CINGULAR WIRELESS MAKES GOVERNMENT RUN BETTER

Submitted September 28, 2006

  
Government Solutions

**GENERAL TERMS & CONDITIONS  
REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)**

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. All quotations are governed by the *West Virginia Code* and the *Legislative Rules* of the Purchasing Division.
4. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125.00 registration fee.
5. All services performed or goods delivered under State Purchase Orders/Contracts are to be continued for the term of the Purchase Order/Contract, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods, this Purchase Order/Contract becomes void and of no effect after June 30.
6. Payment may only be made after the delivery and acceptance of goods or services.
7. Interest may be paid for late payment in accordance with the *West Virginia Code*.
8. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
9. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
10. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
11. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern all rights and duties under the Contract, including without limitation the validity of this Purchase Order/Contract.
12. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
13. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, this contract is automatically null and void, and is terminated without further order.
14. **HIPAA Business Associate Addendum -** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, and available online at the Purchasing Division's web site (<http://www.state.wv.us/admin/purchase/vrc/hipaa.htm>) is hereby made part of the agreement. Provided that, the Agency meets the definition of a Covered Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.

---

**INSTRUCTIONS TO BIDDERS**

1. Use the quotation forms provided by the Purchasing Division.
2. **SPECIFICATIONS:** Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Complete all sections of the quotation form.
4. Unit prices shall prevail in cases of discrepancy.
5. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
6. **BID SUBMISSION:** All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications.

Dear Mrs. Francisco:

On behalf of Cingular Wireless, thank you for this opportunity to respond to the State of West Virginia's Request for Quotation for Wireless Services. As the leading provider of government and enterprise wireless services and the largest wireless service provider in the nation, Cingular is uniquely positioned to meet the functional, technical, and business requirements of the State of West Virginia.

Our response will demonstrate that Cingular will meet or exceed the particular requirements of a government client, and offer advantages such as:

- A dedicated account team focused on the State of West Virginia's requirements
- A competitive Push to Talk offering that leverages our nationwide network
- Most expansive national coverage (54 million subs, 272 million POPs currently)
- Fastest nation-wide deployed wireless data network – EDGE - with UMTS in select markets
- Most experienced carrier in development and support of government-class wireless solutions
- A security infrastructure to meet the demanding requirements of official use

Cingular is a joint venture between the domestic wireless divisions of AT&T (NYSE: T) and BellSouth (NYSE: BLS). Cingular offers you the best of both companies in terms of the largest domestic mobile to mobile calling community, network technology, global coverage, service plans and special offers, national contract vehicles, devices, and enterprise customer care.

Cingular's Account Team stands ready to deliver an end-to-end wireless solution for your organization. We believe you will find everything you require in our response. Should you need anything further to assist you in your evaluation, do not hesitate to contact Delmar Sigman, Global Account Executive, at 304.389.1999. We value your business and look forward to providing you with the services to meet your wireless communication needs.

This proposal, and all pricing contained herein, shall be valid for no more than ninety (90) days from the above date of submittal.

Sincerely,

Cathleen M. Pryor

**AGREEMENT ADDENDUM**

WV-96  
Rev. 5/94

In the event of conflict between this addendum and the agreement, this addendum shall control:

