of the coverage.

Mileage extension eligibility:

- Applies only to new vehicles held exclusively in new vehicle inventory.
- Does not apply to used vehicles, GM-owned vehicles, dealer-owned used vehicles, or dealer demonstrator vehicles.
- Does not apply to vehicles with more than 1,000 miles on the odometer even though the vehicle may not have been registered for license plates.

Special Coverage Adjustment Programs Beyond the Warranty Period

Chevrolet is proud of the protection afforded by its warranty coverages. In order to achieve maximum customer satisfaction, there may be times when Chevrolet will establish a special coverage adjustment program to pay all or part of the cost of certain repairs not covered by the warranty or to reimburse certain repair expenses you may have incurred. Check with your dealer or call the Customer Assistance Center to determine whether any special coverage adjustment program is applicable to your vehicle.

When you make an inquiry, you will need to give the year, model, and mileage of your vehicle and your VIN.

Warranty Repairs – Component Exchanges

In the interest of customer satisfaction, Chevrolet may offer exchange service on some vehicle components. This service is intended to reduce the ansount of time your vehicle is not available for use due to

repairs. Components used in exchange are service replacement parts that may be new, remanufactured, or refurbished.

Remanufactured parts meet Chevrolet approved service parts requirements and are made from previously used components in a process that involves disassembly, inspection, cleaning, update of software and replacement parts as appropriate, testing and reassembly.

Refurbished parts meet Chevrolet approved service part requirements and are previously used parts that are inspected, cleaned, tested, and repackaged.

All exchange components used meet Chevrolet standards and are warranted the same as new components. Examples of the types of components that might be serviced in this fashion include transmission assemblies, instrument cluster assemblies, radios, compact disc players, and battery control modules.

Warranty Repairs – Recycled Materials

Environmental Protection Agency (EPA) guidelines and Chevrolet support the capture, purification, and reuse of automotive air conditioning refrigerant gases. As a result, any repairs made to your vehicle may involve the installation of purified reclaimed refrigerant and coolant.

Other Terms

This warranty gives you specific legal rights. You may also have rights which vary from state to state according to applicable legislation.

Punitive, exemplary, or multiple damages may not be recovered unless applicable law prohibits their disclaimer. You may not bring any warranty-related claim as a class representative, a private attorney general, a member of a class of claimants or in any other representative capacity.

Chevrolet does not authorize any person to create for it any other obligation or liability in connection with these vehicles. Any implied warranty of merchantability or fitness for

a particular purpose applicable to this vehicle is limited to the durations specified within this written warranty. The performance of repairs, provision of replacement parts, and needed adjustments is the exclusive remedu under this written warrantu or anu implied warranty. Chevrolet shall not be liable for incidental or consequential damages, such as, but not limited to, lost wages or vehicle rental expenses, resulting from breach of this written warranty or any implied warranty. Some states do not allow limitations on how long an implied warranty will last or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

How to Determine the Applicable Emissions Warranty

State and Federal agencies may require a different emission warranty coverage depending on:

- Whether the vehicle conforms to regulations applicable to light duty or heavy duty emission control systems.
- Whether the vehicle conforms to or is certified for California regulations in addition to U.S. EPA Federal regulations. All vehicles are eligible for Federal Emissions Control Warranty Coverage. The California Emission Control System Warranty section of this manual gives the requirements for that warranty.

Defects in material or workmanship in GM emission parts may also be covered under the New Vehicle Limited Warranty Bumperto-Bumper coverage. The warranty with the broadest coverage applies

Any authorized General Motors dealer will, as necessary under these warranties, replace, repair, or adjust to GM specifications any genuine GM parts that affect emissions. The applicable warranty period shall begin on the

date the vehicle is delivered to the first retail purchaser or, if the vehicle is first placed in service as a demonstrator or company vehicle prior to sale at retail, on the date the vehicle is placed in such service.

Federal Emission Control System Warranty

All vehicles are eligible for Federal Emission Control System Warranty. This warranty is issued in accordance with the U.S. Federal Clean Air Act. The Emission related parts covered under the Federal Warranty are listed under the Emission Warranty Parts List.

Federal Emissions Warranty Coverage

For Passenger Car or Light Duty Truck with a Gross Vehicle Weight Rating (GVWR) of 8.500 lbs. or less

- 2 years or 24,000 miles, whichever comes first for Emissions related parts
- 8 years or 80,000 miles, whichever comes first for Emissions select components; catalytic converters, engine control module, transmission control module and other diagnostic emissions criticalelectronic control units.

