Subject: Response to Request for Quotation HSE07001
Computer Software Maintenance/Support

Dear Mr. Bowman:

Michael Baker Jr., Inc. (Baker) is pleased to have the opportunity to bid on RFQ HSE07001. After careful review and consideration, including a review of available information on the Tier II Manager product, we have concluded that we cannot provide an application that would meet the COTS requirements.

However, based on our research, we do know that Tier II Manager employs ESRI based software for its GIS functionality. As your Department is currently focusing on Oracle Spatial implementations, we feel we can aid in the integration of Tier II Manager with the other systems WVDHS is operating. If you agree, I look forward to further conversations. If you have any questions concerning the above proposal, or need any additional information, please be sure to contact me at (724) 495-6112, or memanuel@mbakercorp.com.

Sincerely,

MICHAEL BAKER JR., INC.

D. Michael Emanuel, Jr.