1. **ARBITRATION** - Any references to arbitration contained in the agreement are hereby deleted. Disputes arising out of the agreement shall be presented to the West Virginia Court of Claims.
2. **HOLD HARMLESS** - Any clause requiring the Agency to indemnify or hold harmless any party is hereby deleted in its entirety.
3. **GOVERNING LAW** - The agreement shall be governed by the laws of the State of West Virginia. This provision replaces any references to any other State's governing law.
4. **TAXES** - Provisions in the agreement requiring the Agency to pay taxes are deleted. As a State entity, the Agency is exempt from Federal, State, and local taxes and will not pay taxes for any Vendor including individuals, nor will the Agency file any tax returns or reports on behalf of Vendor or any other party.
5. **PAYMENT** - Any references to prepayment are deleted. Payment will be in arrears.
6. **INTEREST** - Should the agreement include a provision for interest on late payments, the Agency agrees to pay the maximum legal rate under West Virginia law. All other references to interest or late charges are deleted.
7. **RECOURTMENT** - Any language in the agreement waiving the Agency's right to set-off, counterclaim, recoupment, or other defense is hereby deleted.
8. **FISCAL YEAR FUNDING** - Service performed under the agreement may be continued in succeeding fiscal years for the term of the agreement, contingent upon funds being appropriated by the Legislature or otherwise being available for this service. In the event funds are not appropriated or otherwise available for this service, the agreement shall terminate without penalty on June 30. After that date, the agreement becomes of no effect and is null and void. However, the Agency agrees to use its best efforts to have the amounts contemplated under the agreement included in its budget. Non-appropriation or non-funding shall not be considered an event of default.
9. **STATUTE OF LIMITATION** - Any clauses limiting the time in which the Agency may bring suit against the Vendor, lessor, individual, or any other party are deleted.
10. **SIMILAR SERVICES** - Any provisions limiting the Agency's right to obtain similar services or equipment in the event of default or non-funding during the term of the agreement are hereby deleted.
11. **ATTORNEY FEES** - The Agency recognizes an obligation to pay attorney's fees or costs only when assessed by a court of competent jurisdiction. Any other provision is invalid and considered null and void.
12. **ASSIGNMENT** - Notwithstanding any clause to the contrary, the Agency reserves the right to assign the agreement to another State of West Virginia agency, board or commission upon thirty (30) days written notice to the Vendor and Vendor shall obtain the written consent of Agency prior to assigning the agreement.
13. **LIMITATION OF LIABILITY** - The Agency, as a State entity, cannot agree to assume the potential liability of a Vendor. Accordingly, any provision limiting the Vendor's liability for direct damages or limiting the Vendor's liability under a warranty to a certain dollar amount or to the amount of the agreement is hereby deleted. In addition, any limitation is null and void to the extent that it precludes any action for injury to persons or for damages to personal property.
14. **RIGHT TO TERMINATE** - Agency shall have the right to terminate the agreement upon thirty (30) days written notice to Vendor.
15. **TERMINATION CHARGES** - Any provision requiring the Agency to pay a fixed amount or liquidated damages upon termination of the agreement is hereby deleted. The Agency may only agree to reimburse a Vendor for actual costs incurred or losses sustained during the current fiscal year due to wrongful termination by the Agency prior to the end of any current agreement term.
16. **RENEWAL** - Any reference to automatic renewal is hereby deleted. The agreement may be renewed only upon mutual written agreement of the parties.
17. **INSURANCE** - Any provision requiring the Agency to insure equipment or property of any kind and name the Vendor as beneficiary or as an additional insured is hereby deleted.
18. **RIGHT TO NOTICE** - Any provision for repossession of equipment without notice is hereby deleted. However, the Agency does recognize a right of repossession with notice.
19. **ACCELERATION** - Any reference to acceleration of payments in the event of default or non-funding is hereby deleted.
20. **AMENDMENTS** - All amendments, modifications, alterations or changes to the agreement shall be in writing and signed by both parties. No amendment, modification, alteration or change may be made to this addendum without the express written approval of the Purchasing Division and the Attorney General.

West Virginia Code §5A-3-10a states:

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate.

**DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form of business association owing a debt to the state or any of its political subdivisions.

"Political subdivision" means any county commission; municipality; county board of education; any instrumentally established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form of business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

**EXCEPTION:**

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

**LICENSING:**

The vendor must be licensed in accordance with any and all state requirements to do business with the state of West Virginia.

**CONFIDENTIALITY:**

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit [www.state.wv.us/admin/purchase/privacy](http://www.state.wv.us/admin/purchase/privacy) for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.

Questions & Answers

1	Q	<p>Please describe how the State of WV is going to address coverage and network quality in the RFQ.</p> <p>I see no requirements for coverage, network reliability, data, ect. I fail to see how the state is going to get an apples to apples comparison by bidding wireless using an RFQ. Simple business logic would show that carrier A who covers the state with 10 towers and doesn't provide the latest data technology is going to have lower operating expenses than carrier B who has 25 towers in the state and the most current data network. Thus carrier A is going to charge a lower fee for their subscribers than carrier B. Is the State willing to accept a sub par network from a vendor because the vendor is offering the lowest price? How is the state going to assure the agencies have the desired coverage and requirements?</p>
	A	<p>Specific coverage/feature requirements may vary agency by agency. As such, coverage/feature requirements will be evaluated as agencies require cellular service.</p>
2	Q	<p>How is the State of WV going to address the issue of Best Value? Using the example above... Carrier A might charge \$50 per month and Carrier B might charge \$55. Due to the coverage and data speeds it could be argued Carrier B was the better VALUE.</p>
	A	<p>According to Purchasing guidelines, the concept of best value is directed towards RFPs not RFQs.</p>
3	Q	<p>How is the state going to address local rate plans vs national rate plans?</p> <p>I understand the state has specified what the RFQ considers home area. However, the state may also consider including national coverage requirement in the bid or providing a vendor consideration for bidding national plans versus the stated home area plans.</p>
	A	<p>The majority of the State's user base would be moving about the state and bordering counties. Offering national plans would be one way of providing service to the RFQ's defined home area.</p>
4	Q	<p>Section 2.3.4 – Specifies Mobile to Mobile calling -- Is this Unlimited M2M?</p>
	A	<p>Yes, included with basic service.</p>
5	Q	<p>Section 2.3.10 – Specifies Nights &amp; Weekends – Is this Unlimited N&amp;W?</p>
	A	<p>Yes, included with basic service.</p>

