Address Correction

Express. If the shipper provides an incomplete or incorrect recipient address, we may attempt to find the correct address and complete delivery. We may use the address included in the shipper's electronic shipment information to determine whether an address correction is necessary. We will assess a shipping fee. For shipments receiving FedEx Express Multiweight[®] pricing, the fee is \$16 per package up to a maximum of \$112 per shipment. Address correction is also required if the recipient phone number is omitted for a Rural Delivery (RD) address or a Star Route Assignment (SRA) address in Alaska. If we are unable to complete delivery, we are not liable for failing to meet our delivery commitment.

Within the U.S., we also will assess this fee if the address is a P.O. box number or P.O. box ZIP code. For international shipments destined to a P.O. box address, we may assess the fee if a valid telephone, fax or telex number is not provided for the recipient.

For FedEx International Broker Select[®], the address correction fee will apply if the broker's address is incomplete or incorrect on the air waybill or other shipping documentation. If we cannot determine the correct address or cannot reach the broker, we may attempt to contact the sender for address clarification or instructions to return the shipment. If we are unable to complete delivery under these circumstances, we will not be liable for failing to meet our delivery commitment.

Ground. If the shipper provides an incomplete, incorrect or P.O. box recipient address, we may attempt to determine the correct address, complete delivery and notify the shipper of the address correction. We may use the address included in the shipper's electronic shipment information to determine whether an address correction is necessary. We assess an additional charge for delivery or attempted delivery to the corrected address. For shipments receiving FedEx Ground Multiweight[®] pricing, the fee is \$16 per package up to a maximum of \$48 per shipment. The money-back guarantee does not apply to these shipments, and we are not liable for failing to complete delivery or meet our scheduled delivery time.

Ancillary Clearance Service Fees

FedEx provides import clearance processing for international express package and international express freight shipments, and international ground shipments. FedEx may charge an ancillary clearance service fee, where applicable, on international shipments

for clearance processing; for services requested by the shipper, recipient or importer of record; or to recover the costs passed to FedEx by the regulatory agency for regulatory filing. Ancillary clearance service fees that are invoiced are described on a separate line item on the duty-and-tax invoice.

We may apply these service fees, which are subject to change, to either a U.S.- or non-U.S.-based shipper, recipient or designated third party. When possible, we will honor

the shipper's request to bill these service fees to the payer as designated on the Bill Duties and Taxes section of the air waybill or shipping label. When we are unable to honor that request, the recipient may be invoiced for applicable ancillary clearance services.

When the Bill Shipper or Bill Third Party option is selected to pay duty-and-tax charges, the payer will be invoiced for all applicable ancillary service fees that are assessed for clearance in the destination country, including all fees resulting from ancillary services that may have been requested by the recipient.

For more information about the ancillary clearance service fees that may apply to your shipment, select your destination country from the list provided at fedex.com/ancillary/go/service.

Delivery Area Surcharge

A delivery area surcharge applies to package shipments destined to select U.S. ZIP codes. In addition, a delivery area surcharge applies to FedEx Express and FedEx Ground shipments destined for areas in Alaska and Hawaii that are remote, sparsely populated

or geographically difficult to access. Go to fedex.com/rates-surcharges for a list of ZIP codes where this surcharge applies.

A maximum charge may apply for shipments receiving FedEx multiweight pricing.

For FedEx Ground packages that exceed 70 lbs. and are destined to an Alaska ZIP code that receives the delivery area surcharge, the applicable fee will be 3.5 times the Alaska commercial or Alaska residential charge (FedEx Home Delivery packages cannot exceed 70 lbs.).

<p>Delivery Reattempt Charge If we cannot complete delivery of a U.S. express freight or international express freight shipment on the initial delivery attempt, the shipment will be returned to the nearest FedEx Express Freight ramp location. We will not reattempt delivery unless the shipper or recipient requests it. For U.S. express freight shipments, each shipper- or recipient-arranged reattempt will be subject to a delivery reattempt charge in addition to all other applicable charges. After three attempts to notify the recipient or shipper, or five business days after the initial delivery attempt, whichever comes first, the shipment may be considered undeliverable.</p>	U.S. Express Freight Services	Greater of \$63.50 per shipment or \$0.069 per lb.

