**WEST VIRGINIA DEPARTMENT
of
ENVIRONMENTAL PROTECTION**

OFFICE OF ENVIRONMENTAL REMEDIATION

Landfill Closure Assistance Program

Landfill Mowing

Purchase Requisition #DEP14180
Landfill Mowing

To provide landfill mowing, weed-eating and road spraying at 29 facilities managed within the Landfill Closure Assistance Program (LCAP) in West Virginia. Please see attached specifications.

Definitions:

Cap Area - the area of the landfill that contains waste also referred to as the fill area.

Mowing - the cutting of grass, brush and all other vegetative material using a "brush hog", belly mower, side bar cutter, weed-eater or other equipment approved by the project manager.

Road Spraying - the application of an herbicide to all areas where vehicles regularly travel, and covered with stone a width of at least 10 feet or where stone is present.

Vendor Inquiries:

In lieu of a mandatory pre-bid meeting, a question and answer period has been established. Vendor questions submitted in written format via email, fax, or US Postal Service will be accepted by West Virginia Purchasing Division Senior Buyer, Chuck Bowman until 12:00 noon on Monday, September 17, 2007. All submitted questions will be answered in an official addendum issued by the Purchasing Division. All submitted questions must clearly identify the RFQ number, the vendor's company name, the person submitting the question, and contain a phone/fax number should contact with the vendor be required prior to issuance of the addendum.

Please send all questions to Chuck Bowman at cbowman@wvadmin.gov or fax to 304.558.4115. Questions mailed via the US Post Office may be sent to Chuck Bowman's attention at the address located on the front of this RFQ. **Questions received after 12:00 noon on 09/17/07 WILL NOT BE CONSIDERED.**

General Conditions:

Work shall consist of mowing or weed eating all vegetation from the landfill "Cap Area", clearing any brush along and within the diversion ditches around the cap area, inside tank area, 5 foot along all access roads and roadways or paths leading to monitoring wells, 3 foot wide walk path along the outside of fencing, and within a 15 foot radius around all wells. The acreage estimates noted in the attachments include all roads, fences, and cap areas as described above. All vegetation on the caps, on diversion berms, in erosion gullies, on sediment pond banks, and in dry pond beds must be mowed either by mower or weed eater, and if need be, by chainsaw. Ponds containing water must be mowed to the waterline. Vegetation in the water of settling ponds may be left alone; however, low lying areas that may be wet from rain, etc. must be mowed by weed eating if impassable by a mower or tractor. Of the ditches in Region I, 15% of them contain brush, in Region II it is 50%, and in Region III 25%. This brush is to be disposed of on the property by composting or chipping. The grass shall be mowed to the lowest height possible so as not to cause damage to the mowing equipment or the ground surface.

All access roads and roadways leading to monitoring wells and areas inside the tank enclosures (fences) shall be sprayed with Ortho Round Up or equivalent herbicide to kill all vegetation. All

gravel roads or pathways that are weeded over are required to be sprayed. Spraying shall be used at the manufacturers suggested rates. Any garbage in or around the area to be mowed that is the size of a pop can or larger shall be picked up and disposed of properly. All fencing, gates and gas vents at the landfill will be inspected and the project manager notified of any damages so that repairs can be made in a timely manner.

The contractor shall provide equipment suitable to the WV DEP for performing the work. Any modifications shall be requested in writing and shall be approved or disapproved in writing by the WV DEP LCAP Program Manager.

The contractor shall be responsible for locking the facilities while no one is present. The contractor shall be provided a key to the commonly keyed locks installed by WV DEP.

Work shall be performed on an as needed basis as determined by WV DEP project managers. It is the intent that all work be completed by October 31, 2007, or later if weather prevails. Vendors may mow any day of the week provided the DEP Project Manager is given notice a few days prior to doing so.

Maintaining access: the WV DEP will be responsible for maintaining reasonable access to all areas necessary for completion of the contract. The contractor will report excessive deterioration to landfill caps and access roads and other damages if encountered, to allow for repair to be scheduled and completed in a timely manner.

Work and services to be performed under this contract shall be subject to continuous monitoring and inspection by the State's authorized representatives. Such inspection will, among other things, ensure compliance.

The Contractor shall maintain insurance as follows and be responsible for:

Contractor's Public Liability Insurance and Comprehensive Vehicle Liability Insurance shall be in an amount not less than \$250,000.00 for bodily injury and property damage for each occurrence and not less than \$250,000.00 aggregate.

The required insurance must be written by a company or companies licensed to do business in West Virginia at the time the policy is issued and the policy must be countersigned by a licensed resident agent.

Vendor is required to provide a certificate of Workers' Compensation Insurance if successful.

The vendor / subcontractors shall pay the higher of the U.S. Department of Labor Davis-Bacon Act or the WV Prevailing wage rate as Established for various counties pursuant to West Virginia Code 21-5A, Et, Seq. and 42CSR7 Rules & Regulations for the WV Prevailing Wage Act. For prevailing wage rates please refer to:
<http://www.wvsos.org/adlaw/wagerates/building07.htm>

Certified payrolls **are required** and may be obtained under the Freedom of Information Act.

Should a landfill be located within city limits, the vendor is responsible for any and all permits and must pay applicable B&O taxes.

Method of measurement: mowing shall be measured plan view as a "per acre" unit cost as per attachment "A" including all labor, equipment, materials, transportation, and incidentals to obtain results satisfactory to the DEP. The unit cost per acre measurement shall be per event. The unit price shall include all labor equipment, materials, transportation and incidentals to complete the contract. Landfill maps are included in this RFQ for vendor convenience.

Method of payment: invoices may be submitted upon completion of each site or a combination of two or more sites. Invoices must be submitted to the regional office listed below. Vendors will be paid for the number of acres noted on the bid sheet only.

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

LICENSING: Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY: The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.
