Dear Ms. Reed:

This is to transmit the final copy of the Purchasing Review of the West Virginia Veterans Nursing Facility, Clarksburg. This inspection was the final step in the Veterans Nursing Facility Procurement Improvement Plan issued February 2018. The result of this inspection has been used to determine the completion of the Improvement Plan. The requirement to successfully complete the Improvement Plan was to score no lower than a B in the final inspection. Your agency inspection score was 84.1% which is a letter grade of B. Since you have met the requirements within this inspection, you have successfully completed your Procurement Improvement Plan. The Veterans Nursing Facility will now be added to our routine inspection list. Should you feel a response is warranted, your comments will become part of the Inspection Report file.

While this ends the formal Improvement Plan, the Purchasing Division notes that there are always improvements to be made, and suggests that your agency take full advantage of all opportunities to continue improving staff understanding of, and need for compliance with, current and future procurement regulations. A Corrective Action Plan will follow requesting your response to all of the compliance issues identified in this report.

Thank you for your cooperation and that of your staff during this review.

Respectfully,

INTRODUCTION

The Purchasing Division is broadly charged with the development and oversight of the procurement functions of state spending units under its authority. That authority is found in Chapter 5A, Article 3 of the West Virginia Code, and Title 148, Series 1, of the West Virginia Code of State Rules. That mandate requires that the Purchasing Division “appoint inspectors to review and audit spending unit requests and purchases and other transactions and performance.” W. Va. CSR § 148-1-4.14. The Purchasing Division’s Inspection Services Unit performs this function by regularly conducting inspections of all spending units subject to Purchasing Division oversight.

The Purchasing Division Inspection Services Unit conducted an onsite inspection of the West Virginia Veteran’s Nursing Facility for the period of January 1, 2019 – December 31, 2019. Notice of the inspection was provided on January 29, 2020, and the inspection commenced on February 20, 2020. The results of the inspection are contained within this report.

SCOPE

The scope of the inspection was focused on determining whether the West Virginia Veteran's Nursing Facility's procurement transactions for the period of January 1, 2019 – December 31, 2019 were, in all material respects, in compliance with applicable provisions of the West Virginia Code, the Code of State Rules and the Purchasing Division Procedures Handbook in effect during that time period.

Inspectors utilized spending unit payment transactions to identify potential violations with a primary focus on those transactions processed at the spending unit level without Purchasing Division involvement. Those transactions included, but were not limited to, agency delegated procurements, Section 9 procurements, agency delivery orders, General Accounting Expenditure ("GAX") payments, and P-Card payments. Notwithstanding this general focus, however, Inspectors can review any transaction or internal procurement operating procedures that they deem relevant.

As noted above, the transaction review was conducted to ensure compliance with applicable provisions of the West Virginia Code, the Code of State Rules and the Purchasing Division Procedures Handbook. More specifically, the scope of the inspection included, but was not limited to, an examination to determine if any of the following infractions had been committed:

- (1) Failure to bid at central level (Stringing)[Required to be reported to the Legislature twice annually]
 - (2) Internal resources not utilized,
 - (3) Statewide contract not utilized,
 - (4) Failure to bid at delegated level,
 - (5) Vendor registration unverified and wrong vendor fee exemption code utilized
 - (6) Failure to verify compliance checks
 - a. Unemployment
 - b. Workers' compensation
 - c. Vendor status with Secretary of State's office
 - d. Debarred vendor list
 - (7) Failure to include notarized Purchasing Affidavit,
 - (8) Failure to issue wvOASIS procurement award document,
 - (9) Lack of compliance with fixed asset requirements (asset tags),
 - (10) Failure to include Certification of Non-Conflict of Interest form,
 - (11) Miscellaneous Issues
 - a. Improper award (Unjustified award to other than lowest responsible bidder meeting specifications),
 - b. Leases exceeding six months not processed centrally
 - c. Other as needed
-

SUMMARY

During the period under review, the spending unit processed 2,228 procurement transactions with a value of \$6,558,383.49. (These amounts are approximate, subject to reporting limitations from wvOASIS (including possible data entry error) and errors caused by elimination of duplicate results). Of those transactions, the Inspector selected 91 for review which represents approximately 4% of the total. This inspection of 91 selected transactions yielded 38 findings associated with 18 of the selected transactions. This means that approximately 19.8% of the transactions reviewed had one or more instances of noncompliance with applicable provisions of the West Virginia Code, the Code of State Rules and the Purchasing Division Procedures Handbook. The findings are further illustrated in the attached Findings Grid and Grading Sheet.

