1. TRANSMITTAL LETTER

State of West Virginia
2019 Washington STE
Charleston, WV 25305

Dear Toby L Welch,

Tekstad, Inc (referred as “Tekstad”) is pleased to submit the enclosed response to the State of West Virginia (Referred as “State”), CRFQ Number:0231_OOT2700000006_1, for Temporary Technical Staffing Services.

Headquartered in Maryland, Tekstad is a certified Veteran-owned Small Business, stands as a beacon of dynamic and innovative IT and staffing services provision. Since our inception in 2019, we have remained steadfast at the forefront of technological solutions, seamlessly integrating IT staffing into our offerings. With a fervent dedication to excellence and an unwavering commitment to client triumph, we've consistently delivered top-tier services across diverse industries.

Tekstad is a natural zenith from the basic objective of providing cost effective innovative IT consulting and staffing solutions. Ever since our inception we have been providing IT consulting and staffing services by adapting to each client's agenda and becoming their partner combined with effective management understanding of their needs and goals. We have been delivering exceptional services with honesty and integrity in everyday action and we make sure we are successful in doing that. Our commitment to be transparent and straightforward throughout the placement process has helped us build solid client and contractor relationships. The principle we embrace – Customer Service first”.

Tekstad has placed over 921
IT candidates Nationwide
with public and private sector
clients

We follow ISO & ITIL methodologies, and have experienced consultants, diverse expert management team and focus on government solutions, positions us to meet State needs and requirements. Partnering with us provides clients inherent and clear advantages which result in achieving project objectives with significant cost savings. We work with our clients as partners and not just another staffing vendor. As partners we provide them extra value added with the combination of our knowledge base, our technology vendors' partnership advantage, our expert team of consultants who provide expert support to our field consultants working at client site without any extra cost to our clients. Through our company commitment and dedicated staff, Tekstad has a 100% project success rate with all of our clients, including many federal, state and county agencies.

Team Strength:

We ensure our commitment to satisfy all client requests by following these principles:

- ❖ Meeting all minimum requirements/commitments of the State
- ❖ Verifying that its staffing services meet agreed requirements
- ❖ Making provisions of quality assessment, testing & training for accepting market challenges

Below mentioned designated POC will serve as the primary contact for all CRFQ response related communications, including any requests for clarification or other communication needed between the State and Tekstad. Our point of contact Information is as follows:

Surya Teja Potu (President & CEO)

Email: government@tekstad.com

Tekstad, Inc

Phone: (714)270-9376

Web: www.Tekstad.com

We request the State that, if after submitting our response, the State release any amendment, we will prefer opportunities to make the modifications in response according to the amendment. Tekstad makes the following certifications and guarantees regarding this proposal:

- All the information provided in this response is correct.
- We are acknowledging two (2) addendums posted to date.
- We are fully comply with all terms and conditions as mentioned by the State terms and conditions exhibit

I believe that our response meets the requirements as called out in this CRFQ. If the CRFQ determines that Tekstad response is deficient in any way, Tekstad respectfully requests to be promptly notified and be given the opportunity to correct any such deficiency. Below official is authorized to bind the commitment with the State on behalf of the firm.

Sincerely,

Surya Teja Potu (President)
Tekstad, Inc.

WORK ORDER NUMBER	: I901800476

PLEASE VERIFY THE INFORMATION CONTAINED IN THIS LETTER. NOTIFY THIS DEPARTMENT IN WRITING IF ANY INFORMATION IS INCORRECT. INCLUDE THE CUSTOMER ID AND THE WORK ORDER NUMBER ON ANY INQUIRIES. EVERY YEAR THIS ENTITY MUST FILE AN ANNUAL REPORT/PERSONAL PROPERTY RETURN IN ORDER TO MAINTAIN ITS EXISTENCE EVEN IF IT DOES NOT OWN PERSONAL PROPERTY. THE RETURN IS FOUND ON THE SDAT WEBSITE.

3.1.1- General Company Overview

Vendor should provide with their bid, a general company overview that must include information regarding the number of years of qualification, experience, training, and relevant professional education for each individual classification.

General Overview of TekStad:

Established in January 2019, Tekstad Inc is a certified Veteran Owned digital services firm with over six years of experience in providing innovative information technology, IT consulting, and staffing services. Our offerings span across project management, portfolio management, product engineering, agile coaching, product management, Human-Centred Design, Cloud computing, Robotic Process Automation, Data Engineering, and Data Science.

