RE: **Expression of Interest**
DEFK 8224, West Virginia Memorial Tunnel Project

Dear Mr. Abbott:

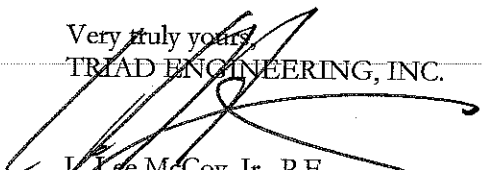

We are pleased to present our Expression of Interest for engineering and other miscellaneous activities for your project at the Center for National Response at the Gallagher Tunnel.

Triad Engineering (**TRIAD**) is confident that the attached documentation will illustrate why we are the best candidate for this project. To summarize, we feel that we would be the best choice because:

- **TRIAD** has outstanding technical qualifications including our experienced professional staff, modern equipment, and our knowledge of West Virginia.
- **TRIAD** can begin immediately on your project and can call upon the resources of the largest engineering firm originating and operating in the state of West Virginia. All work for this project will be performed by Triad's St. Albans office; no work will be subcontracted.
- **TRIAD** has specific experience in dealing with all the aspects of your project including our civil engineering design experts, and the field and lab staff to support all surveying, regulatory requirements, and data collection and assessments needed to support this work.
- **TRIAD** has extensive knowledge and experience in dealing with the various funding agencies.

We appreciate the opportunity to submit the attached materials in response to your request for proposals. Thank you again for Mr. Dwight Siemiaczko's time on May 12, showing us the project and discussing it, and providing some added insight as to your requirements and expectations. If you have any questions or comments about our proposal, please do not hesitate to contact us at 304.755.0721.

Very truly yours,
TRIAD ENGINEERING, INC.

Larry L. McCoy, Jr., P.E.
Project Manager / Senior Engineer
