## SECTION 1 – TRANSMITTAL LETTER

April 14, 2026

John W. Estep, Buyer

West Virginia Department of Administration, Purchasing Division

2019 Washington Street East, Charleston, WV 25305

RE: CRFQ 0803 DOT2600000079 - WVDOT Information Technology Temporary Staffing Services

Dear Mr. Estep,

On behalf of Broadview Technical Solutions, I am pleased to submit this bid in response to the West Virginia Purchasing Division's solicitation for IT Temporary Staffing Services on behalf of the West Virginia Department of Transportation. We are submitting all-inclusive hourly rates for all fifteen (15) position classifications and commit fully to the terms, conditions, and performance obligations set forth in the solicitation, as modified by Addenda Nos. 1 and 2.

Broadview Technical Solutions is an IT staffing and consulting firm that has been placing qualified technical professionals in government and enterprise environments since our founding. Staff augmentation is our primary line of business, and the roles covered by this contract (mainframe analysts, database administrators, programmer analysts, and GIS professionals) represent the core of our recruiting practice. We have placed candidates in technically demanding roles for government-adjacent clients across the mid-Atlantic region, and we understand the intake, screening, documentation, and response workflows that this contract requires.

Our bid is structured to directly address WVDOT's needs: competitive all-inclusive hourly rates, clear documentation of prior staffing experience, and a committed response to the 48-hour acknowledgment and 10-business-day candidate delivery requirements of Section 4.2.6. Addendum No. 2 confirmed that all work is performed fully on-site at WVDOT facilities. Our sourcing approach accounts for this, as candidates will be qualified for and committed to on-site presence in Charleston, WV or other designated WVDOT locations.

We acknowledge receipt of Addendum No. 1 (issued March 25, 2026) and Addendum No. 2 (issued March 31, 2026). This bid supersedes any prior submission and reflects all modifications issued through both addenda.

Sincerely,

**Muyiwa Fagbami**

President, Broadview Technical Solutions Inc

<b>Principal Officer:</b>	Muyiwa Fagbami, President   muyiwa@broadviewtechnicalsolutions.com
<b>Contact for Questions:</b>	Virginia Miller   856-552-0417   info@broadviewtechnicalsolutions.com

### Company Overview

Broadview Technical Solutions Inc is an IT consulting and staffing firm founded in 2021 and headquartered in Arlington, Texas, with offices in Mt Laurel, New Jersey and Newcastle, Delaware. Government contracting through competitive solicitation has been Broadview’s primary growth channel since founding, producing a team with direct operational experience in the compliance requirements, documentation standards, and service-level obligations that public-sector staffing contracts demand.

Staff augmentation is our largest service line, and the roles covered by this WVDOT solicitation, namely mainframe analysts, Oracle and DB2 database administrators, SQL Server DBAs, PC programmer analysts, and GIS professionals, fall squarely within our active recruiting practice. We have placed technical professionals in application development, database administration, systems analysis, GIS, and business intelligence roles for clients including CDL Last Mile (New York, NY), O2 Consulting Service (Middletown, DE), and Nutax Financial Services (Newark, DE). All work under this contract will be performed on-site at WVDOT facilities, and Broadview’s sourcing process screens for on-site commitment and candidate willingness to work at the designated Charleston, WV location.

## SECTION 3 – VENDOR QUALIFICATIONS (SECTIONS 3.1 & 3.2)

### 3.1 Years in Business

Broadview Technical Solutions Inc has been providing IT staffing and consulting services continuously since 2021. Documentation confirming our business founding date and continuous operation in IT services will be provided to the Purchasing Division upon request, prior to contract award, as required by Section 3.1 of the Specifications.

### 3.2 Staffing Placements in Listed Classifications

Broadview has placed qualified technical professionals in roles consistent with the classifications listed in Section 1 of the Specifications within the past five years. The following engagements document our capability. Client contact information is provided for verification as required by Section 3.2.

<b>CDL Last Mile</b>	New York, NY	11/2021 – 12/2023
Category: Business Intelligence / Application Development	Contact: Adam Autera <a href="mailto:autera@cldelivers.com">autera@cldelivers.com</a> – 516-429-0255	
Broadview placed Business Intelligence Architects and Software Engineers supporting BI solution design and implementation using Cognos BI. Placed resources delivered analytics capabilities that improved operational decision-making, covering dashboard development, data pipeline integration, and end-user reporting. Engagements ran across two-plus years with consistent delivery.		

