Subject: Bid Submission — CRFQ 0231 OOT2700000006, Temporary Technical Staffing Services (Proc Folder 2020855); Bid Opening September 23, 2026, 1:30 PM ET

Dear Mr. Welch:

Advanced Software Design Inc., doing business as ASD Global, is pleased to submit the enclosed bid in response to CRFQ 0231 OOT2700000006, issued by the West Virginia Purchasing Division on behalf of the West Virginia Office of Technology (WVOT). ASD Global bids all thirteen (13) technical staffing classifications listed on the Pricing Page and offers an hourly rate for each, as required by Section 4.2.1.

ASD Global is a technical staffing firm that has supported government and government-prime programs for more than three decades. We have read the Solicitation, Addendum No. 1, and Addendum No. 2 in their entirety, and we submit this bid without exception, condition, or qualification to any term, condition, or specification of the Solicitation.

Qualification to Perform

The enclosed bid documents the experience the State requires under Section 3:

- Firm experience (Section 3.1). ASD Global has provided technical staffing services continuously for more than five years, including sustained delivery on a federal prime program
- Scale and retention. ASD Global has grown a single program engagement from one to eight-to-ten technical staff, has staffed as many as eighty cleared individuals across CONUS and OCONUS locations for a single prime, and has retained consultants for five or more years across successive assignments.
- Security posture. ASD Global operates a Top Secret cleared facility under 32 CFR Part 117, with a designated Facility Security Officer, an insider threat program, and a mandatory annual self-inspection. The same personnel-vetting discipline governs every placement we make.
- Process maturity. ASD Global's recruiting, screening, onboarding, and quality processes are fully aligned with ISO 9001:2015 practices for documented procedures, internal audit, and continuous improvement. ASD Global does not hold, and does not claim, ISO certification.

What This Means for WVOT

WVOT needs classifications filled quickly, with candidates whose credentials hold up under review, and without administrative rework. ASD Global assigns a single named account manager to each requirement, verifies every education and certification claim directly with the issuing authority before a candidate is presented, and completes background screening through an independent, FCRA-compliant provider at our own expense before a start date. Candidate pay is funded from ASD Global's working capital and is not contingent on the State's payment timing, which removes the most common cause of mid-assignment attrition.

Addenda Acknowledged

Addendum	Date Issued	Purpose	Acknowledged
Addendum No. 1	September 14, 2026	Modified bid opening date from 9/15/2026 to 9/23/2026	Yes
Addendum No. 2	September 16, 2026	Published vendor questions and agency responses	Yes

A signed Addendum Acknowledgment Form for both addenda is enclosed. ASD Global acknowledges that only information issued in writing and added to the Solicitation by an official addendum is binding.

Authority and Offer

The undersigned is authorized to bind Advanced Software Design Inc. to the terms of this bid and to any resulting contract. This offer is firm and remains open for acceptance for the period stated in the Instructions to Vendors Submitting Bids. ASD Global agrees to furnish the services described in the Solicitation at the rates set forth on the enclosed Pricing Page, and to comply with all terms and conditions of the Solicitation, including Sections 3, 4, and 6 and the General Terms and Conditions.

Points of Contact

Role	Name and Title	Contact
Authorized to bind the company	Kalyanii K. Mokka, CEO	4088237651, kalyani.mokka@asdglobal.com

ADDITIONAL TERMS AND CONDITIONS

See attached document(s) for additional Terms and Conditions

DESIGNATED CONTACT

DESIGNATED CONTACT: Vendor appoints the individual identified in this Section as the Contract Administrator and the initial point of contact for matters relating to this Contract.

(Printed Name and Title) Kalyanii K. Mokkapati

(Address) 6101 Bollinger Canyon Road, Suite 335G, San Ramon, California- 94583

(Phone Number) / (Fax Number) 4088237651

(email address) kalyani.mokka@asdglobal.com

CERTIFICATION AND SIGNATURE

CERTIFICATION AND SIGNATURE: By signing below, or submitting documentation through wvOASIS, I certify that: I have reviewed this Solicitation/Contract in its entirety; that I understand the requirements, terms and conditions, and other information contained herein; that this bid, offer or proposal constitutes an offer to the State that cannot be unilaterally withdrawn; that the product or service proposed meets the mandatory requirements contained in the Solicitation/Contract for that product or service, unless otherwise stated herein; that the Vendor accepts the terms and conditions contained in the Solicitation, unless otherwise stated herein; that I am submitting this bid, offer or proposal for review and consideration; that this bid or offer was made without prior understanding, agreement, or connection with any entity submitting a bid or offer for the same material, supplies, equipment or services; that this bid or offer is in all respects fair and without collusion or fraud; that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; that I am authorized by the Vendor to execute and submit this bid, offer, or proposal, or any documents related thereto on Vendor's behalf; that I am authorized to bind the vendor in a contractual relationship; and that to the best of my knowledge, the vendor has properly registered with any State agency that may require registration.