For Heavy Duty Vehicles with a Gross Vehicle Weight Rating (GVWR) greater than 8,500 lbs

 5 years or 50,000 miles, whichever comes first for Emissions related parts

Federal Emission Defect Warranty

GM warrants to the owner the following:

- The vehicle was designed, equipped and built to conform at the time of sale with applicable regulations of the U.S. Federal Environmental Protection Agency (EPA).
- The vehicle is free from emissions defects in materials and workmanship which cause the vehicle to fail to conform to those regulations during the emission warranty period.
- Emission-related defects in the genuine GM parts listed under the Emission Warranty Parts List, including related diagnostic costs, parts, and labor are covered by this warranty.

Federal Emission Performance Warranty

Some states and/or local jurisdictions have established periodic vehicle Inspection and Maintenance (I/M) programs to encourage proper maintenance of your vehicle. If an EPA approved I/M program is enforced in your area, you may also be eligible for Emission Performance Warranty coverage when all three of the following conditions are met:

- The vehicle has been maintained and operated in accordance with the instructions for proper maintenance and use set forth in the Owner's Manual supplied with your vehicle.
- 2. The vehicle fails an EPA-approved I/M test during the emission warranty period.
- 3. The failure results, or will result, in the owner of the vehicle having to bear a penalty or other sanctions, including the denial of the right to use the vehicle, under local, state, or Federal law. GM warrants that your dealer will replace, repair, or adjust to GM specifications, at no charge to you, any of the parts listed under the Emission Warranty Parts List

 ⇒ 20 which may be necessary to conform to the applicable emission standards. Non-GM parts labeled "Certified to EPA Standards" are covered by the Federal Emission Performance Warranty.

California Emission Control System Warranty

This section outlines the emission warranty that GM provides for your vehicle is in accordance with the California Air Resources Board. This coverage is in addition to the Federal Emission Warranty. The Emission related parts covered under the California Warranty are listed under the Emission Warranty Parts List.

California Emissions Warranty Requirements

This warranty applies if your vehicle meets both of the following requirements:

- Your vehicle is registered in California or other state adopting California emission and warranty regulations. These states include Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, and Washington.
- Your vehicle is certified for sale in California as indicated on the vehicle's emission control information label.

Your Rights and Obligations (For Vehicles Subject to California Exhaust Emission Standards)

The California Air Resources Board and General Motors are pleased to explain the emission control system warranty on your vehicle. In California, new motor vehicles must be designed, built, and equipped to meet the state's stringent anti-smog standards GM must warrant the emission control system on your vehicle for the periods of time and mileage listed provided there has been no abuse, neglect, or improper maintenance of your vehicle. Your vehicle's emission control system may include parts such as the fuel injection system, ignition system, catalytic converter, and engine computer. Also included are hoses, belts, connectors, and other emissionrelated assemblies. Where a warrantable condition exists, GM will repair your vehicle at no cost to you including diagnosis, parts, and labor.

California Emission Defect and Emission Performance Warranty Coverage

For Passenger Car or Light Duty Truck with a Gross Vehicle Weight Rating (GVWR) of 14.000 lbs. or less

- 3 years or 50,000 miles, whichever comes first for Emissions related parts
 - If your vehicle fails a smog check inspection, GM will make all necessary repairs and adjustments to ensure that your vehicle passes the inspections. This is your Emission Control System Performance Warrantu.
 - If any emission related part on the Emission Warranty Parts List is defective, GM will repair or replace it. This is your Short-Term Emission Control System Defect Warranty.
- 7 years or 70,000 miles, whichever comes first for Emissions related parts
 - If any emission related part specially noted on the Emission Warranty Parts List is defective or if its failure causes your vehicle to fail a Smog Check inspection, GM will repair or replace it. This is your Long-Term Emission Control System Defect Warranty.

For Heavy Duty Vehicles with a GVWR greater than 14,000 lbs.

- 5 years or 50,000 miles for gasoline engines, whichever comes first for emission related parts
- 5 years or 100,000 miles for diesel engines, whichever comes first for emission related parts

Owner's Warranty Responsibilities

As the vehicle owner, you are responsible for the performance of the scheduled maintenance listed in your Owner's Manual. GM recommends that you retain all maintenance receipts for your vehicle, but GM cannot deny warranty coverage solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance. You are responsible for presenting your vehicle to a General Motors dealer selling your vehicle line as soon as a problem exists. The warranted repairs should be completed in a reasonable amount of time, not to exceed 30 days. As the vehicle owner, you should also be aware that General Motors may deny warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper

maintenance, modifications not approved by General Motors, or if the defect is not emissions related.

If you have any questions regarding your rights and responsibilities under these warranties, you should contact the Customer Assistance Center at 1-800-222-1020 or, in California, write to:

State of California Air Resources Board Mobile Source Operations Division P.O. Box 8001 El Monte, CA 91731-2990 Emission-related defects in the emission parts listed here are covered under the Emission Control System Warranty. The terms are explained in the *Emission Control Systems Warranty*

7 under "Federal Emission Control System Warranty" and the "California Emission Control System Warranty."

