3. **NON-FUNDING:** All services performed or goods delivered under State Purchase Orders/Contracts are to be continued for the terms of the Purchase Order/Contract, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods, this Purchase Order/Contract becomes void and of no effect after June 30.

LENOVO CHANGE ORDER

Lenovo informed us that the equipment originally bid had reached its end of life cycle. In the RFP, we noted that at the end of life, the vendor must provide a replacement that is equal to or better than at the same price. In choosing the replacement, the State requested that the memory be upgraded from 512MB to 1GIG to accommodate Vista. Given this requested addition, the following pricing shows a comparison of the cost of the old units and the cost of the new units. Lenovo did meet the requirements of the RFP with this replacement equipment.
