Answers to Vendor Questions:

CRFQ AGR26*33 - Opequon Creek, Berkeley County WV Blockage Removal

Question 01: Listed on the RFQ are 2 separate line items for an excavator, but each line requests pricing for the same sized excavator. Stephen Starcher advised that there should be two separate sized machines listed. Can you confirm that you are indeed looking for an 89HP and a larger version as well?

Answer 01: Berkeley County – Opequon RFQ should be for 2 excavators at a minimum of 120H.P.

Question 02: Are you looking for an operator's rate to be included with the rate for the excavators? I ask because there is a line item for a laborer, but there is not one for an operator.

Answer 02: The 2 lines for excavator should include the operator's rate. There is a separate line for laborers. Exhibit A – Price Page item 1 through 4