Questions & Answers

6	Q	Clarification on 8.14 & 8.15  Section 8.14 states that all fees and taxes must be listed separately and be included in the pricing. Can the state provide rows on the pricing sheets for taxes and fees.
	A	This information should be provided in 8.15. This information is not part of the cost evaluation.
7	Q	1. Attachment B – Pooled Plans  Cingular's Pooled plans are not structured in the same format as Attachment B. Cingular has pooled plans and we will be more than happy to show the pricing and can meet the requirements. However, we can not complete all the columns. Can we simply complete Column I which is the total for each scenario?  Cingular's Pooled Plans add a specific number of minutes to the pool for each user versus purchasing a basket of minutes in attachment B.
	A	Please complete the pricing sheet as completely as possible. You must respond to Column I and J at a minimum.
8	Q	Comment on Pooled Plan – Typically pooled plans include 200-300 minutes per user. I have never seen a 10 line pool which included 100 minutes. These users would typically be Flat Rate users.
	A	No question asked. No answer required.
9	Q	Can the state please specify if the device is data only or a pda with voice and data? Typically, vendors provide a lower data rate if the device also has a voice plan.
	A	Voice and data.
10	Q	Bid Format – Please confirm the response should only include the bid document with the mandatory requirement checked and the pricing sheets?
	A	Yes, confirmed.

**STATE OF WV**

**CELL PHONE**

**PART 1**

**GENERAL INFORMATION:**

The purpose of this RFQ is to seek bids from interested 2005 Gartner Wireless Magic Quadrant rated vendor(s) to provide a statewide cellular telephone contract. The State will also accept bids from vendor(s) currently providing cellular service to the State. State agencies currently utilize cellular services from several different vendor(s). They include, but are not limited to: Cingular, Alltel, US Cellular, Sprint, Nextel, Cellular One and Ntelos.

Our primary goal is to leverage the State of West Virginia's buying power to ultimately reduce our overall costs, while meeting our requirements and maintaining an acceptable level of quality.

This contract **may** consist of awards to **multiple vendor(s)** required to cover all features as described in the RFQ and all geographic areas of West Virginia in which the State needs service. As a result of this RFQ, the vendor meeting the mandatory requirements with the lowest cost will be considered the Prime Vendor. The other vendors meeting the mandatory requirements will be ranked by their cost, lowest to highest. Agencies needing cellular services will obtain service from the Prime Vendor as long as the Prime Vendor can provide the service requirements and features that meet the needs of the agency. Agencies that need cellular services in geographic locations (or have service requirements) that cannot be served by the **Prime Vendor** shall obtain service from the vendor with the next lowest cost and so on. All purchases will be directed to the Prime Vendor unless, in limited instances, that vendor cannot provide required features or coverage

The State reserves the right to award to one vendor or to split award to multiple vendors based on what is in the best interest of the State.

The State reserves the right to utilize inter-state agreements, such as the Western States Contracting Alliance (WSCA), or GSA pricing schedule, to purchase equipment and service, outside of the terms and conditions of any contract resulting from an award of this RFQ. The Vendor(s) may make the products and services requested in this RFQ available to county and local municipalities, as well as any other official boards and commissions deemed eligible as legitimate, governmental entities. If the Vendor(s) exercises this option, the State will not be liable for billing, management or any other services related to these separate, independent agreements.

The vendor(s) is solely responsible for all work performed under the contract and shall assume prime contractor responsibility for all services offered and products to be delivered under the terms of this contract. The State will consider the vendor(s) to be the sole point of contact with regard to all contractual matters. The vendor(s) may enter into written subcontracts for performance of work under the contract; however, the vendor(s) is totally responsible for payment of all subcontractors.

The State of WV presently utilizes approximately 2700 cellular telephones, with air-time usage of approximately 7.5 million minutes annually, and approximately 200 data devices (Blackberries, Treos and similar data devices).

Geographic West Virginia, and bordering counties located in adjoining states, will be considered the "home area", or local call footprint, for all services related to this RFQ. "Roaming charges/long distance" will apply only when the user is outside of the "home area/local call footprint" and when not included in the package plan chosen. Roaming is defined as the area beyond the bordering counties in adjoining states within the continental United States.

Due to continuing evolution of the cellular technology and constant changes in each vendor's capabilities, the winning vendor(s) will have the opportunity to present the Chief Technology Officer information about new products, new services and new coverage areas offered for the State's consideration as well as proposed pricing. The Office of Technology will do an analysis of each proposal to insure the products and services offered continue to meet the State's needs in a cost-effective manner. The Office of Technology will also compare these offerings with offerings available in the marketplace to insure that the proposal is competitive, reasonable and proven. Only vendor(s) awarded contracts from the original RFQ may participate in this upgrade of the State's cellular services. If the proposed change is accepted by the Office of Technology, they must be processed through and approved as a change order by the Purchasing Division.

If the vendor offers different network technologies, i.e.: GSM, iDen, CDMA, etc., the vendor is required to submit a separate response for each network technology.

