Re: Request for Quotation #DEP13860

Dear Mr. Bowman:

MapTech is pleased to respond to WVDEP's request for quotation (RFQ) #DE13860 to develop Total Maximum Daily Loads (TMDLs) for impaired waterbodies in West Virginia.

MapTech has developed 108 TMDLs and expect to complete an additional 48 by year end addressing a vast range of impaired conditions. To date, all TMDL documents submitted and reviewed by the U.S. Environmental Protection Agency have been approved. Our experience includes TMDL development for government agencies and a major coal company in Southwest Virginia. Examples of our TMDLs are included with our proposal document for your review.

We hope this material meets your needs for evaluating our capabilities. Please contact us if you need any additional information. We look forward to hearing from you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Phillip W. McClellan', written over a horizontal line.