<b>O2 Consulting Service</b>	Middletown, DE	03/2022 – Present
Category: Business Intelligence / Application Development	Contact: Laolu Olaniyi <a href="mailto:laolu@o2consultingservice.com">laolu@o2consultingservice.com</a> – 302-898-0268	
Broadview supplied Microsoft Power Platform Developers and Business Analysts to a data science consulting firm, enabling client reporting enhancements and workflow automation. Placed resources contributed to predictive analytics models and data visualization dashboards delivered to O2's enterprise clients.		

<b>Nutax Financial Services</b>	Newark, DE	01/2022 – Present
Category: Database / Data Warehouse / ETL	Contact: Michael Gbadebo <a href="mailto:service@nutax.com">service@nutax.com</a> – 302-834-9357	
Broadview placed Database Architects and ETL Developers supporting data warehousing operations, enabling real-time analysis and reporting across large volumes of transactional data. Engagements required strong data modeling, ETL pipeline development, and production database management under financial-services confidentiality requirements.		

<b>Port Authority of New York &amp; New Jersey</b>	Newark, NJ	08/2025 – Present
<b>Category:</b> Cloud / Data Warehouse / ETL	<b>Contact:</b> Kavitha Puli <a href="mailto:kpuli@panynj.gov">kpuli@panynj.gov</a> – 201-240-1628	
Broadview provides technical project resources across three service areas: Database and Data Warehouse, Business Intelligence, and Application Development. Awarded classifications include Database/Warehouse Architect, ETL Developer, BI Architect, BI Developer, Cloud Data Engineer, Cognos TM1 Architect, Cognos Systems Administrator, and Microsoft Power Platform Architect and Developer, all in support of PANYNJ’s Enterprise Reporting and Application Development Professional Project through 2029.		

## SECTION 4 – VENDOR RESPONSIBILITIES (SECTION 4.2)

### 4.1 All-Inclusive Hourly Rates

All rates submitted on the Exhibit A Pricing Page are fully inclusive of every cost associated with providing a qualified candidate, as required by Section 4.2.3. Included in each hourly rate: federal and state withholding taxes, FICA and Medicare (Social Security), unemployment compensation, workers’ compensation insurance, general and automobile liability insurance premiums, all overhead and fringe benefits, and all travel expenses. Broadview will not assess any additional charges beyond the submitted hourly rates.

Addendum No. 2 (Q&A 151, 163, 252) confirmed that all travel costs must be embedded in the hourly rate and that WVDOT will not reimburse travel separately, including for assignments outside of the Charleston metro area. Our rates account for this across all 15 classifications.

### 4.2 Candidate Sourcing & On-Site Commitment

Addendum No. 2 confirmed definitively (Q&A 269) that all work under this contract will be performed fully on-site at WVDOT facilities. Broadview’s sourcing process reflects this requirement from the initial outreach stage. We do not submit candidates who are unwilling or unable to work on-site in Charleston, WV or at other WVDOT locations across the state.

Our sourcing channels are tuned to the specific characteristics of each classification family:

- **PC Programmer Analyst and SQL Server DBA:** Regional WV/mid-Atlantic and national sourcing through LinkedIn, ZipRecruiter, and our internal pipeline. Strong local supply makes on-site commitment straightforward for these roles.
- **Oracle DBA and SQL Server DBA (Senior):** National sourcing through database professional networks and direct outreach. On-site requirement is confirmed with candidates before submission.
- **Mainframe / COBOL, IBM DB2:** National sourcing through IBM-affiliated professional communities and legacy mainframe networks. Talent pool is limited; we begin sourcing immediately upon notification. Candidates are pre-screened for WV on-site availability.
- **GIS roles:** National sourcing through Esri user communities, GIS professional associations, and transportation-sector networks. GIS Architect (10-yr requirement) has the most limited candidate pool and longest expected sourcing timeline.