5.4	The ability to designate one land line, per account, as a "home" number which will be treated as a mobile number for billing purposes (mobile-to-mobile). Example: The Office of Technology Help Desk number is 558-1257. Calling this number would be considered a mobile to mobile call.		<b>X</b>
<p><b>ADDITIONAL SERVICES</b> (Vendor must provide or plan to provide one or more. Failure to meet at least one of 6.1, 6.2, or 6.3 shall result in disqualification)</p>			
6.1	Offer or plan to offer a service(s) that could be used to help geographically locate key personnel, equipment and vehicles, in the event of an emergency, to ascertain the specific location of said key personnel, equipment or vehicles (example: GPS-type technology or tower triangulation). Does not pertain to E911 or any other service that requires an outbound call from the phone or data device.	<b>X</b>	
6.2	"Amber Alert" capable equipment. The State recognizes that the subscription for this service is the responsibility of the agencies' utilizing this feature.	<b>X</b>	
6.3	Offer or plan to offer Wireless Priority Service (WPS) capabilities, to enable first-responders the ability to communicate during an emergency. Wireless Priority Service (WPS) is a White House-directed National Security/Emergency Preparedness (NS/EP) National Communications System (NC) program for priority cellular network access. The WPS was approved by the FCC for NS/EP requirements on a call by call priority basis. The NCS executes the program on behalf of the Executive Office of the President. Only individuals in NS/EP key leadership positions are authorized users of WPS. See: <a href="http://wps.ncs.gov">http://wps.ncs.gov</a> . THIS REQUIREMENT APPLIES <u>ONLY</u> TO ANY CELLULAR OR DATA DEVICES UTILIZED BY KEY NS/EP LEADERSHIP PERSONNEL, AUTHORIZED TO USE WPS.	<b>X</b>	
<p><b>TRAINING</b> (Vendor must provide the following. Failure to agree shall result in disqualification)</p>			
7.1	The vendor must provide "train the trainer" training for procurement officers, or other appropriate agency personnel, to clearly understand the ordering, billing and invoicing processes.	<b>X</b>	

<b>ORDERING, BILLING, SERVICE AND SUPPORT</b>			
(Vendor must meet 8.1 through 8.17. Failure to agree shall result in disqualification)			
8.1	The Vendor(s) shall provide activation of new service, or portability services at no additional charge.	<b>X</b>	
8.2	Vendor(s) shall provide a toll-free support number coverage, staffed by technical personnel, to answer any service-related questions, including, but not limited to: parts, service, and administrative support.	<b>X</b>	
8.3	Vendor shall repair or replace any malfunctioning units with equipment equal to, or better than, the original unit.	<b>X</b>	
8.4	If vendor(s) implements technologies that render the State's voice or data devices inoperable, or otherwise non-functional, vendor(s) shall provide replacement devices free of charge prior to the new services becoming available.	<b>X</b>	
8.5	Vendor(s) shall furnish monthly availability and reliability statistics to the West Virginia Office of Technology for West Virginia's "home area". This must include the percentage of time the network was not 100% available in the home area and the percentage of dropped calls in home area per user. The report should be in a format mutually agreed upon by the State and the vendor.	<b>X</b>	
8.6	The successful vendor(s) shall be available to meet with the Office of Technology on a regular basis (monthly or quarterly, at the State's discretion) to discuss the utilization of this contract and any relevant issues.	<b>X</b>	
8.7	State Agencies shall have the ability to change rate plans on a particular line without any fee or charge to the agency.	<b>X</b>	
8.8	It will be the responsibility of the successful vendor(s) to bill the individual spending units based on their individual requirements. Options may include: A separate bill per service line requested Aggregate billing by agency geographic location Aggregate billing for the spending unit (Time aggregation would only be expected at the aggregated bill level and not across spending units.)	<b>X</b>	
8.9	Billing shall be provided in a pre-approved format, as agreed upon by both the vendor(s) and the State. These bills will be delivered to the State on a pre-arranged delivery date, mutually agreed upon by the State and the vendor(s). Billing at a minimum should detail, for each line active on that bill, the following:  *mandatory	<b>X</b>	
	User Name	<b>X</b>	
	*Cellular Number	<b>X</b>

	*Date and time of call or data transaction	X	
	*Cost of call or data transmission	X	
	*Overage charges, if applicable	X	
	Fees	X	
8.10	Vendor(s) will provide a free quarterly optimization calculation, as applicable and requested by the State. There shall not be any additional charge or commitment for moving a user into a more appropriate plan. Optimization recommendations must be communicated through a quarterly report. The State will use this information for evaluating the State's cell phone usage, as provided by the vendor.	X	
8.11	Vendor(s) shall provide to the state an additional monthly report that shows total minutes of usage by billed telephone number (BTN), in addition to billing the user agencies.	X	
8.12	Vendor(s) shall work directly with the agencies to promptly resolve billing issues.	X	
8.13	The State of WV will not pay activation fees, disconnection fees, early termination fees, or roaming fees, within the designated "home area," as part of this contract.	X	
8.14	Vendor(s) must include, per telephone number and/or IP address, all fees (USF, Administrative Fees, etc.) listed separately, as part of the base monthly rate, in the vendor(s)' response. The state cannot pay any tax, fee or surcharge that is not specifically mentioned in responses to this RFQ or is not included as part of the base monthly rate. The State of West Virginia is exempt from all Federal and West Virginia State taxes.	X

**PART 3**

**COST:**

3.1 Vendor must respond to one (1) or more of the following pricing plan alternatives: The State shall reserve the right to combine all three plans to select the Prime Vendor or shall split award and have a Prime Vendor for each plan.