We manage the best IT talent across the US with focus on providing local professionals to its clients. We have flexible, scalable, and customizable talent optimization programs in partnership with many of the world's best-known brands. We have placed over 921 candidates in the last 6 years for our public and commercial sector client's programs. We are one of the top suppliers to Amtrak for the last consecutive three years and have provided quality talent for the IT staffing needs including some large projects that needed multiple resources in a short turnaround time.

We maintain small business intimacy through our agility, flexibility, and personal contact with our customers while bringing depth, industry expertise, and reach back. Tekstad main focus is on customer service and satisfaction above all else. We have been recognized for pervasive excellence in service to State and Commercial customers with numerous awards and countless customer accolades.

Our ability to excel is due to our most valuable asset, our employees. Whether in the back office, executive leadership positions or on contracts providing daily support, Tekstad has the agility, experience, and infrastructure to successfully transition, implement, and deliver State projects on schedule and on budget.

Tekstad will employ a CMMI and ISO-driven approach on this State project, proven successful for many customers, of which a small sample is shown in figure below:

Our Commitment:

- The Right Talent, at the Right Time, at an Affordable Price
- At the Customer, For the Customer delivery model (ACFC) ensures our team is focused on your needs

Our Experience and Strengths:

- With over six-year history, we have achieved better than industry attrition rate of less than 1.5% due to performance issues
- Prime contractor on Amtrak IT Resources
- Successfully staffed over 921 resources for Federal, State and Local customers
- Maintain an internally curated resume database of over 700,000 candidates many of which map to the requirements of this job classification as section 4.
- We have met SLAs in providing qualified resources in as little as 4 days, or finding and onboarding resources within 10 days
- The overall average rating of the resources placed for our customers is 4 out of 5, with a significant percentage of those resources receiving ratings of 5 out of 5—100% satisfaction

Our Quality:

- Followed ISO 9001:2015 standards for a repeatable and disciplined recruitment process
- Followed ISO 10002:2015 for enhancing customer delight Standards

Tekstad brings proven delivery expertise to multiple Information Technology Staffing projects, where we will bid on task orders to exceed cost management, customer service, and operational reliability goals of the clients, delivering high quality services with speed and agility. Our approach to IT staffing is flexible and incorporates client feedback upon award and throughout the life of the contract to ensure we meet, if not exceed, expectations. On this contract, we will promote the following:

- **Visibility and Open Communication:** Tekstad will foster collaborative, open communications with the State throughout the duration of the contract. We will maintain a constant flow of communication and reporting. To maximize project control, we will use our ATS Portal especially designed to provide an effective and efficient update on personnel placed. This portal offers timesheets of consultant's work of hour, attendance and performance etc. We will make this accessible for State management.
- **Core personnel located onsite/offsite, providing the State with an unmatched responsive, collaborative partnership:** Tekstad is flexible to the needs of State, and will provide on-site core personnel as required to fulfil task order requirements. Should task orders require off-site work, Tekstad is also prepared to house any project staff needed to support back-end tasks such as programming and development. Our objective is to increase efficiency, productivity and enhance communication, resulting in a superior quality of deliverables and lower cost to the State.
- **Information Technology Professional Contingency Position Requirements Analysis:** Tekstad will conduct a thorough review of the position requirements outlined in the CRFQ to determine:
 - Knowledge, experience, and skills required for the position.
 - Supervisory controls associated with the position.
 - Guidelines available for the execution of the work of the position.
 - Complexity of the work.
 - Scope and effect of the position.
- **A Partner for Mission-Driven Innovation and Value:** Tekstad will introduce innovative concepts and fully leverage CMMI standards to lower operating costs while improving software quality and customer satisfaction. We will work with the State to identify, define, and implement strategies that consist of proven technology innovations, clearly defined enterprise architecture, and streamlined industry best practices in IT staffing services solutions to enable the organization and State to accomplish their missions as efficiently as possible.

EXPERIENCE:

Tekstad boasts over six years of unparalleled expertise in delivering top-tier Information Technology Staff Augmentation Services to public sector clients. With a track record encompassing more than 50 similar projects, our seasoned management team and skilled professionals have adeptly supported public and private initiatives both on-site and offsite. As a leading IT staffing and consulting firm, we cater to a diverse array of industries and functional disciplines, ensuring comprehensive coverage for all IT technical support needs. Drawing from best practices honed over years of managing personnel across varied roles and responsibilities, Tekstad excels in meeting the demands of large-scale IT professional requirements, no matter how complex or challenging.