Federal Emissions Select Components covered for 8 years or 80,000 miles, whichever comes first (for vehicles with GVWR of 8,500 lbs or less). These Select Components are designated with (8/80) below.

- Diagnostic Emissions Critical Electronic Control Units (8/80)
- Engine Control Module (8/80)
- Transmission Control Module (8/80)
- Catalytic Converters (8/80)

Important: Certain parts may be covered beyond the standard warranty period if shown with asterisk as follows:

Transmission Control Valve Body*

Transmission Electrical Sensors and Actuators

Also covered by this Warranty are hoses, switches, sensors, solenoids, gaskets, seals, wiring harnesses and connectors used with components on the Emission Warranty parts list.

Parts specified in your maintenance schedule that require scheduled replacement are covered up to their first replacement interval or the applicable emission warranty coverage period, whichever comes first. If failure of one of these parts results in failure of another part, both will be covered under the Emission Control System Warranty. For detailed information concerning specific parts covered by these emission control system warranties, ask your dealer.

Replacement Parts

The emission control systems of your vehicle were designed, built, and tested using genuine GM parts* and the vehicle is certified as being in conformity with applicable federal and California emission requirements. Accordingly, it is recommended that any replacement parts used for maintenance or for the repair of emission control systems be new, genuine GM parts.

The warranty obligations are not dependent upon the use of any particular brand of replacement parts. The owner may elect to use non-genuine GM parts for replacement purposes. Use of replacement parts which are not of equivalent quality may impair the effectiveness of emission control systems.

If other than new, genuine GM parts are used for maintenance replacements or for the repair of parts affecting emission control, the owner should assure himself/herself that such parts are warranted by their manufacturer to be equivalent to genuine GM parts in performance and durability.

* "Genuine GM parts," when used in connection with GM vehicles, means parts manufactured by or for GM, designed for use on GM vehicles, and distributed by any division or subsidiary of GM.

Maintenance and Repairs

Maintenance and repairs can be performed by any qualified service outlet; however, warranty repairs must be performed by an authorized dealer except in a situation where the vehicle owner is significantly inconvenienced and a warranted part or a warranty station is not reasonably available to the vehicle owner.

In a situation where the vehicle owner is significantly inconvenienced, and an authorized dealer is not reasonablu available. repairs may be performed at any available service establishment or by the owner, using any replacement part. General Motors will consider reimbursement for the expense incurred, including diagnosis, not to exceed the manufacturer's suggested retail price for all warranted parts replaced and labor charges based on General Motors's recommended time allowance for the warrantu repair and the geographicallu appropriate labor rate. A part not being available within 10 days or a repair not being completed within 30 days constitutes a significant inconvenience. Retain receipts and failed parts in order to receive compensation for warranty repairs reimbursable due to these situations.

If you are in a situation where you are significantly inconvenienced, and it is necessary to have repairs performed by other than a General Motors dealer and you believe the repairs are covered by emission

warranties, take the replaced parts and your receipt to a General Motors dealer for reimbursement consideration. This applies to both the Federal Emission Defect Warranty and Federal Emission Performance Warranty. Receipts and records covering the performance of regular maintenance or other repairs (such as those outlined earlier) should be retained in the event questions arise concerning maintenance. These receipts and records should be transferred to each subsequent owner. GM will not denu warranty coverage solely on the absence of maintenance records. However, GM mau deny a warranty claim if a failure to perform scheduled maintenance resulted in the failure of a warranty part.

Claims Procedure

As with the other warranties covered in this booklet, take your vehicle to any authorized General Motors dealer facility to obtain service under the emission warranty. This should be done as soon as possible after failing an EPA-approved I/M test or a California smog check test, or at any time you suspect a defect in a part.

Those repairs qualifying under the warranty will be performed by any General Motors dealer at no charge. Repairs which do not qualify will be charged to you. You will be notified as to whether or not the repair qualifies under the warranty within a reasonable time, not to exceed 30 days after receipt of the vehicle by the dealer, or within the time period required by local or state law.

The only exceptions would be if you request or agree to an extension, or if a delay results from events beyond the control of your dealer or GM. If you are not so notified, GM will provide any required repairs at no charge.

In the event a warranty matter is not handled to your satisfaction, refer to the *Customer*Satisfaction Procedure \$\Display 24.