3.1.1 Conventional Plans - Please provide conventional (minute bucket) pricing alternatives. Vendor(s) must complete four-part scenario cost attachment. (Attachment A)

**Response:**

Cingular complies. Please see Attachment A as well as attached Cingular's Conventional Plans.

3.1.2 Pooled Plans - Please provide pricing information on pooling plans. Vendor(s) must complete attached cost sheet. (Attachment B)

**Response:**

Cingular complies. Please see Attachment B for Pooled pricing information.

3.1.3 Flat Plan/"Pay as You Go" - Please provide pricing information on flat plans in which each user is assessed a small monthly fee, or no fee at all; and pays only for actual usage. Vendor(s) must complete attached cost sheet. The mandatory features of unlimited mobile to mobile and unlimited nights and weekends would not apply to this plan. (Attachment C)

**Response:**

Cingular complies. Please see Attachment C for Flat Rate pricing information as well as attached Cingular's Conventional Plans.

3.1.4 Data Cost Sheet – Please provide pricing information on the cost for PDA data usage. The vendor shall provide the device and a plan that includes unlimited data usage with no roaming charges within the Continental United States. Vendor(s) must complete attached cost sheet. (Attachment D)

**Response:**

Cingular complies. Please see Attachment B for Data pricing as well as attached Cingular's Conventional Plans.

**Vendor(s) shall attach price lists for all available calling plans, data plans, additional features/services, optional devices and accessories. Including, but not limited to: Belt clips, hands-free kits, 3-watt boosters, carrying cases, spare batteries, AC/DC chargers, etc.**

**Response:**

Cingular complies. Please see attachments containing Cingular's Conventional Plans, Equipment Pricing and Accessory Catalog.

<sup>n</sup> This is the vendor's cost per additional minute over the number of minutes in the vendor's conventional plan (30 minutes x .05 per minute = \$1.50).

<sup>o</sup> Since the vendor's conventional plan offered 25 minutes less than the required minimum, the vendor would need to include 25 additional minutes (30 minutes + 25 minutes = 55 minutes).

<sup>p</sup> This is the vendor's cost per minute when placing long distance calls outside the "home area" (30 minutes x .10 per minute = \$3.00).

<sup>q</sup> This is the vendor's cost per minute when placing roaming calls outside the "home area" (30 minutes x .08 per minute = \$2.40).

**Scenario # 3: (30% of State's estimated 2900 users)**

## EXAMPLE ONLY

### Scenario # 4: (10% of State's estimated 2900 users)

This example shows that the vendor offers a 475 minutes conventional plan and does not meet the State's required minimum. Therefore, the vendor will need to include 25 additional minutes.

**Note: Plan includes no long distance and no roaming charges within the continental United States.**

## Cingular Government Only Plans

**Totals Calculated using the Cingular Government Only Conventional 100 Minute Bucket Plans which are referenced in the conventional plan section.**

The exception to the bid is the 100 – 400 minute plans include 5000 Nights and Weekends instead of Unlimited Nights & Weekends. However, there is a significant saving to the state and Cingular believes the lower tier users would not exceed 5000 minutes of Night & Weekend government usage. (Roughly 9% Savings to the State of WV)

## **Early Nights & Weekends**

Extend your Nights and Weekends with \$7-7-7. This feature gives customers three extra hours of off-peak time for \$8.99 (\$16.99 for the FamilyTalk groups).

Standard off-peak hours are from 9pm to 6am. When you add the \$7-7-7 time period feature, the off-peak hours change to 7pm to 7am. The time period feature gives customers two extra hours of off-peak time in the evenings and one extra hour of off-peak time in the mornings for \$8.99. This time period feature overrides existing time parameters for all voice services that bill per minute on that mobile. All markets will have the ability to add this \$7-7-7 feature to the mobile.

The Cingular OfficerReach service requires Internet access and an eligible Cingular business, government or service agreement ("Business Agreement"). With respect to each end user, a Orange GSM™ device is required and activation on an eligible Cingular voice service plan, or the OfficerReach service plan, is required.

**Terms Applicable to Features:** Certain features require a compatible phone, and will not be available in all areas at all times. Anytime Minutes included long distance calls can be made from the 50 United States, Puerto Rico, and U.S. Virgin Islands. Roaming charges do not apply when roaming within the service area of land-based networks of the 50 United States, Puerto Rico and U.S. Virgin Islands. International long distance rates vary. Additional charges apply to services used outside the land borders of the U.S. and the included territories.

