

VENDOR COMPLIANCE CHECKS

Reference Guide

Prior to awarding a vendor a contract, an agency must verify that a vendor is in compliance with the requirements stated in **Section 5.3.2** of the *Purchasing Division Procedures Handbook*. If the contract being awarded is for goods or services exceeding the \$5,000 “no bid” threshold, the agency must retain documentation verifying compliance in the agency file.

As part of the vendor registration compliance process, there are six checks that must be completed.
