**GENERAL TERMS & CONDITIONS
REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)**

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. All quotations are governed by the *West Virginia Code* and the *Legislative Rules* of the Purchasing Division.
4. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125.00 registration fee.
5. All services performed or goods delivered under State Purchase Orders/Contracts are to be continued for the term of the Purchase Order/Contract, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods, this Purchase Order/Contract becomes void and of no effect after June 30.
6. Payment may only be made after the delivery and acceptance of goods or services.
7. Interest may be paid for late payment in accordance with the *West Virginia Code*.
8. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
9. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
10. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
11. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern all rights and duties under the Contract, including without limitation the validity of this Purchase Order/Contract.
12. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
13. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, this contract is automatically null and void, and is terminated without further order.
14. **HIPAA Business Associate Addendum** - The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, and available online at the Purchasing Division's web site (<http://www.state.wv.us/admin/purchase/vrc/hipaa.htm>) is hereby made part of the agreement. Provided that, the Agency meets the definition of a Covered Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division.
2. **SPECIFICATIONS:** Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Complete all sections of the quotation form.
4. Unit prices shall prevail in cases of discrepancy.
5. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
6. **BID SUBMISSION:** All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications.

WHEN RESPONDING TO RFQ, INSERT NAME AND ADDRESS IN SPACE ABOVE LABELED 'VENDOR'

DNR80113 – GOLF COURSE CHEMICALS RFQ SPECIFICATIONS
BID OPENING: JANUARY 24, 2007; 1:30 PM

To provide golf certified chemicals, soil amendments, turf type seed and general turf care products for West Virginia State Parks operated golf courses: Cacapon, Hawks Nest, Pipestem and Twin Falls State Park Facilities. West Virginia State Park non-golf course facilities may also purchase non-regulated chemicals, seed, and turf products within this contract; also all county and municipalities may purchase from this contract. The State of West Virginia always has preference over all other agencies regardless of the time of order. Should inventory of any chemical be low, the state-owned golf courses listed on this RFQ will have first preference over any and all other agencies.

This contract provides for product(s) to be ordered by case, unless noted within description as described within this request for quotations. Due to high cost of some chemicals, a few products are listed both in case items as well as single units items.

Vendor Bids:

If a product lists a company, and/or manufacturer agency product then "No Substitutions" or generic will be approved. Product line items that do not note Manufacturer/Company, vendor must provide product label, which includes chemical/product data, and proof that product meets or exceeds specifications.

Product selection:

Selection of those product substitutions (if Manufacturer is not specified) will be made on the basis of cost per unit, label ingredients, and product application rate comparisons as evaluated by golf course facility operators and their specific application use. There shall only be one vendor award per line item.

We expect multiple vendor awards to manufacturer agency chemicals: In the best interest of the State of West Virginia individual item numbers will be awarded to prospective low bidder. In the case of "agency" chemicals, there will be multiple awards if same low bids are quoted.

Life of contract

The life of this contract will be effective on date of award and extends until the end of Calendar year 2007, or until such "reasonable time" thereafter as is necessary to obtain a new contract or renew the original contract. The "reasonable time" period shall not exceed four (4) months. During this "reasonable time" the vendor may terminate this contract for any reason upon giving the Director of Purchasing 30 days written notice.

Eligible park facilities:

All West Virginia State Park Facilities may order within this contract: (Specific chemicals may be excluded depending chemical applicator permits requirement). Vendor is responsible for verification of permits as guided by West Virginia State law.

Facilities include:

Golf Course Facilities within this contract**Cacapon Resort State Park**

Tom Ambrose, Superintendent
818 Cacapon Lodge Drive
Berkeley Springs, WV 25411, (304) 258-6691; FAX (304) 258-8867

Hawks Nest State Park

Thomas Shriver, Superintendent
P.O. Box 857
177 West Main Street
Ansted, WV 25812, (304) 658-5196; FAX (304) 658-4549

Pipestem Resort State Park

Steve Bolar, Superintendent
Rt.20 Box 150
Pipestem, WV 25979, (304) 466-1800; FAX (304) 466-2803

Twin Falls Resort State Park

Nathan Hanshaw, Assistant Superintendent
Rt. 97 P.O. Box 667
Mullens, WV 25882 , (304) 294-6000; FAX (304) 294-5000

Also Facilities that may order items within the contract include:

- * Lodge parks, without golf course facilities
- * Vacation parks
- * Day use parks
- * Historical parks

Individual address and contact names for park locations and bidding evaluation purposes may be evaluated on the web: www.wvstateparks.com .