The inspection also revealed that on 5 occasions, the spending unit failed to obtain competitive bids as required by the applicable dollar level of spend. That number is comprised of 0 instances of failing to bid at the central level (also known as stringing), and 3 instances (grouped) of failing to bid at the delegated level. Any instances of failure to bid at the central level will be reported to the Legislature as required by the West Virginia Code.

Based on the findings contained in this report, the Purchasing Division recommends the spending unit work to improve any areas of noncompliance. Given that the agency received a score of 84.1% B on the inspection and there was a pattern of findings or one or more cases of stringing, the first step must be the completion of a Corrective Action Plan. A request for which will be provided to you after this inspection is finalized.

EXHIBIT A: DETAILED INSPECTION FINDINGS

Issue 1: Failure to bid at central level (Stringing)

Authority: W. Va. Code § 5A-3-10; Procedures Handbook Section 6

Explanation: State law mandates that the Purchasing Division competitively bid for the purchase of commodities and services estimated to exceed twenty-five thousand dollars. The law also prohibits a spending unit from issuing a series of requisitions or divide or plan procurements to circumvent this twenty-five thousand dollar threshold. The transactions listed below violated this legal mandate and will be reported to the West Virginia Legislature as required by law.

Transactions in Violation: (0 Instances)

Purchasing Division Recommendation:

1. The Purchasing Division recommends that the spending unit establish central contracts through the Purchasing Division for each of the items included above and any other commodities or services that will exceed \$25,000 in a rolling 12 month period.
2. The Purchasing Division recommends that the spending unit utilize wvOASIS to create reports that will allow the spending unit to track spend and determine when spending is closing to exceeding the \$25,000 limit.
3. The Purchasing Division recommends that the spending unit forecast future needs for its commodities and services to determine in advance what should be procured at the central level.
4. The Purchasing Division recommends that the spending unit's procurement officer participate in training on this topic offered by the Purchasing Division and ensure that all procurement staff understand how to comply with this requirement moving forward.

Issue 2: Internal Resource Not Utilized

Authority: W. Va. Code §§ 25-7-5 and 5A-3-10; Procedures Handbook Section 3.6.1

Explanation: State law mandates that certain social welfare programs be utilized prior to a spending unit obtaining commodities and services in the open market. Those programs include the Sheltered Workshops established to assist disabled individuals in finding employment, and the Correctional Industries program that provides prison inmates with meaningful work. The transactions listed below should have been obtained from one of these programs, or a waiver should have been obtained. The inspection revealed that the transactions were outside of the internal programs and no waiver was granted.

Transactions in Violation: (0 Instances)

Purchasing Division Recommendation:

1. The Purchasing Division recommends that the spending unit personnel become familiar with what is available from internal sources and either procure those commodities and services from internal sources or obtain a waiver from the Purchasing Division.
2. The Purchasing Division recommends that the spending unit's procurement officer participate in training on this topic offered by the Purchasing Division and ensure that all procurement staff understand how to comply with this requirement moving forward.

Issue 3: Statewide Contract Not Utilized

Authority: W. Va. CSR § 148-1-7.4.c.; Procedures Handbook Section 3.6.2

Explanation: The Purchasing Division has authority to establish contracts at a statewide level to secure economies of scale that would not be possible on an agency by agency basis. Once established, the Purchasing Division can mandate that spending units utilize those statewide contracts. For the transactions listed below, the spending unit has obtained the commodity or service in question outside of an available statewide contract without a valid waiver.