For further information or to report violations of the Emission Control System Warranty, you may contact the EPA at:

U.S. Environmental Protection Agency Office of Transportation and Air Quality Compliance Division, Light-Duty Vehicle Group

Attn: Warranty Complaints 95 2000 Traverwood Drive

Ann Arbor, MI 48105

Email: complianceinfo@epa.gov

For a vehicle subject to the California Exhaust Emission Standards, you may contact the:

State of California Air Resources Board Mobile Source Operations Division P.O. Box 8001 El Monte, CA 91731-2990 Your satisfaction and goodwill are important to your dealer and to Chevrolet. Normally, any concerns with the sales transaction or the operation of your vehicle will be resolved by your dealer's sales or service departments. Sometimes, however, despite the best intentions of all concerned, misunderstandings can occur. If your concern has not been resolved to your satisfaction, the following steps should be taken:

STEP ONE: Discuss your concern with a member of dealer management. Normally, concerns can be quickly resolved at that level. If the matter has already been reviewed with the sales, service, or parts manager, contact the owner of the dealer facility or the general manager.

STEP TWO: If after contacting a member of dealer management, it appears your concern cannot be resolved by your dealer without further help, call the Chevrolet Customer Assistance Center at 1-800-222-1020. For Customer Care Centres in Canada, see Customer Assistance Offices.

We encourage you to call the toll-free number in order to give your inquiry prompt attention. Have the following information available to give the Customer Assistance Representative:

- The Vehicle Identification Number (VIN).
 This is available from the vehicle registration or title, or the plate above the top of the instrument panel on the driver side, and visible through the windshield.
- The dealer name and location.
- The vehicle delivery date and present mileage.

When contacting Chevrolet, remember that your concern will likely be resolved at a dealer's facility. That is why we suggest you follow Step One first if you have a concern.

STEP THREE: Both Chevrolet and your dealer are committed to making sure you are completely satisfied with your new vehicle. However, if you continue to remain unsatisfied after following the procedure outlined in Steps One and Two, you can file with the Better Business Bureau (BBB) AUTO LINE Program to enforce your rights.

The BBB AUTO LINE Program is an out-of-court program administered by BBB National Programs, Inc. to settle automotive disputes regarding vehicle repairs or the interpretation of the New Vehicle Limited Warranty.

Although you may be required to resort to this informal dispute resolution program prior to filing a court action, use of the program is free of charge and your case will generally be heard within 40 days. If you do not agree with the decision given in your case, you may reject it and proceed with any other venue for relief available to you.

You may contact the BBB AUTO LINE Program using the toll-free telephone number or write them at the following address:

BBB AUTO LINE a Division of BBB National Programs, Inc. 1676 International Drive Suite 550 McLean. VA 22102

Telephone: 1-800-955-5100 www.bbbautoline.org

Your inquiry should be accompanied by the Vehicle Identification Number (VIN).

This program is available in all 50 states and the District of Columbia. Eligibility is limited by vehicle age, mileage, and other factors. General Motors reserves the right to change eligibility limitations and/or to discontinue its participation in this program.

Chevrolet encourages customers to call the toll-free telephone number for assistance. However, if you wish to write Chevrolet, refer to the address below.

To assist customers who are deaf, hard of hearing, or speech-impaired and/or use Text Telephones (TTYs), Chevrolet is able to assist. Please dial the national 711 relay service and contact 1-800-833-2438. TTY users in Canada can dial 1-800-263-3830.

Chevrolet is proud to offer the response, security, and convenience of 24-hour Roadside Assistance. Roadside assistance is provided for the duration of the Limited Powertrain Warranty Coverage. Consult your dealer or refer to the Owner's Manual for details. The Chevrolet Roadside Assistance Center can be reached by calling 1-800-CHEV-USA (243-8872).

Roadside Assistance is not part of or included in the coverage provided by the New Vehicle Limited Warranty. General Motors and General Motors of Canada Company reserve the right to make any changes or discontinue the Roadside Assistance program at any time without notification.

If your vehicle requires warranty repairs during the course of the Bumper-to-Bumper, Powertrain, Hybrid or Electric Vehicle Propulsion Battery, or Federal Emission warranty coverage periods, alternate transportation and/or reimbursement of certain transportation expenses may be available under the Courtesy Transportation Program. Several transportation options are available. Consult your dealer or refer to the Owner's Manual for details.

Courtesy Transportation is not part of or included in the coverage provided by the New Vehicle Limited Warranty. General Motors and General Motors of Canada Company reserve the right to make any changes or discontinue the Courtesy Transportation program at any time without notification.

LIMITED WARRANTY

Trans Tech Bus (Trans Tech) warrants each new bus body to be free from defects in material and workmanship under normal use and service within the expressed time frame and mileage limits set forth herein.

