VENDOR QUESTIONS / AGENCY ANSWERS

Vendor Questions:

1. In reference to upcoming opportunity CRFQ-0314-HST2600000001 / Public Safety Uniforms/Accessories, our company is interested in submitting a bid. Is there a bid tabulation or award notice from the previous purchase of these items?

ANSWER:

Requesting copies of previously awarded contracts, other solicitations, or documents related to previous contracts through the question-and-answer process included in this solicitation is not appropriate. Requests for documentation of this nature can be obtained by interested parties through a Freedom of Information Act request.

2. Do the wearables get imprinted and if so, embroidered? What logo?

ANSWER:

The wearables do get customization. That is outlined in each line item as well as the verbiage before the beginning of the item specifications. The logos are usually embroidered unless imprinting is the better method for application due to material or type of customization required. Be sure to review Exhibit B – MHST Branding Guidelines in its entirety. The other customizations that would be applicable are but not limited to – reflective striping for visibility on shirts and coveralls, specialty prints as needed, an embroidered US flag patch for the uniform shirts, an embroidered State of WV patch for the uniform shirts, and any other custom patches, priced for various situations.

Code § 15-2D-3, the State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check. Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.
- **41. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS:** Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:
 - a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
 - b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process.
 - c. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
 - 1. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
 - 2. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the Vendor must submit to the Agency a disclosure of interested parties prior to beginning work under this Contract. Additionally, the Vendor must submit a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-work interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

- **44. PROHIBITION AGAINST USED OR REFURBISHED:** Unless expressly permitted in the solicitation published by the State, Vendor must provide new, unused commodities, and is prohibited from supplying used or refurbished commodities, in fulfilling its responsibilities under this Contract.
- **45. VOID CONTRACT CLAUSES:** This Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law.
- **46. ISRAEL BOYCOTT:** Bidder understands and agrees that, pursuant to W. Va. Code § 5A-3-63, it is prohibited from engaging in a boycott of Israel during the term of this contract.

4. CONTRACT AWARD, PERCENTAGE DISCOUNT, CATALOG:

- 4.1 Contract Award: This Contract is intended to provide the Agency with a discounted price on all Eligible Items. The Contract shall be awarded to the Vendor that meets the Solicitation specifications and provides the lowest Total Bid Cost for the Eligible Items listed on the Pricing Pages. Notwithstanding the foregoing, the Purchasing Division reserves the right to award this Contract to multiple Vendors if it deems such action necessary.
- **4.2 Discount Percentage:** Vendor shall quote a single Discount Percentage that will reduce the lowest price shown in the Catalog for every Eligible Item. The resulting Discounted Price shall be the price Agencies pay for purchases of that Eligible Item under this Contract.

Vendor shall not incorporate Discount Percentages into its Catalog unless the Vendor clearly shows the Catalog Price and then separately lists the applicable Discount Percentage and the Discounted Price for each Eligible Item.

The Discount Percentage and subsequent Discounted Price derived from that discount must take into account any and all fees, charges, or other miscellaneous costs that Vendor may require, including delivery charges as indicated below, because those fees, charges, or other miscellaneous costs will not be paid separately. The Agency shall only pay the appropriate Discounted Unit Price for items purchased under this Contract.

4.3 Pricing Pages: Vendor should complete the Pricing Pages by filling in any blank spaces with the information requested. The information requested on the Pricing Pages for each frequently purchased Eligible Item includes the Vendor's Eligible Item manufacturer, the manufacturer's number for each Eligible Item, Catalog Prices, Units Provided for Catalog Price, Unit Prices, Discount Percentage, Discounted Unit Prices, and item total costs. The vendor should take the overall cost listed on the pricing page and enter it in as the cost on the commodity line. The vendor should complete all columns as failure to complete the Pricing Pages in their entirety may result in Vendor's bid being disqualified.

The Pricing Pages contain a list of frequently purchased items and estimated unit quantity that will be purchased. The estimated unit quantity for each item represents the approximate volume of anticipated purchases only. No future use of the Contract or any individual item is guaranteed or implied.

Vendors are **strongly encouraged** to complete the Pricing Pages through wvOASIS or electronically in Microsoft Excel. Doing so will reduce the number of, and the possibility for, calculation errors. The Pricing Page was created as a Microsoft Excel document.

The Purchasing Division reserves the right to take Vendor's Pricing Pages and insert the appropriate numbers into the Microsoft Excel spreadsheet if Vendor chooses to complete the Pricing Pages in any other way.

5. Catalog:

5.1 Submission. Vendor must submit its Catalog prior to award of this Contract for evaluation purposes. Vendor shall also mail the Catalog free of charge to any Agency desiring to use this Contract if the Catalog is not electronically entered into wvOASIS. Vendor may be required to input its Catalog data into wvOASIS utilizing the format required by wvOASIS. Copies of the Catalog may also be requested in an electronic format. Vendor's Catalog, or data from the Catalog entered into wvOASIS will be used by Agencies to order Eligible Items under this Contract.