**OfficerReach minutes/Zone-Based Special Rating:** Special OfficerReach rates are available to business or government customer's and used based upon a specific geographical footprint or zone (hereafter the "Zone"). The Zone will be technically defined by using a cell site, a group of cell sites or specific sectors of that cell site. Member's company will be grouped (the "Calling Group") and obtain OfficerReach minutes for its use within a Zone. End user within a Zone, provided however, the OfficerReach rates will only be available if such user is within the Calling Group within the Zone when the call was initiated. Due to the nature of telephony, some calls may not be processed in the designated Zone, or may not be subject to the Zone-based special rate. All attempts will be made on the part of Cingular and Ericsson to ensure that calls within the specified Zone will be handled by the predefined cell site, cell site and/or specific sectors of that site or sites. However, there may be instances where calls will be picked up by a site or sector that is outside of the predefined Zone even though the call was originated in or near the predefined Zone and will incur normal rating for associated airtime minutes of use. In these cases, neither Cingular nor Ericsson will be responsible for crediting charges associated with these calls.

Should an OfficerReach subscriber attempt a call that is not captured by the specific cell site, cell sites or sectors of that site or sites, an audible tone can be played to alert the subscriber of an out-of-zone call situation. Your telecom manager or system administrator can define whether or not they want this feature active. Although Cingular and Ericsson will make reasonable efforts to ensure this tone, if active, properly alerts callers in this manner, there may be situations where the tone is not heard. Neither Cingular nor Ericsson will be held responsible for charges associated with these calls.

**Billing of OfficerReach:** In addition to regular charges per the selected Cingular voice service plan or the OfficerReach service plan option, each OfficerReach subscriber will be responsible for the following charges: (1) applicable OfficerReach monthly recurring charge, whether associated with the OfficerReach service plan, the OfficerReach back-to-back option, or the OfficerReach call management feature add on option, (2) usage (including any applicable roaming or long distance charges) for calls answered by their own wireless phone, and (3) usage (including any applicable roaming or long distance charges) for calls to their wireless phone number that are answered by any other wireless or landline phone or voice mail system. When the OfficerReach plan is activated, minutes will be deducted from a OfficerReach subscriber's packaged minutes or the OfficerReach subscriber will be charged regular airtime rates for the entire length of each call to his or her wireless phone number, regardless of which phone actually picks up the call. This is different from how subscribers are charged for the traditional call forwarding feature. OfficerReach minutes will be deducted according to the following hierarchy:

**OfficerReach Service Plan:**

- 1 OfficerReach packaged minutes of use until depleted, then
- 2 Anytime packaged minutes of use until depleted, then
- 3 OfficerReach minutes of use over all packaged minutes will be charged at \$ .40 per minute.

**OfficerReach Bucket (Built-On) Option:**

- 1 If applicable, Mobile-to-Mobile, Nights & Weekend or other special feature packaged minutes of use until depleted based on the billing hierarchy of your current service plan, then
- 2 OfficerReach packaged minutes of use until depleted, then
- 3 Anytime packaged minutes of use until depleted, then
- 4 If applicable, anytime Rollover™ minutes of use until depleted, then
- 5 OfficerReach minutes of use over all packaged minutes of use will be charged at the regular average rate of the regular service plan

OfficerReach call management features may be added to eligible Cingular voice service plans, however, they do not have OfficerReach minutes of use associated with the package. All airtime used in conjunction with their OfficerReach features will be billed at their normal airtime rate. Split Liability billing is not available for this feature.

**Introduction**

- New GoodLink customers are required to purchase the \$1999 GoodLink Starter Pack.
- Customers who already have a GoodLink license do not need to purchase a Starter Pak.
- Ordering the GoodLink Starter Pack does not send the customer a license, the sales rep needs to follow Step 3 for the customer to get their license.
- A GoodLink-specific data plan is required and must be provisioned to each end user's account.

**GoodLink Sales Provisioning**

**IMPORTANT:** You must submit GoodLink Server and Client Access Licenses (CALs) on a separate order from device/plan orders because they use different shipping methods. You can place GoodLink Server and CALs on the same order.

CINGULAR WIRELESS MAKES BUSINESS RUN BETTER

## Flat Rate Advantage (Business Local Flat Rate Plan)

Pay for just what you use with a single low flat per-minute rate. Designed for occasional wireless use within a local area, Cingular Business Local Flat Rate lets you pay by the minute—rather than including Anytime Minutes—with a flat per-minute rate on calls made or received within your local Service Area.

Program	Wireless Business Advantage <sup>2</sup>	Corporate Digital Advantage <sup>3</sup>	
Customer Commitment	—	\$45,000	\$1,100,000+
Monthly Service Charge <sup>1</sup>	\$9.99	\$9.99	\$9.99
Home Airtime Rate Including Wireless Long Distance	12¢/min	12¢/min	11¢/min
Roaming	69¢/min	69¢/min	69¢/min

For coverage information, please visit your company's Cingular Premier Website or call Business Customer Services at 800-888-7600.

An additional domestic wireless long distance rate of 20¢ per minute applies to calls made outside your Home Calling Area. See Explanation of Rates and Charges in this brochure for further details.

1. Per eligible end user. An additional monthly \$1.75 Regulatory Programs Fee will be added to your bill for each line of service to help fund Cingular Wireless compliance with various government-mandated programs which may not yet be available in your area. This is not a tax or a government-required charge. 2. Or similar qualified business program without a service discount, or with a service discount based on customer's aggregate volume of service revenue. 3. Or similar qualified business program with a service discount based on customer's minimum annual commitment of service revenue.