Specific order(s) through the year will be determined by seasonal needs of individual State Park Superintendents.

Delivery of product:

Product purchase orders will be made from the respective facilities as needed throughout the 2007 calendar year. Orders from this contract shall be delivered

FOB destination prepaid and allowed. Agency may make purchases of less than \$500 from a local source if price includes delivery and a savings results from local purchase.

Vendor Order form: - The vendor shall work jointly with the Parks and Recreation section in developing an order form and catalogue. Information and instructions on the ordering process shall be provided to employees with the order forms.

Vendor(s) award to this purchase order shall make delivery of product to specific golf courses as listed within a maximum of 10 days of order. See below for address location of the State Park operated golf courses.

Items that are shipped to location and do not meet contract product specifications shall be returned at no cost to the State park course.

Products shall be received in sealed original containers. Items delivered damaged will be returned to vendor for replacement at no cost to buyer.

Payment:

Orders under the value of \$2500.00 shall be paid using State of West Virginia issued VISA purchasing credit card as condition of award. Purchase orders over the \$2500.00 dollar amount shall be invoiced to the park. Original invoice is required with delivery slip.

Training and technical service:

Vendor supplying product within their award shall provide facility technical service and professional training a minimum of twice a year to the respective park golf course staff relating to the product award at no charge. This training shall be scheduled with golf manager for appropriate timeframes of course needs. Training and chemical service shall include at minimum but not be limited to product safety, proper handling, storage, application rates and approved uses within golf turf care.

Product Estimates:

Quantities listed below are approximations only, based on estimated usage from respective golf course managers. Actual products ordered will be determined by seasonal changes depending on weather and site specific turf care needs whether that be more or less than the quantities shown.

AFFIDAVIT

West Virginia Code §5A-3-10a states:

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION:

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

LICENSING:

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.

Vendor's Name: HARRIS TURF SPECIALTY LLC DAVE HARRIS

Authorized Signature: [Signature] Date: 1-20-07

Revised 01/22/05

ReWet is a soil surfactant treatment chemistry formulated to easily and effectively relieve existing water-related problems such as localized dry spots or wet spots. ReWet is easy to use and will not harm turf when used in accordance with product directions. When used as directed, ReWet can be applied at anytime of the year when water repellency and/or localized dry spots impact the vigorous appearance of turfgrass.

PRECAUTIONARY STATEMENTS

NOTICE: Before using this product read the entire Precautionary Statements, Disclaimer of Warranties, Directions for Use, Use Restrictions and Storage and Disposal instructions. If the Disclaimer of Warranties is not acceptable, return the product unopened within thirty days of purchase to the place of purchase.

CAUTION: Keep out of reach of children. IN CASE OF EMERGENCY OR SPILL, Contact Hazmat Response: 1 (800) 282-8007.

FIRST AID MEASURES IN CASE OF CONTACT

Eye Contact: DO NOT RUB EYES. Immediately flush eyes with large amounts of water for 15 minutes lifting the lower and upper lids. Seek medical attention if necessary.

Skin Contact: Remove contaminated clothing and immediately wash affected area with large amounts of water for at least 5 minutes. If irritation or redness persists, seek medical attention as needed.

If Swallowed: Give large amounts of water to drink. Seek medical attention if necessary. Induce vomiting only upon advice from a physician.

Inhalation: Move individual to fresh air and check to assure adequate respiration. Seek medical attention if necessary.

STORAGE AND DISPOSAL

Prohibitions: Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

Storage: Store in original container only and keep sealed. Store in closed storage area. Use caution when moving, closing or pouring. Do not store below 45 F (7 C). Some settling may occur. Shake container (as practical) before use.

Product Disposal: Improper disposal of excess stock, mixtures or residue is a violation of federal law. Wastes resulting from use of the product should be disposed of through on-site spray application or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or other procedure approved by state and local authorities.

ACTIVE INGREDIENT: 40% Polyalkylene glycol

NOT A PLANT FOOD INGREDIENT

DIRECTIONS FOR USE GENERAL TURF

Greens, Tees, Fairways, Lawns and Sports Turf

Treatment Program: Apply 5-8 fl.oz. (150-240 mL) of ReWet(1,000 ft. (30 m) in 1 gallon (3.8 L) of water. Reapply at 5-8 fl.oz. (150-240 mL) in 1 gallon (3.8 L) of water on a weekly basis until turf conditions improve. Begin monthly treatment or apply as needed at 5-8 fl.oz. (150-240 mL) in 1 gallon (3.8 L) of water after each application to remove ReWet from the leaf surface.