Vendor should identify all items listed on the Pricing Pages by circling or highlighting those items in its Catalog and earmarking, tabbing, or listing the pages for those items, to assist in the evaluation and verification of the bids and pricing. If any discrepancies exist between the Pricing Pages and the actual price listed in the Catalog, the actual price shall prevail and the Pricing Pages may be corrected by the Purchasing Division buyer for evaluation purposes.

Catalog Modification. The Purchasing Division may permit Vendor to update its Catalog at each renewal date. Determination of whether or not to allow a Catalog update is at the sole discretion of the Purchasing Division. Any request by Vendor to update its Catalog must include a detailed listing of the following: (1) any Eligible Items being removed, Discounted Unit Prices for those items, Agencies quantity usage of those items, and total spent by Agencies on those items; (2) any Eligible Items being added to the Catalog and the Discounted Unit Price of those items; (3) all changes in the Discounted Unit Price to Eligible Items, estimated usage relating to items that have changed in price, and the total impact of the price change on the State; and (4) justification for updating its Catalog. The Purchasing Division may waive the detailed listing requirement if it finds that doing so is in the best interest of the State. Unless an updated catalog is approved, the Eligible Items available under this Contract and prices for those items shall remain unchanged during the term of this Contract.

In the event that multiple vendors are awarded a contract under the Solicitation, the first priority vendor shall not be permitted to include in its updated Catalog items being sold by a vendor that is lower in ordering priority without the consent of that lower priority vendor.

6. ORDERING AND PAYMENT:

6.1 Ordering: Vendor shall accept orders through wvOASIS, regular mail, facsimile, email, or any other written forms of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor has the ability to accept on-line orders, it should include in its response a brief description of how Agencies may utilize the on-line ordering system. Any on-line ordering system must have the capability to restrict prices and available items to conform to the Catalog originally submitted with this Solicitation. Vendor shall ensure that its on-line ordering system is properly secured prior to processing Agency orders on-line.

Vendor shall provide the Purchasing Division with access to its internet ordering portal/website, if one will be used under this Contract, to allow the Purchasing Division to ensure that the requirements of this Contract are being met.

6.2 Invoicing and Payment: Vendor shall indicate the discount received on each invoice submitted for payment. Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia. Methods of acceptable payment must include the West Virginia Purchasing Card. Payment in advance is not permitted under this Contract.

7. DELIVERY AND RETURN:

- **7.2 Late Delivery:** The Agency placing the order under this Contract must be notified in writing if orders will be delayed for any reason. Any delay in delivery that could cause harm to an Agency will be grounds for cancellation of the delayed order, and/or obtaining the items ordered from a third party.
 - Any Agency seeking to obtain items from a third party under this provision must first obtain approval of the Purchasing Division.
- 7.3 Delivery Payment/Risk of Loss: Standard order delivery shall be F.O.B. destination to the Agency's location. Vendor shall include the cost of standard order delivery charges in its bid pricing/discount and is not permitted to charge the Agency separately for such delivery. The Agency will pay delivery charges on all emergency orders provided that Vendor invoices those delivery costs as a separate charge with the original freight bill attached to the invoice.
- 7.4 Return of Unacceptable Items: Items that Agency deems unacceptable shall be returned to Vendor at Vendor's expense and with no restocking charge. Vendor shall either make arrangements for the return within five (5) days of being notified that items are unacceptable, or permit the Agency to arrange for the return and reimburse Agency for delivery expenses. If the original packaging cannot be utilized for the return, Vendor will supply the Agency with appropriate return packaging upon request. All returns of unacceptable items shall be F.O.B. the Agency's location. The returned product shall either be replaced, or the Agency shall receive a full credit or refund for the purchase price, at the Agency's discretion.

7.5 Return Due to Agency Error: Items ordered in error by the Agency will be returned for credit within 30 days of receipt, F.O.B. Vendor's location. Vendor shall not charge a restocking fee if returned products are in a resalable condition. Items shall be deemed to be in a resalable condition if they are unused and in the original packaging. Any restocking fee for items not in a resalable condition shall be the lower of the Vendor's customary restocking fee or 5% of the total invoiced value of the returned items.

 - **8.2.1** Immediate cancellation of the Contract.
 - **8.2.2** Immediate cancellation of one or more release orders issued under this Contract
 - **8.2.3** Any other remedies available in law or equity.

9. MISCELLANEOUS:

- **9.1 No Substitutions:** Vendor shall supply only Eligible Items contained in its Catalog submitted in response to the Solicitation or an updated Catalog approved by the Purchasing Division as described above. Vendor shall not supply substitute items.
- **9.2 Vendor Supply:** Vendor must carry sufficient inventory of the Eligible Items being offered to fulfill its obligations under this Contract. By signing its bid, Vendor certifies that it can supply the Eligible Items contained in its bid response.

