RFQ IPT10
FOR STATEWIDE CONTRACT FOR
CISCO INTERNET PROTOCOL VOICE COMMUNICATIONS
HARDWARE AND SOFTWARE OR EQUAL —

1. PURPOSE

The Acquisition and Contract Administration Section of the Purchasing Division, hereinafter referred to as "State", is soliciting proposals for the Office of Technology, hereinafter referred to as "WVOT", to establish a statewide contract for the procurement, installation, and on-going maintenance of Internet Protocol Voice (VoIP) communications equipment.

WVOT will be providing Core Voice Services and Redundancy to state agencies as part of the overall consolidation of Executive Branch agency's information technology resources. The services being provided will include teleconferencing, All Center agents, Emergency Responder, unified messaging/voice mail, failover redundancy and basic phone service.

The RFQ specifies Cisco name brand product(s), "or equal" specifically for the following reasons: the products we are requesting for purchase are a simple expansion of a pre-existing network/telephony hardware and software platform/system architecture. Any alternate products must seamlessly fit into, integrate with and interchange with the existing Cisco infrastructure investment with zero loss of feature functionality, and no infrastructure configuration changes.

2. GENERAL REQUIREMENTS

Throughout this section, **VENDOR** refers to the contracting company and **MANUFACTURER** is the company who actually manufactures the equipment.

2.1 For a Vendor to be eligible to qualify for an award, the Vendor **MUST** meet all of the requirements listed below. Successful Vendors will be qualified to submit bids for specific procurements during the life of the contract.

2.2 Any Vendor submitting bids **SHALL** be authorized to sell and service Cisco equipment covered under this contract. The Vendor **MUST** provide collaborating evidence that he is authorized by the manufacturer to sell and service his equipment.

2.3 The Vendor is solely responsible for all work performed under the contract and **SHALL** assume prime contractor responsibility for all services offered and products to be delivered under the terms of this contract. The State **SHALL** consider the Vendor to be the sole point of contact with regard to all contractual matters. The Vendor may, with the prior written consent of the State, enter into written subcontracts for performance of work under this contract; however, the Vendor is totally responsible for the payment of all subcontractors.

2.4 The Vendor **MUST** inform the Contract Administrator, on a timely basis of new or planned offerings, discontinuance of products, and any other information that will help the State make more informed decisions.

2.5 The Vendor MUST accept the State of West Virginia Purchasing Card for payment by all authorized State agencies for purchases against this contract. Vendor MUST also have the ability to accept orders by e-mail, mail, telephone, facsimile, or in paper form.

2.6 The Vendor MUST provide the Contract Administrator with usage reports including a summary of all equipment (regardless of dollar amount) sold under this contract including agency name, manufacturer, model/part number, WV-39 number, date received, install date, and total amount. These reports MUST be provided electronically.

2.7 The Vendor MUST provide their escalation procedures for problem resolution including time frames, contact names and phone numbers.

2.8 The Vendor SHALL have on staff two (2) manufacturer certified technicians for the products they are authorized to sell under this contract, each with a minimum of one-year experience, for the term of this contract. These certifications MUST be kept current, based on industry standards. Vendor SHALL provide copies of certifications and verification of experience for the staff who meet the requirements for the above services. If either of the two required technicians leaves the Vendor's employment, the Vendor SHALL be required to obtain a replacement within 30 days. The Vendor SHALL provide the replacement certifications to the Contract Administrator. Until a replacement is employed, the Vendor may not be permitted to bid on procurements under this contract.

3.0 EXPERIENCE AND REFERENCE REQUIREMENTS

3.1 The Vendor's company SHALL have been in sales and service of the products types they are bidding for a minimum of five (5) years at the time of the bid opening. The Vendor SHALL submit documentation supporting how the company meets this requirement.

3.2 All vendors SHALL also provide three client references who have procured this type of equipment from the vendor. The reference information required is name, title, company, mailing address, telephone number, and e-mail address. At least one reference must be from within West Virginia.

4.0 SUPPORT REQUIREMENTS

4.1 The Vendor SHALL maintain a toll-free technical support telephone number, staffed for eight consecutive hours, between the hours of 8:00 a.m. and 5:00 p.m., EST, during business days for the State, and accessible to all agencies who have purchased items from the Vendor under this contract. Personnel staffing the Vendor's support line SHALL be able to give competent technical assistance to agencies for all items purchased from the Vendor.