Our experience is underpinned by meticulous long-term strategic management planning, which serves as a guiding force for the core team at Tekstad, enabling us to consistently deliver exceptional results. Tekstad has been providing IT technical support services in a variety of different areas and specialties, including:

The table below shows a summary of mapping of our experience providing IT staffing services from the last six years:

Training: Tekstad provides IT technology training to employees, as appropriate for their positions. Tekstad has established Tekstad internal training programs to train candidates for delivery and services, inclusive of hard skill training as well as soft side training. Tekstad offers training curriculum on a wide variety of topics such as Artificial Intelligence, Machine Learning, DevOps, Cloud, and Cyber. We differentiate ourselves from our peers by making significant training investments in our people. We have attached our internal training catalog in Appendix 1. Employees have access to a variety of training opportunities beginning with initial training during onboarding of project-specific tasks/expectations. This training includes, but is not limited to, the following:

- ✓ *Tekstad invests over \$5,000 in training per employee, in addition any client- required training.*
- ✓ *We provided training to over 200 employees to become certified in the Scaled Agile Framework Enterprise (SAFe)*
- ✓ *We work with external training partners such as Learning Tree*

- Tekstad online learning platform
- Tekstad boot camps- an in-house training center- designed to bring employees up to speed with the latest technologies.
- Specific skills/tool training through our partnerships (Microsoft, Oracle, Amazon)
- Virtual Technical Management Exchanges held during lunch hours so staff can interact with other technical and management team on best practices and lessons learned from other engagements.

Because of our previous experience providing IT staffing services to similar customers, we already have an extensive library of training material. For West Virginia, Tekstad will customize training materials to meet the training needs of the State under the new contract and tailor the training to each audience. We periodically hold weekend courses at Tekstad on various subjects, providing training to our employees, and contractors to become certified in the Scaled Agile Framework Enterprise (SAFe) framework. Tekstad acknowledges that payment for the time while in training is at the discretion of the client. We also agree that the cost of the course and any training materials is the responsibility of Tekstad.

Detailed Employees Training Program: Tekstad is committed to provide training to its employees and encourage certification/qualification at the individual level in ITIL processes as well as technical specialties. Tekstad provides staff with robust training opportunities. We differentiate ourselves from our peers by making significant training investments in our people. We prioritize this for two reasons: it improves job performance and staff engagement. We foster skill growth and career progression as part of our focus on long- term employee relationships. We ensure that training (unless required by our customers) does not impact the operations by scheduling the training in evening /weekend time or during lunch breaks. Tekstad offers training curriculum on a wide variety of topics, from cloud migration, agile development, and cybersecurity to ITIL, CMMI, ISO, and PMI best practices. Tekstad spends on an average \$5,000 per employee per year (hard skills, soft skills) through a combination of training on the ThinkHR platform, Tekstad inhouse training program, mandatory annual training, external training partners, and other tailored individual development plans.

Specific training plans in place for Candidates/Companies:

- Tekstad HR creates specific training plans tailored for individual resources with an Individual Development Plan (IDP) based on their job category and career goals. Our Project Manager (PM) works with the employees to ensure they attend training without affecting contract commitments.
- We provide one-on-one training for new hires on project-specific responsibilities with refresher training every six months.
- We encourage all our project managers to become PMP certified and reimburse the cost of the training and the certification.
- As our staff grows from a technical role into a management role, we conduct management training to help the team to transition into the new role

- We hold virtual Technical Management Exchanges (TMEs) during lunch hours so that our team can interact with other technical and management teams on best practices and lessons learned from other engagements.
- Tekstad offers training to bring our existing and new employees up to speed with client processes, ITIL, CMMI, ISO, Agile, and PMI best practices.
- HR organizes ongoing training to keep our candidates up to speed with technical advancements and keeping people motivated
- We use our partnerships with Microsoft, Oracle, Amazon, etc. to offer specific tool training that will be needed in performing their assignments with the State
- Tekstad has an online learning platform (ThinkHR) to help employees build their skills at their own pace
- We reimburse costs for certifications and tuitions in case of deserving candidates