Following Irrigation Applications: To treat areas following irrigation applications, apply 5-8 fl.oz. of ReWet(1,000 ft. (30 m) in 1 gallon (3.8 L) of water. Reapply at 5-8 fl.oz. (150-240 mL) in 1 gallon (3.8 L) of water on a weekly basis as needed. Irrigation is required after each application to remove ReWet from the leaf surface.

Sodding: Apply ReWet to newly laid sod at 5-8 fl.oz. (150-240 mL) in 2 gallons (7.5 L) of water. Irrigate well to distribute ReWet throughout the rootzone. Irrigation is required after each application to remove ReWet from the leaf surfaces.

DO NOT combine ReWet in the spray tank with pesticides or fertilizers unless prior use has shown the combination physically compatible, effective and non-toxic under local conditions.

CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal laws and that they conform to the label description. Any non-conformance must be reported in writing to Seller within Thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. The Seller's liability under this warranty is limited in amount to the purchase price of the product. This warranty is in lieu of all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. There are no warranties which extend beyond this statement.

FIRST AID MEASURES IN CASE OF CONTACT

Eye Contact: DO NOT RUB EYES. Immediately flush eyes with large amounts of water for 15 minutes lifting the lower and upper lids. Seek medical attention if necessary.

Skin Contact: Remove contaminated clothing and immediately wash affected area with large amounts of water for at least 5 minutes. If irritation or redness persists, seek medical attention as needed.

If Swallowed: Give large amounts of water to drink. Seek medical attention if necessary. Induce vomiting only upon advice from a physician.

Inhalation: Dusts produced by handling may cause symptoms of respiratory irritation. Move individual to fresh air and check to assure adequate respiration. Seek medical attention if necessary.

STORAGE AND DISPOSAL

Store in original container only. Keep container tightly closed. Do not allow water to be introduced to the contents of the container. Do not contaminate water sources by runoff from cleaning of equipment or disposal of equipment wash water. Store material in a dry area away from heat and open flames. Dispose of empty containers in accordance with Federal, State and Local Regulations.

ACTIVE INGREDIENT:

15.6% Polyalkylene Glycol
84.2% Profile Porous Ceramic

NOT A PLANT FOOD INGREDIENT

DIRECTIONS FOR USE:

GENERAL TURF - Greens, Tees, Fairways, Lawns and Sports Turf (Covers 12,000 ft. at 2.5 lbs./1,000 ft.)

Water Repellency Management Program: Apply ReWet Granular at 2.5 lbs./1,000 ft. on a weekly basis until turf conditions improve. Irrigation is necessary to release ReWet off its carrier. Irrigate before next mowing or leave baskets off. Irrigation after application is required to remove the surfactant from the leaf surfaces.

High Water Repellency Conditions: If turf is under high water repellency conditions, begin with 3.75 lbs./1,000 ft. of ReWet Granular and follow with 2.5 lbs./1,000 ft. on a weekly basis until turf conditions improve. Irrigation is necessary to release ReWet off its carrier. Irrigate before next mowing or leave baskets off. Irrigation after application is required to remove the surfactant from the leaf surfaces.

Seeding: Apply ReWet Granular at a rate of 2.5 lbs./1,000 ft. 2 weeks prior to seeding. Irrigation after application is required to remove the carrier and surfactant from leaf surfaces.

Sodding: After laying sod, broadcast ReWet Granular at 2.5 lbs./1,000 ft. Irrigation after application is required to remove the carrier and surfactant from leaf surfaces.

CONDITIONS OF SALE

SIGNAL™ BLUE EZ SOLUPAK™

BLUE SPRAY PATTERN INDICATOR IN WATER-SOLUBLE PACKETS

CAUTION

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

Before using this product, read the entire label, including the conditions of sale.

STATEMENT OF PRACTICAL TREATMENT

- If Swallowed:** Drink large amounts of water and induce vomiting.
If Inhaled: This material is not expected to be an inhalation problem.
If in Eyes: Flush with plenty of low pressure water.
If in Skin: Wash exposed areas with soap and water.

GENERAL INFORMATION

SIGNAL EZ SoluPak(s) are protected by a unique, waterproof, foil-lined overpack to prevent accidental staining while handling. SIGNAL EZ SoluPak(s) contain a concentrated, temporary blue spray pattern indicator formulated to provide visual evidence of where a spray application has been made.

SIGNAL eliminates waste due to overlapping and skipping, while it indicates drift and mechanical malfunction.