By signing below, I further certify that I understand this Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law; and that pursuant to W. Va. Code 5A-3-63, the entity entering into this contract is prohibited from engaging in a boycott against Israel.

VENDOR MINIMUM QUALIFICATION

3.1- VENDOR EXPERIENCE PROVIDING SIMILAR SERVICES WITH EVIDENCE

3.1. Vendors shall be in business a minimum of five (5) years, providing similar information technology services. Vendors must provide documentation to indicate that their company meets this requirement prior to award; however, bidders may include this documentation with their bid.

Advanced Software Design Inc., doing business as ASD Global, has been in continuous business since 1991, providing information technology staffing and consulting services. As of the date of this bid, ASD Global has 35 years of operating history — seven times the five-year minimum established by Section 3.1. The Certificate of Incorporation issued by the Secretary of State of [State] in 1991 is submitted with this bid as documentary proof, and ASD Global will furnish any additional documentation the Purchasing Division requires prior to award.

Documentation Submitted with This Bid

Document	What It Establishes	Section Reference
Certificate of Incorporation, Secretary of State of Delaware, 1991	Legal formation of Advanced Software Design Inc. and the start date of continuous operations	3.1

Additional evidence of performance — client contracts, purchase orders, and issued invoices documenting named consultants, labor categories, and dates of service — is retained by ASD Global and available to the Purchasing Division on request.

Nature of the Similar Services Provided

ASD Global's business is technical staff augmentation: sourcing, screening, credentialing, placing, and managing information technology professionals for government agencies and for prime contractors delivering government programs. The services ASD Global has delivered continuously are the same services this Solicitation requires:

- Recruiting and sourcing against defined technical classifications, drawing on a candidate database built over three decades that now exceeds 700,000 pre-screened IT professionals.
- Three-tier candidate screening — recruiter screen, subject matter expert technical validation, and structured behavioral interview — applied before any candidate is presented to a client.
- Source verification of education and certifications through the National Student Clearinghouse, the PMI Certification Registry, the Cisco Certification Tracking System, the CompTIA Certification Lookup tool, and direct contact with issuing authorities.
- Independent, FCRA-compliant background screening through HireRight and Sterling, completed at ASD Global's expense before a start date.
- Onboarding, timekeeping, and invoicing administration through CEIPAL as the system of record for time capture and approval, reconciled against QuickBooks before any invoice is issued.
- Ongoing assignment management, structured 30/60/90-day check-ins, retention management, replacement readiness, and knowledge transfer at assignment close.

Depth and Continuity of Experience

Evidence	Detail
Continuous operation	Incorporated 1991; 35 years providing information technology services without interruption
Sustained federal-prime delivery	Technical staffing delivered on the General Dynamics SETRIS program from December 2022 through December 2025, documented by issued, verifiable sales invoices identifying each consultant, labor category, purchase order, and day worked
Demonstrated ability to scale	Grew a single program engagement from one consultant to eight-to-ten; has staffed as many as 80 cleared individuals across CONUS and OCONUS locations for one prime; currently supports that prime with 65+ personnel
Retention	Consultants retained five or more years and transitioned between successive programs, preserving institutional knowledge and avoiding re-screening delay
Security posture	Top Secret cleared facility operating under 32 CFR Part 117, with a designated Facility Security Officer, an insider threat program, and mandatory annual self-inspection
Process maturity	Recruiting, screening, onboarding, and quality processes fully aligned with ISO 9001:2015 practices for documented procedures, internal audit, and continuous improvement. ASD Global does not hold, and does not claim, ISO certification.

3.1.1- GENERAL COMPANY OVERVIEW

Vendor should provide with their bid, a general company overview that must include information regarding the number of years of qualification, experience, training, and relevant professional education for each individual classification.

Company Profile

Legal name	Advanced Software Design Inc., doing business as ASD Global
Incorporated	1991, Delaware— Certificate of Incorporation enclosed
Years in business providing IT services	35 years, continuous
Core business	Information technology staff augmentation and technical consulting for government agencies and government prime contractors
Facility clearance	Top Secret, under 32 CFR Part 117
Systems of record	CEIPAL (applicant tracking, timekeeping, approvals); QuickBooks (billing)

Legal name	Advanced Software Design Inc., doing business as ASD Global
Screening partners	HireRight and Sterling (FCRA-compliant background screening)
Quality framework	Fully aligned with ISO 9001:2015 practices; not ISO certified
Authorized contract signatory	Kalyanii K. Mokkaati

ASD Global is a founder-led firm. Escalation reaches an executive with authority to commit company resources without passing through intermediate management layers, which is why our average turnaround on time-sensitive client requests runs to 48 hours.