Transactions in Violation: (2 Instances)

<u>Date</u>	<u>Description</u>	<u>Vendor</u>	<u>Amount</u>	<u>Invoice</u>	<u>SW Contract</u>
01/22/19	Pest Control	Dodson Bros	\$1,115.00	PRCC,19*53348	PESTCTR18
10/03/19	Calendars	Nordiscocor	\$432.85	PRCC,20*48008	OFFICE15

Purchasing Division Recommendation:

1. The Purchasing Division recommends that the spending unit personnel become familiar with what is available from statewide contracts and either procure those commodities and services from statewide contracts or obtain a waiver from the Purchasing Division.
2. The Purchasing Division recommends that the spending unit's procurement officer participate in training on this topic offered by the Purchasing Division and ensure that all procurement staff understand how to comply with this requirement moving forward.

Issue 4: Failure to bid at delegated level

Authority: W. Va. Code § 5A-3-11(a); W. Va. CSR § 148-1-7.2; Procedures Handbook Section 5

Explanation: The Purchasing Division has established competitive bidding requirements that spending units must follow when procuring commodities and services below \$25,000, and above \$2,500.01. For those transactions listed below, the spending unit has failed to obtain and document competitive bids as required.

Additional Detail: Although the individual transactions listed above falls below \$2,500.01, the agency aggregate spend for each vendor exceeded the threshold.

Purchasing Division Recommendation:

1. The Purchasing Division recommends that the spending unit follow the requirements associated with each delegated spending limit.

2. The Purchasing Division recommends that the spending unit utilize wvOASIS to create reports that will allow the spending unit to track spend and determine when spending is closing to exceeding spending limits.
3. The Purchasing Division recommends that the spending unit forecast future needs for its commodities and services to determine in advance what should be competitively bid at delegated verbal and written bid levels.
4. The Purchasing Division recommends that the spending unit's procurement officer participate in training on this topic offered by the Purchasing Division and ensure that all procurement staff understand how to comply with this requirement moving forward.

Issue 5: Vendor Registration Unverified/Wrong Vendor Fee Exemption Code Utilized

Authority: W. Va. CSR § 148-1-6.1; Procedures Handbook Section 4

Explanation: The agency must verify that the vendor is registered, and the registration fee paid, if applicable. The registration process includes having the proper disclosure of information in the wvOASIS vendor/customer account. Certain vendors are exempted from paying the vendor registration fee mandated by the authority referenced above. wvOASIS has created fee exemption codes that allow the spending unit to designate the appropriate exemption code on a transactional basis.

Transactions in Violation: (0 Instances)

Purchasing Division Recommendation:

1. The Purchase Division recommends that the spending unit only utilize vendor fee exemption codes for transactions that would allow a vendor to avoid paying the vendor registration fee.
2. The Purchasing Division recommends that the spending unit's procurement officer participate in training on this topic offered by the Purchasing Division and ensure that all procurement staff understand how to comply with this requirement moving forward.
3. The Purchasing Division recommends that the spending unit contact the Vendor Registration section within the Purchasing Division if there is uncertainty about when and how to apply a vendor fee exemption code.

Issue 6: Failure to Verify Compliance Checks

(Workers Comp, Unemployment, Sec. of State, Debarment)

Authority: W. Va. CSR § 148-1-6.1.e.; Procedures Handbook Section 5.2.3.

Explanation: The authority cited above requires that a vendor be licensed and in good standing in accordance with all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or other state agencies or political subdivisions prior to being awarded a contract. The mandated compliance checks were not included in the transactions listed below.

Issue 8: wvOASIS Award Document Not Issued

Authority: Procedures Handbook Section 5.1.2

Explanation: The Purchasing Division Procedures Handbook requires that a procurement award document be issued for all purchases exceeding \$2,500 in value. This requirement ensures that the transaction is recorded in wvOASIS in a way that allows it to be easily identified and tracked and helps to prevent spending in violation of procurement laws, rules, and procedures.

The review consisted of 100 selected transactions from an approximate 2,330 total transactions from July 1, 2016 through June 30, 2017. This review resulted in 92 findings associated with 38 of the selected transactions. This indicated that 38% of the transactions reviewed during the inspection had one or more problems of potential nonconformity with Purchasing Division laws, rules, and/or regulations. When comparing the statistics from 2017 to the current 2019 inspection, below is a summary of the issues identified during the 2017 inspection, as compared to the findings from the current inspection.
