Featuring Green Technology  for Energy Savings and Minimal Environmental Impact

Installation for Line 2	\$22,242.00
Installation Level 3A: Includes uncrating, setting in place, leveling, final assembly, final utility connections, start up, and end user training. Does not include receiving the unit, permitting, or inspections. Prior to installation, the customer is responsible to provide utility connections within 5 feet of the sterilizer.	

Quotation Notes

Installation Level 3A: Includes uncrating, setting in place, leveling, final assembly, final utility connections, start up, and end user training. Does not include receiving the unit, permitting, or inspections. Prior to installation, the customer is responsible to provide utility connections within 5 feet of the sterilizer.

PittSci will install two 2AV (20.20 sling door) and one 2A (16.16 radial arm door) – a total of three machines. We will receive the machines at our shop and check them, make them ready to be transported by our box truck to the location in Charleston WV. Once onsite we will set machines in desired location and hook up to water, RO water, electric and drain. All utilities should be within 5 feet of the machine provided by the customer. PittSci will run and test machines in accordance with manufacturers' commission requirements. We will then train the end uses on how to properly run the machine.

Installation \$20,220.00

2 PM visits during warranty coverage: \$6,520.00

Removal of Amsco units \$3,140.00

1 PM visit after Manufacturers warranty is over: \$4,350.00

Installation of independent, stand alone RO system: \$1,500.00

Each line item can be added to the installation total as required.

Pricing Summary

Total Base Configuration Price	\$163,927.60
Additional Options Total	\$20,878.00
Installation Total	\$22,242.00
Shipping & Handling: FOB Destination	\$4,595.50
Freight charges include dock to dock shipment. Customer is responsible for offloading delivery from truck unless installation includes receiving or otherwise specified. A raised loading dock or forklift (or other means to offload the truck), as well as pallet jack are required at the delivery location. Additional services such as liftgate, short truck, inside delivery, or guaranteed shipments not included unless otherwise specified.	
Please contact Consolidated if additional services are required. Due to market conditions, Shipping and Handling is an estimate only. Applicable rates at the time of shipment will be applied and added to invoice(s).	
Freight amount is based on all items shipping together. Split shipments will incur additional freight costs.	

Grand Total: \$211,643.10

Thank you for your interest in Consolidated Sterilizer Systems! For questions about your quotation, please contact your sales representative, Collin Sayde, at (201) 527-5315.

Consolidated recommends a Preventative Maintenance inspection by an authorized service team once every 300 cycles or once per year, whichever comes first. For more information on preventative maintenance please visit our website <https://consteril.com/support-and-services/sterilizer-maintenance/> or contact your sales representative.