<p>Dimensional Weight</p> <p>Dimensional weight is calculated by multiplying the length by width by height of each package in inches and dividing the total by 139. When dimensional weight applies per shipment, calculate the volume of each piece or freight handling unit in the shipment (multiply the length by width by height), then add those volumes together and divide the total by 139. If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. If the chargeable weight of a FedEx Ground package exceeds 150 lbs., a prorated per-pound rate will be used. Package shape and dimensions may change during transit, which can affect the package's dimensional weight and surcharge eligibility. If the dimensions change during transit, FedEx may make appropriate adjustments to the shipment charges at any time.</p> <p>Dimensions of one-half inch or greater are rounded up to the next whole number; dimensions less than one-half inch are rounded down. The final calculation is rounded up to the next whole pound.</p> <p>FedEx Express applies dimensional weight to all shipments in customer packaging and may apply it to shipments in FedEx packaging. Dimensional weight applies on a per-package or per-shipment basis for U.S. shipments, and per-shipment for international and U.S.-to-Puerto Rico shipments. Dimensional weight is applicable on a per-freight-handling-unit basis for U.S. express freight shipments and a per-shipment basis for FedEx International Priority Freight and FedEx International Economy Freight shipments. See fedex.com/us/terms/other-services for FedEx International Premium dimensional weight information.</p> <p>FedEx Ground applies dimensional weight to all shipments on a per-package basis. For FedEx Home Delivery, the shipping charges for any package with a dimensional weight of greater than 70 lbs. are the same as a FedEx Ground package of corresponding dimensional weight being shipped under the same circumstances, plus FedEx Home Delivery fees and other charges.</p>	<p>Express Services, Ground Services</p>	<p>If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. See the definition at left for details.</p>
<p>Duties and Taxes</p> <p>Duties and taxes, including goods and services tax (GST) and value-added tax (VAT), may be assessed on the contents of the shipment. Any such charges will be billed to the recipient, unless you instruct us otherwise. In the event we advance duties and taxes on any given shipment, the payer will be assessed an ancillary clearance service fee based on a flat rate or on a percentage of the total amount advanced (see the Advancement Fee [FedEx Express] or the Disbursement Fee [FedEx Ground] listed under Ancillary Clearance Service Fees on pp.116–117).</p>	<p>International Express Package Services, International Express Freight Services, International Ground Service</p>	<p>See the definition at left, the Duties and Taxes section in the FedEx Express International Terms and Conditions, and the International Service Conditions section in the FedEx Ground Tariff for details.</p>

Multiple-Piece Shipments

For FedEx Express and FedEx Ground package services, you can ship multiple pieces as a multiple-piece shipment if the pieces: 1) use the same service, bill-to instructions, packaging type and delivery instructions (including FedEx Delivery Signature Options, collect on delivery, FedEx Express Saturday pickup or delivery, Hold at Location, or FedEx Home Delivery convenient delivery options); 2) move together on the same day from one sender to one recipient; and 3) meet all size, weight and acceptance guidelines for the selected service. Individual packages in a multiple-piece shipment may have different weights, dimensions and declared value. Within the U.S. only, individual packages in a multiple-piece shipment processed using FedEx electronic shipping solutions may contain different designations of dangerous goods (for FedEx Express) or hazardous materials (for FedEx Ground). All labeling requirements, guidelines and restrictions apply. Each individual piece or single handling unit must have an address label showing complete sender and recipient addresses.

Multiple-piece shipments tendered as express freight must be palletized, stackable, forkliftable, banded and shrink wrapped to form single freight handling units.

Once a multiple-piece shipment tendered via a U.S. package service reaches a total shipment weight of 100 lbs. for FedEx Express (200 lbs. for FedEx Express Saver) or 200 lbs. for FedEx Ground (with contract-only FedEx Ground Multiweight rates), it is rated based on price per package and price per total shipment weight. You are billed the lower of the two rates. For FedEx Express, a 15-lb. average minimum package weight for the shipment applies. For FedEx Ground, an average minimum package weight for the shipment applies and varies by contract. FedEx Express international multiple-piece shipments are billed based on total shipment weight. FedEx One Rate multiple-piece shipments are not eligible for FedEx Express Multiweight pricing.

All FedEx electronic shipping solutions can create shipping labels for FedEx Express and FedEx Ground multiple-piece shipments within the U.S., and will place a master tracking number and package-count sequence and total on each label. A FedEx Express Package USAirbill or FedEx Express Freight USAirbill can accept up to 999 pieces as a multiple-piece shipment (except for shipments in FedEx® Envelope or FedEx 10kg Box and FedEx 25kg Box packaging).
