It is my pleasure on behalf of ARAMARK Correctional Services to present this proposal to manage food service at the Huttonsville Correctional Center, Mt. Olive Correctional Center, and the Lakin Correctional Center. ARAMARK has been privileged to provide the service to the Huttonsville and Mt. Olive facilities for a number of years. During that time, the programs have evolved to meet the continuously changing needs and requirements of the facilities. The support from the facilities and open lines of communication have combined to assure that the food service quality is excellent, well received by the inmate populations and staff. We appreciate the partnership developed over the years, and, as we move to the future with the new contract bid process, it is our goal to retain the business and continue the process of quality improvement.

This proposal is in response to RFQ#COR61353, management of the food service operations at the above named facilities. The proposal contact is:

We appreciate the opportunity to present this proposal, and we look forward to the potential for continuing the relationship we have developed with the West Virginia Department of Corrections and the individual facilities. If there are questions, or if clarifications are required, please contact Mr. Bearden.