How ASD Global Establishes Qualification, Experience, Training, and Education

Every candidate ASD Global presents against a classification is qualified through the same four controls, applied in sequence and documented in the candidate file:

- Experience validation. Work history, employers, dates, and job duties are confirmed with prior employers, and technical depth is tested by a subject matter expert through scenario-based assessment rather than resume review alone.
- Education verification. U.S. post-secondary degrees are verified through the National Student Clearinghouse; institutions outside that network are confirmed directly with the registrar. Foreign credentials are evaluated by an approved credential evaluation service.
- Certification verification. Every claimed certification is confirmed against the issuing authority's registry before submission. A discrepancy between a claimed credential and the verified record disqualifies the candidate from submittal.
- Ongoing training. ASD Global reimburses examination fees and provides paid study time for approved role-based certifications, tracks expiration dates, and issues renewal reminders in advance so credentials do not lapse mid-assignment.

Where WVOT's specification for a classification sets a qualification standard different from ASD Global's, ASD Global will apply the higher standard. The table below states the baseline ASD Global applies when sourcing each of the thirteen classifications in this Solicitation.

Qualification Standards by Classification

#	Classification	Minimum Experience	Education	Training and Certifications ASD Global Targets
1	Senior Web Application Analyst	7+ years in web application analysis, design, and support	Bachelor's in Computer Science, Information Systems, or a related field, or equivalent demonstrated experience	Full-stack web development (.NET, Java, JavaScript frameworks); SDLC and Agile practice; WCAG 2.1 / Section 508 accessibility; secure coding
2	CRM Application Analyst	5+ years configuring and supporting enterprise CRM platforms	Bachelor's in a technical or business discipline, or equivalent demonstrated experience	Microsoft Dynamics 365 or Salesforce platform certification; requirements analysis; workflow

#	Classification	Minimum Experience	Education	Training and Certifications ASD Global Targets
				and integration configuration; data migration
3	Senior SQL Server Database Administrator	7+ years administering production SQL Server environments	Bachelor's in Computer Science, Information Systems, or a related field, or equivalent demonstrated experience	Microsoft Certified: Azure Database Administrator Associate (DP-300); high availability, replication, and disaster recovery; performance tuning; database security and encryption
4	Business Analyst	5+ years of IT business analysis on application or infrastructure projects	Bachelor's in Business, Information Systems, or a related field, or equivalent demonstrated experience	IIBA ECBA or CCBA, or PMI-PBA; requirements elicitation and traceability; process modeling; UAT planning and facilitation
5	Learning Management System & eLearning Development Specialist	5+ years developing and administering LMS platforms and eLearning content	Bachelor's in Instructional Design, Education Technology, Information Systems, or a related field, or equivalent demonstrated experience	LMS administration (Moodle, Canvas, Cornerstone, or comparable); Articulate Storyline and Adobe Captivate; SCORM and xAPI packaging; Section 508 accessible course design
6	Cloud Financial Operations Specialist	5+ years in cloud cost management, chargeback, or IT financial management	Bachelor's in Finance, Accounting, Information Systems, or a related field, or equivalent demonstrated experience	FinOps Certified Practitioner; AWS Cost Explorer and Azure Cost Management; tagging and showback/chargeback design; reserved-capacity and commitment analysis
7	Cloud Architect	8+ years in enterprise IT, including 4+ years in cloud solution architecture	Bachelor's in Computer Science, Engineering, or a related field, or equivalent demonstrated experience	AWS Certified Solutions Architect – Professional or Microsoft Certified: Azure Solutions Architect Expert; landing zone and multi-account design; migration planning; TOGAF
8	Cloud Security Professional	7+ years in information security, including 3+ years securing cloud workloads	Bachelor's in Computer Science, Cybersecurity, or a related field, or equivalent demonstrated experience	CISSP, CCSP, AWS Certified Security – Specialty, or Microsoft AZ-500; NIST Cybersecurity Framework and NIST SP 800-53; IAM, encryption, and continuous monitoring
9	Cloud Platform Engineer	5+ years in platform, DevOps, or	Bachelor's in Computer Science, Engineering, or a related field, or	HashiCorp Certified: Terraform Associate; AWS Certified DevOps Engineer or Microsoft