- 1. What is Covered by this Warranty: Trans Tech warrants to the original purchaser only, that the bus that is the subject of this sale and all other original components manufactured by Trans Tech are free from defects in material and workmanship. The duration of warranties offered here in are as follows:
 - a. For a period of five (5) years from the date of delivery or 100,000 miles, whichever occurs first, Trans Tech warrants the:
 - Body shell (including structural metal components welded or riveted together forming the floor, side walls, roof, front or end caps) to be free from defects in structural integrity, including rustthrough.
 - ii. School bus seat frames and barrier frames to be free from defects in structural integrity.
 - b. For a period of two (2) years from the date of delivery or 24,000 miles, whichever occurs first, Trans Tech warrants all other components manufactured by Trans Tech.
 - c. For a period of one (1) year from the date of delivery or 12,000 miles, whichever occurs first, Trans Tech warrants all other components not covered by A and B above, except for the chassis, the wheelchair lift (if applicable), and the air conditioner system which are warranted by their manufacturers with copies of said warranties supplied with each new bus.

If the purchaser discovers within any of the applicable periods a defect in material or workmanship, they must notify Trans Tech, and / or the selling dealership, promptly in writing. In no event shall such notification be received by Trans Tech later than one (1) month after the applicable warranty period or one month after the applicable mileage, whichever comes first. Within a reasonable time such notification, Trans Tech will correct any defect in material or workmanship with either new or used replacement parts, at Trans Tech' option. Such repair, including both parts and labor, is a Trans Tech' expense. All warranty work is subject to the designated service center will be at the purchaser's expense and is not included as a cost of repair covered by this warranty. These remedies are the purchaser's exclusive remedies for breach of warranty.

- 2. What is Not Covered by this Warranty: Trans Tech does not warrant (a) any product, components or parts not manufactured by Trans Tech, including but not limited to the chassis or any chassis part, (b) damage caused by use of the bus body for purposes other than those for which it was designed, (c) damage caused by accident or the negligence of the purchaser or any third party or by disasters such as fire, flood, wind, and lightning, (d) damage caused by the purchaser's failure to provide normal preventive maintenance as customarily accepted in the industry or as set forth in maintenance guidelines, (e) filters, belts or other parts which are a part of normal maintenance replacement, (f) damage caused by unauthorized or improper installation of attachments, repairs, modifications or alterations, (h) damage caused by replacement of original parts or components with unauthorized substitutes, (i) damage during shipment, or (j) any other abuse or misuse by the purchaser (k) damage caused by exposure to contaminants, corrosives, salt, chemicals, irradiation or environmental or atmospheric conditions, (l) tires carry only the warranty of their manufacturer. Trans Tech makes no warranty whatsoever.
- 3. <u>Disclaimer of Warranty:</u> THE FOREGOING WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
- 4. Limitation of Remedies: In no case shall Trans Tech be liable for any special, incidental, or consequential damages based upon breach of warranty, breach of contract, negligence, strict tort, or any other legal theory. Such damages include, but are not limited to, loss of profits, loss of savings or revenue, loss of use of the bus body or any associated equipment, cost of capital, cost of any substitute bus body, equipment, facilities or services, downtime, the claims of third parties including customers, and injury to property. This limitation does not apply to claims for personal injury. Some states do not allow limits on warranties, or on remedies for the breach in certain transactions. In such states, the limits in this paragraph and in paragraph (3) may not apply.

- 5. <u>Warranty Claim Procedure:</u> To obtain warranty service, contact or visit the dealership where you originally purchased your vehicle, or another warranty service facility designated by Trans Tech Bus. The dealership must
- 6. contact Trans Tech Bus Customer Service Department for authorization to have a warranty claim submitted. If you or your dealer has moved, or if your dealer is no longer in business, contact Trans Tech Bus Customer Service Department (see address and telephone numbers below) for the name of a Trans Tech Bus dealer nearest to you. Your claim must be made within 14 days of the discovery of the defect. Trans Tech Bus will determine authorization based on and subject.
- 7. <u>Time Limit for Bringing Suit:</u> Any action for breach warranty must be commenced within 15 months following delivery of the vehicle or within the first three (3) months following the first 12,000 miles, whichever comes first.
- 8. No Other Warranties: Unless modified in writing and singed by both parties, this agreement is understood to be the complete and exclusive agreement between parties, superseding all the prior agreements, oral or written, and all other communications between the parties (including without limitation any terms and conditions contained in any purchase order or sales invoice issued pursuant to the sale of this bus body) relating to the subject matter of this agreement. No employee of Trans Tech or any other party is authorized to make any warranty in addition to those made in this agreement.
- 9. Warranty Registration: Please ensure that the warranty registration is completed online in Dealer Connect by your purchasing dealer. Electronic entry into the warranty system registers the warranty with Trans Tech Bus so that Trans Tech Bus has record of your rights under this limited warranty and to assure prompt assistance. Your dealer will provide the warranty info for you to sign for entry into this system. If you do not remember signing a Trans Tech Bus warranty registration at the time of delivery, please contact your dealer.