Annual Training Requirements: We require all our candidates to take yearly training sessions on company ethics, non-harassment policies (sexual harassment prevention), IT security policies and manager training. Our training and continuous growth philosophy for our candidates ensures that we continue to build our workforce and provide benefits to our customers with high performing, engaged staff through the life of assignments

3.2. Vendors shall be able to demonstrate their potential to provide these services by providing documentation to indicate they have provided staffing of at least six (6) individuals within the listed classifications within the past five (5) years; documentation should include enough information to indicate that the Vendor provided an employee meeting the requirements of a specifically named classification from Section 1, above: the documentation should name the entity to whom the individual was supplied and provide contact information for that entity. Vendors must provide documentation to indicate that their company meets this requirement prior to award; however, bidder may include this documentation with their bid.

The table below illustrates similar positions across Section 4.1, which we have filled for various clients. Providing this information helps ensure that we fulfil the minimum requirements outlined in the above-mentioned questions.

Business Analyst Candidate 1			
Candidate Name	Rishita Godi		
Period of Performance	Oct 2021 to April 2022		
Client Name	Caspex, Inc		
Contact Name	Dhawal Anand	Telephone Number	408-910-0775
Email ID	dhawala@caspex.com		
Individual Qualifications:	MBA - Human Resources Management Bachelor of Engineering

Description of Consultant's role and responsibilities	• Rendering support to NCR(ITS) SQL server database instances • Functioning as Offshore Team Lead and entrusted with the responsibility of a team, escalations and people management • Managing an Azure Cloud (PASS) Environment with SQL Server 2016. • Managing an Azure Cloud (IAAS) Environment with SQL Server 2016,2017 and 2019 • Implementing ITIL processes, which includes incident management, problem management and change management • Steering efforts towards driving incident improvement projects and support teams to define problem statements, identify corrective action plans, and deliver improvements to reduce aging incident tickets volumes, issues reoccurrences, and time to restore across all IT incident severities • Working on projects to improve the incident/problem/change process and drive standard operating procedures & process reviews • Solving succeed and share now tickets issued by the user • Providing Comprehensive Database Management & Production Support • Acting as a point of contact for tracking, driving, escalating, coordinating & communicating the resolution of DB issues; maintaining & documenting the DBA support strategy; managing & maintaining DBA service levels, workflow process, work tickets & service metrics

Senior Web Application Analyst Candidate 4			
Candidate Name	Siva Krishna Vasireddy		
Period of Performance	Apr 2022 - Sep 2022		
Client Name	ATRILOGY SOLUTIONS GROUP, INC		
Contact Name	Tyger Jones	Telephone Number	(303) 309-2705
Email ID	V.Contracts@Atrilogy.com		
Individual Qualifications:	Master's in Electrical and Computer Engineering in New York Institute of Technology, USA		
Project Name	Supporting IT consulting project		
Description of Consultant's role and responsibilities	• Developed user-interactive, responsive web pages using HTML5, CSS3, Java/JEE, JavaScript, jQuery, AngularJS, TypeScript, and AEM. • Built and customized AEM templates and components using CRXDE, Sightly (HTL), and Adobe CQ5, handling authoring, publishing, and cross-browser testing. • Designed responsive layouts for mobile, tablet, and desktop using CSS media queries, Bootstrap, and SASS. • Conducted A/B testing and implemented improvements across key storefront areas like home page and checkout funnel. • Integrated Google Analytics to track user behavior and optimize website performance. • Performed QA testing, bug fixes, and cross-browser compatibility corrections for Chrome, Safari, IE, and Firefox.		

	• Collaborated with Leads, Business Analysts, Scrum Masters, and Product Owners in Agile Scrum ceremonies (stand-ups, retrospectives, backlog grooming). • Used Git for source control, Jira for defect tracking, and enterprise-approved secure coding standards to ensure high performance and security in production.
--	--

