Confidentiality and Proprietary Information Notice

Certain information contained in this submission is considered confidential and proprietary to Industrial Staffing Services Inc. DBA Equiliem. This includes, but is not limited to, **customer names, and customer verification contact information** included in connection with Equiliem's prior staffing experience.

Equiliem respectfully requests that this information be treated as confidential and **not disclosed publicly except to the extent disclosure is required by applicable law**. Public disclosure of this information could reveal sensitive client relationships, business records, and commercially confidential information.

Section 3.1 - Minimum Company Experience Documentation

Company background and similar services

Industrial Staffing Services Inc. DBA Equiliem (Equiliem) was established in 2003 and began providing information technology staffing services that year. With more than 20 years of similar IT staffing experience, Equiliem exceeds the minimum five-year company experience requirement in Section 3.1.

Equiliem's experience includes supplying personnel for business systems analysis, systems administration, network and infrastructure support, application support, systems engineering, integration and testing, and technical project support. This experience encompasses enterprise technology operations and project-based staffing needs.

Representative long-standing IT staffing engagements

SAIC

Equiliem has provided technical and IT staff augmentation services to SAIC since February 2006. The engagement has supported systems engineering, infrastructure, technical support, testing, project support, and related government-program technology needs. IT staffing categories have included information technology, systems engineering, infrastructure, and cyber/technical support, with assignment durations varying according to client requirements.

Leidos

Equiliem has provided IT staff augmentation services to Leidos since January 2015. Personnel have supported requirements analysis, systems and application support, network and infrastructure support, integration and testing, troubleshooting, documentation, and project support. The engagement has included business systems analysis, systems administration, network engineering, software and IT support, and systems integration and testing assignments.

Experience verification

Equiliem's IT staffing operations dating to 2003 and the long-standing client engagements described above establish its history of providing similar information technology services. Equiliem can substantiate this service history and respond to verification requests through its business, client, and staffing records as requested.

Section 3.2 - Prior Staffing Experience Documentation

The following six individual placements demonstrate Equiliem's prior staffing experience within the listed classifications. Each placement identifies the client/entity, assignment period, applicable classification, services performed, and client verification contact information to substantiate the experience provided.

Assignments shown as Current are reported as ongoing as of September 10, 2026.

Placement 01 | Sunlife

Proposed classification	Senior Web Application Analyst
Assignment period	03/02/2026 to Current
Contract / PO / Req. #	SLFJP00004428