LIMITED LIFETIME PAINT WARRANTY

- 1. What is Covered by This Warranty: Trans Tech Bus (TTB) warrants, to the original purchaser only, that the bus body that is the subject of this sale is effectively painted and free from coating defects in material and workmanship and further warrants that the bus body will remain free of paint defects. The duration of the warranty is for the life of the vehicle, limited however to the original purchaser commencing with the date the bus is painted by TTB. The obligation of TTB is to provide paint material and application labor according to this schedule:
- (I) Material for life of vehicle
- (II) Cost of repair labor covered in full during the first three years of the vehicle's life
- (III) 50% of the cost of repair labor in year four of the vehicle's life
- (IV)25% of the cost of repair labor in year five of the vehicle's life

The warranty provided herein shall cover and extend to the following properties of the paint system:

- (A) Loss of adhesion of the paint system resulting in rust (less than rust grade 5, ASTM D 610-85)
- (B) Cracking of the paint system (as set forth in ASTM D 661-86)
- (C) Loss of adhesion of any element of the paint system resulting in appearance below standards set out in ASTM D1654-
- (D)Fading or loss of gloss below standards set out in ASTM D 659-86, value number 4 or lower.

If within the warranty period, purchaser discovers a defect in material or workmanship, it must promptly notify TTB in writing. In no event shall TTB be obligated to accept such notification unless it is received by TTB not later than one month following the expiration of the warranty period. Within a reasonable time after such notification, TTB will correct any defect in material or workmanship. Such repair, including both paint materials and labor, is at TTB's expense according to the schedule listed. All warranty work is subject to TTB's or its agent's prior examination and approval and will be performed by TTB or its agents at service centers designated by TTB or its paint vendor. All transportation to and from the designated service center will be at the purchaser's expense and is not included as a cost of repair covered by this warranty. These remedies are the purchaser's exclusive remedies for breach of warranty.

- 2. What is Not Covered By This Warranty: TTB does not warrant (a) the exterior finish on trim or any fiberglass components, including but not limited to hardware moldings, windows, mirrors, lights and other appointments and accessories, (b) any product finishes, component finishes or finishes of parts not manufactured by TTB including the chassis, (c) damage caused by use of the bus body for purposes other than those for which it was designed, (d) damage caused by accident or the negligence of the purchaser or any third party or by disasters such as fire, flood, wind, lightning, acid rain, and industrial fallout, (e) damage caused by the purchaser's failure to provide normal preventive maintenance as customarily accepted in the industry or as set forth in maintenance guidelines, (f) damage caused by unauthorized or improper installation of attachments, repair, modifications or alterations, (g) damage caused by replacement of original parts or components with unauthorized substitutes, (h) damage during shipment (i) damage caused by abrasion or external foreign objects, (j) decals, stickers, name plates, pin stripes, or damage caused by application or removal of the same, (k) damage resulting from dissimilar metal contact corrosion, or crevice corrosion, (l) and other abuse or misuse by the purchaser, (m) damage caused by exposure to contaminants, corrosives, salt, chemicals, irradiation or environmental or atmospheric conditions
- 3. <u>Disclaimer of Warranty:</u> THE FOREGOING WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

- 4. Limitation of Remedies: In no case shall TTB be liable for any special, incidental, or consequential damages based upon breach of warranty, breach of contract, negligence, strict tort, or any other legal theory. Such damages include, but are not limited to, loss of profits, loss of savings or revenue, loss of use of the coach body, equipment, facilities or services, downtime, the claims of third parties including customers, and injury to property. This limitation does not apply to claims for personal injury. Some states do not allow limits on warranties, or on remedies for breach in certain transactions. In such states, the limits in this paragraph and in paragraph (3) may not apply.
- 5. Warranty Claim Procedure: To obtain warranty service, contact or visit the dealership where you originally purchased your vehicle, or another warranty service facility designated by Trans Tech Bus. The dealership must contact Trans Tech Bus Customer Service Department for authorization to have a warranty claim submitted. If you or your dealer has moved, or if your dealer is no longer in business, contact Trans Tech Bus Customer Service Department (see address and telephone numbers below) for the name of a Trans Tech Bus dealer nearest to you. Your claim must be made within 14 days of the discovery of the defect. Trans Tech Bus will determine authorization based on and subject.
- 6. <u>Time Limit for Bringing Suit:</u> Any action for breach of warranty must be commenced within three months following the expiration of the warranty period.
- 7. No Other Warranties: Unless modified in a writing signed by both parties, this agreement is understood to be the complete and exclusive agreement between the parties, superseding all prior agreements, oral or written, and all other communications between the parties (including without limitation any terms and conditions contained in any purchase order or sales invoice issued pursuant to the sale of this coach body) relating to the subject matter of this agreement. No employee of TTB or any other party is authorized to make any warranty in addition to those made in this agreement.
- 8. Warranty Registration: Please ensure that the warranty registration is completed online in Dealer Connect by your purchasing dealer. Electronic entry into the warranty system registers the warranty with Trans Tech Bus so that Trans Tech Bus has record of your rights under this limited warranty and to assure prompt assistance. Your dealer will provide the warranty info for you to sign for entry into this system. If you do not remember signing a Trans Tech Bus warranty registration at the time of delivery, please contact your dealer.

