Vendor questions

1. We are interested in participation in this opportunity, could you please is there any criteria in pricing on this opportunity?

Agency response: Please see section 4.3: **Price escalation based on consumer price index (CPI):** Contract shall be for a base period of one (1) year, with three (3) one (1) year renewal options. Automatic renewals are prohibited. The vendor and agency must mutually agree in writing to the renewal of said contract. There shall be no contract price increases within the first twelve (12) months from the date of the award of the contract.

After the initial twelve (12) month contract period, the vendor may, no less than thirty (30) days prior to the contract anniversary date, request a price adjustment in writing for the renewal year option. Any price adjustment will be evaluated based on the prior year consumer price index (CPI) and compared to the current year CPI, or a maximum of 3%, whichever amount is less. All price adjustments **must** be approved by the Agency prior to implementation and at the Agency's sole discretion. The vendor may charge less than the contracted rate, but may not charge more.

2. Due to change in tariffs, the unit price is updated frequently by the manufacturer and not committing to quote for one year term. Are we allowed to propose standard minimum discount off MSRP on this opportunity?

Agency response: Pricing must be firm and fixed for the term of the contract.

Please also refer to section 4.3: **Price escalation based on consumer price index (CPI):** Contract shall be for a base period of one (1) year, with three (3) one (1) year renewal options. Automatic renewals are prohibited. The vendor and agency must mutually agree in writing to the renewal of said contract. There shall be no contract price increases within the first twelve (12) months from the date of the award of the contract.

After the initial twelve (12) month contract period, the vendor may, no less than thirty (30) days prior to the contract anniversary date, request a price adjustment in writing for the renewal year option. Any price adjustment will be evaluated based on the prior year consumer price index (CPI) and compared to the current year CPI, or a maximum of 3%, whichever amount is less. All price adjustments **must** be approved by the Agency prior to

implementation and at the Agency's sole discretion. The vendor may charge less than the contracted rate but may not charge more.

3. Is the requirement is for IDIQ?

Agency response: There is no fixed quantity being purchased upfront, as the exact number of products agencies will require is unknown. This is an open-end contract, and purchases will be made on an as-needed basis. The pricing page will establish the base price for each item purchased under this contract.

4. Extreme Networks has various other products too. Can we propose a category based minimum discount for all products?

Agency response: Pricing must be firm and fixed. Please refer to section 4.2 and 4.3 for pricing information. This contract is only for the products that are outlined in General Requirements Section 3.

5. Can we bid on both Extreme Networks and alternatives on the same bid?

Agency response: Refer to 3.1.28 **Alternate "or Equal Submission"**. Vendors may submit bids for alternative brands; however, they may not include more than one brand for the same item within a single bid. A separate, complete bid must be submitted for each brand.
