AGREEMENT ADDENDUM

In the event of conflict between this addendum and the agreement, this addendum shall control:

1. **DISPUTES** - Any references in the agreement to arbitration or to the jurisdiction of any court are hereby deleted. Disputes arising out of the agreement shall be presented to the West Virginia Court of Claims.
2. **HOLD HARMLESS** - Any clause requiring the Agency to indemnify or hold harmless any party is hereby deleted in its entirety.
3. **GOVERNING LAW** - The agreement shall be governed by the laws of the State of West Virginia. This provision replaces any references to any other State's governing law.
4. **TAXES** - Provisions in the agreement requiring the Agency to pay taxes are deleted. As a State entity, the Agency is exempt from Federal, State, and local taxes and will not pay taxes for any Vendor including individuals, nor will the Agency file any tax returns or reports on behalf of Vendor or any other party.
5. **PAYMENT** - Any references to prepayment are deleted. Payment will be in arrears.
6. **INTEREST** - Should the agreement include a provision for interest on late payments, the Agency agrees to pay the maximum legal rate under West Virginia law. All other references to interest or late charges are deleted.

8. **FISCAL YEAR FUNDING** - Service performed under the agreement may be continued in succeeding fiscal years for the term of the agreement, contingent upon funds being appropriated by the Legislature or otherwise being available for this service. In the event funds are not appropriated or otherwise available for this service, the agreement shall terminate without penalty on June 30. After that date, the agreement becomes of no effect and is null and void. However, the Agency agrees to use its best efforts to have the amounts contemplated under the agreement included in its budget. Non-appropriation or non-funding shall not be considered an event of default.
9. **STATUTE OF LIMITATION** - Any clauses limiting the time in which the Agency may bring suit against the Vendor, lessor, individual, or any other party are deleted.
10. **SIMILAR SERVICES** - Any provisions limiting the Agency's right to obtain similar services or equipment in the event of default or non-funding during the term of the agreement are hereby deleted.
11. **ATTORNEY FEES** - The Agency recognizes an obligation to pay attorney's fees or costs only when assessed by a court of competent jurisdiction. Any other provision is invalid and considered null and void.

Accordingly, any provision limiting the Vendor's liability for direct damages to a certain dollar amount or to the amount of the agreement is hereby deleted. Limitations on special, incidental or consequential damages are acceptable. In addition, any limitation is null and void to the extent that it precludes any action for injury to persons or for damages to personal property.

Mr. Dave Tincher
Purchasing Director
West Virginia Purchasing Division
2019 Washington Street

Dear Mr. Tincher:

The purpose of this document is to summarize discussions from recent meetings held between the State of West Virginia and Grainger. These meetings were conducted to review Grainger's WSCA 1862 award and discuss Grainger's Single Award option, and subsequent benefits of this option to the State of West Virginia.

Additionally, this document will provide a brief overview of the competitive process used by the Western States Contracting Alliance (WSCA) to award this contract.

Grainger WSCA Award Overview

On August 20, 2010, The Nevada Division of Purchasing, on behalf of the Western States Contracting Alliance (WSCA), solicited RFP 1862. RFP 1862 was for "A Multi-State Contract For Facilities Maintenance, Lighting Products, Industrial Supplies And Tools."

Grainger responded to this RFP on October 20, 2010 and provided a comprehensive response to Part 1-Technical Proposal. The Technical Proposal outlined all key areas potential suppliers would be required to satisfy in order to be considered for an award. Grainger's Technical Proposal was subsequently reviewed by the WSCA RFP Committee, which included representation from the following states: Nevada, Connecticut, Alaska, South Dakota, Utah, Oregon and Arkansas.

On February 28, 2011, Grainger received notification of WSCA's intent to award Grainger a 3 year contract effective March 1, 2011 thru February 28, 2014. The contract also included the option for 1 three year extension. In addition, Grainger also learned their Technical Proposal received the highest scores for all mandatory requirements including price and value added services. Grainger's actual score was 907.79 out of a potential 1000 points. Furthermore, Grainger's Technical Response was ranked first by all evaluating members.