WARRANTY BOOK

(888) 633-8380 | MODEL1.COM

LETTER FROM THE PRESIDENT

Since our founding in 1980, our singular goal has been to satisfy our client's transportation needs by providing them quality vehicles and superior customer service. Your loyal support has helped us grow, and as a result, we have recently undergone two significant changes to our company. First, we relocated our corporate offices from Chino, California to Indianapolis, Indiana. This move allows us to be more strategically positioned to better assist and engage with our nationwide locations and to be geographically closer to several of our manufacturing partners. Second, Creative Bus Sales is now Model 1 Commercial Vehicles. This name change reflects our continued commitment to offer our customers more than simply selling buses.

Model 1 will continue to strive to provide the same seamless buying experience before, during, and after the sale of your vehicle that you've come to expect from Model 1. Our wide variety of vehicles cover both the transit and retail markets and range from custom-built buses to alternative fuel options. We also offer a growing portfolio of electric vehicles for numerous markets. You can browse our entire new and used inventory anytime on Model1.com.

Keeping your new investment operating efficiently and safely is the highest priority of our service department. Many of our nationwide facilities provide full maintenance services such as fluid changes, emissions testing, and repairs. We also invite you to explore our new line of safety enhancements, such as our Disinfect & Protect line of products. Contact our service experts for additional information.

We recognize that our success lies in the relationships we create and the satisfaction of customers like you. Thank you again for your trust in us and for choosing Model 1 Commercial Vehicles for your transportation needs.

Sincerely.

TONY MATIJEVICH, PRESIDENT

OWNER'S AREA

Scan QR Code to access Owner Resources.

Thank you for your vehicle purchase! We welcome our valued customers to join the Model 1 Owner Resources Area where you will gain access to valuable resources to ensure that you fully understand and enjoy every feature of your new vehicle. Resources include operation videos, maintenance and owner's manuals, and more. Visit model1.com and navigate to Menu ▶ Resources ▶ Owner Resources or scan the QR code above.

DISINFECT & PROTECT

Our products and services expanded to help our marketplace operate safely during and beyond COVID-19. Our new line of safety enhancements provide easy, safe and effective ways to protect against disease-causing viruses and bacteria. Be sure to also have a look at our large selection of driver barrier options designed to universally fit many different vehicles.

For more information and pricing details, contact Customer Care at +1 (888) 633-8380.

OUR DEPARTMENTS

Model 1 offers a dedicated nationwide network of Sales, Parts, Service, Warranty, and Customer Care departments to help you in all stages of bus ownership. Our customers benefit from our strong manufacturer partnerships, the largest in-stock inventory, and a nationwide team of experts.

>> SALES DEPARTMENT

The Sales department is likely the first contact you will have with the Model 1 team. They can assist in finding the right vehicle for your needs and budget. Once you have selected a vehicle, a sales representative will walk you through the purchasing process.

>> CUSTOMER CARE DEPARTMENT

Our Customer Care department is here to respond to inquires or concerns regarding your vehicle purchase. We help resolve any issue that may arise over the serviceable life of your vehicle. Customer Care is also the primary resource to assist you in reaching the correct department or contact that you desire to speak with. To reach our Customer Care department, call +1 (888) 633-8380 or email customercare@model1.com.

>> SERVICE DEPARTMENT

Our Service department will work diligently to ensure that your vehicles are maintained to the highest standard. We welcome our customers' vehicles for any maintenance or service-related concerns. With an appointment, our Service team will make sure to get your vehicle back on the road as quickly as possible. To reach our Service department, call +1 (800) 326-2877 or email service@model1.com.

>> PARTS DEPARTMENT

Model 1 stocks a large variety of parts to ensure we have what you need to keep your vehicles operational. The Parts department is staffed with experienced parts sales associates, shipping and receiving associates, inventory specialists, and delivery drivers where applicable. To reach our Parts department, call +1 (888) 993-5040 or email parts@model1.com.