## Business National Flat Rate Plan

Nationwide reach plus the simplicity of a single low flat per-minute rate. Designed for occasional wireless use anywhere in a national area, Cingular Business National Flat Rate lets you pay by the minute—rather than including Anytime Minutes—with a flat per-minute rate on calls made or received anywhere in the Cingular Wireless network. And with a GSM™ phone, you can take advantage of our GSM national network with no roaming charges.

Program	Wireless Business Advantage		Corporate Digital Advantage <sup>3</sup>		
Annual Customer Commitment	—	\$45,000	\$400,000	\$1,100,000	\$2,900,000

Roaming <sup>3</sup> (TDMA Network)	69¢/min	69¢/min	69¢/min	69¢/min	69¢/min

For TDMA coverage information, please visit your company's Cingular Premier Website or call Business Customer Services at 800-888-7600.

For GSM coverage information, please visit [cingular.com/legacymaps](http://cingular.com/legacymaps).

\*This Home Airtime Rate will always apply for customers participating in Wireless Business Advantage or any other business program that does not incorporate a Minimum Annual Commitment-based service discount. See Explanation of Rates and Charges in this brochure for further details. 1. Per eligible end user. An additional monthly \$1.75 Regulatory Programs Fee will be added to your bill for each line of service to help fund Cingular Wireless compliance with various government-mandated programs which may not yet be available to subscribers. This is not a tax or a government-required charge. 2. Available for use in your applicable Service Area. Nationwide long distance is included for calls in the domestic U.S., Puerto Rico and the U.S.V.I. Calls to or from Canada will be charged 20¢ per minute for long distance. 3. Roaming charges only apply to customers on the Cingular TDMA Network.

**As a customer with a qualified business agreement, you can activate service today. Contact your Cingular Representative or authorized dealer for details or call 1-866-429-7222.**

### EXPLANATION OF RATES & CHARGES

Available only to business customers with a qualified Cingular Wireless business agreement (Business Agreement) and their respective Corporate Responsibility Users (CRUs) and Individual Responsibility Users (IRUs or Sponsorship Employees). Service is subject to the Business Agreement and, as applicable, the corresponding coverage map, the Service Agreement include with your device, and related materials. See your Cingular Wireless representative for complete details on the plans, features, program benefits, and other offers described in this brochure. Requires new activation and compatible device. Activation Fee and early termination fee may apply. Credit approval, minimum two-year contract and compatible device required for IRUs; deposit, Activation Fee, and early cancellation fee of \$175 may also apply. Your device has been manufactured to operate exclusively on our network and cannot be activated with any other wireless carrier. Voice usage is measured during the time you are connected to our system, which is approximately from the time you press the button that initiates or answers the call until approximately the time the first party terminates the call on the Cingular Wireless GSM network or until approximately the time you press the button that terminates the call on any other network. Voice usage for each call is billed in full minute increments with partial minutes rounded up to the next full minute. While on the portion of our network that we own and operate, there is no charge for busy or unanswered calls if you end the call within 30 seconds. We may terminate your service if a majority of minutes in any three month period are used off of the portion of our network that we own and operate. Unused monthly minutes, megabytes and text messages are lost. Availability, timeliness and reliability of service are subject to radio transmission limitations caused by system capacity, system repairs and modifications, your equipment, terrain, signal strength, weather and other conditions. Different rates apply for calling card or credit card calls, international calls or operator assistance. Long distance charges for calls received while roaming are calculated from your home area code to the location where you received the call. Due to delayed reporting between carriers, usage may be billed in a subsequent month and will be charged as if used in the month billed. Not all features, service options or offers are available on all devices, on all rate plans or available for purchase or use in all areas. VoicemailInfo, call waiting, three way calling and accessing voicemail will incur airtime or roaming plus applicable long distance charges. Call forwarding usage is charged at the same rate per minute as additional airtime plus applicable long distance charges and will not apply towards your Anytime Minutes. You will be billed for each text message sent from your device, regardless of delivery. With GSM service, you will automatically receive limited access to Cingular Wireless GPRS data service for \$0.03 per kilobyte on any domestic GPRS network. Any termination will be effective at the end of the billing cycle in which cancellation occurs and you will be responsible for payment of all fees and costs until that time. We reserve the right to deny porting of any number to another carrier when your service is suspended. The end user's principal residence must be within an eligible Cingular Wireless area. Eligibility requirements, pricing, features and calling areas are subject to change without notice, prior to purchase.

**Fees:** Except as otherwise provided in your Business Agreement, the following fees apply: Activation—\$36 per line; Reconnection—\$25 per line; Returned Check Charge—will not exceed \$20; 411 INFO—\$1.50 per use, plus airtime or roaming and applicable long distance, while on the portion of our network that we own and operate. Not available in Puerto Rico or Alaska. Monthly Regulatory Programs Fee \$1.75 per line. Various taxes, surcharges, fees and other assessments (e.g. Universal Connectivity Charge) apply. We have a long-standing policy of protecting customer privacy. You can view our Privacy Policy at [cingular.com/privacy](http://cingular.com/privacy), or ask a sales associate for a copy. Additional Information Regarding Additional Lines: Whenever you add additional lines to share minutes and shareable features you must agree to a new contract term for all lines on your account. Your migration to a non-qualified rate plan or any other termination will result in termination of all lines and applicable termination fees will apply to each. Credit of \$10 will appear on your monthly invoice for only your additional lines.