#	Classification	Minimum Experience	Education	Training and Certifications ASD Global Targets
		infrastructure engineering	equivalent demonstrated experience	AZ-400; Certified Kubernetes Administrator; CI/CD pipeline and infrastructure-as-code practice
10	Cloud Network Engineer	6+ years in network engineering, including cloud and hybrid connectivity	Bachelor's in Computer Science, Engineering, or a related field, or equivalent demonstrated experience	Cisco CCNP; AWS Certified Advanced Networking – Specialty or Microsoft AZ-700; VPN, ExpressRoute/Direct Connect, SD-WAN, DNS, and segmentation design
11	Cloud Systems Management Engineer	5+ years administering enterprise server and cloud environments	Bachelor's in Computer Science, Information Systems, or a related field, or equivalent demonstrated experience	Microsoft Certified: Azure Administrator Associate (AZ-104) or AWS SysOps Administrator; endpoint and patch management (Intune, SCCM); monitoring, alerting, and automation scripting
12	Cloud Center of Excellence (CCOE) Implementation Specialist	7+ years in enterprise IT, including cloud governance or transformation program delivery	Bachelor's in Computer Science, Information Systems, Business, or a related field, or equivalent demonstrated experience	Cloud architect-level certification (AWS or Azure); ITIL 4; cloud governance, policy, and guardrail design; operating model and adoption framework experience
13	Mainframe Systems Programmer	7+ years in z/OS systems programming and support	Bachelor's in Computer Science or a related field, or equivalent demonstrated experience	z/OS installation and maintenance (SMP/E); JCL, COBOL, CICS, DB2, VSAM; RACF security administration; performance tuning and capacity planning

This baseline is applied at sourcing, confirmed during subject matter expert validation, and documented before a candidate is presented to WVOT. The effect for the Office of Technology is that classification qualification is settled before a resume reaches the agency, rather than becoming the agency's screening burden after the fact.

3.2- TYPE OF INDIVIDUAL PLACED AS PER THE SECTION 4.1

3.2. Vendors shall be able to demonstrate their potential to provide these services by providing documentation to indicate they have provided staffing of at least six (6) individuals within the listed classifications within the past five (5) years; documentation should include enough information to indicate that the Vendor provided an employee meeting the requirements of a specifically named classification from Section 1, above: the documentation should name the entity to whom the individual was supplied and provide contact information for that entity. Vendors must provide documentation to indicate that their company meets this requirement prior to award; however, bidder may include this documentation with their bid.

Advanced Software Design Inc., doing business as ASD Global, has supplied nine named information technology professionals in classifications listed in Section 1 of this Solicitation within the past five years — three more than the six the requirement establishes. Each individual is identified below by name and by the Section 1 classification performed. All nine were supplied to General Dynamics Information Technology (GDIT), and the entity and its contact are named in full so the Purchasing Division can verify any placement independently.

Entity to Whom the Individuals Were Supplied

Entity	General Dynamics Information Technology (GDIT)
Contact name	Benita Spinner
Contact title	Contract Labor Management Specialist
Telephone	703.995.1970
Email	Benita.Spinner@gdit.com

Ms. Spinner manages contract labor for GDIT and can confirm each placement listed below, the classification performed, and ASD Global's performance as a supplier.

Individuals Supplied, by Section 1 Classification

#	Individual	Section 1 Classification Performed
1	Samuel Tiba	Senior Web Application Analyst
2	Judith Kwassieu	Senior SQL Server Database Administrator
3	Abdul Alim	Business Analyst
4	Raza Atmar	Cloud Architect
5	Francisco Salmeron	Cloud Security Professional
6	Uche Egboluche	Cloud Platform Engineer
7	Joshua Chadwick	Cloud Network Engineer
8	Prithviraj Jathan	Cloud Center of Excellence (CCOE) Implementation Specialist
9	Romeo Macalintal	Mainframe Systems Programmer

Each individual was engaged in the classification named and performed the duties associated with that classification. ASD Global sourced, screened, verified credentials at source, completed background screening, onboarded each individual, and administered timekeeping and invoicing for the duration of each assignment.

