COVER LETTER

Date: September 23, 2026

Attn: Toby L. Welch, Buyer
Department of Administration
Purchasing Division
State of West Virginia

Subject: Response to **CRFQ 0231 OOT2700000006 – Temporary Technical Staffing Services**

Siri Info Solutions, Inc. is pleased to submit its response to **CRFQ 0231 OOT2700000006 for Temporary Technical Staffing Services** to support the **West Virginia Office of Technology (WVOT)** through the West Virginia Department of Administration, Purchasing Division.

Established in 2005, Siri Info Solutions, Inc. is a U.S.-based technology and IT services organization with experience supporting organizations through qualified technical talent and workforce solutions. Siri Info Solutions has built an established recruiting and delivery infrastructure, including a dedicated team of 150+ technical recruiters. With more than 20 years of experience, 200+ clients, including 70+ prime public-sector contracts, and reported annual revenue of approximately \$73.8 million in 2025, Siri Info Solutions demonstrates the organizational scale and operational foundation required to support the State of West Virginia's ongoing technical staffing requirements.

Siri Info Solutions understands the breadth and specialized nature of WVOT's requirements under this solicitation, with Candidate database of over 1 Million Technical consultants nationwide and 43,700+ technical consultants residing within the state of west Virginia, across the requested staffing classifications including **application development, CRM technologies, database administration, business analysis, learning technologies, cloud financial operations, cloud architecture, cloud security, cloud platform engineering, cloud networking, cloud systems management, cloud center of excellence implementation, and mainframe systems programming**. Our technology and recruiting capabilities provide a foundation for sourcing and supporting qualified professionals across these technical disciplines.

Our delivery model follows a structured **Source – Screen – Qualify – Select – Deploy – Support** process. Upon receipt of a staffing requirement, our recruiting organization identifies candidates whose experience corresponds to the specific classification requirements, conducts qualification and technical screening, validates relevant experience, coordinates candidate submissions and interviews, and supports the candidate through placement and onboarding. This structured approach is designed to ensure that candidates presented to WVOT are evaluated against the specific technical and experience requirements of the applicable classification rather than against generic job profiles.

We will provide a dedicated account management team, **led by our account manager, who has 15+ years of experience serving government agencies across the United States**, supported by our recruiting and delivery organization. Our team will maintain proactive communication with WVOT, coordinate candidate sourcing and submissions, monitor assignment status, and support timely replacement or additional staffing requirements when requested.

Siri Info Solutions, Inc. hereby affirms its commitment to comply with the **terms, conditions, specifications, and requirements of CRFQ 0231 OOT2700000006**, including the applicable solicitation documents and issued addenda#1 & addenda#2. We appreciate the opportunity to present our qualifications and capabilities to the State of West Virginia and look forward to the opportunity to support the West Virginia Office of Technology with qualified technical personnel and responsive workforce solutions.

If any part of our response requires clarification, we respectfully request the opportunity to address and resolve such matters promptly.

Siri InfoSolutions

CRFQ 0231 OOT2700000006
Temporary Technical Staffing Services

As Vice-President of Siri Info Solutions, Inc., I, **Shirish Paul**, am authorized to bind the company to the commitments, representations, and services outlined in this proposal.

Sincerely,

Shirish Paul

Vice-President

Siri InfoSolutions

RESPONSE TO SECTION 3- QUALIFICATIONS

3. QUALIFICATIONS: Vendor, or Vendor's staff if requirements are inherently limited to individuals rather than corporate entities, shall have the following minimum qualifications: 3. I. Vendors shall be in business a minimum of five (5) years, providing similar information technology services. Vendors must provide documentation to indicate that their company meets this requirement prior to award; however, bidders may include this documentation with their bid.

3.1. Corporate Experience & Qualification:

More Than Two Decades of IT Staffing Experience

Since its establishment in **2005**, **Siri Info Solutions, Inc.** has continuously delivered specialized IT staffing and workforce solutions to organizations across public- and private-sector environments. With **more than 20 years of experience**, Siri Info Solutions has developed an established foundation for sourcing, qualifying, and deploying skilled IT professionals in support of diverse technology requirements.

Proven State Government Experience

Delivering IT Staffing Solutions for a Stronger Public Sector

TRUSTED TALENT.
PROVEN DELIVERY.
STRONGER GOVERNMENT.