Vendor shall also provide reports, upon request, showing the items purchased during the term of this Contract, the quantity purchased for each of those items, and the total value of purchases for each of those items. Failure to supply such reports may be grounds for cancellation of this Contract.

West Virginia Center Logo Variations

OVERVIEW

THE NEWLY REDESIGNED LOGO FOR THE OFFICE OF MINERS' HEALTH, SAFETY & TRAINING delivers a fresh, modern icon that derives its significance from both the history of the office and the mining industry. The triangle shape is borrowed

from the earlier logo and symbolizes the three pillars of the office-health, safety and training. The triangle encloses a silhouette of the state of West Virginia, representing both the significance of the mining industry to the state's economy and history, and

denotes the office as a state agency. The triangle icon acts as a unique identifier to the Office of Miners' Health, Safety & Training. This icon, whether used on its own or with the logo signature and bar, will serve as an easily recognizable symbol of the agency itself.

The color scheme for both the logo and subsequent promotional materials are a salute to the mining industry, its history, and the West Virginia landscape. The logo, colors, and fonts provided will create a unified, professional look to all materials created for the office and establish a unique brand identity that is easily identifiable by those familiar with the agency.

MHS&T LOGO

The logo anchors the entire visual identity system. It is used on all communications, and its effectiveness relies on consistent presentation.

By adhering to a standardized use of our logo elements, we reinforce our brand as a cohesive, powerful entity and amplify the impact of our visual communications.

WORKING PARTS OF THE LOGO

1 THE ICON

The icon is the visual identifier. Generally, the icon should be displayed with the logo signature, yet it has the power to stand alone.

2 THE LOGO SIGNATURE

The logo signature is an adjusted letterform version of the name "West Virginia Office of MHS&T." It cannot be replicated through typesetting.

3 THE LOGO BAR

The logo bar may be removed when the logo is reduced to a size in which the text inside is illegible, or when the reverse white logo is used on a photo or background that is other than a solid color, with the exception of the coal texture.

4 THE LOGO

Together the icon, logo signature, and logo bar are known as the logo.

MHS&T LOGO USAGE

AREA OF ISOLATION

Clear space frames the logo and separates it from other elements including text and the edge of printed materials. The logo must be surrounded by at least the required minimum of clear space, which is determined by the length of the "t" in the logo.

MINIMUM SIZE REQUIREMENTS

To ensure the logo is large enough to be easily recognized, it must not be reduced smaller than indicated below for electronic media. These are minimum size requirements only; the logo should be used larger in every possible instance.

WEST VIRGINIA CENTER LOGO

The logo anchors the entire visual identity system. It is used on all communications, and its effectiveness relies on consistent presentation.

By adhering to a standardized use of our logo elements, we reinforce our brand as a cohesive, powerful entity and amplify the impact of our visual communications.

WORKING PARTS OF THE LOGO

1 THE LOGO SIGNATURE

The logo signature is an adjusted letterform version of the name "West Virginia Center." It cannot be replicated through typesetting. It cannot be used alone without the other elements of the logo.

2 THE RULE

The rule cannot be removed and the color cannot be changed when the full color version is used.

3 THE ARROW

The arrow is the visual identifier. It can be used as a graphic element on the web and in printed materials.

4 THE LOGO

Together the logo signature, rule, and arrow are known as the logo.

WEST VIRGINIA CENTER LOGO USAGE

AREA OF ISOLATION

Clear space frames the logo and separates it from other elements including text and the edge of printed materials. The logo must be surrounded by at least the required minimum of clear space, which is determined by the length of the "t" in the logo.

MINIMUM SIZE REQUIREMENTS

To ensure the logo is large enough to be easily recognized, it must not be reduced smaller than indicated below for electronic media. These are minimum size requirements only; the logo should be used larger in every possible instance.

TEXTURE

TYPOGRAPHY

Interface is the primary font, and can be used in both Bold and Regular weights, in all caps for short headlines. Gotham is the secondary font, to be used in subheads or to emphasize text. Gotham Medium and Book are acceptable, with kerning set between 50-100 for a clean, modern feel. Lora is the tertiary font to be used in body copy. The serif breaks up the monotony of the sans serif fonts, and helps with readability in large blocks of text.

TEXTURE USAGE IDEAS

The texture should be used sparingly, and never for the background of a text-heavy web page or printed piece. Only the white MHS&T logo and the white West Virginia Center logo should be used on the coal texture.

Here are some ideas for how the texture may be used:

- back of business cards
- a design element on stationery
- to highlight a headline or pull quote
- a background for shareable social media graphics
- incorporated into blog post and email newsletter templates
- cover images for social media
- on slides for presentations/webinars
- on print ads for the West Virginia Center