5.0 WARRANTY REQUIREMENTS

- 5.1 Warranty work SHALL be performed by a technician authorized by the manufacturer to service the equipment. During the term of the contract, a copy of the technician's certifications SHALL be made available upon request of the State.
- 5.2 If the agency specifies a particular warranty type and response time, if the Vendor responds, he is agreeing to meet the warranty provisions required in the agency's specifications.
- 5.3 If the agency specifies a particular warranty type and response time, the warranty SHALL apply to all equipment on the agency's bid request unless otherwise noted.
- 5.4 If the agency does not specifically address warranty coverage in its bid document, the Vendor SHALL, at a minimum, provide the manufacturer's mail-in warranty that includes parts and labor, at no cost to the State. Warranty SHALL cover all shipping costs to the manufacturer's designated repair depot, and for the equipment's return.
- 5.5 The Vendor is responsible for registering the equipment with the manufacturer for standard warranty and extended warranty coverage if specified in the agency specifications.
- 5.6 If the agency specifies on-site warranty, and the Vendor responds positively to the bid, the Vendor SHALL "fix" the equipment on-site. If the equipment is not repaired within eight (8) business ours, the Vendor SHALL supply a "loaner" of equal to or better than, speed and capacity, unless declined by the agency. Loaner equipment will be available to the agency to use until the original equipment is returned and working to the satisfaction of the agency. This loaner requirement applies to the switch, and any other major components. The Vendor will supply the switch, but the agency will be required to load any software over and beyond the software installed on the machine as originally purchased. The agency may request the Vendor to load additional software at their billable hourly rate.
- 5.7 If the equipment is mission critical, this requirement will be noted in the agency's bid specifications. A loaner SHALL be provided within 4 business hours to the agency until the hardware is repaired and meets the agency's satisfaction. The Vendor will be required to assist the agency in removing the software and data from the mission critical machine and loading the software and data on the loaner so that the machine can be up and running within 4 business hours, at no cost to the agency.
- 5.8 When a warranty call is made to the Vendor, the Vendor, after hearing the problem description by the agency, will try to work with the agency to resolve the problem over the phone. At their discretion, the agency can require the Vendor to come on-site to resolve the problem when the equipment has been purchased under an on-site warranty.
- 5.9 When the Vendor is required to come on-site, if the problem is determined to be a problem not related to the hardware and software supplied by that Vendor, they may bill the agency at their billable hourly rate for the time spent driving one-way to the user site and the time spent on-site. In the instance, the

agency SHALL be notified of the error and the Vendor's intent to bill for the call. If the agency disagrees with the cause, both the agency and the Vendor will document the situation and submit it to WVOT for review and resolution.

5.10 Upon completion of any warranty call, the Vendor SHALL provide the agency with a signed service report that includes, at a minimum, the date, a general statement of the problem, the serial number of the problem equipment, the action taken, any materials or parts replaced, the name of the technician who performed the repair, and the number of hours required to complete the repairs. There should also be a place for the agency to sign confirming that the warranty work was performed.

6.0 PURCHASING PROCEDURES

The State uses a Bulletin Board that is accessible only to those Vendors who qualify to sell under this contract.

6.1 The agency identifies a need and provides specifications to the Contract Administrator.

6.2 The Contract Administrator reviews the specifications and if acceptable, puts the specifications out on the Bulletin Board.

6.3 Any questions regarding the specifications MUST be submitted to the Contract Administrator at least one working day prior to bid opening. The inquiry will be investigated and a determination will be made if clarifications or changes are required to the specifications and an addendum to the bid document is required.

6.4 The Vendor MUST respond by the response date and time specified on the bid. Any bids received after the stated response time will be disqualified.

6.5 The Vendor MUST meet all the agency's requirements in order to be considered for award. By responding to the bid, the Vendor is guaranteeing that they meet or exceed the requirements of the bid.

6.6 The Vendor MUST itemize each bid showing a) the manufacturer and manufacturer's model/part number; b) the unit cost; and c) the extended cost.

6.7 The Vendor MUST total his bid. In the instance where an error is made in the Vendor's math, the unit price SHALL prevail.

6.8 All Vendor quotes MUST be F.O.B. Destination with inside delivery.

6.9 All Vendor bids MUST be valid for a minimum of ninety (90) calendar days.

6.10 The costs quoted MUST match the invoice to insure timely payment.

7.0 MISCELLANEOUS

7.1 The State reserves the right to utilize inter-state agreements, such as the Western States Contracting Alliance (WSCA), to purchase equipment, outside of the terms and conditions of any contract resulting from an award of this RFQ, pursuant to West Virginia State Code, Section §5A-3-19.

8.0 PROPOSAL FORMAT

All vendors who meet all of the mandatory requirements of this RFQ will qualify to participate in this statewide contract. The bid format should be as follows:

8.1 Title Page – This page should be a letter from the vendor stating the RFQ subject and number, the name of the vendor, the vendor's business address, telephone number, name of authorized contact person to speak on behalf of the vendor, and e-mail address of that contact person, and confirming that the vendor meets all mandatory requirements of the bid.

8.2 General Requirements – vendors must provide a) a letter from the manufacturer collaborating that the vendor is authorized to sell and service the equipment (2.1.2), escalation procedures for problem resolution (2.1.7); and c) evidence that the two technicians are certified to service the equipment and that they have one year of experience in the field.

8.3 Experience and References Requirements – The vendor should provide a) documentation supporting how long the company has been in business and how long they have been selling this type of equipment, and b) the required contact information for their three references.