### 4.3 Candidate Qualification Process

Every candidate submitted to WVDOT will have completed Broadview’s full qualification process before submission:

- **Mandatory requirements verification:** Each candidate’s resume is mapped against the specific sub-requirements of their classification as written in Section 4.1. Years of experience are verified explicitly; the 10-year requirements for Senior Oracle DBA (Line 3), Senior SQL Server DBA (Line 10), and GIS Architect (Line 13) are hard screens.
- **Technical screening interview:** A structured interview covering platform-specific depth: COBOL/CICS/JCL for mainframe roles, RMAN/PL’SQL/data modeling for Oracle, T-SQL optimization and backup/recovery for SQL Server, and ArcGIS Enterprise configuration for GIS roles.
- **Reference validation:** Minimum two professional references per candidate, confirming role-relevant performance, environment fit, and reliability.
- **Work authorization verification:** U.S. citizenship or work authorization confirmed and documented for every candidate per Section 4.2.5. No work will be performed outside the United States (confirmed per Addendum No. 2, Q&A 64).
- **On-site commitment confirmation:** Candidates are explicitly confirmed for on-site availability at WVDOT’s primary Charleston, WV location before submission.
- **Candidate documentation package:** Complete submission package including numbered resume pages per Section 4.2.4 format requirements, copies of relevant degrees and certifications, and the completed Agency qualifications template.

---

#### **4.4 Response Timeline Commitments**

- **48-hour acknowledgment:** Written acknowledgment or waiver within 2 business days of every staffing notification, without exception.
- **10-business-day candidate delivery:** Complete candidate list with full documentation delivered within 10 business days of confirmed need. Multiple candidates submitted wherever possible.
- **1-business-day departure notice:** Written notification to WVDOT within one business day of any candidate departure, followed by a replacement candidate list within 10 business days.

---

#### **4.5 Knowledge Transfer & Continuity**

Each placed consultant maintains role-appropriate documentation from day one of their engagement including SOPs, configuration notes, runbooks, or test evidence depending on classification. Documentation is updated continuously. When an engagement ends, Broadview coordinates a structured handoff including documentation review and, where timing permits, parallel coverage with the incoming resource. WVDOT confirmed (Q&A 267) that incoming employees are expected to arrive with technical knowledge; Broadview’s screening process ensures this.

---

#### **4.6 Equipment**

WVDOT will provide all necessary equipment for placed candidates (confirmed per Addendum No. 2, Q&A 97). Candidates are responsible for the careful care and return of all WVDOT-issued equipment at the completion of their assignment. Broadview will include this obligation in candidate onboarding communications.

---

#### **4.7 Invoicing**

Invoices will be submitted monthly (confirmed per Addendum No. 2, Q&A 253). Each invoice will reference the applicable Delivery Order number and all descriptions will match the pricing and descriptions on the awarded contract pricing page, as required by Q&A 46. Broadview accepts payment by electronic funds transfer and P-Card per Section 15 of the Terms and Conditions.

#### 4.8 Contract Manager

<b>Contract Manager:</b>	Muyiwa Fagbami, President
<b>Telephone:</b>	856-552-0417
<b>Email:</b>	muyiwa@broadviewtechnicalsolutions.com

## SECTION 5 –ADDENDUM ACKNOWLEDGMENT

Broadview Technical Solutions acknowledges receipt of all addenda issued for Solicitation No. CRFQ 0803 DOT2600000079 and confirms this bid has been prepared in full accordance with all modifications:

Addendum	Date Issued	Summary of Changes	Status
1	March 25, 2026	Bid opening extended to April 14, 2026 at 1:30 PM ET. Revised Terms and Conditions issued: contract term changed to 1-year initial + 3 successive 1-year renewals (4 years total). Section 39 reporting obligation confirmed.	✓ Acknowledged
2	March 31, 2026	Vendor Q&A (357 questions). Key clarifications: (1) all work fully on-site; (2) resumes not required at bid submission; (3) up to 8 vendors may be awarded; (4) Line 10 labeling confirmed as-is; (5) digital signatures accepted; (6) invoices monthly; (7) equipment provided by WVDOT; (8) insurance certificates required upon award only.	✓ Acknowledged

This bid was prepared in accordance with the original solicitation documents and all modifications issued through Addendum Nos. 1 and 2. No prior submissions were made for this solicitation.
