Solicitation DOT27*2 ([85273001](#)) Questions Response

Question 1: On the WVDOH Approved Products List (APL 715.042.000.1), the Panorama Antennas part number is listed as LMAG-7-27-24-58-1S. However, we have confirmed directly with the manufacturer that their official SKU for this unit is actually LGAM-7-27-24-58-1S (switching the 'M' and the 'A').

<https://transportation.wv.gov/apl-7150420001-712026>

Could you please advise if we should submit our bid using the manufacturer's corrected SKU (LGAM) or if we must stick with the exact SKU currently listed on the APL website (LMAG) to avoid disqualification?

RESPONSE 1: The wrong APL was uploaded when the website was updated. The proper APL has been uploaded and the SKU changed. The updated APL links are at the following:

<https://transportation.wv.gov/division-approved-product-lists-apls>

<https://transportation.wv.gov/apl-7150420001-912026>

Question 2: Would the Cradlepoint R920 comply if its initial NetCloud license is included in the unit price, provided no additional subscription is required to maintain connectivity or transfer the router to a new location?

Response 2: The RFQ specifications clearly state that any required initial subscription or license fees shall be incidental to the Contract price, and no subsequent fees after purchase shall be required for performing firmware updates, establishing all router settings, maintaining connectivity, and transferring the router to a new location with a new IP address.

Question 3: For the Buy America requirement, must separate manufacturer certification letters be submitted for the router, power supply, and antenna? Also, may Virginia please confirm the specific federal Buy America standard each letter must certify compliance with.

Response 3: If the Vendor can provide a Buy America certification letter(s) for Items 2 and 3 which meet the requirements referenced in Section 3.1.1.3, they may provide this with the bid. However, the RFQ specifications only require a Buy America certification letter for Item 1.

Subject: Country of Origin and FHWA Buy America Requirements (Deal ID 73588878)

Cisco Systems, Inc. and its affiliate entities have manufacturing locations worldwide. Due to Cisco's policy of continually looking for the best manufacturing options for its products, sourcing decisions are made dynamically by Cisco at the time orders are booked, based on supply chain and demand considerations. Various combinations of sourcing organization, manufacturers, and inventory are possible, especially in configured products. This information is gathered during the manufacturing process and factored into the determination of finished product and unit-specific country of origin. Until an actual unit is assembled or built, we do not have a definitive Country of Origin ("COO").

Notwithstanding the above, to the best of Cisco's knowledge as of the date of this letter, the Cisco Product IDs ("PIDS") found on the attached Appendix A are "manufactured products" as defined by 23 CFR § 635.410(c)(iv) that are manufactured in the United States as required by 23 CFR § 635.410(c)(vii)(A) for projects obligated on or after October 1, 2025. Cisco is working diligently to address the requirements of 23 CFR § 635.410(c)(vii)(B) prior to October 1, 2026.

Please note this information is Cisco Confidential Information and is furnished in strict confidence with the understanding that it will be treated as Cisco Confidential Information. The information contained herein is also subject to change at any time for the reasons set forth above. Please note that the actual COO of the PIDs as manufactured shall be as set forth in the shipping commercial invoice for the purchased PIDs.

Yours sincerely,

Including such fees or charges as notes to the solicitation may result in rejection of vendor's bid. Requesting such fees or charges be paid after the contract has been awarded may result in cancellation of the contract.

18. FUNDING: This Contract shall continue for the term stated herein, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise made available, this Contract becomes void and of no effect beginning on July 1 of the fiscal year for which funding has not been appropriated or otherwise made available. The Purchasing Division will disclose any document labeled "confidential," "proprietary," "trade secret," "private," or labeled with any other claim against public disclosure of the documents, to include any "trade secrets" as defined by West Virginia Code § 47-22-1 et seq. All submissions are subject to public disclosure without notice.

32. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Upon request, the Vendor must provide all necessary releases to obtain information to enable the Purchasing Division Director or the Agency to verify that the Vendor is licensed and in good standing with the above entities.

38. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

39. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

☐ Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.division@wv.gov.

40. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check. Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

41. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process.
- c. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
 1. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
 2. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a “substantial labor surplus area”, as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the Vendor must submit to the Agency a disclosure of interested parties prior to beginning work under this Contract. Additionally, the Vendor must submit a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-work interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

44. PROHIBITION AGAINST USED OR REFURBISHED: Unless expressly permitted in the solicitation published by the State, Vendor must provide new, unused commodities, and is prohibited from supplying used or refurbished commodities, in fulfilling its responsibilities under this Contract.

45. VOID CONTRACT CLAUSES: This Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law.

46. ISRAEL BOYCOTT: Bidder understands and agrees that, pursuant to W. Va. Code § 5A-3-63, it is prohibited from engaging in a boycott of Israel during the term of this contract.

DESIGNATED CONTACT: Vendor appoints the individual identified in this Section as the Contract Administrator and the initial point of contact for matters relating to this Contract.