Siri InfoSolutions has successfully provided IT staffing and technical workforce solutions to statewide government agencies across multiple U.S. states within the last five years. Our experience demonstrates a deep understanding of government environments, compliance requirements, and the need for highly qualified technical professionals.

STATE GOVERNMENT AGENCIES SERVED

Experience. Capability. Commitment to Public Service.

State of Mississippi

State of Minnesota

State of Florida

State of North Carolina

State of Indiana

Virginia IT Agency

State of Iowa

Commonwealth of Pennsylvania

Selected statewide government agencies served within the past five years.

Proven Technical Talent Delivery

Over the course of its operations, Siri Info Solutions has supported the placement of **23,500+ IT professionals** across a broad spectrum of enterprise technology environments. This experience includes:

Application Development | Microsoft .NET | CRM | Database Administration | Business Analysis | Cloud Architecture | Cloud Security | DevOps & Platform Engineering | Cloud Networking | Systems Administration | Mainframe Technologies

This breadth of experience provides Siri Info Solutions with an established talent-sourcing foundation for the specialized technical requirements identified by the West Virginia Office of Technology.

Successful placements across all the identified classification

Siri Info Solutions has successfully placed 723 technical staff in last 5 years across all the **13 classifications** identified under this solicitation, including:

1. Senior Web Application Analyst
2. CRM Application Analyst
3. Senior SQL Server Database Administrator
4. Business Analyst
5. Learning Management System & eLearning Development Specialist

Siri InfoSolutions

CRFQ 0231 OOT2700000006
Temporary Technical Staffing Services

6. Cloud Financial Operations Specialist
7. Cloud Architect
8. Cloud Security Professional
9. Cloud Platform Engineer
10. Cloud Network Engineer
11. Cloud Systems Management Engineer
12. Cloud Center of Excellence (CCOE) Implementation Specialist
13. Mainframe Systems Programmer

Our experience across these technology domains enables Siri Info Solutions to support WVOT with access to qualified technical personnel whose backgrounds can be aligned with the specific experience and technical requirements of each classification.

Documented Experience & Verification

To substantiate the minimum **five-year experience requirement** established under Section 3.I of the solicitation, **Siri Info Solutions has included client reference documentation** identifying a client that may be contacted to verify the Company's experience providing comparable IT staffing services.

The supporting reference materials are included with this proposal as evidence of Siri Info Solutions' experience and ability to provide qualified technical personnel in accordance with the requirements of **CRFQ 0231 OOT2700000006**.

Reference Client	Engagement Period	Services Provided	Representative Technical Classifications Supported	CONTACT INFORMATION	Relevance to WVOT
Pontoon Solutions, supporting Infosys	July 12, 2019 – Present 7+ Years	IT Staffing and Technical Workforce Solutions across multiple enterprise technology environments	Senior Web Application Analyst, CRM Application Analyst, and other specialized IT/technical positions	Name: Abhishek Mishra Title: Program Lead Email: Abhishek.Mishra@pontonsolutions.com	Demonstrates Siri Info Solutions' continuous, multi-year experience providing qualified technical personnel through an established enterprise staffing engagement, including technical classifications directly aligned with WVOT's requirements.

Temporary Technical Staffing Services

3.2. Vendors shall be able to demonstrate their potential to provide these services by providing documentation to indicate they have provided staffing of at least six (6) individuals within the listed classifications within the past five (5) years: documentation should include enough information to indicate that the Vendor provided an employee meeting the requirements of a specifically named classification from Section I, above: the documentation should name the entity to whom the individual was supplied and provide contact information for that entity. Vendors must provide documentation to indicate that their company meets this requirement prior to award: however, bidder may include this documentation with their bid

Siri InfoSolutions Inc. has demonstrated its ability to provide qualified personnel across the classifications identified in Section I through successful staffing engagements with public- and private-sector clients. The placement information presented in the following table represents a representative sample of placements made within the **past five years** and is not intended to constitute a complete listing of Siri InfoSolutions Inc.'s staffing experience. Siri InfoSolutions Inc. has supported **numerous additional placements** across these and related classifications and can provide additional placement documentation, personnel examples, or supporting information upon request.