Coverage Against Section 1

These nine placements cover nine of the thirteen classifications WVOT is procuring under this Solicitation, including seven of the specialized cloud and mainframe roles that are typically hardest to fill:

Line	Section 1 Classification	Covered
1	Senior Web Application Analyst	Yes
2	CRM Application Analyst	—
3	Senior SQL Server Database Administrator	Yes
4	Business Analyst	Yes
5	Learning Management System & eLearning Development Specialist	—
6	Cloud Financial Operations Specialist	—
7	Cloud Architect	Yes
8	Cloud Security Professional	Yes
9	Cloud Platform Engineer	Yes
10	Cloud Network Engineer	Yes
11	Cloud Systems Management Engineer	—
12	Cloud Center of Excellence (CCOE) Implementation Specialist	Yes
13	Mainframe Systems Programmer	Yes

Section 3.2 requires six individuals within the listed classifications; it does not require coverage of every classification. ASD Global exceeds the requirement by half again, and does so in the classifications that carry the greatest sourcing difficulty. For the four classifications not represented above, ASD Global applies the same sourcing, screening, and credential-verification process described in Section 3.1.1.

Statewide Public Sector Program Coverage

ASD Global's capacity to serve WVOT does not rest on a single client relationship. ASD Global is an approved supplier under statewide information technology staffing programs in thirteen states, and holds a state term contract in Florida. Each program required ASD Global to pass a state-level supplier qualification process — insurance, financial standing, background screening standards, invoicing and rate compliance, and contractual terms — before the company could receive or fill agency requisitions.

State	Program Scope	ASD Global Status
Florida	Information Technology Staff Augmentation state term contract	Contract holder
Colorado	Statewide IT temporary staffing under the state's managed service and vendor management program	Approved supplier
Connecticut	Statewide IT staffing procurement and IT managed services for contingent labor and strategic staffing	Approved supplier
Georgia	Statewide IT temporary staffing and IT staffing services supporting state agency contingent needs	Approved supplier
Indiana	Managed services provider contract covering IT project work, staff augmentation, and independent verification	Approved supplier
Iowa	IT managed services contract through the Department of Administrative Services	Approved supplier
Nebraska	Statewide IT staffing under the state's managed service and vendor management program	Approved supplier
New Jersey	IT managed services contract for time-and-materials and Statement of Work solutions	Approved supplier
North Carolina	Short-Term IT Staffing Contract administered through the Department of Information Technology	Approved supplier
Oregon	Basecamp Program — statewide IT vendor managed services	Approved supplier
Tennessee	Statewide temporary staffing covering information technology, medical, and administrative categories	Approved supplier
Texas	Information Technology Staff Augmentation Contract (ITSAC) services	Approved supplier
Virginia	IT Contingent Labor (ITCL) program and cybersecurity staffing procurement, administered by VITA	Approved supplier

What This Means for the Office of Technology

State IT staffing programs are not open markets. A supplier must be qualified, onboarded, and held to program compliance standards before it can submit a single candidate. ASD Global has cleared that bar in thirteen states. Three consequences matter on this procurement:

- Administrative readiness has been tested repeatedly by state governments rather than asserted in a proposal. Insurance certificates, rate compliance, invoicing format, and screening standards are routine for ASD Global, not something built after award.
- ASD Global recruits against state classification structures continuously across multiple jurisdictions — the same exercise Section 1 of this Solicitation requires across thirteen classifications.
- ASD Global is an established participant in the public sector staffing market, not a firm entering it for this contract. That reduces the risk that WVOT requisitions sit unfilled or that the supplier withdraws mid-term.

Taken together with the nine placements documented above, ASD Global offers WVOT both the qualification to operate inside a state contracting environment and the demonstrated record of filling the specific classifications this Solicitation names.

Documentation Provided

Document	What It Establishes
This placement schedule	Name and Section 1 classification for each of the nine individuals supplied
Named client contact at GDIT	Independent verification by the entity to whom the individuals were supplied, as required by Section 3.2

ASD Global will furnish the underlying invoices, purchase orders, contract award records, or any additional documentation the Purchasing Division requires, in whatever form and within whatever timeframe the Division specifies, at any point prior to award.

ACKNOWLEDGMENT OF ADDENDUMS

ADDENDUM

ADDENDUM ACKNOWLEDGEMENT FORM SOLICITATION NO.: CRFQ OOT27*006

Instructions: Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification.

Acknowledgment: I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.

Addendum Numbers Received:

(Check the box next to each addendum received)

☒ Addendum No. 1	☐ Addendum No. 6
☒ Addendum No. 2	☐ Addendum No. 7
☐ Addendum No. 3	☐ Addendum No. 8
☐ Addendum No. 4	☐ Addendum No. 9
☐ Addendum No. 5	☐ Addendum No. 10

I understand that failure to confirm the receipt of addenda may be cause for rejection of this bid. I further understand that any verbal representation made or assumed to be made during any oral discussion held between Vendor's representatives and any state personnel is not binding. Only the information issued in writing and added to the specifications by an official addendum is binding.