>> WARRANTY DEPARTMENT

Our Warranty department will work for you to address any warranty concerns that you have with your vehicle. Model 1 Warranty department will act as a liaison between the customer and chassis manufacturer to expedite a satisfactory resolution for your concerns. Our Warranty department will ensure that all your warrantable issues are corrected to the manufacturer standards. To reach the Warranty department, call +1 (800) 326-2877 or email warranty@model1.com.

PARTS

At Model 1, we specialize in parts management and delivery. Our trained parts team is available 5 days-a-week to assist customers with their bus parts needs. With the addition of online parts ordering, you can be sure to get the bus part you need — even if the warehouse is closed.

Stocked within our warehouses are over \$10 million in bus parts from manufacturers and suppliers such as ENC, Forest River, Navistar, Arboc, Braun, Valeo, Freedman, Rosco, and much more. We specialize in providing bus and mobility parts to customers across the country. Parts are available for public, fleet, and mechanic purchase. Model 1 also offers next day shipping to many areas within the US.

SERVICE FAQS

WHO DO I CALL IF ONE OF MY BUSES NEEDS MAINTENANCE, REPAIR, AN OPTION INSTALLED, OR SOME OTHER SERVICE?

Please contact Customer Care at +1 (888) 633-8380 or customercare@model1.com.

WHAT KINDS OF SERVICE WORK CAN I EXPECT MODEL 1 SERVICE FACILITY TO PERFORM?

We are fully prepared to meet all your vehicle service needs. We are experts in installing special options like wheelchair lifts, wheelchair securement, air conditioners, and roof vents. We can also provide service related to chassis and body repair. Our service facility can meet your extremely important routine maintenance functions, ensuring all warranty prerequisites are met. If you need major repairs, like engine work, transmission, or brake repairs, we will make sure your vehicle is operational as soon as possible.

If there are still questions, please do not hesitate to reach out to our Warranty Department for a prompt response.

WARRANTY & REPAIR

CONTACT US BEFORE BEGINNING ANY WARRANTY WORK

Please contact **warranty@model1.com** before any warranty work begins. The following information will be needed in order to determine warranty coverage: *Year, Make, Model, VIN, Mileage*

NOTE: Failure to follow this procedure may result in the denial of future vehicle warranty claims. **DON'T FORGET:** It is extremely important to file your warranty claim within 30 days of the repair, or your claim could be subject to disapproval.

WARRANTY FAOS

WHERE DO I GET MY VEHICLE SERVICED FOR WARRANTY REPAIRS?

If you are near a Model 1 location (see Locations on Page 5), we invite you to visit us for all warranty repairs. If not, our Warranty team will assist you in locating an authorized warranty repair facility in your area. After determining where the repairs will be completed, a repair estimate must be provided to our Warranty team. No repairs are authorized to be completed for warranty purposes until the Model 1 Warranty team has approved the estimate provided.

I HAVE OTHER QUESTIONS ABOUT WARRANTY REPAIRS?

Scan the QR Code above to see a larger list of FAQs regarding the warranty process. If you have a question not addressed in the FAQ, please do not hesitate to reach out to warranty@model1.com for a prompt response.

Scan QR Code or visit info.model1.com/warranty-faq to see more warranty FAQs.

DEALER WARRANTY STATEMENT

Warranty restitution can only be applied to completed repairs if proper procedures are followed and it is determined that the issue is covered under the chassis, body or component warranty.

VEHICLE / CHASSIS WARRANTY ITEMS

Contact us at Warranty@model1.com for all your Model 1 Warranty needs. Contact your local chassis dealer and/or contact Model 1 for assistance in locating your local chassis dealer.

ALTERNATIVE FUEL PROGRAM

Please contact Customer Care at **+1 (888) 633-8380** or **customercare@model1.com** if you're interested in any of the additional services listed below.

OUR COMMITMENT TO EXPANDING ELECTRIC VEHICLE OFFERINGS

Model 1 is committed to helping our customers transition to greener fleet options. To help further that goal we continue to add to our EV offerings. Be sure to browse our inventory to see the newest and most efficient electric vehicle platforms available.

ALTERNATIVE FUEL OPTIONS

Model 1 is the largest Ford Recognized Qualified Vehicle Modifier (QVM) Alternative Fuel Program Installer in North America, with multiple dedicated facilities that focus on the installation and up-fitting of Compressed Natural Gas (CNG) and Propane fuel conversion systems for fleet customers.

WHY CHOOSE MODEL 1 FOR YOUR CONVERSION?

- Over 10,000 Vehicles Converted to Alternative Fuels
- Ford QVM's Largest Alternative Fuel Participant
- Propane, Natural Gas, and Electric
- Tier One Supplier to Multiple OEM's
- CNG Fuel System Inspections
- Certified Alternative Fuel Technicians
- Natural Gas / Propane / Bi-Fuel / Electric