SIGNAL EZ SoluPak(s) dissolve quickly in spray solution and leave no residue in the spray tank.

DIRECTIONS FOR USE

FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, AQUATICS, FORESTRY, INDUSTRIAL, MUNICIPAL, NONCROPLAND, RIGHTS-OF-WAY, TURFGRASS AND OTHER APPROPRIATE USES

Open foil-lined overpack to dispense water-soluble packet(s). Holding onto the foil-lined overpack, empty the SoluPak(s) into the spray tank. Do not add overpack to the spray solution.

USE RATE

Each SIGNAL EZ SoluPak will effectively treat approximately 50 gallons of water. Application rate, nozzle type, turf color, turf height and individual water conditions may influence variations from the above rate.

MIXING

In the absence of specific mixing recommendations by the basic pesticide manufacturer, use the following mixing procedure:

1. Fill spray tank 1/2 full of desired water volume.
2. While agitating, add the appropriate number of SIGNAL EZ SoluPak(s) for the entire desired finished spray volume.
3. Continue filling the spray tank to 3/4 of desired level.
4. Begin adding pesticides once the SoluPak(s) are dissolved, in the following order:
 - a. Dry flowables and dispersible granule pesticides.
 - b. Flowables.
 - c. Water-soluble pesticides.
 - d. Emulsifiable concentrate pesticides.
5. Add additional adjuvants, if required.
6. Continue agitation and finish filling spray tank to desired level.

Water temperature and degree of agitation will influence dissolution and dispersion of SIGNAL EZ SoluPak(s).

STORAGE AND DISPOSAL

IMPORTANT: DO NOT OPEN THE PROTECTIVE OVERPACK UNTIL YOU ARE READY TO DISPENSE THE SOLUPAK(S). MOISTURE WILL DISSOLVE SOLUPAK(S). DO NOT ALLOW SOLUPAK(S) TO BECOME WET UNTIL THEY ARE ADDED TO THE SPRAY TANK. Always dispose of rinsate, and foil-lined overpack, in compliance with local, state and federal regulations.

CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, Inc. warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.

SIGNAL™ GREEN EZ SOLUPAK™

GREEN SPRAY PATTERN INDICATOR IN WATER-SOLUBLE PACKETS

CAUTION

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

Before using this product, read the entire label, including the conditions of sale.

STATEMENT OF PRACTICAL TREATMENT

- If Swallowed:** Drink large amounts of water and induce vomiting.
If Inhaled: This material is not expected to be an inhalation problem.
If in Eyes: Flush with plenty of low pressure water.
If in Skin: Wash exposed areas with soap and water.

GENERAL INFORMATION

SIGNAL GREEN EZ SoluPak(s) are formulated to further reduce golfer awareness of pesticide applications compared to ordinary blue spray colorants by providing a temporary green tint to treated areas. SIGNAL GREEN EZ SoluPak(s) are protected by a unique, waterproof, foil-lined overpack to prevent accidental staining while handling.

SIGNAL GREEN eliminates waste due to overlapping and skipping, while it indicates drift and mechanical malfunction.

SIGNAL GREEN EZ SoluPak(s) dissolve quickly in spray solution and leave no residue in the spray tank.

DIRECTIONS FOR USE

FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, AQUATICS, FORESTRY, INDUSTRIAL, MUNICIPAL, NONCROPLAND, RIGHTS-OF-WAY, TURFGRASS AND OTHER APPROPRIATE USES

Open foil-lined overpack to dispense water-soluble packet(s). Holding onto the foil-lined overpack, empty the SoluPak(s) into the spray tank. Do not add overpack to the spray solution.

USE RATE

Each SIGNAL GREEN EZ SoluPak will effectively treat approximately 50 gallons of water. Application rate, nozzle type, turf color, turf height and individual water conditions may influence variations from the above rate.

Bullseye SPI®

Bullseye Spray Pattern Indicator is a nonstaining blue liquid colorant designed to be used with pesticide, fertilizer and/or plant growth regulator tank mixes. Bullseye provides visual assurance that these solutions are uniformly applied, with minimum overlap and no missed areas. Bullseye helps to alert the operator to improper equipment operation - the blue color immediately indicates line and/or connection leaks and clogged nozzles. Bullseye is an excellent safety tool - the blue color provides real time feedback in the event of operator exposure to the solution.

Benefits:

- Contains 100% non-ior colorant
- Is patented nonstaining technology
- Is non-hazardous
- Will not permanently st because it is not a dye
- Is more cost effective

Spray Pattern Indicator for Industrial Weed Control
