Subject: *WVDEP EXPRESSION OF INTEREST- DEP14171*
Thomas (Sunrise) Sanitation
Professional Engineering Design Services
Thomas, West Virginia
TRIAD Proposal Number 01078255

Dear Evaluation Committee:

The attached "AML Consultant Confidential Qualification Questionnaire" and the "AML and Related Project Experience Matrix" are submitted in response to an Expression of Interest for professional mapping and design services at the Thomas (Sunrise) Sanitation site located in Thomas, West Virginia. We understand "full-service" design and mapping services are to be performed and will include civil, environmental, geological and hydrological services. The services required will result in the development of engineering drawings, contract specifications and other contract documents required for the letting of construction.

We are extremely proud of our performance under past contracts, as well as other contracts we have held with the DEP. As of this date, over 400 AML&R projects have been undertaken by TRIAD. The vast majority of these projects have been successfully completed on time and within the proposed cost estimate. As always, TRIAD will commit the necessary resources to meet the needs of this project.

Practical Engineering and Science Solutions Since 1975

Virginia

TRIAD continues to maintain and invest in staff and equipment necessary to provide comprehensive services for the successful completion of this project. We firmly believe the in-house resources available provide the State with the most favorable terms from a technical and cost standpoint.

We highly value our working relationship with AML&R personnel, and will continue to strive for excellence in all we do. We look forward to the next phase of your evaluation.

Sincerely,
TRIAD ENGINEERING, INC.