#### **BUSINESS NATIONAL FLAT RATE AND BUSINESS LOCAL FLAT RATE AND FLAT RATE ADVANTAGE (LOCAL FLAT RATE) PLANS**

These rules and restrictions are in addition to the Explanation of Rates and Charges. Only available for eligible customers' CRUs. IRUs may not activate lines on any Flat Rate Plans. Not available for purchase in some Cingular Wireless areas, and not available for purchase outside the United States. Flat Rate Plans are only available to customers' CRUs whose principal residence or principal business office is within an eligible Cingular Wireless network area that has been fully integrated and has the system capacity to support Flat Rate Plans. Customers on a Business Agreement that incorporates a MAC-based service discount may receive the lower per-minute Home Airtime Rate by committing to the corresponding MAC tier set forth in this brochure. Customers may not modify their MAC to retroactively affect the Business National Flat Rate Home Airtime Rate. If Customer modifies its MAC, it may take up to three months to reflect the different Home Airtime Rate. Business National Flat Rate customers on the Cingular Wireless Business Advantage program or any other Business Agreement that does not incorporate a MAC-based service discount are only eligible for the fifteen-cents per-minute (15¢/minute) Home Airtime Rate. Please see your Cingular Wireless Representative for address verification, plan eligibility, and further details of Flat Rate Plans.

**International Services:** Rates subject to change. Certain restrictions and other charges apply. Per minute international long distance rates range from \$.06/min to \$4.90/min, and per minute international roaming rates range from \$.59/min to \$4.99/min. Some international carriers charge Cingular higher prices to terminate calls on mobile devices versus landline phones, and these additional fees are passed on to Cingular. Where Cingular is charged this higher fee for calls that terminate on wireless device, Cingular will pass this surcharge to the customer. The customer will see only one per-minute price on their bill for a call where this surcharge applies. This single, per-minute price is a combination of our international dialing rate and the mobile surcharge. Go to [www.cingular.com/international/legacy](http://www.cingular.com/international/legacy) for rates.

## BlackBerry:

BlackBerry Enterprise Service from Cingular uses the BlackBerry technology which is the de-facto standard in wireless e-mail communications for enterprises. BlackBerry Enterprise offers access to your office e-mail as it arrives-compose, send, read, forward, delete and file your e-mail while you're away from your office, including attachments. BlackBerry is scalable from a few users to thousands, across MS Exchange and Lotus Domino environments. And with the Mobile Data Service technology that comes included with every BlackBerry Enterprise Server we sell, you can access your corporate data with the security you need. Cingular provides a complete business solution, including your choice of BlackBerry handheld, BlackBerry software, and software upgrade programs.

Cingular beats the competition in variety of handhelds, international data roaming, and enterprise focus (business care, advanced network services care, flexible billing options, and experienced sales force.)

## Commercial Connectivity Services (CCS):

Cingular Wireless Commercial Connectivity Services (CCS) for performance-driven, secure network connectivity and data transport services are designed to support the wireless communication needs of enterprise and public safety customers. Today's wireless business environment requires high degrees of security, network performance and service levels. Cingular Wireless CCS offers the capabilities and flexibility that wireless applications require.

Cingular's CCS was designed for the business customer. Its key features are a secure dedicated connection to the Cingular network, and custom Access Point Names (APN) to manage routing and IP addressing

### Value

Our sales and marketing focus continues to be on MEdia Bundles, which combine Messaging, MEdia Net (browsing) and access to downloads into one package and provide customers with the greatest savings over the pay-per-use rates.

For example, the new MEdia Works Bundle is designed to fit the needs of most of our customers. With 1,000 messages and 5MB of data, customers can "do it all" for \$14.99/month.

While the number of stand-alone plans has decreased, MEdia Bundles have been expanded to include two new plans with unlimited Cingular Video at \$19.99 and above.

  - Data Burst has online access to the Cingular activation, and will enter all required serial numbers and configuration data; SIM card for iTRAK device usually activated within 2-3 days.
- **Ship and Install iTRAK GPRS Modem**
  - Install "black box" in vehicle (under seat or behind dashboard).
  - Mount GPS antenna in location with clear sky view, and connect cable to iTRAK.
  - Mount cellular antenna and connect cable to iTRAK (can be permanent, glass mount, magnetic mount, or rubber duck).
- **Configure NavView GPS Tracking Service**
  - Customer sends completed "activation form" to Data Burst, and tracking account is set up on NavView Server in accordance with customer's request.
- **Deliver User Training**
  - Data Burst delivers orientation to customer's administrative and technical teams by phone and/or Web seminar, and provides technical support contact info.