CRM Applications Analyst Candidate 5

Candidate Name	Ramesh Kumar Pujari		
Period of Performance	January 2021 – December 2022		
Client Name	CASPEX INC		
Contact Name	Dhawal Anand	Telephone Number	201-374-7631 Ext:563
Email ID	dhawala@caspex.com		
Individual Qualifications:	Masters, in Information Technology (IT) Bachelors, in Computer Science and Information Technology (CSIT)		
Project Name	Supporting IT consulting project		
Description of Consultant's role and responsibilities	• Designed and developed Boomi interface from scratch for CIA (Cash In Advance) requirement between Viero legacy order management system to Netsuite financial system • Did the production support and modified existing Boomi contact integration service that runs between Salesforce and Netsuite. • Developed Boomi service to log Netsuite logs into AWS SNS queue. • Done creating multiple Netsuite profiles and developed reusable sun process to use across boomi processes. • Created and deployed boomi common logging process and deployed across atoms (dev, int, QA, UAT and PROD) • Involved in Oracle EBS to Salesforce Customer Accounts, Contacts, Products, Assets and Service Request (SR) Synchronization design discussions. • Provided and developed Oracle Integration solution for Accounts, contacts, Products synchronization to SFDC. • Explored and developed Oracle Seeded Service Request APIs(Create/Update/Sync SR) to implement Salesforce to EBS Service request integration for SR creation. • PL/SQL custom packages/procedures developed to fulfill the need. • Created and configured/scheduled custom EBS concurrent programs to support the integration need. • Involved on Dell Boomi service Integration testing and resolved/supported post production. • Prepared Integration documents • Developed a common logging re-usable PL/SQL wrapper could potentially be used/enhanced in subsequent projects.		

Senior Web Application Analyst Candidate 6

Candidate Name	Deepthi Bollisetty
Period of Performance	Feb 2026 – June 2026

Client Name	MSR Technology Group, LLC		
Contact Name	Shweta Sharma	Telephone Number	732-743-7013
Email ID	shweta.sharma@msrtechnologies.com		
Individual Qualifications:	Bachelor of Technology in Electronics and communications Jawaharlal Nehru Technology University		
Project Name	Supporting Network Infrastructure Services		
Description of Consultant's role and responsibilities	• Design, implement, and troubleshoot network and IT infrastructure technologies and solutions. • Manage daily tasks and projects related to the installation of Firewalls, Routers, Switches, and wireless devices. • Configure internet routing protocols such as BGP, OSPF, ECMP, MPLS, and EIGRP. • Configure and maintain Application Performance Monitoring (APM) and End User Monitoring (EUM) tools for infrastructure monitoring. • Review network health using APM data metrics and develop dashboards and alerts for proactive monitoring. • Monitor capacity utilization per location/PoP and correlate it with network performance and business transactions. • Create technical specifications and Bill of Materials (BoM) for network elements involved in projects. • Collaborate with vendor Technical Assistance Center (TAC) and High Touch Technical Support (HTTS) teams. • Coordinate with internal stakeholders such as ICMs, OPM/TPMs for regular sync and timely deliverables. • Automate processes using Python scripts to streamline workflows and reduce manual effort. • Test the performance and functionality of network, optical gear, and applications. • Work with internal ticket systems for day-to-day ticket resolution and updates. • Collaborate with colocation (PoP) and data center technicians globally to address network and optical gear issues. • Analyze new technical challenges, assess their impact and risks, and prepare design and implementation plans.. • Working with Business Users, System Analysts, Developers, API Gateway, Technical Architects, AWS Cloud Infrastructure, Storage, Network, Information Security, Automation Engineers (CI/CD), QA, and Product Release Masters.		

9. ADDENDUM ACKNOWLEDGEMENT FORM

SOLICITATION NUMBER: CRFQ OOT2700000006

Addendum Number: 1

The purpose of this addendum is to modify the solicitation identified as ("Solicitation") to reflect the change(s) identified and described below.

Applicable Addendum Category:

- ☒ Modify bid opening date and time
- ☐ Modify specifications of product or service being sought
- ☐ Attachment of vendor questions and responses
- ☐ Attachment of pre-bid sign-in sheet
- ☐ Correction of error
- ☐ Other

Description of Modification to Solicitation:

Addendum No 1 is issued for the following reasons:

1) To modify the bid opening date from 9/15/26 to 9/23/26.

--no other changes--

Additional Documentation: Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

Revised 6/8/2012

ADDENDUM ACKNOWLEDGEMENT FORM
SOLICITATION NO.: CRFQ OOT27*006

Instructions: Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification.

Acknowledgment: I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.

Addendum Numbers Received:

(Check the box next to each addendum received)

☒ Addendum No. 1	☐ Addendum No. 6
