**West Virginia Code §5A-3-10a states:**

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

**DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

**EXCEPTION:**

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

**LICENSING:**

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

**CONFIDENTIALITY:**

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit [www.state.wv.us/admin/purchase/privacy](http://www.state.wv.us/admin/purchase/privacy) for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.

## Night Vision Goggle Sales

Aviation Specialties Unlimited (ASU) teamed with ITT Industries Night Vision, the world's producer of Generation (Gen) 3 image intensifier devices, now offers an expanded line of night vision. Flight and ground crews can now benefit from ITT's superior image intensifier through night vision systems specifically adapted to their needs.

ASU offers the complete line of ITT Night Vision products, accessories, and spare parts for Air and Ground Support. Our top selling system is the F4949 ANVIS-9.

The FAA approved F4949 ANVIS-9, to include the world's most advanced ANVIS, the "Gen 3" is available in versions designed to fit the helmets of helicopter and fixed wing pilots. These versions feature the rear-mounted low-profile battery pack, which uses 4 full size AA batteries. The mount includes an electrical receptacle through which a cable extending from the rear mounted battery pack across the top of the helmet is connected to the power system. The cable is secured to the helmet with velcro strips.

## Night Vision Maintenance & Testing

On all night vision systems, periodic maintenance and testing is needed to ensure top performance quality and to preserve the lifespan of the goggle. The FAA and the military require a 180 day inspection for aviator night vision goggles.

ASU is the only maintenance and testing facility in the United States that meets both FAA and Manufacturer requirements. ASU's standard 9-point inspection includes a power pack test, current draw, tube inspection, gain, infinity focus, high and low light resolution, color calibration, and a nitrogen purge. Upon satisfactory completion of this inspection, every goggle is issued a Form 8130 - Airworthiness Approval Tag.

Additionally, to help alleviate the down time for the night vision goggles, ASU has a 72-hour turn around time for the standard inspection. Combined with our military and FAA endorsements, ASU is the clear choice for your goggle maintenance needs.