Grainger Single Award Offer Overview

Basic Administrative Fee

Grainger will pay an administrative fee of 1% directly to the State of West Virginia on a quarterly basis for all purchases under the WSCA Contract. Based on previous purchase history it is estimated this fee will be approximately \$33,000 for the entire year. These savings will only increase over time to the extent that West Virginia continues to consolidate its MRO purchases under this contract.

Single Award Administrative Fee

In exchange for issuing Grainger a single WSCA award, Grainger will pay an additional administrative fee of 2% directly to the State on a quarterly basis for all contract purchases. Based on previous sales history it is estimated this fee will be approximately \$66,000 for the entire year. Again, to the extent that the State continues to consolidate its MRO purchases under this contract these savings can grow.

Annual Growth Incentive

The contract also includes a growth incentive of 1% which will also be paid directly to the State of West Virginia when incremental purchases exceed 10% over the previous year's purchases. For example, if the previous year's purchases for West Virginia is estimated at \$2,300,000 and West Virginia sales increase to \$2,530,000 (10% growth) during the contract year, the State of West Virginia would earn an estimated growth incentive \$2,300.

Annual On-Line Ordering Incentive

The contract also includes a 1% incentive paid on e-commerce purchases which would be paid to the State of West Virginia for achieving 50% of total purchases through any eCommerce platform (i.e. Grainger.com, Punch-Out, SAP Connection, or other). As an example, if West Virginia increases their purchases through or shifts their purchases to an eCommerce channel so that half of their current purchases, or approximately \$1,650,000, are purchased through e-commerce, the State of West Virginia would receive an additional payment of \$165,000, which are additional savings. Again, there is potential here for additional and increased savings, just by leveraging e-commerce.

Top 100 Market Basket

A key feature of the Single Award offer is the ability for the State to develop their own custom Market Basket of an additional 100 items. Based on Grainger's data of previous spend with Grainger it is estimated West Virginia could save an additional \$87,000 dollars on purchases. This represents approximately a 30% savings. Market Basket items will be reviewed and updated annually.

WSCA Market Basket

As part of the WSCA RFP process, WSCA identified 1526 high use items, which are now considered the WSCA Market Basket. An analysis of West Virginia's 2010 purchases showed the State purchased approximately 700 of these items. Should the state purchase these items in the future, it is estimated there would be an additional savings of \$65,000. This represents a savings of approximately 31%.

Large Order/Point of Sale Savings

This WSCA contract feature will also allow the State of West Virginia to receive additional savings for large volume orders. The purchasing agency or buyer would engage their local Grainger representative for assistance. Savings would be realized at time of purchase. In

addition, these savings will be documented and reported during regular business reviews between Grainger and the State.

Summary of Potential Savings

The program outlined above, including all incentives and concessions, provides the State of West Virginia the opportunity to realize approximately \$400,000 in savings in year one of the contract. As the state consolidates purchases with Grainger, these benefits should result in increased savings from year to year; the contract is designed to deliver continued and potentially increased savings over the life of the state's contract.

Grainger's Economic Footprint in West Virginia

- Grainger has been part of the West Virginia business community since 1951.
- Grainger currently employs 30 team members who work and reside in West Virginia
- Grainger currently operates 4 warehouses in West Virginia which totals approximately 50,000 square feet of space.
- In 2010, Grainger remitted in excess of \$1 million in taxes to the State of West Virginia
- In 2010, Grainger donated approximately \$2000 to nonprofits in West Virginia through its charitable matching gifts program.

We appreciate the opportunity to serve the State of West Virginia and their respective agencies. Please don't hesitate to call me if you have any questions.

Thank you again for your consideration in issuing a Single Award contract to Grainger.

Sincerely,

Tom Massari
Government Sales Manager
