The following specification applies to the lid shown in the Typical Details on Sheet 16 of the plans. Manhole covers shall be gray iron castings and shall conform to the requirements of AASHTO M 105, Class No. 30. The details for the manhole cover for the junction boxes are those shown on Sheet 16.

Section 14.3.4 of the specifications indicates requirements for the capability of the equipment that is to be utilized for horizontal boring. As such, the equipment is not part of the bid package. So, the type of valve is not relevant to the specification. The Contractor may utilize any type he chooses as long as it has the capability to function as required by the specification.

The valves are required as part of the pilot hole drilling of the horizontal boring process. The number and location of the pilot holes for horizontal boring are identified on the Reclamation Plan View and Profiles of Horizontal Borings 1, 2, 3 and 4 in the Plans and as described in Section 14.4.1 of the Specifications.

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY: The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules.
