## Tulip Bulbs Planted as Part of Governor's Beautification Project

With fall finally upon us, tulip bulbs purchased from WV Surplus back in May can now be planted. For the many eligible organizations who were able to acquire free tulips from WV Surplus, this is an opportunity they may not have been able to afford otherwise. If you are driving along Route 19 next spring, keep an eye out for these tulips planted as part of Gov. Jim Justice's beautification incentive.

If you or your organization would like to be informed of upcoming opportunities and deals from WV Surplus, subscribe to WV Surplus's email lists for both eligible organizations as well as daily sales customers online at [WVSurplus.gov](http://WVSurplus.gov).

# Summer Comes to an End, Looking Ahead to Fall

Happy Fall! While the temperatures start to fall this season, it is business as normal here at the warehouse. WV Surplus began its new fiscal year in July and has spent the early part of fall reviewing its efforts. At the end of each fiscal year, the Purchasing Division, under which the WV Surplus program is administered, publishes an annual report to provide statistical information to the general public and share its accomplishments.

Within the Fiscal Year 2019 Annual Report, WV Surplus was recognized for the following accomplishments:

- Made 192 vehicles available to various organizations;
- Made more than 131 items available through our online auction site GovDeals;
- Helped the Town of Fayetteville acquire trucks to serve as snow plows;
- Provided tulip bulbs to more

than seven eligible organizations;

- Prepared information for the “Veterans Small Business Enhancement Act” that will allow veterans in late 2020 to acquire equipment and property through the Federal Surplus Property Program;
- Ended the fiscal year with more than 4,427 “likes” on Facebook;
- Organized an Open House for Eligible Organizations; and
- Coordinated a Customer Appreciation Day.

A copy of the Purchasing Division’s Annual Report will be available online in the coming weeks at [WVPurchasing.gov](http://WVPurchasing.gov).

Looking back on all of the things we accomplished during the last fiscal year makes me excited for the challenges and the opportunities that lay ahead for my staff and me.

Fall is a good reminder that

## Long-Time WV Surplus Employee James Farmer Retires

**James Farmer has been a dedicated employee of WV Surplus for 40 years. From greeting customers to assisting with vehicle retirements, Farmer was an valued team member at the warehouse and will be missed.**

After 40 years of service, James Farmer retired from the WV Surplus on September 30, 2019. A reception was given in his honor at the warehouse which was attended by family and current and retired WV Surplus staff.

Farmer was a Storekeeper I and assisted with vehicle retirements and deliveries in addition to his various duties in the warehouse. Co-workers described him as always ready to assist and help in any way possible. Farmer was a great representative of the WV Surplus and supplied the best customer service in vehicle and warehouse purchases.

Farmer saw many changes to the WV Surplus over the years, including the construction and opening of the new warehouse, changes to procedures,

and many new customers. For many state agencies and customers, he was a familiar face at the warehouse.

“James was a great asset to Surplus Property and will be missed. His attitude and work ethic helped Surplus Property run smoothly,” added Doug Elkins, Assistant Manager of WV Surplus.

Farmer looked forward to joining the leisure life and enjoying time with his family. He is planning to visit his daughter more frequently who is completing her senior year at Marietta College in Marietta, Ohio. Farmer resides in St. Albans with his wife Cynthia.

Congratulations on your retirement James and thank you for your many years of service!

## Just Another Day at WV Surplus

---

On August 29, 2019, a water line broke outside of WV Surplus on 28<sup>th</sup> Street in Dunbar. Water shot an estimated 100 yards in the air. Thanks to the quick work of WV Surplus staff, the vehicles located on the secured parking lot were moved to a safe distance. While the water line break did not interrupt normal operations, it was a surprise for staff and customers present at the time.
