Corporate Qualifications & Experience Attachment

CRFQ OOT27-006 | Temporary Technical Staffing Services | WV Office of Technology

September 13, 2026

West Virginia Office of Technology
c/o WV Purchasing Division, Evaluation Committee

Re: CRFQ OOT27-006 — Temporary Technical Staffing Services

Dear Evaluation Committee:

Laine Federal Solutions, Inc. is pleased to submit this Corporate Qualifications and Experience attachment in response to CRFQ OOT27-006 for Temporary Technical Staffing Services. As detailed in the enclosed qualifications, Laine Federal does not merely meet but substantially exceeds the Solicitation's mandatory five (5)-year relevant-experience requirement, backed by 16 years of continuous government and institutional staffing operations, a 18-state operating footprint, and direct technical-staffing experience aligned to the classifications identified in this Solicitation.

Laine Federal's cost proposal, submitted under separate cover in accordance with the Solicitation's instructions, reflects a competitive rate structure developed specifically for this engagement. We respectfully ask that the evaluation committee weigh both the strength of our qualifications and the value of our pricing in its evaluation.

We appreciate the opportunity to be considered for this contract and welcome any request the evaluation committee may have for additional information.

Sincerely,

A handwritten signature in black ink, appearing to read 'Chasidy Privett'.

COMPANY QUALIFICATIONS

CRFQ OOT27-006 | Temporary Technical Staffing Services | West Virginia Office of Technology

Certified Minority Woman-Owned Small Business (MWOSB), headquartered in Atlanta, Georgia.

MEETING AND EXCEEDING THE FIVE-YEAR EXPERIENCE REQUIREMENT

Laine Federal Solutions, Inc. has been continuously engaged in government and institutional staffing operations for 16 years, more than three times CRFQ OOT27-006's minimum five (5)-year experience threshold. Throughout this period, the company has operated without interruption, gap in licensure, or lapse in service delivery, providing workforce and technical staffing solutions to public-sector and higher-education clients across an 18-state footprint.

Dimension	What It Means for the City of Greenville
18-State Footprint	AL, AZ, CO, FL, GA, ID, KS, ME, NJ, NM, NY, NC, OH, OK, TN, TX, VA
8 Regional Service Centers	Geographic redundancy: Southeast Center directly supports West Virginia's backup recruiting capacity always available
45,000+ WV Pre-Screened Candidates	National database no local or regional firm can match; Upstate WV pipeline active and ready
Local Accountability	Named, dedicated account team; direct mobile numbers for every team member; no call centers, no hold queues

West Virginia's Office of Technology gets the best of both worlds: national infrastructure and candidate depth, delivered with local accountability and relationship-driven service.

RELEVANT INFORMATION TECHNOLOGY STAFFING EXPERIENCE

Within the last 5-years, Laine Federal has provided information-technology staffing and related technical recruiting for San Jacinto Community College, Wright State University, and Cynova Strategies, Inc.. These engagements have included hires performing duties comparable to the specialized technical classifications required by WVOT.

Relevant Clients	Representative Technical Hires
San Jacinto Community College	Senior Web Application Analyst
Wright State University	CRM Application Analyst
Cynova Strategies, Inc.	Senior SQL Server Database Administrator
Wright State University	Business Analyst
Wright State University	Learning Management System & eLearning Development Specialist

ALIGNMENT TO WVOT'S THIRTEEN TECHNICAL CLASSIFICATIONS

CRFQ OOT27-006 calls for responsive, as-needed staffing across thirteen specialized technical classifications. Laine Federal brings directly relevant hiring experience in five of those categories, shown below.

WVOT Classification	Laine Federal Relevant Experience
Senior Web Application Analyst	Directly comparable technical recruiting and placement experience.
CRM Application Analyst	Directly comparable technical recruiting and placement experience.
Senior SQL Server Database Administrator	Directly comparable technical recruiting and placement experience.
Business Analyst	Directly comparable technical recruiting and placement experience.
LMS & eLearning Development Specialist	Directly comparable technical recruiting and placement experience.

The remaining eight classifications: Cloud Financial Operations Specialist, Cloud Architect, Cloud Security Professional, Cloud Platform Engineer, Cloud Network Engineer, Cloud Systems Management Engineer, Cloud Center of Excellence (CCOE) Implementation Specialist, and Mainframe Systems Programmer, call for specialized cloud and mainframe expertise. Laine Federal's recruiting, screening, and quality-review infrastructure is not classification-specific: the same centralized sourcing and credential-verification process used for the five documented classifications above extends to these eight, supported by the program-management and technical qualifications of Laine Federal's Integration Director, summarized below.

Larry J. White II, MBA, PMP — Integration Director	
Education	MBA and M.S. in Information Technology (Systems Engineering), University of Maryland; B.A. in Business Management, Thomas Edison State College
Certifications	PMP (Project Management Professional); Lean Six Sigma Black Belt; ITIL Foundations; ISO 20000; ISO 9001; Federal Acquisition Regulations (FAR)
Relevant Skills	Systems/data integration; identity & access management (AD, SSO/PAM); NIST CSF; Power BI, ServiceNow, MS Project, Jira; Agile, Waterfall, Lean Six Sigma

Laine Federal brings both the staffing experience and technical knowledge required to successfully support WVOT. Larry White will serve as Project Manager and provide direct oversight of contract performance, technical staffing requirements, candidate qualification, and service delivery.

Mr. White holds an M.S. in Information Technology (Systems Engineering) and an MBA and is a certified Project Management Professional (PMP) with additional credentials in ITIL, Lean Six Sigma, ISO 20000, and ISO 9001. His background includes systems and data integration, identity and access management, NIST cybersecurity frameworks, ServiceNow, Power BI, Jira, and Agile and Waterfall delivery methodologies.

We have the background and knowledge. Laine Federal's recruiting team will not operate independently of the technical requirements. Under Mr. White's leadership, candidate qualifications will be evaluated against WVOT's required technologies, experience, and labor classifications before candidates are presented, providing WVOT with a Project Manager who understands both the people being recruited and the technology they are being recruited to support.

PUBLIC-SECTOR DELIVERY MODEL

Laine Federal's operating model is built for government and institutional environments where documentation, responsiveness, continuity, and compliance are as important as candidate sourcing. Centralized recruiting, HR, payroll, compliance, and quality functions allow the company to support individual requisitions as well as concurrent staffing demands without creating a new operating structure after award.

- Recruiting: Internal databases, professional networks, referrals, digital recruiting channels, and targeted technical outreach.
- Qualification Control: Candidate experience and credentials mapped to the State's labor-category requirements before presentation.
- Compliance: Centralized HR, payroll, background screening, work authorization, insurance, and documentation controls.
- Continuity: Active recruiting pipelines and replacement procedures to reduce disruption when staffing requirements change.

CRFQ OOT27-006 is a low-bid, open-end procurement: the Contract is awarded to the responsive, responsible Vendor offering the lowest overall total cost across all thirteen classifications, per Section 5.1 of the Solicitation, and not on a scored past-performance basis. Laine Federal's qualifications, as documented in this attachment and its accompanying certification, satisfy the Solicitation's mandatory minimum qualifications under Section 3 independent of having prior placement history in every one of the thirteen classifications individually.

CERTIFICATION

The undersigned certifies that the information contained in this Corporate Qualifications and Experience attachment is true, accurate, and complete to the best of their knowledge, and that Laine Federal Solutions, Inc. meets or exceeds the mandatory five (5)-year experience requirement of **CRFQ OOT27-006**.
